PLAN TO BURY ASSASSIN'S BODY

Relatives of Czolgosz Pay a Visit to Auburn Prison.

AUBURN, N. Y., Oct. 26.—Czolgosz's brother, Waldeck, and a brother-in-law arrived at the prison gate this morning. The former was admitted, but the Warden was not satisfied as to the latter's identity, and he was not allowed to enter. It is believed that the visit had something to do with the claiming of the remains of the assassin after his electrocution.

When Czolgosz's brother left the prison this afternoon he stated that no decision had been made as to the disposition of the assassin's body after execution. He said, however, that it would not be taken to Cleveland.

CLYDELAND, Oct. 26.—Although the brother and brother-in-law of Leon Czolgosz, the murderer of President McKinley, have been at Auburn, N. Y., about a day nothing has been heard from them by Paul Czolgosz, the assassin's father, and he does not yet know whether he will see his doomed son alive again or no.

"If the boy wants to see me, and the police will let me see him, I will go there at once," said the father through an interpreter.

The father has from the first been desirous of bringing the body of the assassin to Cleveland for burial, and Waldeck Czolgosz and Thomas Bandowski went East to arrange for that. Although no arrangements for the interment have been made, the father says he will bury the assassin's body in Cleveland, if he has to buy a lot of out of a cemetery and form a cemetery of his own.

Up to noon to-day Paul Czolgosz, the father of the assassin, had received no word from his son, Waldeck, who is now at Auburn, N. Y., in consultation with the prison authorities in reference to the disposition of the body of the assassin after his electrocution.

The father is willing to have the body brought to Cleveland for burial, but the matter lies with Waldeck, and until word is received from him the father is at a loss as to a statement for publication. The elder Czolgosz said he expected a letter from Waldeck to-day, but the mail facilities will not permit the delivery of a letter from Auburn earlier than Sunday morning, if not Monday morning.

SAYS COMPANY IS FRAUDULENT

New York Herald Accuses Wireless Telegraph Concern.

Special Dispatch to The Call.
NEW YORK, Oct. 26.—The Herald has exposed the New England Wireless Telegraph and Telephone Company. This concern has as one of its figureheads James N. Houston, who was United States Treasurer under President Harrison, but who felt forced to resign by reason of misunderstandings with Harrison. Houston's name and former official post are duly exploited on the stationery of the Wireless Telegraph Company.
Thomas A. Bishop is the company's president. The Herald shows that he has been identified with several questionable enterprises, including a bucket shop for women. The New England Wireless Telegraph Company has been filling Eastern newspapers with glittering prospectuses. The institution has its headquarters in Philadelphia. Just before the recent yacht races Bishop tried to induce Associated Press bulletins by the obsolete Dolbear wireless system. In a contest at law Marconi has shown that Dolbear has no standing as an inventor of the system of wireless telegraph that employs a "coherer." Nevertheless this wireless company has been selling stock rapidly of late and employs a large corps of typewriters to answer huge correspondence.
Manager Stone of the Associated Press repudiated Bishop's system and used Marconi's exclusively at first, but Bishop's tug, with a wireless outfit aboard, succeeded in interfering with Marconi's transmission by setting up cross currents. The Associated Press realized it could send no satisfactory bulletins on account of this interference and was compelled to make terms with Bishop. The latter took advantage of this and exploited his yacht race reports as an advertisement. The Herald felt compelled to expose the methods of Bishop's company.

Concord to Believe Iowa.
WASHINGTON, Oct. 26.—The Navy Department has decided to send the gunboat Concord instead of the cruiser Philadelphia to Panama to relieve the battleship Iowa, so that the latter named vessel may proceed down to the Chilean coast and dock for necessary repairs. When the Philadelphia returned to the Mare Island yard from her recent cruise along the Pacific Coast she was found to be in need of immediate repairs, which it would take some time to complete. Repair work on the Concord at the same yard is being hurried and she will be ready to sail for Panama on November 2.

