Phone 1558, Main.

Palace and Grand Hotels

Desirable location, unsurpassed cuisine, unequalled service, modern conveniences are the attributes that have made these two hotels popular with tourists and travelers who visit San Francisco.

CANNOT SECURE THE CLERKSHIP

McComb Has No Chance of Confirmation by Supervisors.

Justices of the Peace Will Be Asked to Submit Another Candidate.

The fight for the office of clerk to the Justices of the Peace is again as strong as ever.

George S. McComb, whose name was sent by the Justices of the Peace to the Board of Supervisors last Monday as their selection for Justices' clerk, is not likely to be confirmed by the board at its next meeting.

Yesterday afternoon the special committee of the Supervisors appointed to confer with the Justices and Mayor Schmitz on the matter met the Mayor and the Judiciary Committee of the Supervisors. Supervisors Comte and Booth represented the committee and Supervisors Bent, Comte and Wynn the special committee. Brandenstein of the Judiciary Committee, who introduced the resolution calling the conference, was not present.

Mayor Schmitz informed the Supervisors that he could not endorse the name of McComb. The Mayor explained that he did not care if a Democrat or a Republican was elected to the office of Justices' clerk, but he could not possibly endorse McComb, who had been removed from office by the Mayor's actions. Mayor Schmitz further stated that he desired no patronage in the office, but simply wanted a good man to be appointed.

The conference finally ended with the decision that Supervisors Wynn and Bent meet with the Justices of the Peace to-day and request them to select another name for presentation to the Supervisors.

As the Board of Supervisors has already been intimidated by its actions that it will not be antagonistic to the Mayor in the endorsement of a clerk to the Justices, there is no chance for McComb to secure the coveted office.

McComb's name is now before the board as the selection of the Justices, and the special and Judiciary Committees of the Supervisors will not present any recommendation to the board.

With the knowledge that McComb cannot be confirmed the friends of the various candidates for the clerkship are ready to pull wires to secure the votes of the Justices.

NEW ADVERTISEMENTS.

SPLIT, BRITTLE, DULL HAIR.

All Come From Dandruff, Which Is Caused by a Germ.

Split hair, harsh hair, lusterless hair, brittle hair, falling hair all owe their origin to dandruff, which is caused by a measly little microbe that burrows into the scalp, throwing up the cuticle into dandruff scales and sapping the vitality of the hair at the root, causing the several diseased conditions of the hair, till it finally falls out. Modern science has discovered a remedy to destroy the dandruff microbe, which is combined in Newberr's Hairdressing Cream, and may be had of any Druggist. Always itching instantly and makes the hair as soft as silk. Take no substitute; nothing "just as good."

GAGE SCHEMES TO HOLD

Men Appointed to Office During Recess of Legislature Have Only Brief Tenure—Political Code Amended to Suit the Governor—Gold Brick Yard Enlarged for This Campaign

Political Code, Section 1000—Whenever an office, the appointment to which is vested in the Governor and Senate, or in the Legislature, either becomes vacant or the term of the incumbent of which expires during the recess of the Legislature, the Governor has power to appoint a person to such office; but the person so appointed can only hold the office until the adjournment of the next session of the Legislature.

HARBOR Commissioners Kirkpatrick and Mackenzie, Bank Commissioner Wright, two more Bank Commissioners and one Insurance Commissioner yet to be named by Governor Gage may go out of office next Monday. No one should be surprised if the disbursement of the money for liquid refreshment—the purpose for which it was contributed—because the present indications point to a speedy retirement from the board early in January. He cannot remain if Gage goes out. From every corner of California comes the news that the farmers, business men and citizens generally are opposed to Gage's renomination.

Opposition to Gage.

Thousands of Republicans openly proclaim that they will vote once to "discipline the party" if the party defies public sentiment by making him its nominee. Prominent Republicans in the Gage camp express a doubt as to the ability of the party to pull him through. Colonel George B. Hart, chairman of the State Central Committee, recently said to another member of the committee: "I do not know what the party will do for money in this campaign. The bankers, merchants and business men will not contribute for fear Gage will be the candidate. There is only one man who can get the money, and his subscription seldom goes above \$5000." Men who ought to have the stamina and frankness to tell Gage the truth are afraid to do so. If they would speak out candidly they would advise him that outside of his coteries of State administration office-holders and beyond the circle of a few Democratic agitators, there is no demand for his re-election. His open alliance with Burns and Herrin causes the people to believe that the Governor of the State is simply an instrument in the hands of the bosses.

