

# CHAMPION SCULLERS ARE IN TRAINING FOR MATCH RACES

JUST now there is not very much going on among the oarsmen, the attention of the Alameda Boating Club members having been almost wholly taken up with the recent aquatic carnival. But several events are planned to take place during the next few weeks. On Sunday, September 23, the regatta skiff races between F. W. Ayers of the Alameda Boating Club and George Baker of the Dolphin Boating Club and E. B. Thornington of the Alameda Boating Club will be rowed on the Oakland Creek course, the distance being one and a half miles with a turn. Each club will provide one trophy valued at \$25. In the articles of agreement which have been signed by the representatives

of the two clubs it is agreed that neither club shall have any member among the officials of the day.

On October 19 the Dolphins will hold a regatta, open to club members only, on the North Beach. The races will be in outrigger skiffs and the competitors will be divided into three classes—novices, juniors and contestants in the open handicap. For the last event six entries have been received already—George Baker, F. J. Sherry, W. O. Patch, T. R. Keenan, C. M. Farrell and L. D. Weinand. A. W. Pape, single shell champion of the club and of the Pacific Coast, will not pull in the handicap race, so that it becomes more open. Several of the scullers were out last Sunday practicing in the outrigger skiffs, carefully abstaining from displaying any speed which might cause the handicappers to give them less start. F. Curry, J. Reimers, W. A. Donovan

and J. P. Gallagher, in addition to those already named, are practicing for the event. It is expected that about a dozen will enter for the junior race and at least half that number for the open race. From twelve to fifteen preliminary heats will be necessary before the finals are reached. As the club has only a small number of outrigger skiffs the preliminary heats will take up a considerable time, and for this reason the entries will close on Sunday, September 28.

On the last Sunday in October or early in November there will be barge races between crews selected by the following captains—George Baker, W. O. Patch, T. R. Dixon and Alex. W. Pape. The captains will draw numbers from a hat and the one who gets first choice on the opening round will get last choice on the next round, their intention being to make the crews as nearly equal as possible and

