

ERICKS' BARRERS STILL AT LARGE

Police Hold Four Men Who Are Suspected of the Crime.

No Evidence Secured So Far to Connect Them With the Murder.

Extraordinary efforts are being made by the Police Department to apprehend the men who are responsible for the death of Andrew Erick, who was killed at Front street and Broadway Monday afternoon in a street fight, but so far the detective force has failed to connect any one of the numerous suspects with the crime.

In addition to Sanders and Moore, who have been in custody since the day on which Erick received his fatal wounds, two more men were taken into custody yesterday. One of these was Albert West, who freely admitted that he had fought with the dead man on the day Erick had his skull fractured. West says he got the worse of the encounter, which took place two blocks from where Erick met the injuries which caused his death. West was knocked down and Erick ran up Vallejo street to Broadway. West says he was such a heavy drinker that he had to be assisted to his home at 288 Drumm street, by friends. Witnesses to the first fight substantiate West's statements, and Captain Martin said last night that he did not think West could be connected with the murder.

Lorch Stevens was taken to the City Prison last night by Detective John Freely and placed on the detinue list pending an investigation as to his alleged connection with the murder. The head of the detective department admitted that so far as could be learned Stevens knew nothing of the crime beyond running up to where the crowd was gathered and witnessing Erick lying on the car tracks in an unconscious condition. The detectives express the belief that they will yet capture the men who are responsible for the longshoreman's death, but the futility of their search so far gives little hope that Erick's murderers will be found.

STATE GETS ITS FIRST SOUTHEAST RAINSTORM

Sea Is Very Rough Along Coast and Shipping Interests Are Given Warnings.

The State experienced its first southeast rainstorm of the season yesterday. The storm began in the middle of the afternoon and, according to the forecast of Professor McAde of the Weather Bureau, is not likely to end for a day or two. At 6 o'clock last night rain was reported from Los Angeles and the outlook further south was threatening.

GUINASSO ACQUITTED OF MANSLAUGHTER CHARGE

Man Accused of Causing Death of Americo Barsi Last August Gains Liberty.

The preliminary examination of Louis Guinasso on a charge of manslaughter was concluded before Police Judge Conlan yesterday and the Judge dismissed the case on the ground that there was absolutely no evidence to sustain the charge. He said he was satisfied that no jury would convict the defendant.

Lannon Taken to San Rafael.

Joseph Lannon, the race-track tout, for whose arrest on a charge of criminal assault a warrant was issued in Marin County Tuesday, was given into the custody of Constable Treanor yesterday and by him taken to San Rafael to await his trial. The assault is alleged to have been committed upon Annie Kelly, the young girl who killed herself last week by inhaling gas.

Harbor Commissioners Meet.

The Harbor Commissioners at their meeting yesterday afternoon awarded to Capt. Bruce the contract for building two dredger scows at a cost of \$18,974. The Dundon and Constantine contracts were given the contract of reconstructing part of pier No. 3. The expense to the State will be \$6000. The same firm was also awarded the contract for repairing the approach from the pier to the new drydock in the China Basin. This work will cost \$1652.

GRAPE-NUTS. NO DRUGS.

Just Proper Food and Rest.

The regular use of drugs to relieve pain is on the wrong track. Find the cause and remedy it by proper food, and quit drugs for temporary relief or you will never get well.

A minister's wife writes: "Three years ago, while living at Rochester, N. Y., where my husband was pastor of one of the city churches, I was greatly reduced from nervous prostration and anaemia and was compelled to go to a well-known Eastern sanitarium for my health. My stomach was in bad shape from badly selected food; I was an habitual user of Carbonate of Magnesia, and my physicians made every endeavor to break up this most damaging habit, but all to no purpose."

SCANDAL IN BAR

Mrs. A. T. Dickey Alleges That Her Husband Swore Falsely.

She Asks the Court to Set Aside the Decree Granted Him.

Attorney John Darwin Gish, representing the divorced wife of Arthur T. Dickey, a resident of Monrovia, Los Angeles County, filed a motion in the Superior Court late yesterday afternoon to set aside a decree of divorce recently granted Dickey in this city. The motion will be asked for on the ground that Dickey used fraudulent and illegal methods to gain the decree.

