BUENA VISTA PARLOR OF NATIVE DAUGHTERS INDUCED TO REPEAT MINSTREL PERFORMANCE

Black-Face Show to Be Given in Aid of the Home.

Fresh Jokes and Songs Being Rehearsed by Ladies.

THE minstrel show that was recently given by members of Buena Vista Parlor, Native Daughters of the Golden West, in Native Sons' Hall, is to be repeated on Monday night next, in the same hall, for the benefit of the Native Daughters' Home, an institution that is destined to take a place among the great ones of this city. This institution, which was opened in a modest way some time ago, is growing in importance, and under the management of the home committee, consisting of Mrs. W. S. Leake (chairman) and Mrs. H. M. Greene, Dr. Mariana Bartola and Mrs. Louis Morris of San Francisco and Miss Clara K. Wittenmeyer of Mills College, it is shaping itself into a home in fact as well as in name, one that is intended to provide for members of the order a place and an abiding place in the home. The committee members carefully study all things that will conduce to the comfort of the guests. The demand for accommodations at the Native Daughters' Home has become so great that those in charge are anxious to secure more commodious quarters, but do not feel warranted at this time in touching a nest egg that is the beginning of a building fund, or of going into debt to make a change, if it should be decided to make one.

Mrs. Genevieve Watson Baker, the grand president of the order, who has always taken an interest in the home, and is a member of Buena Vista Parlor, suggested, as did others shortly after the recent minstrel show given by members of the parlor, that a Christmas present could be provided for the home by the ladies of the order. The suggestion was approved by all who had aided in giving the show. The matter was laid before the home committee. The proposition was gratefully accepted, and all the parlors were notified of the movement, with a request that each lend its influence to help the project. The ladies responded that have been received it is apparent that not only the parlors in the city, but those in the interior, are assisting in the good work. It is probable that a goodly sum will be obtained for the home, and possibly the returns will decide whether one of the houses adjoining the present home shall be rented and added to it or whether the money realized shall be building fund.

The young ladies who are to take part in the show are Misses Alice Tloulet, president of the parlor; Annie Tremper and Belle O'Brien, who will manipulate the bones; Mrs. Ella Wehe, Miss Adel Laignon and Mrs. J. S. McCormick, who will be the lambs; Misses Etta O'Brien, Etta Welsh, Lillie Wilson and Emilia Siebrecht, soloists, and Miss Laurier Millard, dancer. There is to be a grand chorus of many voices and the programme, while on the same lines as the previous presentation by the Buena Vista girls, will be changed as to coin songs, ballads and jokes. Dancing will follow the programme.

FOUR NATIVE DAUGHTERS WITH RARE TALENT FOR ENTERTAINING WHO WILL TAKE PART IN THE MINSTREL PERFORMANCE WHICH IS TO BE GIVEN NEXT MONDAY EVENING FOR THE BENEFIT OF THE HOME MAINTAINED BY THE ORGANIZATION.

A pretty wedding was solemnized last night under a bell of chrysantheums in the parlor of the California Hotel when William C. Lehrke and Miss Annie E. Kiernan were united in marriage. The bride was attended by her sister, Miss May Kiernan, and Gus E. Lehrke, brother of the groom, acted as best man.

The bride was given away by her brother-in-law, Police Officer John Fleming. After the ceremony had been performed the young couple, together with about fifty of their friends and relatives, partook of a wedding supper.

George Grant Hunt of Seattle, Wash., and Harriet Isabel Henshaw of St. Helena, Cal., were married yesterday at the residence of Mr. and Mrs. Walter C. Beattie, Vernon Heights, Oakland, by the Rev. John Coyle, D.D.

To-morrow evening the Entre Nous Cotillon Club will hold its second assembly and coronation of the weifh season in the new ballroom of the Palace Hotel. The organization is very select. The affair promises to be a most fashionable one.

The works will be erected, but those who are interested want the buildings located around the mine in either Alameda or Santa Clara County. There has been some talk of selecting a site near Alviso, and Dunbarton Point, just over the line in Alameda County, has also been spoken of as a possible place for the plant. It will necessitate the building of a railroad from the mines to the steel and iron plant, the distance being about 260 miles.

Hart declared to those present that he was talking seriously and that the project would be soon perfected. Beyond his statement nothing is known here of the project.

VANCOUVER, B. C., Nov. 28.—The lepers of Malokai have threatened to make trouble for the authorities of the islands, according to advices received to-day from Honolulu by the steamer Miowera. Letters from educated men among the lepers declare that extensive scandals in connection with the supplying of food to the lepers would result were an investigation held. They complain bitterly about the food that is furnished, and the lepers severely censure the Board of Health for alleged neglect in supplying them with the necessities of life. A mass meeting of lepers was held recently at Kalapapa, which is the largest station in the Hawaiian Islands, and a committee of five was chosen to lay complaints against the authorities, and to take the initiative in prosecuting certain officials.

PRINCESS VIROQUA. Practicing Physician and Lecturer. "For fifteen years I have noted the effect of your Vegetable Compound in curing special diseases of women. I know of nothing superior for ovarian trouble, barrenness, and it has prevented hundreds of dangerous operations where physicians claimed it was the only chance to get well. Ulceration and inflammation of the womb has been cured in two or three weeks through its use, and as I find it purely an herbal remedy, I unhesitatingly give it my highest endorsement. —Fraternally yours, DR. F. VIROQUA, Lansing, Mich. —\$5000 forfeit if above testimonial is not genuine.

AMOUNT OF THE SHORTAGE IS NOT YET ASCERTAINED. Experts Still Working on Books of Louisville Treasurer Who Committed Suicide. LOUISVILLE, Ky., Nov. 28.—Beyond the statement made last night to Mayor Granger by one of the expert accountants that a shortage amounting to \$23,000 had been found in the books of the former City Treasurer, Stuart R. Young, who committed suicide yesterday, nothing definite is known as to how the accounts stand between the city and its former treasurer. It is said that the accounts will require two weeks of constant work to go over the books. During his four years' term as City Treasurer Young handled \$11,000,000. There were various reports to-day as to the amount of the alleged shortage, some placing it at \$50,000 and some even higher, but they are all surmises, according to the men who are examining the books.

Czar Receives Marquis Ito. ST. PETERSBURG, Nov. 28.—The Czar granted an audience to Marquis Ito, the Japanese statesman, this afternoon, and later Count Lamsdorff, the Russian Foreign Minister, gave a gala dinner in honor of the visitors. An effective entente between Russia and Japan is regarded as the probable outcome of the audience between the Czar and Marquis Ito, although it is not anticipated that permanent or binding obligations will be undertaken by either government.

Anti-Chamberlain Agitation Dies Out. LONDON, Nov. 28.—According to a Berlin dispatch to the Daily Mail, Count von Bulow, the Imperial Chancellor, has succeeded in persuading the pan-German party to shelve its intended Chamberlain interpolation in the Reichstag. It is obvious, cables the correspondent of the Daily Mail, that the Government feared trouble in case the anti-Chamberlain agitation was renewed.

Burglars Loot a Postoffice. SPOKANE, Wash., Nov. 28.—The post-office at East Spokane was broken open by burglars last night, who carried away about \$75 worth of stamps and a small amount of cash.