Recruits Needed at Manila.
WASHINGTON, Oct. 26.—A cablegram has been received at the War Department from General Chaffee, asking that 600 recruits be sent at once to Manila to fill vacancies in several regiments. General Chaffee reports that the effective strength of the army in Northern Luzon is 8000 less than on January 1.

LABOR LEADERS AT WHITE HOUSE

Unions Make Complaint to President Roosevelt.

WASHINGTON, Oct. 26.—James O'Connell, president, and Hugh Doran and James A. Reynolds, members of the executive board of the International Association of Machinists, had a talk with the President to-day about labor matters. O'Connell made to the President some statements regarding the strike of the machinists in San Francisco, charging the Government work is being done poorly by the employment of inferior workmen in place of strikers.

The President asked that O'Connell prepare and submit to him a statement of the facts in the case.
Senator Cullom and Representative Hopkins of Illinois saw the President to-day. The former was accompanied by Thomas C. McMillen of Chicago, who presented to the President the resolutions adopted by the American Missionary Association approving the course of the President in inviting Booker T. Washington to dine with him. The President received the resolution and thanked the association for its kind expressions.

Hopkins, who is a member of the House Committee on Ways and Means, is opposed to the agitation for the further reduction of internal revenue taxes for the purpose of reducing the surplus. He believes the expenses of the Government will increase, especially if an isthmian canal is built, and that the present is a poor time to cut off any revenue producing taxes.
Cardinal Gibbons of Baltimore had a talk with President Roosevelt to-day by appointment. He was accompanied by Father T. J. Stafford of this city. They decline to make public the purpose of the conference.
Secretary Root, General Francis V. Greene and Commander Cowles ate lunch with the President to-day.

Lay Claim to Adams' Estate.
KANSAS CITY, Oct. 26.—John Hubert Wisner and his sister, Mrs. Andrew F. Fashian, of San Francisco, have laid claim to the \$100,000 estate of Dr. Charles Adams, a pioneer physician, who, they assert, was their half-brother. Adams died in August, 1899, leaving no will, and so far as known no blood relations. Various claims were filed against the estate, but none of the claimants until now has alleged kinship.

EARL RUSSELL FREE TO ENTER

Peer Convicted of Bigamy Not Barred From America.

WASHINGTON, Oct. 26.—Earl Russell, who was convicted by the House of Lords of bigamy for marrying a second wife in this country after he had been granted a divorce in Nevada, is free to enter this country if he so desires.
Assistant Secretary Taylor of the Treasury, who has general jurisdiction over immigration matters, so decided to-day, overruling the Commissioner of Immigration. On Wednesday the latter, upon the representation of Horace J. Smith of Philadelphia, who is understood to be a relative of the Earl's wife, that Earl Russell had been convicted of bigamy and was not admissible under the laws excluding persons convicted of crime or misdemeanor "involving moral turpitude," transmitted Smith's complaint to the Board of Special Inquiry at Ellis Island, New York, for its information in case he was detained upon his arrival there by the inspector.

To-day Assistant Secretary Taylor rescinded this order, and further instructed the board to admit the Earl unless other reasons for exclusion than his conviction in England should appear. Taylor pointed out that Earl Russell had been granted a divorce by an American court, under which grant he was at liberty to marry again, and that in so marrying he was guilty of no crime against the laws of the United States or the State.

Court Denies the Application.
ALBANY, N. Y., Oct. 26.—Justice J. Cady Herick, of the Supreme Court, today denied the application of the American Ice Company and Charles W. Morse, its president, for writs of habeas corpus to restrain the Attorney General from continuing the proceedings against the American Ice Company, to ascertain if it has violated the State anti-trust law. The decision of Judge Herick will be appealed to the Appellate Division and to the Court of Appeals.