Attorney Gish has been trying for the last week to secure a warrant for the arrest of Dickey on a charge of perjury, alleging that Dickey knowingly and willingly swore falsely to secure his divorce. Falling in his efforts to secure the warrant, the attorney decided to attempt to have the decree set aside, and it is not unlikely, if the story that Dickey's wife tells is true, that Dickey will be vigorously prosecuted for perjury. The attorney says:

Dickey secured his first divorce by swearing to an absolutely false statement. In the first place he violated the law by applying for a divorce before he was a resident of this city for three months. Dickey and his wife lived in Los Angeles County, on March 1, 1901, and he left her in Los Angeles, California, to look for employment. The couple were in hard straits at the time and Mrs. Dickey, as she is called, arrived here to begin laying plans to file a suit for divorce, alleging desertion. In his complaint he set forth that he had not lived with his wife for three years and that to the best of his knowledge and belief she was living somewhere in Chicago. He set forth that he was leaving her for a time. On August 23, 1902, the court granted him a divorce. Dickey swore to these facts and we intend to prosecute him for perjury.

UNHAPPY MARRIAGE TALES

FILL THE COURT RECORDS

Dissatisfied Husbands and Wives Ask for and Some Are Granted Freedom.

After seventeen years of married life, Lillie May Wayland of 813A Central avenue has determined to air her troubles in the divorce court. She filed a complaint in divorce yesterday against George Thomas Wayland, a conductor in the employ of the United Railroad, alleging that for more than a year past he has cursed and abused her. As a specific instance of her husband's cruelty, Mrs. Wayland alleges that a short time ago he grasped her by the throat and threw her against a wall in Monrovia, announcing that they were married at Sacramento in 1885 and have three children.

FILIPINO IMMIGRANTS RATED AS ALIENS

Secretary of the Treasury Puts a Stop to Threatened Flood of Coolie Laborers.

All Federal officials concerned were notified yesterday by Secretary Shaw of the Treasury Department that the United States Government regards Filipinos as aliens and that the same safeguards interposed against all other aliens should be applied with equal force to the Filipinos. He says the courts have decided that neither the acquisition of the island of Porto Rico by treaty nor the act providing a territorial form of government for the island naturalizes the people, hence their status will continue to be that of aliens.

Escapes but to Be Recaptured.

Lizzie Frayne, a 14-year-old girl, who ran away from the Girls' Training Home recently, was discovered in a vacant lot back of Odd Fellows' Cemetery yesterday by police officers and taken to the Hall of Justice. In making her escape from the home the girl sawed through a wire netting, dropped twenty feet down an elevator shaft and down another story on a water pipe, and then crossed the roof of a blacksmith shop, thence gaining the ground easily. She was lost for nearly a week, during which time she claims to have slept in an empty cellar situated in the locality where she was captured.

Woods Death With a Bullet. LOS ANGELES, Oct. 22.—Arnold (or Emil) Erhart, a German about 22 years of age, who arrived here a week or two ago from St. Louis, attempted to end his life early to-day. He was found unconscious in the river bed near the west end of the First street viaduct, with a bullet hole in the left breast. He may recover. Erhart gave as his reasons for the attempt to end his life that his health was bad and he could find no work. In his pocket was found a paper bearing the following address: "Peter Zack, care of Oscar Hocks, 44 Mason street, San Francisco, Cal."

MARLA TRADE NO IMMEDIATE CHANGE IN WAGE FORGE

Public Works Board to Retain Efficient Employees.

Commissioner Van Der Nailen Will Take His Seat To-day.

Among the arrivals at the Palace is Ramon Reyes Lala, an educated Filipino, who has just returned from a visit to Manila. He has been a resident of the United States for fifteen years and became an American citizen in 1896.

In an interview last evening Lala said commerce is stagnant in the Philippines and will remain so until solid legislation is enacted. One of the chief drawbacks to commerce at the present time is the currency question. Mr. Lala is of the opinion that this government must give the island a gold basis, or else adopt the value of the Carabao dollar, at an unfluctuating price of 50 cents. He said further:

The labor question is also a matter that should be attended to. There are 1,000,000 of the number of fifty or a hundred thousand should be allowed to land in the Philippines. A Chinaman is a handy workman and the Filipino is a more unreluctant laborer and will not work while he has a few dollars in his pocket. The labor question will not doubt be finally settled in two or three years. The Filipinos are anxious for the franchise, and I am sure that Governor Taft, with the assistance of able associates, will settle the matter amicably.

