

CUPID SCORES ANOTHER TRIP AT MORTIMER-HOPKINS WEDDING

Son of Prominent San Francisco Banker Takes Portland Girl for His Bride—Miss Rowena Burns Will Marry Mr. Charles Dunphy in a Fortnight—Other Events in the Social World

THE principals at a very pretty wedding in Portland last Tuesday evening were Miss Helen Jones Hopkins, daughter of Mrs. Eleanor Hopkins, and Charles S. Mortimer, son of Colonel C. H. Mortimer of San Francisco. The wedding took place at the home of the bride, 132 West Park street, but owing to the illness of Mrs. Hopkins, the affair was a very quiet one, only relatives and a few intimate friends being present. The parlors were decorated in Oregon grape, cut flowers and smilax. Promptly at 3 o'clock the bridal party took their places in the floral bower under a large lover's knot of tulle and cut flowers. Dr. Edgar A. Hill of the First Presbyterian Church read the ceremony, which was most impressive. The bride was handsomely gowned in crepe de chine over white silk, with garniture of real lace. The only jewels worn were in a magnificent pearl brooch, the gift of the groom's father. The bride carried a nosegay of white carnations.

Portland Belle and Former San Franciscan Whom She Married. Mondays after April 15 at their residence in Irvington, Portland. The bride is very popular in Portland. The groom is also well known in this city, where he has spent considerable time. His father, Colonel Mortimer, is connected with the Liverpool and London and Globe Insurance Company in San Francisco.

Mr. and Mrs. W. G. Irwin were hosts at a small informal tea yesterday afternoon at her home, 238 Washington street. Fifty friends were invited to meet Mrs. Irwin's sister, Mrs. M. E. Robinson of Philadelphia. The drawing-rooms were prettily decorated with spring blossoms and foliage. Dainty refreshments were served and the afternoon was delightfully spent. Mrs. Ivers, Mrs. Irwin's mother, and Mrs. Robinson assisted in receiving the guests.

Members of the Embassy at the National Capital Say They Know Nothing of the Change in Prospect.

Special Dispatch to The Call.

LONDON, March 7.—The Yorkshire Post to-day says it learns that the Hon. Alfred Lyttleton is likely to succeed Lord Pauncefoot as British Ambassador at Washington.

WASHINGTON, March 7.—The State Department has received no intimation that Lord Pauncefoot is to be succeeded as Ambassador of Great Britain by Alfred Lyttleton. The secretary of the British Embassy said to-day that nothing is there known regarding the report from London.

It would not surprise the diplomatic corps to have the report confirmed. For the past two years the British ambassador twice extended because of the canal treaty. It has been long understood that he would resign when the treaty was finally agreed upon and ratified by both governments. He has been one of the most successful diplomats England has ever had at the capital and his aims from the beginning have been to clear away misunderstandings and draw closer the bonds of friendship between the two nations.

DR. PIERCE'S REMEDIES.

CRASH!! Goes the crockery and the waitress will probably be called clumsy and careless. Her plea of sudden dizziness is not sufficient.

What ails the Indian Territory? Right has she to be dizzy? they ask. Women who are suffering from diseases peculiarly feminine are liable to sudden dizziness and faintness, and it is only by curing the cause that the new inditement, the dizziness, is removed, or, worse, that they are subject to that dizziness and other ills can be entirely relieved.

Dr. Pierce's Favorite Prescription makes a weak woman strong, and a sick woman well. It cures irregularity, dries disagreeable, weakens inflammation, and cures female weakness. When these conditions are cured, backache, headache, dizziness, etc., are also cured.

I suffered for twelve years with female trouble, the new inditement of Adair Co. Iowa, which brought on other diseases—heart trouble, Bright's disease and the usual ailments of a woman. Had no relief of any kind. I can freely say your medicine (since bottles in all five of 'Favorite Prescription' of 'Golden Medical Discovery') have cured me. I can work with comfort now, but before I was tired all the time and have a dizzy headache, and my nerves would be all unstrung so I could not sleep. Now I can sleep and do a big day's work, and I had not done for over seven years before.

'Favorite Prescription' makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Doctor Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

A CAUSE OF HEADACHE.

One Very Common Cause, Generally Overlooked.

Headache is a symptom, an indication of derangement or disease in some organ, and the cause of the headache is difficult to locate because so many diseases have headache as a prominent symptom; derangement of the stomach and liver, heart trouble, kidney disorder, lung trouble, eye strain or irritation, all produce headache, and if we could always locate the organ which is at fault the cure of obstinate headaches would be a much simpler matter.

Miss Cora Ainsley, a prominent school teacher in one of our normal schools, speaks of her experience with catarrhal headaches and endorses Stuart's Catarrh Tablets as a cure for them. She says: "I suffered daily from severe frontal headache and pain in and back of the eyes, at times so intensely as to incapacitate me in my daily duties. I had suffered from catarrh, more or less, for years, but never thought it was the cause of my headaches, but finally became convinced that such was the case, because the headaches were always worse whenever I had a cold or fresh attack of catarrh. Stuart's Catarrh Tablets were highly recommended to me as a safe and pleasant catarrh cure, and after using a few fifty-cent boxes which I procured from my druggist, I was surprised and delighted to find that both the catarrh and headache had gone for good."
