

CHINAMEN WANT WHAT IS COMING

Riot in Rooms of Six Companies About Wages.

Fishermen Make Trouble Over What They Assert Is Due Them.

All of the available police force of the Central station were impressed last night to quell a riot that broke out in the rooms of the Six Companies on Commercial street. The trouble resulted over a demand made by a merchant of Chinatown named Chin Kim Yu for \$6000, which he had loaned to a Chinese fishing company operating in Alaska. The foreman to whom he loaned the money died during the fishing season, leaving no record of the obligation. To secure his claim Chin garnished the wages of the fishermen, to whom most of the money had gone as advance payments. After due consideration the Six Companies decided that Chin's claim was just and the leading men of the organization met last night to apprise the fishermen of the decision.

To prevent possibilities of trouble the new watchmen who have recently been stationed in Chinatown by the Six Companies were ordered to be on hand and lend their aid in the event that the employees insisted on being paid.

When the fishermen were acquainted with the fact that their summer's work was to be offered as an atonement for their foreman's death they became infuriated and seized whatever articles of furniture were most handy made an onslaught on every one who stood for the proposition. The new watchmen struggled as best they could, but were overpowered and then took refuge in flight. One of the men named Murphy lingered behind his fellows long enough to allow a belligerent fisherman to hang a chair around his neck, the operation entailing some severe cuts on the face of the recipient of the favor.

A hurry call was sent to the Central station and Lieutenant Gleason with a squad of policemen hastened to the scene of trouble. In the meantime Policeman Meredith, who was stationed in Chinatown, rushed into the meeting, and by the liberal use of his club quieted the mood of the fighters. Sergeant Campbell and his squad arrived a few minutes later and before the formidable array of policemen the fighting wage-earners deserted the scene.

They still believe that they are entitled to their wages and propose to collect it even if their foreman did die owing \$6000.

ADVOCATES OPTIMISM AND ALSO SINCERITY

People Interested in So-Called Psychic Power Listen to Address by Oriow.

Dr. O. N. Oriow addressed a large and appreciative audience last evening, the upper lecture room of Golden Gate Hall being packed to the doors with interested listeners. The theme, "True Psychic Power," was treated in a masterly manner by the speaker. Principles of "Advanced Thought" were centered in Dr. Oriow's practical suggestions for the cultivation of psychic power, which sense, he stated, was intended as a guide to the other five senses and could only be used successfully for purposes of good. Dr. Oriow stated that psychic power is valuable beyond understanding, but can never be acquired by money; that it regulates our correctness in receiving impressions from other people and forming sound judgments, enables us to better understand mankind and exercise a sane and practical spirit of helpfulness to those about us, the talent to be used only as a means of uplifting man and accomplishing good and merited success in life.

For the development of psychic power within ourselves, Dr. Oriow emphasized the importance of cultivating sincerity and optimism, realizing practical and tangible ideals, preserving balance and living in peace and fellowship with the world.

Dr. Oriow will speak every Sunday evening at the same place for the present.

WHEELMAN IS SHOT DURING A RACE ON THE HAYWARDS TRIANGLE COURSE

Bullet From a Rifle in the Hands of John Hobson of the Bay City Wheelmen Splinters a Bone in the Ankle of Emil Agraz of San Jose, It Is Claimed by Accident

MEN WHO WERE INVOLVED IN A DRAMATIC INCIDENT ON THE ROAD NEAR HAYWARDS YESTERDAY DURING THE PROGRESS OF THE BAKER & HAMILTON CUP RACE.

splintered one of the bones above the ankle and then became imbedded in the fleshy part of the leg.

The news of the shooting spread like wildfire, and from the ominous talk of the wheelmen it would have gone hard with any suspect brought into Haywards.

A. Bacigalupi of San Jose was near where the shot was fired and at once challenged Hobson. The latter at the time denied having fired the shot. The rifle, a Winchester, model 1890, was on the ground near where he was standing. Bacigalupi in his excitement picked it up and snapped it at Hobson. The cartridge did not explode. Hobson and his companion then stepped into their buggy and drove to the Dexter livery stable in San Leandro to surrender themselves.

Constable J. A. Gallet had been notified by telephone of the exciting events on the road and was awaiting the coming of the men.

HOBSON'S STATEMENT.