GRAND MATINEE BENEFIT FOR LEAGUE OF THE CROSS

Judge Murasky Will Be Unable to Appear in Balcony Scene From "Romeo and Juliet."

All the arrangements have been completed for the special matinee which is to be given to-morrow afternoon at the Orpheum for the benefit of the League of the Cross building fund. The committee having charge of the entertainment regrets to announce that Judge Murasky, who was to have appeared with Florence Roberts in the balcony scene from "Romeo and Juliet," will be unable to do so, owing to the fact that he has been so burdened with court work lately he has had time in which to properly rehearse. Judge Murasky told the committee that he did not feel that under the circumstances he could take part on such an occasion with justice to himself. Lucius Henderson of the Alcazar company has been secured to take Judge Murasky's place. The members of the League of the Cross and their friends would have greatly enjoyed seeing Judge Murasky in the character of Romeo, but they feel that Judge Murasky they have an artist who will fill the place with entire satisfaction.

SONS OF ERIN HOLD ANNUIVERSARY BALL

The green flag of Ireland with its harp fluttered gayly in Teutonia Hall last night at the twenty-ninth anniversary ball of St. Patrick's Mutual Alliance of California. The arrangements for the ball were perfect in every particular. The entire affair passed a very pleasant evening. The interior of the hall was decorated as it has seldom been before. Around the walls of the balcony were strung red, white and blue bunting, and the streamers of the nation were hung from the ceiling and center of the ceiling and attached to the walls, forming a veritable canopy, under which the members of the society and their friends danced the merry hours away.

Bay City Athletic Club Will Give Its Regular Boxing Exhibition to-morrow Night.

The Bay City Athletic Club will give its regular boxing exhibition to-morrow night. As this is the first since the reinstatement into the amateur ranks, Manager Lenhardt has arranged a special programme. "Spider" Kelly's wonder, "Toothpick" Kelly, will make his final appearance to-day. He is to meet George Glinke, a heavy-weight grip, who aspires to be a champion. Jack Cordell and Fred Landers and Joe Long and R. E. Arrow are also scheduled to meet. There are seven bouts in all.

ATHLETIC WOMEN SWING THE CLUBS

Clever Exhibition of Calisthenic Exercises by Young Nurses.

Professor Miehling's Pupils Show Proficiency in Their Work.

Twenty-two athletic looking and wholesome young women, nurses at the San Francisco Training School of the City and County Hospital, proved the hit of the evening last night at the Olympic Club entertainment. Under the direction of Professor Miehling of the club they went through a series of calisthenic exercises in a manner which brought out the beauty of their bodies. The program was introduced by President William Greer Harrison, who spoke cleverly, as usual.

The remainder of the excellent programme was contributed by Miss Mabel Quatman, Messrs. Cathcart and Ryan, W. J. Hynes, R. H. Hunt, Oscar Frank, the Corinthian Quartet, Ritter Brothers, Braun and Cornell and Edward McGlade, a talented bag puncher. Wrestlers and acrobats from the club also performed.

EASTERN STAR MEMBERS ENJOY ENTERTAINMENT

Initiation and Lecture by California Chapter and an Allegory by King Solomon Chapter. The Grand Chapter of the Order of the Eastern Star was in session yesterday, but only routine business was transacted. In the evening the grand officers and many of the representatives to the Grand Chapter assembled in Commandery Hall, Masonic Temple, where California Chapter admitted a large class of candidates by initiation. The work was performed by the officers of the chapter in a highly satisfactory manner. The candidates who were called for initiation were: Louis M. Thierbach, Emma C. M. Thierbach, Edward and Anna Algelinger, Edward J. Clark, Albert Eber, John H. Wilhelm, W. A. Hewitt, Marie A. Hewitt, William F. Koepf, Margrath Koepf, William L. Scott, Alex. D. McLean, Lucia McLean, Alfred Grosser, Henry Beaty, Henry Pernau, Marie Pernau, Adel Metzler and Cynthia Harvey.

TEACHER WANTS LARGE SUM FOR BACK SALARY

R. H. Mitchell, Who Was Ordered Reinstated by the Court, Mandamus the Board.

A writ of mandamus was served on the Board of Education yesterday at the instance of R. H. Mitchell, who was dismissed on January 1, 1898, from his position as teacher in the department and who recently secured a court decree ordering his reinstatement, which committed the board to pay him the sum of \$630 as back salary. The writ is returnable on November 3.