Lynch Is a Heavy Load.

The Republican party of California, owing to the peculiar conduct of Senator Perkins, has a load to carry in the person of John C. Lynch, Collector of Internal Revenue. The party has given up the senior Senator that Lynch should be retired after four years of service, but the Collector is still holding office and doing his duty. The party has given up the order of President Roosevelt that Federal officeholders should refrain from meddling in convention affairs. Throughout the campaign Lynch has been the confidential man of Herrin, and it is quite well understood that Herrin, the Democrat, maintains the loyalty of Lynch through the agency of the Republican Collector of Revenue. This double dealing does no good to the Republican cause in California. If the party had the courage to send Lynch to the delivery of the electoral vote of California to the Democrats, the party would be somewhat doubtful.

Republican Primary League.

The directors of the Republican Primary League have leased for the campaign of this year commodious apartments over the Humboldt Savings Bank on Geary street, between Grant avenue and Kearny street. The league made a splendid fight for good government under the auspices of the Republican party at the last primary election, and would have achieved victory had not the bosses rallied five thousand Democratic votes to support the boss ticket. A new party was subsequently forced on the Republican convention, but the Republican voters of the lower part of the city and the League will, on April 2 next, take possession of the new quarters on Geary street.

Where Was Johnny Mackenzie.

SAN JOSE, March 21.—A proposition to change the present election law of any member of the Santa Clara County Fish and Game Association this evening was practically ignored. When the matter came up on motion of D. J. F. in the village there was an objection made at once by some of the members, who inquired why the present law should be changed. It should be so honored. There were some exponents of Gage in the meeting and a pro and con wrangle followed. Finally the proposition to change the law was carried by a motion postponing the matter indefinitely. The general opposition to Gage was the only vote that a sportsman and had not gone out of his way to aid in the protection of game.

PRESTON OR FLINT MAY WIN.

But if Preston or Flint should be chosen Governor in the November election, what would the Senate care for Gage or his appointees? There would be no Senators to support the Governor. The new members of the party would refer the communication of the outgoing Governor to a committee and wait to ascertain the wishes of the incoming Governor. Wilson said that the recorded minutes of committee meetings were incomplete and that a stenographer was a necessity. Superintendent Dwyer agreed with his associates and the resolution was recommended for passage. Brandenstein said that he had in view for the place a competent stenographer to take notes in the interior of the State, but asked his associates to suggest names also, as he did not wish to force his man on the board.

COMMISSIONER OF PUBLIC WORKS CASEY addressed the committee regarding the advisability of the city purchasing its own teams and horses for use in the various departments of the Board of Public Works. Casey said that the scheme would be an expensive one in the beginning, but that in the end the city would save money. Casey agreed to report on the cost of purchasing the teams and horses, together with the cost of maintenance, to see if the plan is advisable. The Police Commission was also requested to investigate whether it would be cheaper for the city to care for the horses used on the patrol wagons.

SHERIFF LOCKMANN'S FARM in the county of Santa Clara, California, is being offered for lease to a party who desires to lease the farm near the county jail at Ingleside. In return the lessee will furnish rough vegetables all the year round and prime vegetables in season to the jail. Lockmann was advised to enter into a contract with the party, with the proviso that it may be terminated at will.

C. H. HALBROCK appeared before the committee and urged the passage of the ordinance in conformity with the State law imposing a fine for cruelty to animals. Twenty-five per cent of such fines will go to the police pension fund, which now has a prospective deficit of nearly \$10,000 at the end of this fiscal year. The ordinance will be submitted to the Board of Supervisors next Tuesday at 2 p. m. The estimates of the needs of the various departments were referred to the committee when it takes up the tax budget, as were several petitions for public improvements.

THEODORE ROOSEVELT is the fifth President who has held membership in the Phi Beta Kappa Fraternity, the others being John Quincy Adams, Pierce, Garfield and Arthur.

THREE-CENT FARE FOR WORKINGMEN

Grand Jury Urges Reforms in Streetcar Service.

Condemns Corrals in University Mound and Bay View District.