Entombed by a Cave-In.
SALT LAKE, Utah, Oct. 26.—A bad cave-in occurred in the Highland Boy mine, near here, last night, in which four miners were entombed. After working for twelve hours rescuers succeeded in reaching and getting two of the men out alive, and the other two miners are still entombed. They are still alive, however, for their signals can be heard quite distinctly by the rescuers, who are bending every effort to reach their comrades.

President's Birthday To-Day.
WASHINGTON, Oct. 26.—President Roosevelt will be 43 years old to-morrow. According to the custom of the family, the event will be celebrated with a dinner, in which the children will participate.
Marquis Ito Sails for Holland.
NEW YORK, Oct. 26.—Marquis Ito, Dr. Z. Kovoma, S. Tokioka and H. Furuya will sail on the Ryndam to-day for Holland.

CALEB POWERS' FOLLOWS GUILTY

Convicted of a Second Time for the Murder of Gobel.

GEORGETOWN, Ky., Oct. 26.—Ex-Secretary of State Caleb Powers was to-day again convicted as accessory before the fact to the murder of Governor William E. Gobel in January, 1900, and the second time sentenced to imprisonment for life.
The second trial began October 8 and has continued with three sessions daily, court adjourning late each night. The present term of court expired to-night. Arguments were limited, so that the case went to the jury at 2 o'clock this afternoon and a verdict of guilty soon followed.

Powers sat pale and motionless when the verdict was announced by the foreman, E. B. Calvert, his old schoolmate. Opposite Powers, on the other side of the courtroom with the attorneys, sat Arthur Gobel, brother of the late Senator and Governor, with his eyes fixed on the prisoner.

The attorneys of Powers shook his hand, expressing aloud their belief in his innocence. Women crowded around Powers, embracing and kissing him, and tears were shed. The defense having filed a motion for a new trial Judge Centritt heard arguments immediately on the petition.
The motion for a new trial was overruled, and the case will be appealed. The judgment is suspended pending the decision of the higher tribunal. Powers was taken to Frankfort on an evening train and committed to jail without bail.

COMMANDER SOUTHERLAND CHIEF HYDROGRAPHER
WASHINGTON, Oct. 26.—The Navy Department has selected Lieutenant Commander Southerland to succeed Captain C. C. Todd as chief hydrographer of the navy, and orders have been issued detaching him from the command of the Dolphin.
Commander Southerland has come to be regarded as an expert in hydrographic work. He made the most definite survey yet had of the mouth of the Amazon, and, although the work was conducted from the Dolphin with great difficulty, owing to the lack of suitable appliances and the constant heavy swell on the bar, that obstacle to navigation was successfully and accurately charted, a work of much value to commerce. While in command of the Dolphin, since that vessel has been laid up at Boston for repairs Commander Southerland has been serving in the Navy Department as naval aid to Secretary Long. Lieutenant Commander Albert Gieves has been ordered to the command of the Dolphin.

Italian Shoots Three Men.
DENVER, Oct. 26.—Mike Vitte, an Italian, to-night shot John Hjelm, Oscar Hill and W. J. Freeman in a quarrel over the ownership of a saloon at Nineteenth and New Haven streets. Hjelm was wounded and the others are seriously wounded. Vitte was arrested. He claims the men were trying to swindle him.

MRS. GEBHARDT GIVE DECREE

for Her an Early Divorce.

SIOUX FALLS, S. D., Oct. 26.—Judge Jones to-day dissolved the marriage existing between Mr. and Mrs. Fred Gebhardt, granting a divorce to the wife on her crossbill of complaint. Both parties are given liberty to remarry and Mrs. Gebhardt is awarded \$100 for costs and attorney fees.
Gebhardt filed a suit for divorce from his wife, formerly Miss Morris of South Dakota, on September 29 last. He alleged that she willfully deserted him in September, 1899. Mrs. Gebhardt arrived here to-day and immediately filed a crossbill in which she denied the alleged desertion and asserted that her husband in 1899 sent her away from his home to the home of his niece at Newport and that he had then taken up his residence at the Waldorf-Astoria in New York, where he remained until his removal to South Dakota.

