MAXWELL GUEST

DANQUET HALL

Promoter of Irrigation
Is Honored in Los
Angeles.

Senators Bard and Quarles
Talk on Arid Land
Reclamation.

LOS ANGELES, Sept. 5.—A banquet was given last night in the Westminster Hotel in honor of George H. Maxwell, executive chairman of the National Irrigation Association, by the Southern California section of the association as a mark of recognition of his splendid efforts for the passage by Congress of the recently enacted arid lands bill, by the provisions of which 50,000,000 acres of desert land in the United States eventually are to be made fertile by Government irrigation.

Addresses were made by Senators Bard of California and Quarles of Wisconsin, George H. Maxwell, Congressman James McMillan and others.

Vice Chairman Blinn read and presented embellished resolutions of appreciation and thanks to Senator Bard, Congressman McMillan and Executive Chairman Maxwell for their work in behalf of the arid lands bill.

Thomas B. Booth, chairman of the Southern California executive committee, in addressing the assemblage prophesied that within its mighty sections, with assured crops would become the reliance not only of our own lands, but of those of our neighbors as well. He continued:

Lincoln freed 4,000,000 slaves. Roosevelt approved, recommended and urged the irrigation act which has made possible the creation of homes for more than 10,000,000 American citizens, who shall be free men indeed. I propose to you that each of us should be a Baptist, which I shall ask you to drink standing—"The President."

United States Senator Joseph V. Quarles paid a high tribute to Senator Bard as a man and one of the representatives of a great commonwealth and referred to Chairman Maxwell as the forerunner of the irrigation movement—the John the Baptist of irrigation in the wilderness, "Prepare ye the way of the Lord." He continued:

And Mr. Chairman, what a wilderness that is as great as it is desolate, where the sun with its searching rays has been unable to find anything but the sage brush and the cactus upon which to lavish its mighty energies; where no town has been built save by the festive prairie dog.

Now, turn from that picture toward the mountains and see there the spring freshet, rushing down the rocky canyon, tearing away the earth, carrying away bridges, raising a torrent that will visit the streams of commerce and turn them out of their banks, devastating great cities.

Gentlemen, you reasoned well that the sunshine and the rain were both going to waste and that if you could unite those two great energies and amalgamate them there would be a conservation of force that would be a joy and a comfort to all the world.

Charge Undue Influence.

The trial of the contest of the will of the late Henry J. Lammers was commenced in Judge Trout's court yesterday. The will is being contested by Peter C. and Marie Lammers, a nephew and a niece of the deceased, who allege undue influence and undue advantage. Lammers left an estate valued at \$15,000 to his nurse, Ollie M. Willey; his house-keeper, Nellie Brown, and her sister, Mrs. Hattie M. Cook, bequeathing only \$50 to his nephew and niece.

A POSSIBILITY

That Became a Fact and Pleases Many Bald People.

A. R. Lewis, M. D., in a lengthy article in the columns of the American Journal of Health, says concerning hair: "It's deterioration is a constant source of worry to humanity, consequently bald people are readily deceived by 'fake' hair restoratives. The wish that a hair preparation will fill the bill is father to the fraud that it is likely to do so. A rare case in point is that of Newbro's Herpicide, which actually does 'fill the bill.' It destroys the parasite that attacks the hair root and prevents dandruff, falling hair and baldness."

SYSTEMATICALLY ROBBS
TIN AND METAL FIRM

John Tasset, When Arrested Confesses to Stealing From Sidney C. Shepard Co.'s Warehouse.

John Tasset, a teamster in the employ of the Sidney C. Shepard Co., manufacturers of tin, enamel ware and metals from Fremont street, was arrested last night by Detectives Ryan and O'Dea for systematically robbing the firm.

Tasset has been carrying on his operations for the last three months. He would go around to the various plumbers and tinners in the city and take orders for tin and solder. Then he would go to the warehouse where he was employed, steal the desired articles and deliver them, receiving the proper compensation therefor.

As tin is worth \$6 a box and solder 25 cents a pound, the firm has been annoyed by the thefts, and the matter was reported to the police. Detectives Ryan and O'Dea have recovered about \$300 worth of stolen property, and expect to get the rest in Chinatown.

Tasset confessed to all of the stealing and says that he had no confederates.

ENDS ITS WORK
TULLEN DISBANDS

Mountain View Club Gives Final Entertainment.

Friends of Father Cullen Hold a Reunion in His Honor.

The Mountain View Club, which was composed of friends of Rev. Father J. J. Cullen, who is now pastor of two churches in Santa Clara County, one at Mountain View and the other at Mayfield, gave its final entertainment and dance last night in Golden Gate Hall.

