

BIRDS AND HUNTERS IN TRAINING FOR

BEING PREPARED FOR THE ANNUAL FIELD TRIALS

Santa Maria, Where the Next Meeting Will Be Held, Is Considered an Ideal Spot

All-Age Stake Attracts a Large and a Representative Entry of Best Dogs

The members of the Pacific Coast Field Trials Club are looking forward eagerly to the club's nineteenth annual trials. They will be held at Santa Maria, Santa Barbara County, on January 11. This location was selected by a committee consisting of H. W. Keller, W. S. Tevis and J. H. Schumacher after inspecting various places suggested. The last trials were held at Coronado and were a marked success.

John A. Palmer, who has judged the trials of the Pacific Coast Field Trials Club for the past two seasons, will officiate at Santa Maria. The majority of the trainers are already on the ground with their string of dogs, including the best pointers and setters on the coast. Birds are reported fairly plentiful and no shooting limit will be permitted on the grounds selected until after the trials. The grounds are along the river banks and are very fertile. The club extends some five miles farther on. The residents of Santa Maria will endeavor to make the trials a success. The entries for the all-age stake exceed those of last year. The complete entries follow:

CORINTHIAN TARS PREPARING FOR ANNUAL DINNER

Feast Will Be Spread in the Boathouse, Tiburon, by the Yachting Club Caterer

The yacht that is being built in Twigg's shop at North Point has not yet been brought out, but will leave the house for the open air soon. A little work will be done upon her and then she will be launched, after which her mast will be stepped and her rigging set up.

On New Year's day the Corinthians will enjoy their annual dinner at the clubhouse, Tiburon, the members having been requested to leave San Francisco by the 11 o'clock boat in the morning, so that they may be able to get down at shortly after, and may have plenty of time to enjoy the bounteous feast and sit around comfortably afterward. As several of the members like to return to the city by the 1 o'clock boat from Tiburon an early start will be made for the dinner. This was not possible when some of them departed until the 1:30 p. m. boat from San Francisco. As the culinary department of the clubhouse has been much extended for residences just as Belvedere has done, it is expected to surpass those of all previous reunions.

At various times there has been talk of the Corinthian Yacht Club occupying a new location, and one of the spots suggested was Point Richmond. But the club is not able to purchase the point on which it is located, except that it would like to secure permanent possession of the point on which its buildings stand. It is said that the whole of Valentines Island could be purchased for about ten thousand dollars, but that the club has not so far been able to do so. It is believed that the club will eventually become a site for residences just as Belvedere has done, and the club might be able to buy the whole island, partition it off into building lots and "outlet" all the owners, trainers and jockeys who continue to participate in the running races at the Charleston Industrial Fair was officially affirmed at the office of the Jockey Club to-day.

It has been said that the decision of the governing turf body in the matter was not reached until the horsemen had applied for an opinion as to their standing. If they should race at Charleston. One of the officials of the Jockey Club said to-day that the horsemen were warned before they went to Charleston and were informed that the consequences would be if they raced there.

Cross Country Race.
On February 22 the Olympic Club will inaugurate a cross-country championship race for a trophy which will be competed for annually. It will be a four-mile team race, each team to be composed of five men. The men will be started in groups, ten minutes apart. The team, the members of which will be determined in the shortest time, will win. The arrangements for the race are in the hands of George James, Herbert Hauser and John Elliott.

Captain Frank Bello Injured.
Captain Frank Bello of the Bay City Wheelmen is confined to his home. He was a passenger on the runaway Fillmore-street car recently and suffered severe lacerations of the hands and legs.

San Mateo County Hunt.
The last run of the San Mateo County hounds during the present year will take place to-day, the pack being laid on at 10:30 p. m. The scene of the meet will be the Howard Woods on the Crystal Springs road.

On New Year's day the hounds will make the final run of the season. A large attendance of spectators is expected from this city.

New Bowling Record.
SOUTH BEND, Ind., Dec. 27.—The world's bowling record of 300 at pins in the best score possible, was equaled last night at the Commercial Athletic Club. The score was made by Samuel M. Robinson, a well-known oil man and club member.

BOATING CLUBS ELECT OFFICERS FOR THE YEAR

Preparing for a Season of Activity on the Bay in Barge and Racing Shell

The principal business occupying the attention of the rowing clubs at the present time is the election of officers. The Dolphins have already chosen a new board to serve during the coming year. At the fortnightly meeting held in the boathouse at the foot of Chestnut street, Alameda, last Monday evening, the following were nominated for the various offices of the Alameda Boating Club: For president, Charles H. Smith; vice president, H. S. Cone; secretary, W. B. Hinchman; treasurer, A. G. Bell; captain, H. E. Nelson; lieutenant, Z. T. Thorning; members of the executive committee—A. L. Kibm, E. B. Thorning and J. S. Peterson.

There is at present no sign of opposition to any of the nominees, and it is likely all will be elected at the meeting to be held on Tuesday, January 4. The Alameda Boating Club made a considerable sum at its recent annual entertainment and is in good financial condition. The boathouse will be put into good order and the assembly room will be varnished and painted and partly refurnished to render it more attractive to the members.

