

POWERS SIGN TREATIES

Treaties With China to Be Separately Negotiated.

Great Britain's Trade Arrangements First of a Series.

WASHINGTON, July 30.—It is said here that the commercial treaty between Great Britain and China, approved at a conference at the London Foreign Office yesterday, is to serve as a pattern for similar treaties to be negotiated by the other powers with China.

It is probable that the United States and the other powers signatory to the agreement will conclude treaties on the same lines, so that instead of the composite agreement as to trade privileges embodied in the Peking treaty each of the powers will conclude a separate agreement with China on the question of commercial relations.

The revision which Great Britain proposes to China in the trade treaty, it is said, extends to nearly every point in which the United States is interested, from the reduction of protective duties and trademarks, the creation of a national currency and the extension of the bonded warehouse system, to the reform of the Shanghai mixed court and the abolition of all internal taxation, whether native or foreign or for import or export.

ELECTRO-CHEMISTRY.

ARTICLE 2. DISEASES OF WOMEN.

Women are the most susceptible to illness. A long train of diseases lies in wait for her and very few escape. She is necessarily a diseased being with a constitution to stand her many distressing ailments. If every home could be presided over by a well woman the world would be materially benefited. If every woman could know the value of Electro-Chemistry for the treatment of diseases peculiar to herself there would be more happy homes. Electro-Chemistry is a scientific method of treatment that keeps them from the operating table and there is a natural inclination not to submit to these operations.

The Electro-Chemical Institute is a scientific institution founded upon most comprehensive lines and is amply provided with funds to carry the treatment of chronic diseases to a most successful cure. It is equipped with all that the finest hospitals or sanitariums can command and its charges are within the reach of all. Records of its cures are kept and placed on file for the benefit of those who may wish to investigate. The specialties are Cancer, Consumption, Deafness, Rheumatism, Asthma, Catarrh, Paralysis, Nervousness, Piles, Flatulency, Skin and Blood Diseases, and the diseases peculiar to men and women. These are all treated without operation with the use of Electro-Chemistry. Special demonstrations of the Electro-Chemical X-Ray are given at all hours of the day to those who call. Free consultation may be had at any time by private or in person. Separate departments for ladies and gentlemen.

The offices of the Electro-Chemical Institute are located at 128 Grant ave., in San Francisco, and at 244 1/2 South Broadway, in Los Angeles. Office hours are 9 a. m. to 5 p. m. and 7 to 8 p. m. A special home treatment with the use of an electric apparatus loaned to the patient is given. Full details upon inquiry.

REPEATING VISIT

Some Twenty Thousand Women and Children on a Picnic.

Former Chief of Police in New York a Wondrous Host.

NEW YORK, July 30.—Between 15,000 and 20,000 women and children were the guests of former Chief of Police William C. Devery on a water picnic to-day. Devery, on the occasion of the Democratic leadership of the Ninth Assembly District and the monster outing was a feature of the spectacular campaign he has been conducting.

Men were excluded and the six ship-loads of excursionists consisted only of women and children from the Ninth District. It was the biggest excursion ever handled in this city. Two large steamers and four large barges were required to handle the crowd and Devery was personally in charge.

Ten physicians, a corps of trained nurses, life savers, an opera company, a vaudeville troupe and four bands were taken along, and refreshments served in unlimited quantities. The chief commissary of the expedition had for a brief list of supplies was as follows:

One thousand pounds of roast beef, 1200 pounds of corned beef, 1500 pounds of ham, two barrels of sugar, 2000 pounds of butter, twenty barrels of potatoes, twenty crates of tinned tomatoes, ten crates of tomatoes, 400 heads of cabbage, 250 pounds of coffee, 2500 large loaves of bread, clam chowder for 20,000 persons, 150 pounds of fancy cake, 200 gallons of milk, 8000 quarts of milk, 250 boxes of soft drinks, ten barrels of birch beer, 100 bags of popcorn and candy.

BLOOD FLOWS IN ANTHRACITE FIELDS

Continued From Page One.

engineer was afraid to move. In a few moments, however, the police fired a volley, dispersing the crowd. A brief period of confusion followed, but the crowd was broken up and the engine turned full steam on and got away.

Stones were thrown thick and fast about the head of the police, whereupon Chief Fry gave the order to fire. At the first volley the mob fell back and several were wounded. The crowd, however, was only momentary. They turned and with revolvers, stones and even a few shot-guns, charged on the little band of policemen and made them flee for their lives.

The policemen turned in their flight at short intervals and fired volley after volley at their merciless pursuers, but the mob seemed thoroughly infuriated and revolvers seemed to have no terrors for them. When the freight train crossing was reached a passing freight train blocked the progress of the police, two shot-guns were caught and brutally beaten. One of them, Stiney Yacovsky, will die.

It is estimated that more than 1000 shots were fired, and the wonder is that more fatalities did not result. More than twenty strikers, all of whom were foreigners, were shot and at least two of them will die.

The doctors of the town dressed the wounded strikers, all of whom were foreigners, whose names could not be ascertained. It is known at midnight that four of the six policemen were shot. Chief Fry received a slight wound in the hand; Yacovsky was shot in the neck and may die; Ringelsner was shot in the hip and may die; and a man named Larutais was shot in several places and cannot recover.

