

# PUSH BRIGADE IS DEPRESSED

### Tidings From the Interior Cause Gloom in the Camp.

### Six Counties Are Heard From. No Gage Delegate Is Chosen.

The Second Congressional District Republican Convention will meet in Sacramento at 11 o'clock August 25. The counties comprising the district are Mendocino, Glenn, Colusa, Butte, Sutter, Yuba, Sacramento, Yolo, Lake, Napa, Sonoma and Marin. It is optional with Assembly districts to elect separate delegates or provide delegates to the State convention shall also be delegates to the Congressional Convention. It is understood that several counties will elect separate delegates. So far as can be ascertained there is no opposition to the renomination of Frank L. Loomer.

Affairs in the Fourth Congressional District Republican camp are somewhat complicated and there are signs of two conventions. Neither convention will oppose the renomination of Julius Kahn. It is quite well understood that Martin Kelly's resignation from the convention was inspired by a desire of the boss to get possession of the Congressional Committee's report for use in the State convention. Hence, Kelly went to Sacramento yesterday, presumably with the object of fortifying his position. The delegates to the Republican State Convention from the various subdivisions comprising the Fourth Congressional District probably will meet in Sacramento and nominate Julius Kahn for Congress.

### DEMOCRATS INTERESTED.

The local Democrats are beginning to manifest a slight interest in the political campaign. To-morrow night the Democratic County Committee will meet at the Native Sons' Hall to consider appointment.

The Gage push in San Francisco and Oakland is visibly depressed over the return from the interior. The farming communities throughout the State are claiming against the Gage-Kevane-Aguirre administration. The Fresno Republican remarks:

"Six counties have already held their conventions and selected their delegates to the State convention, and there is not one Gage delegate among them. And yet the Governor alleges that all the opposition to him is in the offices of the newspapers." The Governor's personal unpopularity comes from his erratic and perilous policies, and, above all else, his known and acknowledged affiliations with a notorious party.

The Governor at last accounts was at San Pedro, casting aspersions on the judicial tribunals of the commonwealth and giving fresh application to the old saying that a lawyer who tries his own case has a right to a client.

### FORTY-FOURTH DISTRICT.

The Republican Mutual Alliance organized its club of the Forty-fourth Assembly District in Red Men's Hall, Post street, last evening. There was a large attendance, and among those who were present was Dr. McNutt, who is spoken of as a candidate for Governor.

The speeches and there were several, were each bracketed with a musical number, and the organizing was marked throughout with humor. The following were the permanent officers elected: Dr. D. B. Plymire, president; Walter W. Edwards, secretary; Charles H. Duffy, secretary; Louis Kirsbaum, sergeant at arms.

An executive committee will be named by the president, to be ratified at the next meeting.

The organization and aims of the Republican Alliance were set forth by George W. Lewis, who pointed out that the primary object was to secure to every citizen the right to express his opinion in political matters, uncontrolled and untrammeled, unshackled and untrammelled.

### FREEMARKS WILL BE THE FEATURE

Three Displays Ordered by Fourth of July Committee.

The preparations for the official celebration of the Fourth of July are nearly completed, and while it is not expected that the affair will be the same as in the past, a handsome showing will be made. The troubles provoked by opposing factions in the committee have been smoothed over and each sub-committee has been given full power to act upon any question within its jurisdiction. For this reason there will be no general meeting of the committee till after the Fourth.

There will be ample music at the parks selected by the committee. Allen's band will give a concert at Columbia square from 2:30 to 5:30 p. m. Djean's band at Washington square, Bennett's band at South Park and Schuppert's band at Bols Park. Bands will furnish music at the points where displays of fireworks are to be made. These include Tully's band at Washington square, Gilman's band for Columbia square, and Blum's band for the ground at Nineteenth and Dolores streets. The bands will be on duty at 5:30 p. m. and serve till 10:30 o'clock.

The parade will be an interesting event, and the indications are that it will be of imposing dimensions. The procession will form at Market and Battery streets, marching thence to Montgomery, to California, to Kearny, to Market, to Golden Gate avenue, to Van Ness avenue, to Post, where it will be met by the band by General R. H. Warfield and the officers of the day.

The committee has appropriated the various funds as follows: Fireworks, \$900; parade, \$800; printing and press, \$195; literary \$165; music for parks, \$250. The total allowance is \$2350, which is deducted from the city appropriation of \$2500, leaving \$150. This sum will be paid out in salaries to the secretaries and other incidental expenses, such as rent, stationery, etc.

