## THIRD WEEK OF THE GREAT SPECIAL SALE

Brings forth some Phenomenal Offers in Metal Beds and Draperies.

We Have \$250,000 Worth of Goods That We Can Sell at Prices That Others Can't. . . .

### WE MUST GET RID OF \$100,000 WORTH OF OUR FINE FURNITURE, CARPETS and DRAPERIES

Which we had bought for our Oakland Store, which cannot be opened this year owing to failure of contractor and owner to complete the building. The bills for this \$100,000 are due and

THE CREDITORS MUST HAVE THEIR MONEY.

We want to pay them and to do it quickly we are making these strenuous

### REDUCTIONS THIS WEEK:

#### Sale of Brass Enamel Beds.

Two carloads of Brass and Enamel Beds, intended for our OAKLAND BRANCH, have just been unloaded and stored in our large warehouse on Sixteenth and Harrison streets. There are about twenty-five different patterns in all, and all of them are of the newest designs and colorings. We won't attempt to do justice to the value and beauty of these beds. Enough to give you notice that there are 260 of them, and when the lot is sold that ends your opportunity. Every bed of this lot is worth one-half more than we ask. Below we quote you some of the prices.

\$50.00 Brass Beds, very heavy	\$52.50	\$50.00 Brass Beds	\$39.00
\$50.00 Brass Beds	\$52.50	\$35.00 Enamel Beds, Rococo design	\$24.00
\$50.00 Brass Beds	\$42.50	\$30.00 Beautiful Enamel Beds	\$18.50

And so down the line to a good Iron Enamel Bed, worth \$3.50, for \$2.50.

#### This Metal Bed

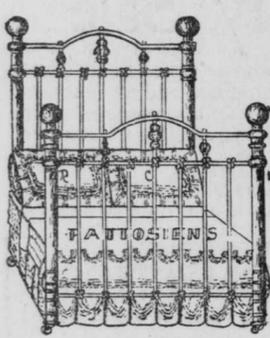

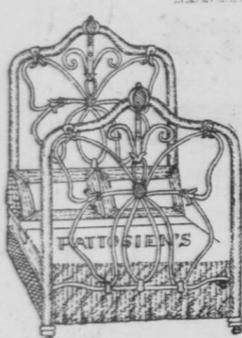

Is beautifully proportioned. It has heavy pillars, which are continuous over head and foot, thus adding to the beauty and strength of the bed. The chills and other decorations are all new and original. It is known as the BUTTERFLY pattern. This same bed was advertised last week by a Market-street concern for \$15.75. We have a lot of twenty and size and ten 3/4 size beds of this pattern. Your choice, any color.

\$11.50

#### This Metal Bed

Is the greatest seller yet put upon our floor. Any dealer downtown gets \$12 for a bed not nearly so good. It is strong metal, finished in white enamel, the upper tubes connecting with the corner posts being in brass as well as the large knobs surrounding the posts. During this week the bed goes for

\$8.50

#### Mattresses and Springs.

Two carloads of finest Wire Mattresses, made of best hardwood sides and double woven tops, will be closed out at the following prices:

\$5.00 Wire Mattress	\$4.00	\$20.00 Best Silver Gray Hair Mattress	\$16.00
\$3.50 Wire Mattress	\$2.50	\$17.50 Hair Mattress	\$13.50
\$2.50 Mattress Cot	\$1.70	\$12.00 Best Silk Floss Mattress	\$9.00
\$25.00 Hair Mattress	\$20.00	\$6.00 Combination Cotton Mattress	\$4.50
\$22.50 Best White Hair Mattress	\$17.50		

NOTE—All of these Mattresses we made in our own factory for the opening of our OAKLAND BRANCH, and are absolutely guaranteed.

#### Curtains, Portieres and Drapery Goods

Over 500 pairs of the finest selection of Portieres, as, for instance, Derby Satin Portieres, Gordon Rep Portieres, Bordered Portieres, Embroidered Portieres, Tapestry Portieres, Damask Portieres, Armure Portieres, Oriental Portieres, Velour Portieres, Moire Portieres, Frou-Frou Portieres, Novelty Portieres. These Portieres are all in the original packages, and among them are some of the prettiest, costliest and most fashionable hangings ever shown in this city, all intended for the OPENING of our OAKLAND BRANCH. This is the greatest opportunity ever offered our customers to secure Portieres at a trifle of their value, thus placing these attractive goods within the reach of all.

\$6.00 Portieres for	\$ 3.75	50 Taffeta this week	\$ .40	\$9.00 Point Arabian Curtains	\$6.50
12.00 Portieres for	7.50	12.00 Battenberg Curtains	\$ .80	8.50 Point de Cairo Curtains	\$5.00
14.00 Portieres for	9.00	14.00 Battenberg Curtains	\$ .75	5.00 Smoking Den Decoration	\$3.00

#### FOUR MEN DIE IN TRAIN WRECK

Failure of Brakes the Cause of Disaster in Wyoming.