The following printed notice was posted by the mine workers all over the town to-night: "In view of the disturbances that have occurred in Shenandoah within the past twenty-four hours in utter disregard to the teachings and principles of the United Mine Workers of America, an organization, and contrary to the explicitness of the leaders, we call upon all members of the United Mine Workers of America to do all in their power to suppress lawlessness and to aid the officers in every way to maintain peace and good order.

"JOHN FAHEY, "President District No. 8."

GOVERNOR ACTS PROMPTLY.

Two Regiments and a Troop of Militia Ordered to Shenandoah.

HARRISBURG, Pa., July 30.—Governor Stone has ordered the Eighth and Twelfth regiments and the Governor's troop of the National Guard of Pennsylvania, in command of General J. P. S. Goblet, to proceed immediately to Shenandoah, the scene of to-night's rioting. General Goblet left here shortly after midnight in a special train and it is expected that all the troops, the combined strength of which is 1500, will be on the ground by daybreak.

The Governor's secretary received the following message early to-night: "SHEENANDOAH, Pa., July 30.—William A. Stone, Governor, Harrisburg, Pa. Two assistants surrounded and one killed; three of most shot by snipers, three local policemen, possibly fatally. Town is without police protection and local government terrorized, threatened by mob if they sign petition. Feeling running very high. Mine workers admit foreign element beyond their control. Mob is beyond control and is committing great acts of violence. Sheriff powerless for want of sufficient assistance.

S. ROWLAND BEDDALL, Sheriff.

Subsequently the following message was received from the Sheriff: "POTTSVILLE, Pa., July 30.—William Stone, Governor, and Adjutant General Thomas J. Barringer, Harrisburg, Pa. Citizens of this county, property destroyed, citizens killed and injured. Situation beyond my control. Troops should be sent Shenandoah immediately.

S. ROWLAND BEDDALL, Sheriff.

Governor Stone started for Harrisburg at 10 o'clock to-night and expects to reach here at 3 o'clock to-morrow afternoon. He is being fully advised of the situation and of the movement of the troops. Arrangements have been made with the telegraph and railroad companies along the route over which the executive is traveling to transmit to him messages from the Schuylkill authorities. The headquarters of the Eighth Regiment is at Pottsville. It is commanded by Colonel Theodore F. Hoffman. Colonel Charles M. Clement of Schuylkill commands the Twelfth Regiment. The Governor's troop is commanded by Harrisburg. Should the presence of additional troops be needed to quell any further disturbance one or more regiments of the Third Brigade will be ordered out. General Goblet, who will have command of the troops, was in Harrisburg to-day and is now en route to the riotous at Hazleton. He is expected to arrive at Shenandoah to-day and subsequently at Shenandoah. He will be joined to-morrow by his staff and he will immediately locate his troops at that place and in the surrounding country.

Poison in the Canned Beef.

SAN ANDREAS, July 30.—The family of W. E. Paul ate canned corned beef last evening. Soon afterward Mrs. Paul complained of severe pains, followed by fainting spells. An hour afterward she became unconscious and she passed away at 2 o'clock this morning. The eldest boy suffered considerably, but has fully recovered. The father and five small children were pronounced out of danger to-day.

A., and several members of his staff; former Secretary of the Navy John D. Long, and General H. V. Boynton.

Martin J. Egan, C. W. Tyler and Robert Hazard, newspaper men, who were on Prince Henry's train on the trip through the United States, were given autograph portraits of the Prince.

WASHINGTON, July 30.—Secretary Shaw returned here to-day from his trip to Oyster Bay and Atlantic City.

SACRAMENTO, July 30.—Governor Gea has appointed S. Prestine Madis of this a member of the State Board of Accountancy, vice Norman McLaren, resigned.

DR. KILMER'S SWAMP-ROOT. Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CHINESE TROOPS DEFEAT BOXERS

VICTORIA, B. C., July 30.—Oriental advices were received by the steamer Olympos which reached here to-day from Yokohama. Because the magistrate of Yank-Hsen would not give them permission to destroy the Christian churches in that town, 2000 Boxers attacked the village. They were met by the troops and twenty of them killed and their bodies displayed in public places. One of the leaders, who was captured, was tortured and executed in public.

And now it is the Christians who are causing trouble in China. The converts of Shansi and their priests complain that the indemnity paid on account of the Boxer outrages was not great enough and the converts have attacked villages for the purpose of indemnifying themselves.

Details were received of the attack on Bishop Moore, Rev. Messrs. Appenzeler and Swales, and the Misses Moore and Ernest Thalmann, all of New York; Rear Admiral L. B. Barker and Commander Richard A. Wainwright, U. S. N.; Major General Brooks, U. S. A., and several members of his staff; former Secretary of the Navy John D. Long, and General H. V. Boynton.

The coolies were carrying Bishop Moore's rickshaw and stopped to talk with a friend. The Bishop lost his temper and rapped a coolie upon the knuckles. The coolie, who was a member of a number of Japanese camps in the vicinity, rushed at