The committee decided that the residents in the district adjacent to Nineteenth and Dolores streets were entitled to recognition, and it was resolved to give a pyrotechnic display at the point named. With the distribution as made by the committee many additional thousands will be given to the citizens of this city.

# HOODLUMS TRY TO RESCUE MEMBER OF THEIR GANG FROM OFFICER.

### Otis Berge Is Beaten While Arresting Offender and Draws Revolver.

Special Officer Otis Berge had a desperate battle with a gang of Mission hoodlums on Montgomery avenue last night while making an arrest, and before the officer, who was badly beaten, succeeded in taking his prisoner to jail he was obliged to use his revolver.

Berge noticed a commotion on Montgomery avenue, near Dupont street, and hurried to the scene. After ascertaining the cause of the trouble, Berge placed Elmer Miller under arrest and started with him for the patrol box. Miller's friends came to his assistance and soon sticks and stones were used with telling effect on the officer.

Berge fought bravely against heavy odds, his club in one hand and his prisoner in the other. He was soon overpowered as the gang closed in, and his club was wrested from his grip. Throwing Miller to the ground, the officer stood over him and drew his revolver. Some of the crowd flinched at sight of the weapon, but a number of the gang continued the attack, and it was not until Berge had knocked several of them to the ground that he had the best of the fight. When the gang rallied for another attack Berge fired several shots and the first man who approached him and then started off with his prisoner. He was obliged to hold his revolver in his hand until Keamy street was reached.

Miller was charged at the Central police station with battery and disturbing the peace.

### REED MAKES OBJECTIONS TO BOARD'S APPOINTMENT

### Secretary of Bricklayers' Union Does Not Want Thomas Christal for Inspector.

The Board of Public Works received a letter yesterday from the Assistant City Engineer stating that a complaint had been made by Walter Reed, secretary of the Bricklayers' Union, that the hoodlums employed in the work of the Army street sewer extension were non-union men, and that the inspector, Thomas Christal, was not a union bricklayer, and that Reed had informed bricklayers that they should not work under these conditions charges would be filed against them with the Bricklayers' Union.

Mr. Belsor, one of the contractors, had expressed a willingness to hire union hoodlums if they could be found, but later objections to the non-union men were withdrawn. The question of Reed's objection to Thomas Christal, who was appointed by the Board of Public Works to the Civil Service Commission list, will come before the board for consideration to-day.

### FEW LOCKOUTS ARE EXPECTED

### Builders Probably Will Not Interfere With Brotherhood.

Although to-day is the time appointed for the members of the Builders' Protective Association to lock out all brotherhood carpenters who are unable to display the working card of the Building Trades Council, it is not expected that any considerable number of contractors will consent to paralyze their business by discharging the brotherhood men. In fact, despite the predictions of P. H. McCarthy and his accomplices, it is believed that the contractors will not be so much troubled. The contractors have too much at stake to interfere in a fight between the two contending organizations, especially as such interference without doubt would result in the tying up of the building industry of this city.

### Seventeen Contractors Have Announced

that they will resign from the association if any attempt is made to-day to force the brotherhood carpenters to procure the Building Trades card. Last night it was freely asserted that many more will follow the example.

### BROTHERHOOD IS READY.

The brotherhood is fully prepared to cope with any unfavorable conditions that may arise. The members have received explicit instructions as to just what they are to do if they are locked out. The District Council of the United Brotherhood of Carpenters and Joiners of America ordered that if any brotherhood members are discharged by a contractor all fellow members working for that contractor are to cease work immediately and report to headquarters, 915 1/2 Market street. Jobs will be provided for all the men who are locked out.

The business agents have been instructed that whenever a contractor locks out brotherhood carpenters they shall call on all brotherhood men on any said contractor's jobs.

Resolved, that should the Building Trades Council of San Francisco so far as it applies to the United Brotherhood of Carpenters and Joiners of America, thereby making it possible for the locals of the United Brotherhood to affiliate with the Building Trades Council.

### LOYAL TO BROTHERHOOD.

Be it resolved by the San Francisco District Council of the United Brotherhood and its affiliates, united in the elimination of the Building Trades Council of San Francisco so far as it applies to the United Brotherhood of Carpenters and Joiners of America, hereby making it possible for the locals of the United Brotherhood to affiliate with the Building Trades Council.