The club was organized a year ago to assist Father Cullen when he left Sacred Heart Church in this city to take charge of his present pastorate. It was to exist for one year, and as last night completed that time, the funds raised by the club were turned over to Father Cullen and the club disbanded.

The entertainment last night was of the nature of a celebration of the anniversary of Father Cullen's assumption of his duties as pastor in Santa Clara County. It also honored the occasion of a reunion of his many friends in this city.

Formed the Mountain View Club was to assist the popular young priest, its assistance was not needed by him. Father Cullen's work has been greeted with flattering success in Santa Clara County. His parishioners soon learned to appreciate his zeal and abilities and to help him in his work.

That he was to Mountain View Father Cullen has built a fine parochial residence there.

The programme which was rendered last night consisted of vocal and instrumental music, a recitation and a one-act comic opera. The entertainment opened with selections by an orchestra composed of Miss Mary Veale, concert by Miss Grace M. Welsh, cello; Miss Alma M. Welsh, violin; Professor L. M. Ritzau, piano; Miss Juliette M. Gress, soprano. The orchestral number was followed by vocal selections by the "Elks' Quartet" and a soprano solo by Miss Agnes Claire Maloney, whose singing greatly pleased the audience. Miss M. Rosamond Meherin was heartily applauded for the clever manner in which she gave a humorous recitation. William McDonald, formerly of the Bostonians, sang two bass solos.

The programme was fittingly concluded with the one-act comic opera, which excited considerable mirth. The parts in the opera were sustained by Mrs. E. Burre, William M. Osgivie and J. C. O'Donnell.

PARADE OF HORSEMEN
WILL OPEN BIG SHOW

Wonderful Feats by Daring Riders Will Be Feature of Wild West Performance.

One of the most striking and truly realistic features of the Wild West Show is the grand ride that will open the performance. This is one of the most thrilling spectacles that has ever been attempted, even by the most skilled riders, and those who witness the wild dash will behold a sight that will linger in their minds for many a day.

At a sign from "Buffalo Bill" the entire cavalcade of horsemen, numbering five hundred riders, suddenly break into a wild disorder and a mad stampele follows. Then the riders of the bucking broncos, who are to fall into line and ride around and around in a perfect circle.

Then they reverse again and go through the wildest possible maneuvers with seeming ease. The men are all divided into squads and when the first break occurs all are separated in a manner that confounds the eye. The last break is instantaneous, however, for they all fall into perfect line at a signal and parade around the circle.

The Wild West Show will open in Oakland to-day and upon the completion of the last performance immediately proceed to the old city district track in this city to make ready for the grand opening here at 2 o'clock to-morrow afternoon. The grand seat tickets will be placed on sale commencing this morning at the music store of Clark Wise & Co., Grant avenue and Geary street.

CALEDONIAN CLUB WILL ENTERTAIN LADY FRIENDS

Members Decide Upon an Important Innovation From a Social Standpoint.

The Caledonian Club met in Scottish Hall last night, Chief A. M. Macpherson presiding. There was a large attendance of members, and much interest was evinced in the proceedings. It was suggested by Chief Macpherson that as the members had a successful stag party a few weeks ago it would be a good idea to have a similar party for an entertainment of the wives, daughters and sweethearts of the members. The suggestion met with instant approval, and the committee was instructed to make arrangements for the entertainment in the near future. A suitable sum was set apart to cover the expenses.

Dr. J. A. J. McDonald, the club's physician, presented an interesting address on "How to Preserve the Physical Condition of the Body," and many valuable suggestions were made on the subject. It was decided that the members should attend the concert and dance of Clan Fraser in Scottish Hall Tuesday evening, wearing their tartan plaids. A communication to that effect having been received from the chief of the clan.

COLUMBIA PARK BOYS APPEAR IN CONCERT

The Boys' Chorus of the Columbia Park Boys' Club gave a concert last night in the auditorium of the Franklin School, on Eighth street, for the benefit of the Extension Society. The chorus was under the direction of Sidney Peixotto, and the excellent work of the boys was warmly applauded by an audience that packed the hall to the doors and a large number were turned away. Besides music, there were several recitations by members of the club. This entertainment was the third given in the Franklin School under the auspices of the School Extension Society of this city. The society intends to continue the entertainments throughout the winter months.

A BAD SYMPTOM

Backache is the Forerunner of Fatal Organic Disease. Every Woman Who Has This Dreaded Symptom Needs Lydia E. Pinkham's Vegetable Compound.

