Returning—Trains leave the track at 4:15 and 4:45 p. m. and immediately after the last race. THOMAS H. WILLIAMS JR., President. CHARLES F. PRICE, Secy. and Mgr.

MUSKOKA REACHES HOME IN THREE MONTHS AND BREAKS ANOTHER RECORD.

She Is the Fastest Sailing Vessel of All the British Fleet and Cuts the Time in Whatever Part of the World She Sails—The City of Sydney Will Shed Barnacles

THE British ship Muskoka has established a new record for sailing vessels between here and Great Britain. She arrived yesterday at Falmouth just ninety-seven days from this port. The Muskoka is the smartest sailer of all the limeluggers that come to this port and has broken records in every trade in which she has engaged. She came out here from Antwerp in ill

Sydney to Go on Drydock. The Pacific Mail steamship City of Sydney will be placed on Hunters Point drydock before she makes another trip to Panama. Few vessels have entered this port after long voyages with such adhesion of barnacles and seaweed as now incumbers the bottom of the Panama liner. When the Sydney crossed the bar on her last outward voyage the foulness of her hull so interfered with navigation that she wallowed helplessly in the big swell and floated

with laborers and cannery supplies. The Centennial carried about 300 white, yellow and black laborers. They received an advance on their wages Wednesday night and proceeded to spend the money for drink. The police were kept busy, until the vessel pulled into the stream, settling international disputes.

Wharf Rat Makes Quick Touch. A wharf rat, name unknown, grabbed a flask of quicksilver yesterday morning from an Overland Freight Transfer Company's truck. The rat jumped with his booty through a hole in the wharf and has not been seen since. The theft was reported to Policeman Mackey at the Mail Dock. Mackey called to his assistance Special Officer Fitzgerald, who is skilled in the dark ways of the wharf rat, and the two officers spent several hours searching for the thief, but failed to find either thief or quicksilver. The quicksilver is valued at about \$100.

Whale Sinks Whaler. A dispatch received yesterday at the Merchants' Exchange tells of the destruction on March 17 off the coast of Brazil of the whaling bark Kathleen. A huge sperm whale came up to breathe and struck the bark amidships. The vessel was broken in half and sank almost immediately. Three boats' crews were saved. One boat is missing. The Kathleen was commanded by Captain Howland and halted from New Bedford.

Arrives from New York. The American-Hawaiian steamship Californian arrived yesterday afternoon after an uneventful trip from New York. Her cargo consisted of general merchandise and a big consignment of iron for a number of local foundries. The Californian's time from New York was 62 days, from St. Lucia 55 days and from Coronel 22 days.

Breaks Both Hoels. J. H. Healey, a wharf builder living at 1211 Florida street, broke bones in both his heels yesterday by jumping from a ladder to a pile driver some about twenty feet below. The ladder slipped and Healey had to jump to save himself.

Water Front Notes. The army transport Sherman will dock at the transport wharf to-morrow. She is scheduled to arrive April 16. Captain Arago, which started yesterday on a coaling cruise, was obliged to return to port on account of a heavy southwest wind. Captain Johnson has been appointed to the steamer Lakme. Captain Glew returns to the Coos Bay. Captain Nelson takes the North Star and Captain Alexander, after fourteen days in quarantine at San Diego, resumes command of the French bark Oliver, owner of Clisson was yesterday advanced to 55 per cent.

NEWS OF THE OCEAN. Matters of Interest to Mariners and Shipping Merchants. The British bark Inveresk is chartered for wheat to Europe at 23s; if wheat and barley, 60s. The French bark Reine Blanche loads wheat and barley here for Europe at 23s (10 lay days).

THE STRENUOUS LIFE

A Great Strain. No one disputes the fact that we are living in a "rapid" age; it is rush, rush, rush from morning until night, and competition is so fierce that the struggle does not cease until the machine is worn out. Women, too, even when surrounded by every comfort, become infected by the common spirit, and what with their club and many social duties, have no time to give thought to their physical well-being, until they are suddenly brought to a sharp realization of the fact that nothing in their lives is so important as attention to correct, or rational living. If they surprise the readers to learn that women are more prone to piles than men, and in most cases, because it is difficult to impress upon them the importance of regular movements of the bowels; irregularity means straining at stool, and straining means piles, with the certainty (under the usual methods of treatment) that the sufferer will "have them always with her;" by "usual methods" is meant the application of salves and lotions, or (as a last resort) a surgical operation. If there is a complaint which entails more distress and suffering upon those afflicted than piles or hemorrhoids, it is not known to the writer; fortunately, however, these are learning that there is a remedy that effectually cures all forms of piles; it is known as the Pyramid Pile Cure, is in suppository form, is applied directly to the parts, and does its work quickly and painlessly; it is sold by druggists for fifty cents a package, or will be mailed by the makers to any address, upon receipt of price. Mrs. John H. Caston, 264 Arch street, Chicago, says: "I must write you that I was cured of a very aggravating case of itching and bleeding piles by the use of the great remedy, Pyramid Pile Cure, even after several physicians had claimed there was no cure except by an operation. I am there is a complaint which entails more distress and suffering upon those afflicted than piles or hemorrhoids, it is not known to the writer; fortunately, however, these are learning that there is a remedy that effectually cures all forms of piles; it is known as the Pyramid Pile Cure, is in suppository form, is applied directly to the parts, and does its work quickly and painlessly; it is sold by druggists for fifty cents a package, or will be mailed by the makers to any address, upon receipt of price.