DENVER, Sept. 27.—A special to the News from Rawlins, Wyo., says that at least four men are dead as the result of a freight wreck in the Rawlins yard of the Union Pacific which occurred at 1 o'clock this morning. Three bodies have been recovered. The known dead are: FRANK PATNOE, engineer. JAMES WELCH, fireman. PAUL DAYTON, coal passer. Unknown tramp. An extra fruit and stock special came in from the West at 1 o'clock this morning. The grade is rather steep, and the brakes failing to work, Engineer Patnoe was unable to bring the heavy train to a stop before it crashed into a yard engine standing on a sidetrack. The cars caught fire. The work of rescue was begun at once, but none of the men known to have been caught in the wreck could be rescued alive. Engineer Patnoe was pinned under his engine, but lived for several hours before succumbing to his injuries. He was conscious and talked with those who were trying to rescue him. His body has not yet been recovered. The Rawlins fire department was called and extinguished the flames after several cars had been consumed. Any one attending a spiritualist seance in Bohemia is liable to a fine of \$40.

Because she refused to wash a baby's face, a native nurse at Hongkong has been fined \$5 for "disobedience of lawful orders."

#### Halpruner's Cured his Catarrh

Dr. Wm. R. de Kraff.

I had been affected with a chronic catarrh in the head, kidneys and bladder for many years. I have tried many catarrh remedies, also medical treatment, without avail. When I came to San Francisco last March I was suffering with a terrible cold, of which I could not rid myself. An old friend advised me to try Halpruner's Wonderful Medicine. I purchased a bottle, took it as per directions, and in a few hours was cured of the cold. I continued the use of the medicine, and in a short time it thoroughly cured the catarrh. I am past 60 years of age, I feel perfectly well and strong, and I recommend this wonderful medicine to all people suffering with colds or catarrh. It invigorates, it strengthens, it gives new life, makes rich blood and brings the whole human system into a healthy condition.

DR. WM. R. DE KRAFFT, Alameda, Calif.

For sale by all druggists—50c and \$1.00 a bottle, or send to Halpruner Med. Mfg. Co., 28 California st., S. F.

# WALL-STREET KING ENTERS OIL FIELDS

Pierpont Morgan Will Invest Heavily in California.

Twenty Million Dollars for the Purchase of Petroleum Lands.

Pipe Line to Be Constructed to Transport Product of Wells From San Joaquin Valley to Tidewater.

BAKERSFIELD, Sept. 27.—J. Pierpont Morgan has decided to identify himself with the oil business in California. In company with wealthy associates, among whom are the La Shells, he proposes to have a share in the handling of the crude product of this State.

On October 12, or a few days later, gangs of surveyors will be put into the field and will run lines to the ocean from the Coalburg, McKittrick, Sunset, Midway and Kern River fields to determine the most feasible route by which to transport oil to tidewater. The surveys will run over the Coast Range at a number of points and also will go down the San Joaquin Valley parallel with the line of the Standard. On that data so gathered will depend the location of the pipe. A company having a capitalization of \$5,000,000 has been organized for this purpose and this money will be devoted to the construction of lines, pumping stations, storage tanks and the like. But this is not all. Morgan and his associates want to buy land, and they have formed another company, capitalized at \$20,000,000, half of which sum will be invested in proved ground and the other half turned into a reserve fund not to be drawn upon until needed in the further purchase of real estate.

It is said that the Morgan syndicate will be prepared to handle 2,000,000 barrels of oil the first year of its existence and will increase that amount at the rate of a million a year until the whole demand of the market is met.

The papers for the new enterprise are now being drawn in New York.

#### VETERAN RAILROAD MAN RELIEVED OF HIS POST

W. C. Fitch Retired From the Foremanship of the Sacramento Shops.

SACRAMENTO, Sept. 27.—Notice was posted in the railroad shops to-day that H. G. McMasters had been appointed foreman of the shops to succeed W. C. Fitch, the change to take effect to-day. Fitch is one of the oldest employes of the Southern Pacific Company, having had charge of the car painting department for a great many years. Fitch went to Boston several weeks ago to attend the Master Car Builders' Convention in that city. He was elected president of the association.

McMasters, who succeeds Fitch, is said to be a recent arrival from the East.

Benjamin Welch, one of the veterans of the Southern Pacific Company, was recently removed from the position of master car builder, a place which he had filled for about forty years, to make room for a younger man.

By adaptation to the changes of motion on his part with a slight effort, Horace Greeley, when a youngster, acquired the unwonted quality of reading with the book in almost any position, sidewise or upside down.

