# MILES IS GIVEN PERMISSION FOR HIS TOUR IN PHILIPPINES

## Commanding General of the Army Is Instructed to Make a Thorough Inspection of All Troops Stationed on Archipelago

GENERAL NELSON A. MILES

WASHINGTON, Aug. 26.—The War Department this afternoon gave out the order issued to General Miles to go to the Philippines. It is signed by William Cary Sanger, acting Secretary of War, and is as follows:

WAR DEPARTMENT, WASHINGTON, Aug. 26, 1902.—Sir: I have the honor to state that your application for authority to inspect the portion of the army serving in the Philippines is approved by the President. You will sail about the 15th of September and in inspecting the condition of the army will give particular attention to its instruction, discipline, and to supplies of all kinds.

It is the understanding that in that capacity, though of superior rank, General Miles will not interfere in any way with either General Chaffee or his successor, General Davis, in the direction of the army in the Philippines. He will critically examine the conditions as they find them, devoting his attention entirely to matters of army administration and not to the general affairs of the island.

It is believed here that he will be accompanied by at least two members of his staff, namely, Lieutenant Colonel Whitney and Colonel Reber, the latter his son-in-law. Colonel Reber, who is the inspector of the Philippine army, will accompany General Miles if his health, which is somewhat impaired at present, permits.

It is developed that General Miles' application to go to the Philippines was comparatively recent date and was in no way connected with his application of several months ago to go to the Philippines. It was made it was coupled with certain suggestions as to terminating the war and Secretary Root's refusal to grant the first request was based largely upon those phases of the application.

In view of this it is understood that General Miles restricted his second application so as to make the trip one for purely military purposes. Although the text of the application was not given out at the War Department, it is said that one of its features is a request that the return from the Philippines be by way of the Eastern route. As the application is approved, the general will be accompanied on his way back to America.

It is understood that Mrs. Miles will accompany the general to the Philippines and it may be that his married daughter, who is the wife of Colonel Reber, one of the general's aids, will also accompany the party. The general will return tomorrow from his New England trip, when his plans will be more fully made known.

Preparing New War Game.

FISHERS ISLAND, N. Y., Aug. 26.—For several hours after midnight the searchlight of the army station at Napatree Point, off Watch Hill, exchanged signals with a light at Fort Trumbull, New London, presumably conveying information to the army officers regarding preparations for the war game between the army and navy, which is to begin next Friday at midnight.

Summer residents of this island have for weeks been deeply interested in the plans for the maneuvers and the presence of the large camp of artillerymen among whom the strict discipline of actual war time is already enforced, has attracted to that interest. From a high road near the center of the island it is possible to look down upon the military reservation and observe the bustle of activity within, but no near approach to the fort is permitted.

# DOHERTY WINS FROM WHITMAN

## English Tennis Expert Follows and Seriously Outgenerals the American.

### Victor Will Play Champion Afterward Surrenders to the Lured To-Day for the Title.

NEWPORT, R. I., Aug. 26.—The international tennis match between E. F. Doherty of England and J. D. Whitman of America in the final round of the national tennis championship was won by the foreigner in three sets to one and by scores of 6-1, 2-6, 6-4, 6-0.

William A. Larned, holder of the championship, will defend his title against Doherty's challenge to-morrow. After Whitman's decisive victory over Doherty in the Davis cup event at Bay Ridge it was generally expected he would score to-day or put up a hard fight. But, as in every other match which the Englishman has played, it was the American who did the hard work. That Whitman, with all his experience, should have been duped into playing a running game was one of the surprises of the day, while another was his inability to stand the pace.

Neither the sets nor the games were long, but after three sets with a total of twenty-five games, had been played, the American pulled up winded and exhausted and the seven-minute intermission was not long enough for him to catch his breath or regain his strength.

The first set went to the Englishman with little opposition from Whitman. In the second set Whitman fairly smothered Doherty by dazzling work at the net and this brilliancy led many to forget that his errors were also numerous. After closing this set in a fine burst of play every one seemed to have perfect confidence in the American. For a few days in the third set Whitman fully justified this confidence. He had all this time he was on the run and Doherty did not miss a single opportunity to give a chance at the balls. A dozen times the Englishman had every chance to effectively kill balls, but he deliberately threw away these chances and sent them back with so little speed that Whitman by hard running could just reach them. It mattered little to Doherty whether his opponent returned them or not. Then it was seen that Whitman was fast becoming winded and the end of the match practically was in sight.

# ANGRY HUSBAND USES SHOTGUN

## Follows and Seriously Wounds His Wife's Companion.

### Afterward Surrenders to the Authorities and Tells of Shooting.

UKIAH, Aug. 26.—Last Saturday night C. B. Bloyd, aged 60 years, shot and seriously wounded Lt Moore at what is known as the North Fork the camp, near Christine, in this county. The facts, as reported, are that on Saturday night there was a masquerade ball in the hall of the camp, which was attended by Mrs. Bloyd, and also by Moore. Between Bloyd and his wife all has not been peace. A divorce suit in which the wife is plaintiff is now pending in court. Bloyd also attended the ball, but being masked, his wife and Moore were not aware of his presence. Bloyd seems to have been watching his wife and Moore, for after a time he saw them leave the hall together and walk away in the darkness. He followed them, armed with a shotgun loaded with buckshot. Their steps led to an isolated cabin on the side of a hill some distance from the hall. Bloyd waited on the outside until they came out. Mrs. Bloyd walked away, while Moore remained a moment to fasten the door. Bloyd fired at that moment, the charge of buckshot lodging in Moore's side and hip. Mrs. Bloyd ran away, but was not pursued. Bloyd gave himself up and is now in jail at Ukiah. Moore may recover, but his wounds are very serious.