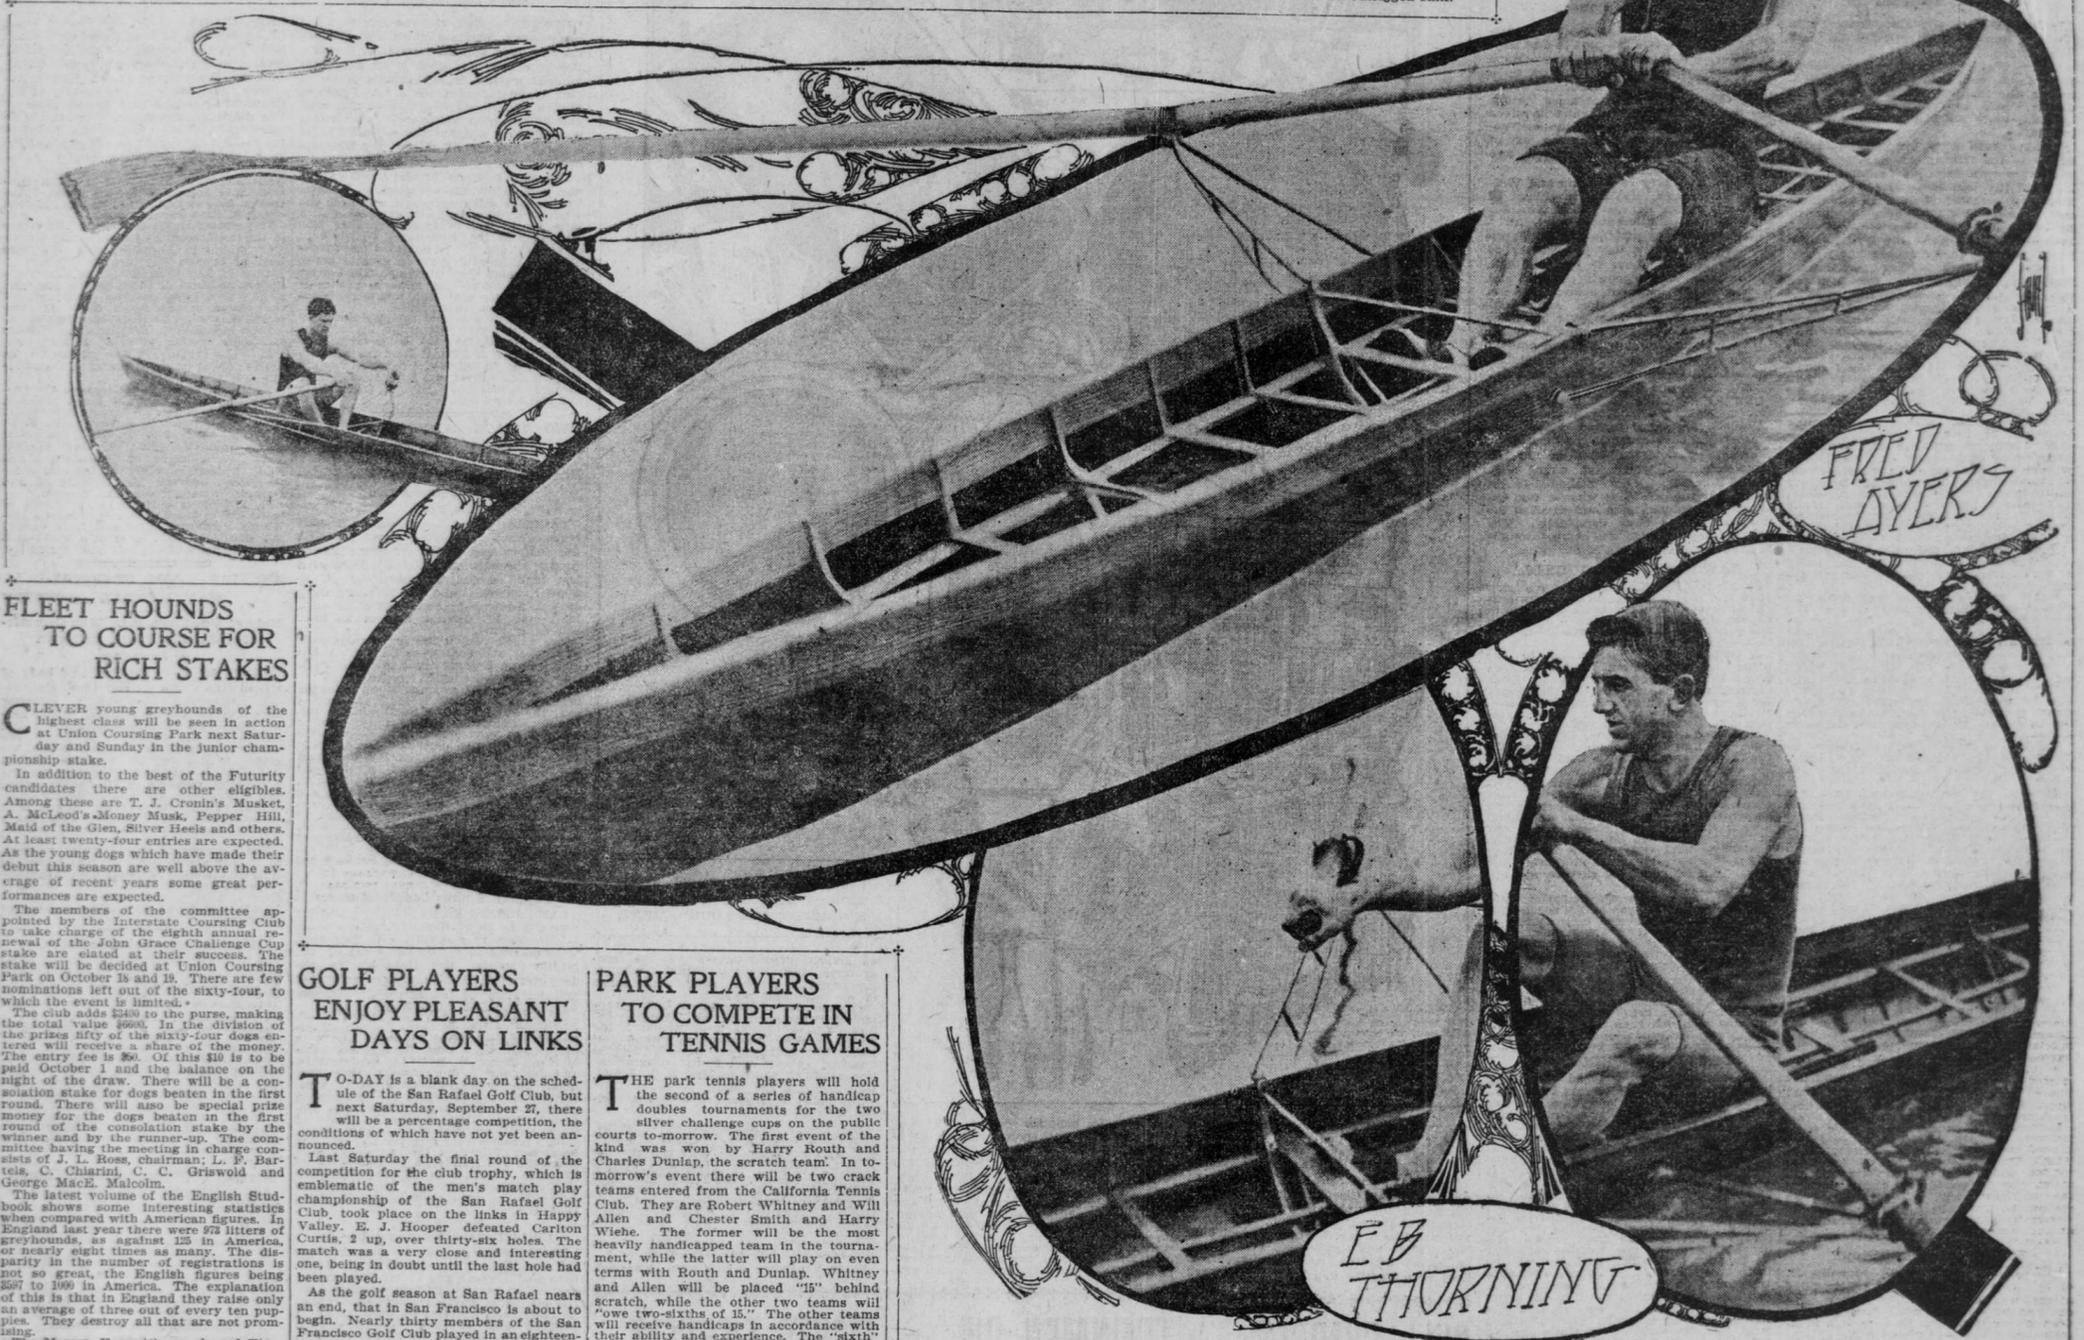

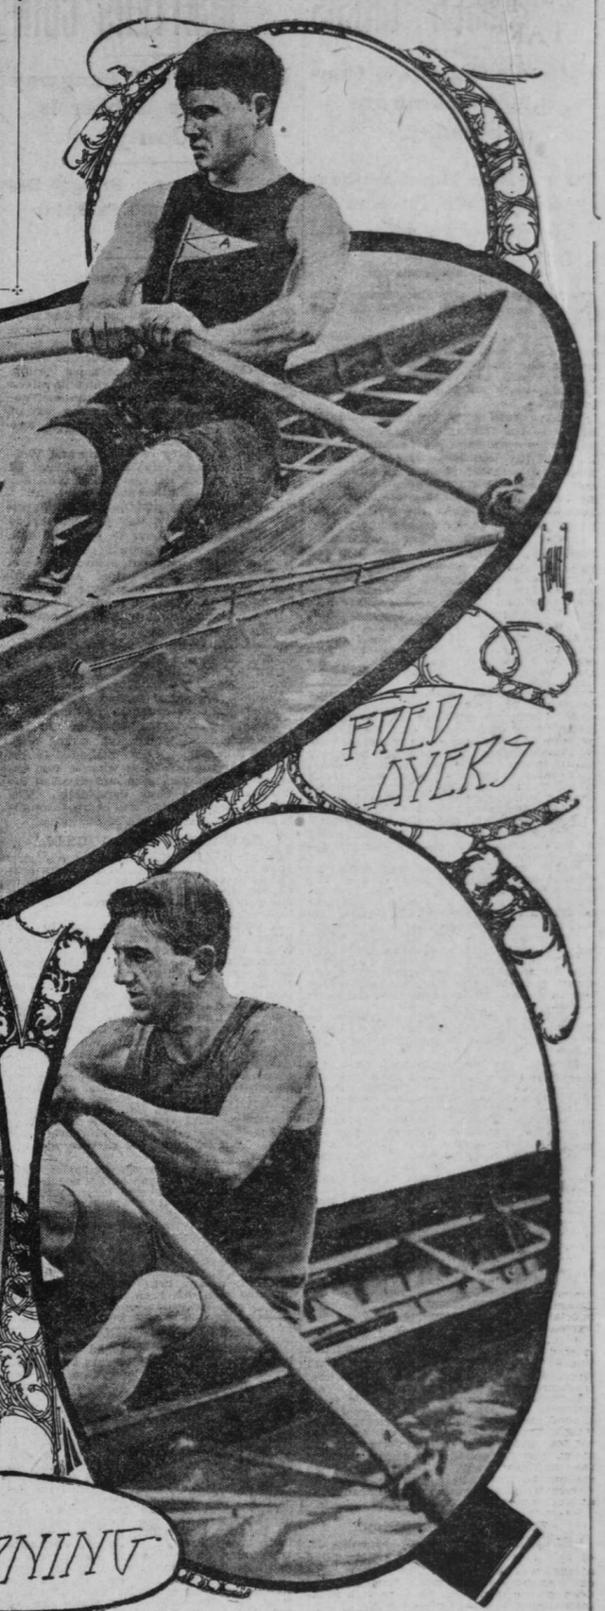

to insure good racing. The annual regatta day will be held at the North Beach clubhouse on the first Sunday after election day.

To-morrow the Dolphins will engage in a game of baseball at Fort Mason. The active team will consist of C. M. Farrell (captain), F. Curry, W. L. Bush, F. Seibel, W. O. Patch, T. J. Kennedy, T. R. Dixon, Leo Weinand and F. W. Woerner. The North Beach nine of non-active members is made up of J. Lynch (captain), C. Michel, P. Freudenberg, J. Freudenberg, W. A. Donovan, A. Nevrault, J. Reimers, Val Kehrling and H. Perazzi.

At a meeting of the Olympic Boat Club held early in the week at the clubhouse on Post street S. J. Pembroke's resignation as captain was accepted. For the present no one was selected to fill the vacancy, W. B. Goodwin being in charge of

the crews. George James, George Dinsmore and W. B. Goodwin were appointed a committee to make arrangements for an open regatta to be held in Belvedere Cove on October 13. There will be junior and