

PRESIDENT PRESUMES TO

Uneventful Trip From Indianapolis to the Capital. Crowds Gather at Stations, but Refrain From Cheering. Nation's Chief Is Resting Easily at Temporary White House and Will Be About Within a Dozen Days.

WASHINGTON, Sept. 24.—President Roosevelt returned to Washington at 6:30 o'clock to-night via the Pennsylvania Railroad from Indianapolis, where he was compelled to abandon his Western trip, because of an abscess on his leg, which developed as a result of the trolley accident at Pittsfield, Mass. He stood the journey from Indianapolis well and when he was carried in a wheel chair from the train to his carriage he was in excellent spirits and appeared to be free from any pain.

OBEDY THE PHYSICIAN. When Dr. Lung went to the President's stateroom shortly before 9 o'clock he found his patient in rare good humor, and excellent physical condition, barring the wound on his leg. The slight fever, which the President had yesterday afternoon had disappeared, and his temperature was normal. In fact, he felt so well, he told the doctor he would like to get up and go into the parlor of his car.

After eating a hearty breakfast the President called for a book, remarking that as he was an invalid he proposed to enjoy himself. He was propped up in bed with his left leg on a pillow and spent most of the day in reading. The running time of the train was slow in order to reduce the air and as few stops as possible were made. Whenever the train stopped crowds gathered about the President's car, but there was no cheering. All the people seemed anxious to hear the latest information regarding the President's condition. The slight fever which the President had yesterday afternoon had disappeared, and his temperature was normal. In fact, he felt so well, he told the doctor he would like to get up and go into the parlor of his car.

PRaise for Sisters. He had nothing to say but kind words of the treatment he received from the sisters who have charge of St. Vincent's hospital at Indianapolis. One of them was a nurse at Montauk when the great hospital was established on Long Island. The Spanish war, which reminded the President of the fact that she had often seen him there and had admired him for the part which he took in the Spanish war, led to a meeting with the President and he was delighted at meeting her and conversed with her for some time.

WORN OUT, DRAGGED OUT, Are Most Women in Summer—Pe-ru-na Is a Tonic of Efficiency.

JOSEPHINE MORRIS, 236 Carroll St., Brooklyn, N. Y., writes: "Pe-ru-na is a fine medicine to take any time of the year, but I have found it especially helpful to withstand the wear and tear of the hot weather. I have taken it now for two summers and feel that it has kept my system free from malaria, and also kept me from having that worn-out, dragged-out look which so many women have."

"I therefore have no hesitancy in saying that I think it is the finest tonic in the world."—Josephine Morris. Pe-ru-na is frequently used as a mitigation of the effects of hot weather. What a bath is to the skin, Pe-ru-na is to the mucous membranes. Bathing keeps the skin healthy. Pe-ru-na makes the mucous membranes clean and healthy. With the skin and mucous membranes in good working order, hot weather can be withstood with very little suffering.

"Hon. T. Y. Fitzpatrick, Congressman from Kentucky, writes from the National Hotel, Washington, D. C., as follows: 'At the solicitation of a friend I used your Pe-ru-na, and can cheerfully recommend your remedy to any one suffering with catarrh or who needs a good tonic.'—T. Y. Fitzpatrick. If you do not derive prompt and satisfactory results from the use of Pe-ru-na write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, O."

How to buy furniture and carpets without ready money. We will loan you the money for a regular banking rate of interest—six per cent. And you can pay us back little by little in unfixed amounts. Then you can go to one of the first-class furniture stores, with whom we have made special arrangements, where the stock is big and fresh and where satisfaction is certain, and when you have made your selection you can pay your bill in full with good hard cash.

Isn't this better than buying in the installment stores and being compelled to select your goods from smaller and inferior stocks? The installment stores charge you ten per cent above their cash prices when you ask for long credit. All you pay us is six per cent. For example: If your purchases amount to \$100.00 we will charge you \$106.00—which is a six per cent advance; then you pay us \$20.00 cash and the balance in monthly payments amounting to \$86.00 each month. If your purchases amount to \$75.00 we will charge you \$79.50; you make us a cash payment on this of \$15.00 and pay the balance at the easy rate of \$6.45 per month.

You save four per cent. You have the great privilege of buying in a first-class store, and yet you get all the advantages of the easy payment plan as offered by the installment houses! No amount of money is too small for us to loan. Worth looking into, don't you think?
