

CHINESE MAY ENTER ISLANDS

Restrictions in Philippines Likely to Be Removed.

Governor Taft Indicates Approval of Merchants' Demands.

WASHINGTON, Sept. 1.—It is the opinion of the War Department that Governor Taft's remarks at the Board of Trade banquet at Manila yesterday respecting the employment of labor on plantations will form the basis of a suggestion to Congress at the next session that the act extending the Chinese exclusion laws to the Philippines be amended.

It is contemplated to remove the iron-clad restriction which now exists and clothe the Philippine Commission with power to regulate the entrance of Chinese labor. The commission itself already has given some attention to this subject, and it is believed that Professor Jenks' investigations into the labor problems in the Straits Settlements and elsewhere in the Orient meet with its approval.

The proposed regulations, it is said, will look to a wisely regulated system of admissions of Chinese as plantation laborers under sufficient bonds in each case, and on condition that they shall leave the Philippines after a certain specified period of time. Such regulations as exist in Hawaii for the proper care of the coolies would be incorporated.

Police Charge Upon Rioters. AGRAM, Austria, Sept. 1.—There were serious disorders here yesterday in connection with a demonstration on the part of the Corian students against the Serbian inhabitants. The police charged with drawn swords and many persons were wounded.

TROOPS POUR INTO PANAMA

Colombia Sends Large Reinforcements to Province.

General Valencia Will Take Charge of the Campaign Against Rebels.

Special Dispatch to The Call. CALL BUREAU, 1406 G STREET, N. W., WASHINGTON, Sept. 1.—Advices have been received from Bogota at the Colombian legation here that troops are being constantly poured into the province of Panama, and that a force sufficient to proceed with vigor against the revolutionists under General Herrera will soon be assembled at Colon. The gunboat Cartagena is being used as a troop transport and is making the trip between the main coast of Colombia and the isthmus in far less than the usual time required for the voyage.

As soon as a good sized force is assembled at Colon troops will be landed at Chiriqui, which is nearer Agua Dulce, where General Bertl is now besieged by the revolutionists, than is Colon. When the total number of troops assigned to the Panama campaign, 10,000 in addition to those under General Bertl, are in the field, the commander in chief of the Colombian army, General Gonzales Valencia, will probably assume supreme command of the campaign in person.

COLOM, Colombia, Sept. 1.—Over 100 troops were sent from here to Panama yesterday, and the announcement of the reinforcement has created much enthusiasm in official circles. Further reinforcements are expected daily from Cartagena by a Liverpool steamer.

It is rumored here that General Bertl, the government commander at Agua Dulce, recently attacked General Herrera, the commander of the revolutionary forces, who was obliged to abandon his trenches. At the same time, according to report, General Bertl obtained a large number of cattle.

The Colombian cruiser Cartagena sailed for Cartagena yesterday. The Colombian gunboat General Pinzon has returned here from Puerto Cabello.

GRAPE-NUTS.

SHOOTS AT DEER; KILLS A HUNTER

Young Man of Cayucos Makes an Awful Mistake.

Sends Rifle Bullet Through the Heart of a Comrade.

CAYUCOS, Sept. 1.—Ahijah Jones was mistaken for a deer yesterday and shot through the heart by Leslie L. Flood. The accident occurred on the Green ranch, in San Carpojo Mountains, seven miles north of San Simeon, one of the roughest and wildest sections on the coast. Jones and the two Flood brothers, Leslie and Stephen, left here last Wednesday for a deer hunt.

After the shooting the Flood brothers carried Jones' body a considerable distance to an unoccupied cabin, where one remained while the other made his way to the residence of Isaac M. Hitchcock. The latter dispatched a runner to Cambria, where word was sent to Jones' father, George C. Jones, ten miles beyond Cayucos. The coroner passed through Cayucos to-day en route to San Simeon, where he will hold an inquest. Jones was 26 years of age and unmarried. He was born and reared on the ranch where he was killed. Flood is 21 years old and married.

Extradition Process Delayed.

MANSFIELD, Ohio, Sept. 1.—Judge Campbell to-day dismissed the William Hahn habeas corpus petition and remanded him to the Sheriff's custody and suspended Governor Nash's order for four months. A bond was fixed in each case and Hahn was released. Hahn cannot be extradited to New York until the Ohio prosecution is ended.