At the hearing to-day Mrs. Gebhardt's allegations were corroborated by the testimony of her mother and brother, Judge Jones decided that Mrs. Gebhardt's charges were sustained and granted the decree accordingly.

MORE BODIES FOUND IN RUINS AFTER FIRE
Philadelphia Authorities Make Vigorous Efforts to Locate Persons Who Are Missing.
PHILADELPHIA, Oct. 26.—Two more bodies have been recovered from the ruins of Hunt, Wilkinson & Co.'s building, which was yesterday destroyed by fire, making the number of known dead twenty-one. The bodies are so badly charred as to be unrecognizable.
It will be several days before the number of fatalities can be definitely determined. Up to this time the police and firemen have the names of eighteen people, including a number of women, who are unaccounted for. In order to determine the number of missing, officials of the Department of Public Safety began a systematic search to-day of all the hospitals and homes of the employees of the firm. To facilitate the work of recovering the number of known dead, a meeting of the firm and the employees was held this morning. The members also met the fire marshals and building inspectors to discuss the cause of the fire.

Masons Visit the President.
WASHINGTON, Oct. 26.—About fifty members of the Supreme Council of the Scottish Rite Masons, in biennial session here, called on President Roosevelt to-day. They were introduced individually by Representative Richardson of Tennessee, their recently elected sovereign grand commander. The President had a few words to say to each of them, and to some of the western members referred to his hunting trips in their States.

WILL SUCCEED CROWNINSHIELD

Rear Admiral Taylor Named for Bureau of Navigation.

CALL BUREAU, 1406 G STREET, N. W., WASHINGTON, Oct. 26.—Rear Admiral A. S. Crowninshield, Chief of the Bureau of Navigation, who since the close of the Spanish war and the advent of the Schley case before the public has been a shining mark for criticism as head of an alleged "naval clique," is to be superseded as chief of the bureau by Rear Admiral H. C. Taylor, now a member of the general board of which Admiral Dewey is president. This change, which was forecasted in the Call, was officially confirmed this afternoon by the formal announcement that Rear Admiral Crowninshield had been selected to command the European station, and that Rear Admiral Taylor would succeed him in the Bureau of Navigation. As the change will not take place until next March there is warrant for the statement that its early announcement is made to forestall any criticism which may arise over the outcome of the Schley court of inquiry, an investigation which is popularly supposed to have been largely inspired by the Navigation Bureau.

Secretary Long in making the announcement explained that the selection of Rear Admiral Crowninshield as the next commander of the European station was in conformity with the request of that officer that he be given a flag command before his retirement for age in March, 1905.

Rear Admiral Bartlett J. Cromwell, who now commands the European station, will retire from active service on February 3. Rear Admiral Sampson retires on the same date.
Rear Admiral Taylor was the original selection of Secretary Long for Chief of the Bureau of Navigation and the office was tendered to him when it became vacant through the retirement of Rear Admiral Ramsey. War was then threatening and the president of the Naval War College urged his claim for sea duty, and he received command of the battleship Indiana.

BLANCHE BATES' ILLNESS CAUSES SOME ALARM
Expected Change for the Better in Her Condition Has Not Occurred.
DETROIT, Mich., Oct. 26.—The condition of Miss Blanche Bates, who has been ill with typhoid-malaria at Grace Hospital in this city since she came here as the star in "Under Two Flags" months ago, is such as to cause alarm. She suffered a relapse last Wednesday, and has not rallied from its effect as her physicians expected she would. The fever has sapped her strength to such an extent that she can recover only after a long, hard struggle.
Dr. W. R. McLaren, who has charge of the case, said to-night that Miss Bates was resting comfortably, and he hopes that to-morrow will bring a change for the better in her condition. Miss Bates' mother has not left her bedside since she was taken sick.