Resolved, that should the Building Trades Council of San Francisco so far as it applies to the United Brotherhood of Carpenters and Joiners of America, hereby making it possible for the locals of the United Brotherhood to affiliate with the Building Trades Council.

### ENTHUSIASM DISPLAYED.

The meeting was called for the purpose of discussing the situation. The greatest enthusiasm was displayed, and the members signified their intention to stand by the brotherhood no matter what action might be taken by the Builders' Association.

D. C. Crawford, president of the Millmen of Oakland, has recently announced when he announced that the Oakland carpenters in all probability would withdraw soon from the Building Trades Council. He said that his union recently had taken in many new members, who had joined with the union of the United Brotherhood of Carpenters and Joiners of America. He was to stand by the brotherhood. Speeches of encouragement were made also by Frank Cranford of Union 1082, A. F. Getting of 182, San Mateo; George Smith of 180, Vallejo; C. W. Bailey of 36, Oakland; Henry Meyers of 182, San Mateo; T. T. Strickland of 26, Oakland, and George Kline of 194, Alameda.

The following resolution, which was adopted by the district council and submitted to the locals of the United Brotherhood and the decisions of the general executive board, and be it further:

# The Hale Store Will Open at 9 O'Clock.

It's a radical, permanent move, as much so as when we said years ago we'd close at six in the evening (and EVERY evening, too). You stood by us in that step; we know you will now in this one. You saw that it didn't inconvenience you not to be in the evening, and that it was a big gain for the store folks. Now if we can give our faithful helpers another hour of the day without putting you out much we feel certain you'll gladly adapt yourselves to this new condition.

Shopping, after all, is only a matter of habit. Few women in forming that habit think of the store or the clerk. They expect the store or the clerk to be at their best no matter what time of the day they come downtown. This is a strain that tells in time. We want to relieve that. LESS HOURS MEANS BETTER SERVICE. No employees could be more loyal, could put more of their life and enthusiasm into their work, could try harder to please than do ours—you don't know how hard it is sometimes when they are tired. We want to make it as easy as we can for them to wait on you. This rest of almost an extra day a week—less than eleven months of work for year's pay, will help like everything to keep them fresh and at their best.

Remember, too, Closed all Day Friday, Fourth.

### CONFLICTS BETWEEN THE POLICE AND SOLDIERS

### Five Army Men Charged Before Judge Conlan With Disturbing the Peace.

Two encounters between the police and soldiers were told in Judge Conlan's court yesterday. The first occurred at Baker and Greenwich streets Sunday night. William Mitchell, a soldier, had been arrested by Policeman Rice at Baker and Greenwich streets, and was taken to the City Prison. Sergeant Crockett and Dillon on a warrant charging him with forgery. He was brought to the City Prison.

The complaining witness is Charles Robinson, Masury's father-in-law. Robinson, who is in the employ of Miller & Lux, accuses Masury of forging the names of himself and wife to a deed of trust to property on Diamond street, near Twenty-fourth, in connection with a loan Masury was negotiating for with the Eureka Loan and Building Association a few days before he was arrested for burglary.

Masury took the deed to Henry McGill, a notary public, to be attested. McGill's suspicions were aroused, and while he was negotiating for the deed he communicated with the building association Masury availed himself of the opportunity to make his escape.

### REV. MR. DAVIS GETS CAUGHT KILLING DOVES

### Three Lawbreakers Are Fined \$25 Each Through Efforts of the Fish Commissioners.

The Fish Commissioners report the arrest of Rev. Mr. Davis at Santa Ana on Saturday for up before Judge Conlan yesterday for killing doves during the close season. Deputy Baughan apprehended the offender and took him before Justice of the Peace Wilson, who after a plea of guilty had been entered imposed a fine of \$25.

G. Rossi of Raymond was caught shooting quail out of season on Saturday, and was arrested yesterday before Judge Conlan. Rossi was also separated from \$25.

On June 27 Walter Walgamott appeared before Justice of the Peace Francis Healdsburg on the written request of Chief Deputy Vogelsang of the Fish Commissioners and entered a plea of guilty of deer-killing, for which he paid a fine of \$25.

Business men congregate at Cafe Zinkand for lunch. Good service.

### Hearing Is Postponed.

When the Board of Health case involving the validity of Mayor Schmitt's appointment for up before Judge Conlan yesterday the last named announced that he had received letters from Judge Trout and Justice of the Peace Wilson, in which they demanded to sit with him in the case. Judge Cook stated that it was necessary to have three Judges hear the case, so he postponed the hearing until July 21.