Hunters Killing the Does.

MARYSVILLE, Sept. 1.—Reports received here from reliable sources state that many female deer have been killed this season contrary to law and that many motherless fawns in consequence can be seen in the mountains.

FARLEY IS SELECTED ARCHBISHOP; MONTGOMERY COADJUTOR OF RIORDAN

Propaganda Names Two Noted Prelates for Important Promotions. Monsignor Conaty, President of Catholic University at Washington, Will Succeed to Bishopric of Los Angeles and Monterey

The San Francisco Call.

SAN FRANCISCO, SUNDAY, JULY 29, 1900

BISHOP MONTGOMERY APPOINTED COADJUTOR TO ARCHBISHOP RIORDAN

By Orders From Rome the Two Distinguished Prelates Will Govern the Catholic Affairs of San Francisco.

On July 29, 1900, The Call made the exclusive announcement that Bishop Montgomery would be appointed coadjutor of the Most Rev. Archbishop Riordan. The appended dispatch from Rome verifies the prediction made at that time.

The Call is now enabled to give the additional piece of exclusive news that Bishop Montgomery's successor at Los Angeles will be Monsignor Thomas James Conaty, president of the Catholic University at Washington, D. C. He has been at the head of that noted educational institution for five years, having completed the time allotted to serve in that capacity. Monsignor Conaty's appointment as Bishop, it is expected, will be announced from San Francisco in a few days.

ROME, Sept. 1.—The Propaganda, after a lengthy sitting, decided to recommend the Pope to appoint the Right Rev. John M. Farley, D. D., Auxiliary Bishop of New York, as Archbishop of New York in succession to the late Most Rev. Michael Augustine Corrigan and the Right Rev. George Montgomery, Bishop of Los Angeles, Cal., as coadjutor of the Most Rev. Patrick William Riordan, Archbishop of San Francisco.

CHOICE IS UNANIMOUS.

Cardinal Martinelli, who was charged to set forth the case to his colleagues, made a minute and detailed report about the different candidates. Information received showed that Dr. Farley was qualified as the most worthy candidate for the post, both in the lists of the priests and Bishops and in the reports of the Archbishops of the United States.

AERONAUTS BATTLE IN MIDAIR FOR LIFE

Storm Strikes Their Balloon and Three Times Carries It Over Pike's Peak.

DENVER, Sept. 1.—After a lapse of twenty-four hours, during which no word was received from the three aeronauts who left Denver yesterday to try for a transcontinental balloon voyage, a telegram came to-night announcing that the airship had been wrecked in the storm twenty-seven miles north of Florence, Colo. Although severely bruised and somewhat frostbitten, the men were not seriously hurt.

MASKED ROBBERS RIFLE SAFE IN EXPRESS CAR

Place Revolver to Messenger's Head and Force Him to Open the Strong Box.

NASHVILLE, Tenn., Sept. 1.—As the through north-bound messenger train on the Louisville and Nashville road, due here at 7:30 o'clock to-night, was pulling out of Franklin, Tenn., eighteen miles south of here, the express car was boarded by two masked men. With a revolver at his head, Messenger Battle was forced to open the outside safe, which the robbers rifled. Keeping the messenger covered with their guns, the men rode with him into South Nashville, where the train slowed down, and they disappeared. It is not known how much booty was secured.

Schooner Wing and Wing Ashore.

PORTLAND, Sept. 1.—News has been received from Florence, Lane County, that the schooner Wing and Wing, in ballast from San Francisco, went ashore on Thursday night just outside of Siuslaw Bar. The schooner attempted to sail into the river, but the wind died suddenly and the vessel was thrown upon the beach. She is in an upright position and probably will be floated soon.

DAIRYMEN QUARREL AND ONE IS KILLED

Fight Over a Strip of Land Near Eureka Results in a Tragedy.

EUREKA, Sept. 1.—Joseph Monichetti and Joe Rossi, dairymen of the Salmon Creek section, engaged in a row last night over a right of way and as a result Monichetti is dead and Rossi in the hospital. During the altercation Rossi severely pummeled and emptied the contents of a shotgun in his adversary's head, inflicting terrible wounds, from which the man died half an hour later.