Is it not true? Women suffer, feel the very life crushed out of them, grow old before their time. Each morning wake up determined to do so much before the day ends, and yet—

Before the morning is very old the dreadful BACKACHE attacks them, the brave spirit sinks back in affliction; no matter how hard they struggle, the "clutch" is upon them and they fall upon the couch crying:

"Why should I suffer so? What can I do?"

The answer is ready, your cry has been heard, and a woman is able to restore you to health and happiness.

Backache is only a symptom of more fatal trouble—heed its warning in time.

Lydia E. Pinkham's Vegetable Compound will stop your torture and restore your courage. Your pains come from unnatural menstruation or some derangement of the womb. Let those who are suffering read Mrs. Morton's letter and be guided by her experience.

Two Letters About Backache.

"DEAR MRS. PINKHAM:—I suffered for two years with my back and head. I doctored with the best doctors here but got little relief and at last thought I would try your medicine. I have found that it has done me more good than anything else I have taken. I should advise every suffering woman to take Lydia E. Pinkham's Vegetable Compound."—Mrs. FRANK BARRETT, 184 Pearl St., Springfield, Ohio. (Dec. 14, 1900.)

If you are sick write to Mrs. Pinkham for advice. Out of her vast experience she probably has the very knowledge that will make you well. It will cost you nothing.

"DEAR MRS. PINKHAM:—For a long time I suffered with the backache, was also troubled with irregular menstruation and bearing down pains in the side and abdomen. I took some medicine but it seemed to do me no good. I was in a critical condition. Lydia E. Pinkham's Vegetable Compound has done me more good than anything else I have used and I cannot praise it enough. If all suffering women would take your medicine there would be less sickness and weak women in the world."—MARGARET MAE COCHRAN, 177 E. Main St., St. Clairsville, Ohio. (July 23, 1900.)

When a medicine has been successful in restoring to health more than a million women, you cannot well say, without trying it, "I do not believe it will help me." If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice—it is free.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

CALIFORNIA IS SHOWN
IN SERIES OF PICTURES

Interesting Illustrations of Products and Wonders of Golden West Are Given.

Dr. G. G. Burnett, a past grand of Apollo Lodge of the Odd Fellows, lectured last night before an audience of nearly three hundred persons, members of the lodge and their friends, in the memorial hall of the Odd Fellows' building. The subject was "California, scenes familiar and otherwise," and the lecture was illustrated with beautiful colored views thrown upon the canvas by Mrs. G. G. Burnett. The range of pictures included many of the products of the State, the wheat and fruit industry, the producing of ramie, manufactures, minerals, natural wonders and beauties and much that was new. Views were taken by the doctor on his travels throughout the State and his explanations were the result of personal inspection of the various objects depicted.

Stanley J. Aiken Says He Agreed to Get a Divorce Without Taxing Him.

Stanley J. Aiken, who is being sued for divorce by Florence Aiken, appeared before Judge Graham yesterday and professed against the order directing him to pay his wife \$30 a month alimony. He claimed that he agreed to let his wife secure a divorce provided that he would not be asked to contribute to her support. Mrs. Aiken filed an answer to the cross-complaint filed by her husband, in which she alleges that the collars and ties of a gentleman friend, which Aiken accused her of keeping in the house, were worn by Aiken most of the time. Judge Graham took the matter under advisement.

Suits for divorce were filed yesterday by Eugene Theroux against Paul A. Sutherland, George J. Bauer against Margaret Taylor against Wilfred M. Taylor for desertion, George J. Bauer against Margaret Taylor against Frederick Brown for desertion.

Judge Graham granted Charles A. Sutherland a divorce from Catherine Sutherland on the ground of intemperance.

Accused of Grand Larceny.

Aturo Sombra, a marine fireman, was arrested at an early hour yesterday morning by Policeman Minahan and booked at the City Prison on a charge of grand larceny. John Georson of San Jose claimed that he was robbed by Sombra of a gold watch and chain and \$30 while sitting on the rear steps of a lodging-house at 227 Montgomery avenue. Minahan searched Sombra, but found nothing on him. Yesterday a writ of habeas corpus was applied for on behalf of Sombra for his release and it was made returnable before Judge Dunne this morning.

One Highwayman Is Identified.

Three men are in the tanks on suspicion of having been the highwaymen who held up and robbed W. R. Westlake and Burdette Palmer on California and Steiner streets about a week ago. Their names are Thomas Beatty, Joseph Goldson and George Silverstein. One of the victims gave a watch and the other about \$30 in money. The suspected men were arrested Thursday night and held in the tanks until an opportunity could be had to identify them. They thought that Beatty might also be one of the highwaymen, but were not positive and refused on the ground of an infirmity in the information and the indictment was obtained to remedy the error.