"While at San Leandro Hobson made the following statement:

"I did the shooting. It was purely an accident and I am extremely sorry it should have happened. I was shooting at some birds in the field and I also shot at a mark on the fence. It must have been one of these bullets which hit Agraz. I do not care to state where I secured the rifle, as it is not necessary to involve any other persons in this unfortunate affair.

Emil Agraz, the injured rider, said:

"As I made the first circuit of the triangle some men jeered at me as I was riding along what is known as the San Jose road, near Mount Eden. As I passed the same spot on the second and last circuit I saw a man standing behind a tree on the roadside, pointing a gun at me. I would not know the man if I saw him again, as from his position I could see only his eyes. I heard the sharp crack of the rifle and my foot was nearly knocked out of the pedal. I felt the pain severely for a time. Gradually my foot became numb and I continued on to the finish with difficulty. When I dismounted after finishing the race my foot would not sustain my weight and I fell on the road."

WASTIE ALSO A TARGET.

E. B. Wastie, another member of the Garden City team, believes he also was a target for some one. He started twenty minutes after Agraz in the race, and as they were traveling over the same ten-mile course the latter had nearly overtaken him. Wastie heard a report at the place near where Agraz received his injury. He remarked to E. Y. Pearne of the Bay City Wheelmen, who was riding with him, "There goes somebody's tire." He looked around, but saw no rider in distress. He saw two men by the roadside, but did not associate them with the report he had heard.

Hobson is one of the best known and fastest riders on the coast. He made the fastest time in the twenty-five mile handicap two years ago and has represented both the Olympic Club Wheelmen and the Bay City Wheelmen in the hundred mile relay race. He is just convalescing from an operation for appendicitis.

Frank Smith of the Bay City Wheelmen made the statement last night that after thorough investigation the Bay City Wheelmen had determined that the shooting was an accident, and that Hobson was not responsible. Mr. Smith said the Garden City Wheelmen were satisfied with the explanation made to them and had decided to let the matter drop. Both Hobson and his companion, Thomas Henneberry, were released from custody.

STABBING AFFRAY BREAKS UP A SOCIAL PARTY

Benjamin Williams, Machinist, Arrested on Charge of Assault to Murder.

Benjamin Williams, a machinist at the Union Iron Works, was arrested early yesterday morning by Policeman George E. Brown and booked at the City Prison on a charge of assault to murder. He is accused of cutting William Sherman, a boilermaker, living at Eighteenth and Tenth streets, on the left leg with a knife, severing the main artery.

Frederic Bonson, 322 Minnesota street, invited some of his friends to spend a social time at his house Saturday night. Williams and Sherman were two of the invited guests. Everything went off harmoniously till about 1 o'clock yesterday morning, when Williams accused Sherman of stealing some whisky. Sherman became furious at the accusation and struck Williams on the jaw. Williams drew his pocketknife and slashed Sherman on the leg.

Sherman walked to the Potrero police station and notified the officer in charge of the cutting. The boilermaker was taken to Dr. Simpson, who dressed the wound, and was later sent to the City and County Hospital in the ambulance.

Williams was arrested by Policeman Brown and claimed that he acted in self-defense. Sherman lost considerable blood, but no serious results are expected.

FALLS FROM A LOFT.—John Wall, a hostler at the Inland track, fell last night from a loft where he was sleeping and received several bruises on the body. He was removed to the City and County Hospital.

ST. ANTHONY'S CHURCH FAIR IS NOW OPENED

Special Entertainments Will Be Given in Honor of Nationalities During Coming Week.

The church fair for the benefit of St. Anthony's parish has been in progress for the last week and those in charge are highly elated over the success with which they have met. The fair is being held at the church hall, Army and Folsom streets. It will continue all through the week and will come to a close on next Saturday night.

The ladies in charge of the entertainment have arranged a novel programme for the coming week. It will consist of nights devoted to the different nationalities. Great pains have been taken to arrange suppers fitted to the different nations, and it promises to be a big success. Monday will be German night; Tuesday, Swiss night; Wednesday, Irish night; Thursday, society night; Friday, children's night.

Garibaldi Guard Gives Ball.