#### Regarding Teeth

Few people pay any attention to their teeth. When a tooth begins to ache they go to a dentist and have it pulled or filled and that's the end of it. If they only realized how valuable good teeth are to the condition of the stomach, there would be more care taken. Even when a tooth is filled it may be done in a cheap, hasty manner, which, in the end, causes more trouble than ever. Poor, inferior dentistry is cheap economy and worse than waste. Our prices are reasonable, not because of cheap work, but because our large business enables us to be reasonable. We have ten operators, each of whom is a specialist in some particular work—and our dentistry is painless.

Painless silver fillings . . . \$1.50 up  
Painless cement fillings . . . 75c up  
Painless gold fillings . . . 1.50 up  
Painless gold crowns, 22k . . . 1.50 up  
Painless porcelain crowns . . . 1.50 up  
Painless bridge work per tooth . . . 1.50 up  
Full set of teeth . . . 4.00 up

ADVERTISEMENTS.

Example Abundant hair plus dandruff microbes, plus a few years, equals baldness. Dandruff falling hair and itching scalp are cured with

# Newbro's Herpicide

Many physicians contend that our school children should be taught the symptoms of contagious diseases, and also the theory and practice of hygiene and sanitation. Sanitary science "includes the consideration of all that can be done for the prevention of disease and the promotion of health." The above description by an eminent medical authority fully explains itself. All that can be done, it says, "is, in individual cases, means all that the person knows to do. Now, if the person does not know, he must pay the penalty of his ignorance. Baldness is a contagious disease, caused by a microbe, Prof. Unna, of Hamburg, Germany, recently discovered that dandruff, itching scalp, falling hair, and final baldness are produced by a germ or microbe that passes from one head to another, where it burrows into the scalp, and by multiplying and extending deeper and deeper into the hair follicles, saps the life of the hair root and produces baldness. It takes years to produce complete baldness, for the action of the dandruff microbe is not constant in every case. It is governed by predisposition, by the state of health, by environment, but particularly by the endeavor made to combat its growth and multiplication, at the time dandruff makes its first appearance, for, until dandruff appears there is no means of knowing whether the dandruff microbe has planted itself in the scalp or not.

The new antiseptic scalp germicide, Newbro's Herpicide, is past the experimental stage. It was made to destroy the germ that causes dandruff and falling hair, and by coaxing energy back into the impoverished bulbs, it enables the hair to grow naturally and luxuriantly. Thousands of letters from physicians, clergymen, and laymen tell the same story of its wonderful success. Stephen Fisher, of Dickinson, N. D., recently wrote as follows: "About a year ago my hair began to fall out in great quantities. My scalp was covered with dandruff so that every time I combed my hair the dandruff came down like snow. I tried all kinds of so-called hair vigors and hair tonics, but without deriving any benefit until I began using your Herpicide. I had scarcely used one bottle of your preparation when the dandruff disappeared and the hair stopped falling out, and later a bran new growth of hair made its appearance. I am well pleased with Newbro's Herpicide, and the praise that I have for it cannot be overestimated."

#### AN IDEAL HAIR DRESSING.

It is fortunate for those who understand the new rules for scalp cleanliness that the antiseptic qualities of Newbro's Herpicide make it the most delightful and refreshing hair dressing imaginable. Before our remedy was so widely known we received the following letter from G. S. Long, No. 622 Sala Ave., Rochester, N. Y.: "I made the acquaintance of Herpicide in Yukon, Alaska, where I bought a bottle in San Francisco, was made comfortable and happy with its use, and I recommend it to all my friends, but now my local druggist seems to know nothing about it. What am I to do?" Chronic baldness is incurable, but as long as there is hair there is hope, and a course with Newbro's Herpicide may bring results that will surprise you. It has cured many cases of primary baldness.

#### WARNING!

Get a Sample direct from the Factory

The extraordinary success of Newbro's Herpicide has caused the market to be flooded with so-called dandruff germ destroyers. Don't be deceived for there is one genuine, and that is NEWBRO'S HERPICIDE.

DESTROY THE CAUSE--YOU REMOVE THE EFFECT.

#### TOBACCO FIRMS ENTER COMBINE

American and British Interests Are Amalgamated.

LONDON, Sept. 27.—The tobacco war has been ended by the amalgamation of the American and British interests. An official statement covering the details and subscribed by the officers of both combines will be given out later. Referring to the termination of the conflict an official of the American company said to-day:

"It is the first combination, to my mind, on right lines and one that assures real unity of interests where powerful American and English concerns go out hand-in-hand to seek the trade of the rest of the world. It has been a difficult matter, requiring the most careful consideration. The negotiations have been proceeding since August 18. It was a subject which could not be discussed in the press while they were in progress, but now that they are completed we have decided to issue an authoritative statement to head off garbled accounts. Personally, I think the lines on which this combination is formed are destined to affect the larger field of general Anglo-American commercial relations."