intermediate barge races and an outrigger skiff race. The following new members have recently been elected to the club: Philip Martin, J. W. Martin, F. C. Duckett, F. P. Hopper Jr., S. M. Anderson, H. Masterson, Stewart Dunbar and F. C. Beal.

Many members of the South End Rowing Club were at the boathouse last Sunday, among those who took visitors out for a row being T. I. Fitzpatrick, J. O'Brien, J. Lyons and J. Walsh. Charles Jenkins, E. Cashman, J. Marsh and E. Wolf pulled around to the Dolphin boathouse in the barge South End and A. Hennessey sculled to the Union Iron Works and took in an outrigger skiff.

## FLEET HOUNDS TO COURSE FOR RICH STAKES

NEVER young greyhounds of the highest class will be seen in action at Union Coursing Park next Saturday and Sunday in the junior championship stake.

In addition to the best of the Futurity candidates there are other eligibles. Among these are T. J. Cronin's Musk, A. McLeod's Money Musk, Pepper Hill, Maid of the Glen, Silver Heels and others. At least twenty-four entries are expected. As the young dogs which have made their debut this season are well above the average of recent years some great performances are expected.

The members of the committee appointed by the Interstate Coursing Club to take charge of the eighth annual renewal of the John Grace Challenge Cup stake are slated as their success. The stake will be decided at Union Coursing Park on October 13 and 14. There are few nominations left out of the sixty-four, to which the event is limited.

The club adds \$2400 to the purse, making the total value \$6000. In the division of the prizes fifty of the sixty-four dogs entered will receive a share of the money. The entry fee is \$50. Of this \$10 is to be paid in October and the balance on the night of the draw. There will be a consolation stake for dogs beaten in the first round. There will also be special prizes for the dogs beaten in the first round of the consolation stake by the winner and by the runner-up. The committee having the meeting in charge consists of J. L. Ross, chairman; L. P. Bartels, C. Chiarini, C. C. Griswood and George MacL. Malcolm.