The Mutual Aid Society of the Garibaldi Guard gave a ball last night at Garibaldi Hall, 423 Broadway, in commemoration of the discovery of America. A large crowd was present and dancing was kept up till a late hour. The committee in charge were:

Floor manager, Philip Demartini; floor committee, G. Iaccheri, A. Garbarion, C. Lagomarsino, P. Perata, G. Perata, L. Bruzzone, P. Degattelli, F. Delmonte; door committee, A. Delucchi, A. L. Bacigalupi, P. Arata, F. Anibole, S. Arata, A. Arnaboldi, G. Daneri, F. Figone, V. Busalacchi, G. Campodionio.

FENDER SAVES LIFE OF GIRL

Annie Holland Rescued From a Terrible Death.

Motorman's Nerve Prevents Fatal Accident on Third Street.

The perfect working of a fender attached to a Third-street car saved the life of fifteen-year-old Annie Holland yesterday afternoon. The girl was knocked down directly beneath the wheels of the car, but the prompt action of the motorman in applying the fender lever saved her from instant death, and when picked up the young girl was uninjured.

Miss Holland, who resides with her parents at 512 Howard street, was a passenger on car number 1110 of the Third-street line, and had just alighted at the corner of Townsend street. She started to cross the street, but failed to note the approach of car number 95 which was advancing at a rapid rate.

Before she could collect her senses Miss Holland was hurled directly beneath the wheels of the ponderous vehicle, and the bystanders thought she had met certain death. But Motorman Goodrich in an instant applied the lever which works the fender and the young girl was picked up and carried a distance of twenty feet.

When assistance reached her, Miss Holland was found to be uninjured. Her clothing was not even torn and she immediately proceeded to her home. This is a most remarkable case considering the numerous occasions when fenders have proved absolutely worthless as lifesavers.

BENEFIT PERFORMANCE TO BEGIN TO-NIGHT

Marie Wainwright Will Play at Grand Opera-House f. Widows' and Orphans' Fund.

The benefit for the Widows' and Orphans' Aid Association of the San Francisco Police Department will be inaugurated at the Grand Opera-house to-night, to continue up to and including next Sunday, with matinees Saturday and Sunday. The object is a most worthy one, as the association presents \$1000 to the widow or estate of every member on his decease, with an additional \$100 for funeral expenses. On account of the many deaths in the department of late the treasury is sadly depleted. The public has been quick to respond and the demand for tickets has been most gratifying to the officers and patrolmen.

The attraction will be the gifted actress, Marie Wainwright, as Viola, with excellent and adequate support, in Shakespeare's delightful comedy "Twelfth Night." Neither pains nor expense will be spared to make the production a notable one. In addition to the play prominent professionals will appear at every performance. To-night Camille d'Arville, the gifted operatic soprano, will sing two numbers and to-morrow evening Lydia Yeaman-Titus, who returned from Australia last week, will present her famous specialty.

The Harbor police station sent in \$700 yesterday and Corporal Daniel Sylvester and Stationkeeper George W. Lake reported the following collections:

Columbia Theater, \$50; Grand Opera-house, \$50; Orpheum, \$50; M. H. de Young, \$25; San Francisco Asso. No. 5, Order of Eagles, \$25; Woodmen's street fair carnival, \$25; Liquor Dealers' Association, \$20; Archie Levy, \$10.

There is no doubt that at least \$10,000 will be realized from the benefit.

Victims of Thieves.

Howard Morris, 314 Waller street, reported to the police yesterday that his bicycle, valued at \$50, had been stolen from the tennis courts at Golden Gate Park on Saturday.

Frank Wagoner, a conductor on the Sutter street road, reported to the police early yesterday morning that about 1 o'clock he discovered that he was \$55 short in his cash. He could only account for it by the fact that some thief had taken the money out of his outside pocket while he was collecting fares at Sutter and Stockton streets.

Bekins Van & Storage Co. calls for household goods, pack and ship. 620 Market st.

Charged with Mayhem.

E. T. A. McAvoy, a laborer, was arrested at an early hour yesterday morning by Policeman Small and booked at the City Prison on a charge of mayhem. McAvoy had a fight Saturday morning at 715 1/2 Howard street with William Fox and fractured Fox's cheekbone and cut his face in several places. Fox had to be sent to the City and County Hospital, and it is feared that erysipelas will set in.