The Grand Jury at a special meeting last night adopted a report of the committee on corporations, street railways and telephones which urges upon the Supervisors the necessity of legislation to correct numerous evils in the street railway service. Franchises, a uniform system of transfers, overcrowding of cars, fast running of electric cars and 3-cent fare for workmen are some of the subjects given vigorous treatment.

The committee, consisting of William Lewis, chairman, E. P. Farnsworth and Edward Cullen, presented the report practically as adopted. It will be sent to the Supervisors with the recommendation that suitable legislation be enacted. The street railway questions are taken up in the report as follows:

The Market Street Railway system having just changed hands it is hoped the new corporation will change practices and correct abuses that have so long existed in the conduct of the old company. It is not the object of this Grand Jury to dictate to its management or to any other corporation, but it is our privilege and our duty to see that the public interest is protected, with that the public receive fair and just treatment, and that all precautions necessary to avoid and prevent accidents are taken, that persons receive polite and courteous treatment, and to make such recommendations to the Board of Supervisors as we deem proper in order to promote the public good.

We are opposed to the granting of any franchise to any corporation without a thorough and definite understanding and a full compliance with all laws in relation thereto. We insist that all transit tracks be properly taken up and the street put in proper condition; that the street paving and work required by law between the tracks be properly attended to, and that all obstructions be removed from the streets.

We insist that all transit tracks be properly taken up and the street put in proper condition; that the street paving and work required by law between the tracks be properly attended to, and that all obstructions be removed from the streets.

We recommend that tickets issued to the school children be good for passage at any time during school days between the hours of 8 a. m. and 5 p. m.

Three-Cent Fare for Workingmen.

We recommend that such ordinances be passed as will require street railroads to carry the working classes for a rate not exceeding 3 cents for each fare, said schedule to apply only between the hours of 6 to 8 a. m. and from 5 to 6:30 p. m. on each working day.

Upon many of the cars the steps are too high, making it difficult and often dangerous for passengers getting on or off. Upon some streets having double tracks the space between the tracks is too narrow, the steps extending so far out that it is impossible for a person to stand on them when two cars are passing.

Several minor abuses were also touched upon in the report. The committee asked for further time on telephone, water and light questions.

George H. Roundy and H. Tesmer, president and vice president of the University Mound and Bay View Improvement Club, appeared before the Grand Jury to ask relief from the unsanitary conditions existing in that southern section of the city from the presence there of cattle corrals and dairies. They complained that H. Moffatt, wholesale butcher, and B. Cassou, Bauer & Diess and other dairies have public streets fenced off and in use for corrals. The Grand Jury addressed a communication to the Supervisors asking that the corrals be removed as nuisances and against public policy.

A communication was addressed to the Police Commissioners requesting that one night in each week be set apart for consideration of the granting of liquor licenses and that an additional meeting

be held in order that people having business before the board shall not be subjected to long and vexatious delays.

Today's News Letter.

The present size of the News Letter makes it a weekly magazine. Excellent fiction, sparkling verse and bright paragraphs are scattered through its pages. Everything of interest is intelligently discussed in its columns. Its society department is the most complete and authentic on the coast. To-day's issue contains "Miss Raglan's Rescue," "Reminiscences" by an old newspaper man, "An Aqueductian Poet" by W. O. McGeehan; "The Lady and the Clarette," Mrs. Chaucery de Witt's fashion article, "The Looker-on" with a rattling good ballad on Jimmy Britt's dramatic debut, and has a host of good stories.

Mrs. Jenkins Relents.

When the case of James Fulton Shepard, charged with threats to kill, was called in Judge Cabaniss' court yesterday the complaining witness, Mrs. Emma Jenkins, milliner, 587 Geary street, said she did not desire that Shepard should be severely punished, as she believed he had been taught a lesson and would behave himself. The Judge allowed Shepard to go on his own recognizance, and continued the case until May 1 to see how he would behave himself.

ADVERTISEMENTS.

A SUIT OF WHITE.

In every cake of Ivory Soap there are 100 complete suits of rich, creamy lather. Before dressing, put on a suit of Ivory Soap. Cover the entire body from head to foot with lather. Take the suit off with tepid water and you will remove with it all the impurities of the body which have been carried to the surface through the pores. Use a pure soap for this.