The latest volume of the English Stud-book shows some interesting statistics when compared with American figures. In England last year there were 974 litters of greyhounds, as against 423 in America, or nearly eight times as many. The disparity in the number of registrations is not so great. English figures being 2697 to 1990 in America. The explanation of this is that in England they raise only an average of three out of every ten puppies they raise all that are not promising.

The Messrs. Fawcett's greyhound Fiery Pursue is the favorite sire in England. His son, Farnold Ferry, winner of the Waterloo last February, is considered the fastest dog in the world. He has never been led to the hare. His blood in the country is represented by George MacL. Malcolm's Fine Fire, he being Farnold Ferry's brother.

Real Article, a son of Firm Friend, and considered the fastest greyhound in the Faeha Kennel, is another fine specimen of his true form. He was sent East last year and since then, after running one course, he would invariably go lame. It was thought there was some foreign substance in the leg and an operation was performed some weeks since. This proved successful and the dog is now performing some days since.

This time the seat of the trouble was located. It proved to be a piece of wood an inch and a quarter long, which had worked its way up along the bone. The hound recovered rapidly from the effects of the operation and is on the high road to recovery.

Coursing will be inaugurated in the new park at Los Angeles on the 23rd inst. The field is pronounced excellent. The following statistics concerning Eugene Geary's greyhound Palo Alto, the greatest son of Fain Facha, show what a wonderful dog he is: Since January, 1899, he has won a total of \$4342.50. He has won 28 stakes and finished second ten times. In all he has won \$10,000. To win each stake required him to run about six times. He won one puppy stake, seven champion stakes, three 128-dog stakes, one 120-dog stake, one 80-dog stake, one 64-dog stake and four special stakes. His victories included the ladies' day championship stake and the California plate.

The greatest number of times any dog has won in stakes was Kilkenny Boy, 104 times. Of these he won 64 courses and lost 40.

In order to fix a standard, the California Coursing Committee at its meeting Thursday night decided that whizchairs used by trainers when rubbing down their dogs must not contain more than 25 per cent alcohol.

As registered stock is so plentiful that it is difficult to find a good dog to bar from competition all except pedigreed greyhounds hereafter. For some time past dogs without pedigrees have been allowed to run in the country parks. They will be denied this privilege hereafter.

The request of the Montana Coursing Club that the committee assume jurisdiction over the sport in Montana was denied. The club was advised to join the American Coursing Board. Failing to do this, the Montana dogs will be barred from competition here.

The sport at Union Park this afternoon will commence upon the arrival of the 1 o'clock train. The first round of a 54-dog stake will form the card. A 20-dog special stake with a consolation and the remainder of the reserve stake will form to-morrow's card. The likely winners look to be:

Special stake—Ephraim, Musk, Jingle Bell, Cloudstar, Bisque, Silver Cloud, Hops, Gambit, Palo Alto and Chicago Boy. Reserve stake—Harley, Billy White, Promethee, Master Whaley, Billy White, Charming Thought, Miss Shirley, Moss, Regal, May Day, Hattie, Gold Hill, Miss Brummet, Martha Washington, Walter Wood, Honest John, Major Mason, Master Whaley, Fasta, Black, Blue, Full Moon, White Hat, Doreen, Harvey M. Call and Tell and Thurn.

## GOLF PLAYERS ENJOY PLEASANT DAYS ON LINKS

TODAY is a blank day on the schedule of the San Rafael Golf Club, but next Saturday, September 27, there will be a percentage competition, the conditions of which have not yet been announced.

Last Saturday the final round of the competition for the club trophy, which is emblematic of the men's match play championship of the San Rafael Golf Club, took place on the links in Happy Valley. E. Watt, having tied for first place, will play off the loser capturing first prize and the silver mounted cutglass decanter and a silver ash tray, decorated with golf balls and clubs.

In the afternoon of the same day a sweepstakes tournament was played over thirteen holes and was won by H. C. Golcher with a score of 84, less 6-7; S. L. Abbott Jr. being second with 88, less 7-8; Warren Gregory's score was 44, 43, 42, 41, 40, 39, 38, 37, 36, 35, 34, 33, 32, 31, 30, 29, 28, 27, 26, 25, 24, 23, 22, 21, 20, 19, 18, 17, 16, 15, 14, 13, 12, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2, 1, 0.