The text of the official statement is as follows: "The business of Ogden's, Limited, has been transferred to the Imperial Tobacco Company and the export business of the Ogden's and the American Company and its allies have been amalgamated and a joint company is in course of formation under the name of the British-American Tobacco Company, Limited. The result is that the Imperial Company will, as agreed between the hitherto competing parties, be left in possession of the trade of the United Kingdom, while the American Company is not to be disturbed in the United States or Cuba, and the British-American Company will compete for the trade of the other parts of the world. The American Company will pay for the good will of the Ogden's business in ordinary shares ranking with the similar shares of the original vendors behind the 5% per cent preferred shares of that company and will pay for the tangible assets of the Ogden's in cash.

J. B. Duke, B. Walters and Thomas Ogden will be elected to seats in the Imperial board and the first directors of the British-American Company will consist of Sir William Henry Wills, J. B. Duke, J. B. Cobb, H. H. Willis, W. R. Harris, C. E. Lambert, W. W. Fuller, W. M. Player, C. C. Dula, Hugo von Cunliff Owen, Percival S. Hill, Thomas Gracy, W. B. Ogden, Thomas Ogden, R. H. Walters, P. R. Walters, Percy Ogden and Harold Roberts. The transfer of the Ogden's English business will take effect September 30 and from that day it will be in the hands of the Imperial Company. It is believed that this combination is the first attempt at any great international industry and its progress will be watched with great interest. It will mark a new direction of American and British interests joining hands instead of competing against each other in the sphere of commerce."

#### Stanfield, the 9-year-old daughter of Mr. and Mrs. D. Stanfield of Campbell, died last night from injuries received yesterday. She was assisting her mother about the house when her clothing caught fire from the gasoline stove. Mrs. Stanfield, who was in ill-health, fainted before she could render any assistance. The girl ran out of doors for help, but when it came she was so terribly burned that death came in a few hours.

#### His Skull Bullet-Proof.

BAKERSFIELD, Sept. 27.—A hard-headed ranch hand named Armstrong attempted suicide at Tehachapi last night. He announced some weeks ago that he intended to lead a sober life or give it up. Yesterday the craving for liquor overcame him and he proceeded to carry out his suicidal determination. Pointing a pistol at his forehead he fired point-blank, but the bullet struck the frontal bone and was deflected, coming out above

#### Kaufmann Case Again Postponed.

When the case of William Kaufmann, alias "St. Louis Fat," charged with the murder of Policeman Eugene C. Robinson, was called in Judge Cook's court yesterday for trial the Judge was still suffering from heart failure and a continuance was ordered till to-morrow. If Jacob still has not recovered by that time the case will be continued for a week.

#### The National Capital.

The rate of \$5.40 to Washington and return, account G. A. R. Encampment, is effective only September 29 and 30. You can buy a ticket at this rate at the Southern Pacific office whether you belong to the Grand Army or not.

#### Wrecks More Ears Than All Other Influences Combined, and Neglected Catarrh Is the Direct Cause of Sixty-Five Per Cent of All Cases of Consumption.

# CATARRH

There is Lots of Catarrh in California. The cool nights and hot days will readily produce the disease in persons susceptible. All who cough and hawk and spit are not consumptive; indeed, many severe cases of bronchial catarrh are called consumption before specific consumption sets in. If neglected these cases always run into consumption, hence the necessity of prompt treatment in all cases of catarrh. The Electro-Chemic treatment not only cures the disease, but it builds up the patient. It enriches the blood, it increases the body weight, and it renders the patient less liable to contract fresh colds. The bacillus of tuberculous cannot live in the bacillus of catarrh, and constitutional treatments, and every patient, whether in the early or late stages of catarrh, can be given both treatments at the same time, and cures are thus accomplished in cases that are given up by many physicians as being incurable.

#### Electro-Chemistry Cures

CANCER, CONSUMPTION, TUMORS, DEAFNESS, ASTHMA, CATARRH, RHEUMATISM AND NEURALGIA, FILLS AND PISTOLA, SKIN AND BLOOD DISEASES, AND DISEASES OF MEN AND WOMEN.

Free consultation and Electro-Chemic X-Ray demonstration during office hours.

Cure Yourself at Home

For the use of out-of-town patients the Electro-Chemic Institute will loan a complete and expensive Electrical outfit free of charge to those taking treatment for the cure of Rheumatism, Deafness, Neuralgia and the Diseases of Men and Women. Write for details.

#### The Electro-Chemic Institute

118 Grant Avenue, San Francisco.