Periodically the question comes up before the board of Supervisors of removal of the city of San Francisco, and it is likely all will be elected at the meeting to be held on Tuesday, January 4. FAST GREYHOUNDS WILL BE SEEN IN INAUGURAL STAKE

Fleest Dogs on the Coast Are in Training for the Annual Event in Coursing

The inaugural stake is the next big event that is promised for the Union Courseing Park patrons. The stake is of that class that calls for the pick of champion greyhounds and only the speediest of coursers can be expected to make a showing in the event. The crack fliers of the big kennels have been in special training for the meeting and the list of entries will show the names of the greatest coursing hounds in America. The stake is limited to sixteen entries, with entrance fee fixed at \$10, and will be run in its entirety on Sunday, January 5.

Already such noted dogs as Palo Alto, Beacon, Rector, Vandal, Floodgate, Real Article, A. J. Martin, Hickory Dick, Trailer Boy, Little Sartin, Narcissus, Flying Fox, Sacramento Boy, Wedgewood, Tiburon and Siscooc are promised for the event, and with such recognized performers as a fast meeting is assured.

This will be Siscooc's first time out since his memorable coursing at Petaluma in the plains meet, in which the dog made a record of 100 yards in 10 seconds. Siscooc has probably never been seen in any other coursing field since.

With Palo Alto and Beacon on the cards the admirers of the rival coursers are hoping that these two champions for honors will come together and on equal conditions.

GOLFERS READY FOR NEW-YEAR'S DAY HANDICAP

Same Conditions Will Be in Force as Ruled at the Thanksgiving Day Meeting

On New Year's day there will be a thirty-six hole handicap golf tournament on the Presidio links. This is the tournament that was arranged for Thanksgiving day. On account of the bad weather and the small number of entries the match was postponed for one year. The San Francisco Golf Club has a Liverpool silver medal, for which a contest is to be held once a month during the season, but no one remembers when the last contest was held and few of the members know who the holder of the medal is.

Early in the new year, when the Christmas and New Year festivities are over, the Ladies' Annex of the San Francisco Golf Club will resume business on the links, the first event set down on the schedule being the qualifying rounds for the first eighteen holes on New Year's day may be turned in as a championship score. The player making the lowest score will be entitled to the possession of the Liverpool medal for one year.

The Sausalito golfers have been having a hard time of it for several months past. Owing to the large building operation being carried on by the Federal Government the first three holes have been entirely spoiled, and in order to play at all it is necessary to begin at the fourth and to play the fourth, fifth and sixth twice to make up a round. Then the course is rough, and in several places the grass is being cropped by a flock of sheep, which are kept to their work by a herder, who camps in a tent on the links. Major T. W. M. Draper, president of the Sausalito Golf Club, returned a few days ago from a visit to the Eastern States and reported that the course is being improved, and that the sheep, which are kept to their work by a herder, who camps in a tent on the links. There was a good deal of golfing on the links last Saturday. George E. Golla, going round with a knife, E. Sherwood, made a score of 41 for the long course, which equals the record score of W. F. Johnson and F. Stratton. C. P. Hubbard beat George Smith, the professional, 1 up, making the record score of 38 over the short course. F. Stratton also beat George Smith, 4 up, with a score of 42. W. F. Johnson beat E. Folger, 2 up, and Vice Captain P. E. Bowles beat W. H. Taylor, 1 up. A foursome A. H. Higgins and T. H. Hutchison ended all square with J. H. Ames and R. M. Fitzgerald.

MANY SPORTSMEN SECURE LIMIT BAGS OF DUCKS

Clear, Cool Weather Makes the Shooting the Finest Enjoyed in Many Years

Sport Is Not Confined to Any One Place, but Is Spread Over All the Marsh Line

The clear, cool weather and the absence of rain have combined to make happy the men who enjoy a day on the marsh after ducks. Last Sunday's results were a repetition of those of the previous one, as ducks were plentiful, and limit bags were secured by many gunmen.

Four members of the Spooney Gun Club again secured the limit at their Mount Eden preserve. The quartet was made up of W. Whitehead, Dr. E. N. Short, H. L. Lazzarini and George Morse. Canvasbacks and mallards made up the major portion of the bag. For some unexplained reason there were comparatively few guns on the marsh. Owing to the quality of the sport afforded on the previous Sunday it was expected an army of men would be out.

Up at the Field and Tale Club's preserve, near Suisun, six men secured an average of 14 birds each. They were the big birds. "Johnny" Coleman killed the limit. In his string were 42 sprig. The limit was secured by Harrison, E. V. Bell and M. E. Unger.

Otto Feudner enjoyed great sport at the Stewart ponds, near Denver, last Sunday. With a friend he killed 97 ducks and followed up this with 10 geese, 6 swans and 17 English snipe. Some nice big birds were secured within a small area.

During the past month a number of gunners have enjoyed great shooting near Suisun. Early in the month A. Wash and H. Emery killed 100 canvasbacks. T. Harrison and a friend secured 97 canvasbacks. J. R. Leavell, F. Harrison, E. V. Bell and M. E. Unger.