## SALMON FISHERS DEMAND A BETTER RATE OF WAGES

Members of the Sailors' Union employed as fishermen in the Alaskan waters were posted an pickets yesterday around the Appraisers' building for the purpose of preventing sailors of the ship M. E. Grace from going to the United States Shipping Commissioner's office and receiving their pay. The union demands 3 cents per salmon. An agreement which they induced the cannery superintendents to make during the recent fishermen's strike at Nushagak.

B. Rawlings, attorney for the striking men, arrived in this city yesterday morning and went to the headquarters of the Appraisers' building, where he was entered into conference with the leaders. Legal proceedings will be begun to force the picketers to pay according to the Nushagak agreement at the rate of 3 cents per fish.

## PARK PLAYERS TO COMPETE IN TENNIS GAMES

THE park tennis players will hold the second series of handicap doubles tournaments for the two silver challenge cups on the public courts to-morrow. The first event of the kind was won by Harry Routh and Charles Dunlap, the scratch team. In tomorrow's event there will be two crack teams entered from the California Tennis Club. They are Robert Whitney and Will Allen and Chester Smith and Harry Wiehe. The former will be the most heavily handicapped team in the tournament, while the latter will play on even terms with Routh and Dunlap. Whitney and Allen will be placed "15" behind scratch, while the other two teams will "owe two-sixths of 15." The other teams will receive handicaps in accordance with their ability and experience. The "sixth" system of handicapping will be used. All matches except the finals will consist of two sets out of three, while the final will consist of five. The drawing for places resulted as follows:

Preliminary round—F. Webster and G. Pinkenstaid (15 and 2-6) vs. A. Code and Kenneth Marr (15 and 1-6); E. M. Tibbitt and G. Cummings (15 and 1-6) vs. Charles Dunlap and Harry Routh (15 and 1-6); H. Horakiss and Marius Hotchkiss (scratch) vs. H. Long and L. Switzer (15 and 2-6); E. H. Clear and Clarence Coleman (15 vs. G. Jones and C. Griffin (1/2 of 15); C. Foley and B. Saunders (15 vs. T. R. Scoon and F. J. Shoemaker (30); S. H. Routh and partner vs. C. Sayre and L. Gunst (15 and 4-6); R. Whitney and Will Allen (owe 15) vs. E. M. Twiss and McFarland (15 and 6); S. Ambrose and Miller Hotchkiss (15) vs. S. Lewis and Turner (30).

First round—L. D. Roberts and E. F. Lelach (15 and 2-6) vs. C. Smith and H. Wiehe (owe 2-6 of 15); T. D. Black and J. F. Brady (15 and 1-6) vs. H. Sellar and H. Gots (30); G. W. Finch and W. C. The trophies for the event are two silver cups to be won three times. They have been won once by Routh and Dunlap. The lady players of the park will hold a tournament next Friday afternoon. It will probably be a handicap singles.

Many of the park players are joining the California Tennis Club. This means some good players will be developed during the next year.

Farmer Opens Fire on Man and Woman and Then Commits Suicide.

BRANDON, Manitoba, Sept. 19.—Thomas Law, of the milling firm of Alexander & Law Bros., and Miss Sherwin, a local favorite, shot two prairie chickens in the farm yard, twelve miles from here. This so enraged Rowe that he fired twice at the hunters, shooting Miss Sherwin in the stomach and Law in the knee. Rowe then home and swallowed the contents of a bottle of poison, dying in a few minutes. Miss Sherwin is not likely to recover.

On Sunday, September 23, the combined fleets of the San Francisco, Corinthian and California clubs will cruise outside the heads, the tide running out till 2:51 P. M. on that day.

Though only seven yachts took part in the San Francisco Yacht Club race from Vallejo last Sunday, the event was very interesting and the finish of the club-house at Sausalito was really exciting. Five of the six boats that completed the course finished within a space of ten minutes, the flagship Thetis beating the sloop Cygnus by fifty-five minutes actual sailing time and capturing third prize. The challenger, which concluded the allowance of fifteen to sixty-five minutes to the other boats, ran into a calm spot on the way down and stood too far over to the north shore than San Pablo Bay. She finished more than three-quarters of an hour ahead of the rest of the race boats, but lost first place on time allowance, being sailed by C. F. Austin.