STRIKERS RETURN TO THE SHOPS.

OMAHA, Neb., Sept. 1.—Two hundred carnage employed in the Union Pacific shops here, who went on strike two weeks ago, decided to-day to return to work at the scale offered by the company. The entire force will return to work to-morrow morning, and their leaders say they will live up to the premium scale contract with the company.

HEALTH BOARD SECRETARY DROWNED.

TOPEKA, Kans., Sept. 1.—A special to the Capital from Ludington, Mich., says that Dr. W. B. Swan, secretary of the Kansas State Board of Health, was drowned by the capsizing of a boat. In the boat with Dr. Swan were Dr. L. M. Powell and Frank Cope of this city. Dr. Swan was one of the most prominent Republicans of the State and had been secretary of the State Board of Health for six years.

STUDENTS GATHER AT STANFORD.

STANFORD UNIVERSITY, Sept. 1.—The Stanford campus again presents an appearance of college activity. Old and new students are arriving daily, the latter in such large numbers that it is hard to estimate how many students will be enrolled as members of the class of '04. The number of freshmen is estimated at from

350 to 500, a larger number than entered last September.

To-day was the second of entrance examinations for the prospective freshmen. To-morrow and Wednesday are set apart as registration days for old students and Thursday the '06 class will matriculate.

ADVERTISEMENTS.

ELECTRO-CHEMISTRY.

Rheumatism and Its Cure.

One physician treats it one way and the next another way. Some treat it externally, by means of liniments; others lead it from the full of drugs to eliminate the uric acid from the system. Such a variety of methods is enough to convince the most skeptical that none of them is the best. The Electro-Chemical Institute, in combination with Chemistry, as applied at the Electro-Chemical Institute, to effect the first cure. Chemically laden electrical currents are applied to the affected spot and the disease is broken up and driven out of the system. Electric belts and electric baths are used and do not give more than relief. Electricity and Chemistry combined will give permanent cures. The rheumatic patient who immediately relieves of pain. Electricity tones up the demoralized nerves, strengthens the muscles, making them again vibrant and full of life, thus destroying all traces of the disease. If you have been a rheumatic sufferer, it matters not how long, and have tried in vain all manner of means of relief, the Electro-Chemical Institute invites you to come to them and take one treatment and see for yourself what it means to be free from pain. One treatment will give relief. The Electro-Chemical Institute is an institution founded upon most comprehensive lines and is amply provided with funds to carry out the treatment of chronic diseases to its most successful cure. It is equipped with all that the finest hospitals or sanitariums can command, and its charges are within the reach of all. Records of its cures are kept and placed on file for the benefit of those who wish to investigate. Its specialties are Cancer, Consumption, Rheumatism, Asthma, Catarrh, Paralysis, Nervous Diseases, and the distaste, Skin and Blood Diseases, and the diseases peculiar to Men and Women. These are all treated without operations and with the use of Electro-Chemical currents, making cures by painless and pleasant methods. Free consultations and demonstration of Electro-Chemical X-Ray are given to all who call during office hours. Separate departments for ladies and gentlemen. The offices of the Electro-Chemical Institute are located at 118 Grant Ave., San Francisco, office hours from 10 a. m. to 1 p. m. and 7 to 8 p. m. daily; Sundays, 10 a. m. to 1 p. m. special home treatment with the use of an electric apparatus loaned to the patient is given. Full details upon inquiry.

Yes you can repair & Sharpen BRAINS

It's easy to do things and Make Money

Grape-Nuts.

in this world when your Brains and Nerves are given the right food. But people don't believe it until they make their own trial of

Get in line. Try leaving off your old way of eating and see for yourself. This for breakfast. A little fruit, a dish of Grape-Nuts. Some rich cream poured over. Two slices of toast baked hard, 2 soft eggs, 1 cup Postum Coffee (well made and strong). No more. Our word for it your whole body will feel the "Divine Energy" of returning health and more noticeable than anything else will be the snap and go of a strong, active, clear and working brain that can plan and do things. We can give you the name of a man who has made upwards of a million dollars a year out of his strong brain since using Grape-Nuts and he didn't have that kind of brain before. These are facts worth your attention and careful thought. Scientific research has produced a True Brain Food and its name is Grape-Nuts.