HEBREW ORPHANAGE WILL GIVE AN ENTERTAINMENT

Institution's Annual Distribution of Prizes to Have Feature of a Fairy Play.

The annual entertainment of the Pacific Hebrew Orphanage will take place next Sunday afternoon at 2 o'clock at the Alhambra Theater. Prizes will be distributed among the children. The affair will be limited strictly to those who receive an invitation. Members and friends may secure their tickets at the office of the president of the institution, S. Levy, 212 Sanson street, or at the box office of the theater on the afternoon of the entertainment. The play to be given is entitled "The Pixies' Triumph, or Commotion in Fairyland." It will be under the direction of Superintendent Henry Mauser of the orphanage, assisted by Miss Janette Ephraim. The music will be rendered by the Anspacher Military Band of the Pacific Hebrew Orphan Asylum.

MEMORIAL SERVICES AT OLD PEOPLE'S HOME

The memorial services in honor of Mr. and Mrs. Charles Crocker and Mrs. Metha Nelson will be held next Sunday afternoon at 3 o'clock at the chapel of the Old People's Home, corner Pine and Pierce streets. Mr. and Mrs. Crocker were benefactors of the home and Mrs. Nelson was its first president.

To Aid the Sick.

Minerva Parlor No. 2 of the Native Daughters of the Golden West will hold a banquet in the banquet hall of the Native Sons' building to-morrow night, in aid of its fund for the relief of its sick, which has become considerably reduced by reason of the many demands made upon it. During the evening there will be dancing. Admission will be free.

Captain Barneson Jr. Marries.

News was received yesterday of the marriage in Seattle of Captain James Barneson, commander of the army transport Warren, to Mrs. John de Camp Seattle.

VICTIMS OF COLLISION DEMAND HEAVY DAMAGES

A reminder of the collision between the ferryboats Sausalito and San Rafael was filed with the County Clerk yesterday. It is in the nature of two suits for damages, aggregating \$48,550, filed against the North Pacific Coast and the North Shore railroads. The plaintiffs are Charles Waller and his wife Josephine. Waller sues for damages for the death of his young son Cyrus, who was drowned on the night of the collision. He also asks to be recompensed for the loss to him of the health of his wife, which he claims has not been the same since the wreck. As a third cause of action he complains that he was also damaged to great extent by the loss of clothing. He estimates his loss at \$19,550. Mrs. Waller sues for \$15,000 for injuries received by her through immersion, exposure and consequent suffering.

Motorman Commits Suicide. Thomas B. Street, 30 years of age, employed as a motorman on the Kentucky street car line, was found with a bullet wound in his chest, and he died last night at the City and County Hospital. He had been ill for about a week and became despondent in consequence. He left a note, which read as follows:

SALES TWO MEN FROM DROWNING LEAD THE LIST

Exhausted Hunters Rescued by Lighthouse Keeper.

Under Forbidding Conditions J. E. Moulton Performs Act of Heroism.

Oakland Office San Francisco Call, 1118 Broadway, Oct. 22. Henry Susa and James Walker, two young hunters, would have been drowned off the north jetty lighthouse this morning but for the opportune arrival of J. E. Moulton, assistant lighthouse keeper and son of the Sausalito druggist. Moulton rescued the men in the nick of time and rescued them just as they were about to be forced by exhaustion and cold to let go the keel of the boat that had capsized with them.

The two hunters were crossing the stretch of water between the Oakland and Alameda moles when their boat capsized. Lighthouse keeper Charles McCarthy and his assistant, Moulton, were watching them and commenting on the big sail when over the boat went. Moulton hurriedly lowered the worn-out boat that has done service at the lighthouse for thirteen years and made as quick time as he could under adverse conditions to the shipwrecked hunters, who clung to the bottom of their boat. After a struggle against the elements Moulton reached them and dragged them into the boat. They were nearly dead from exhaustion and could not have held on much longer. Warm clothing was given them at the lighthouse, after which they went to their homes. Susa lives at 1255 Commercial street and Walker at Twenty-ninth street and San Pablo avenue.

EPISCOPALIANS DISCUSS THE MISSIONARY CANON

Bishop Satterlee of Washington Declares Changes Would Be of Great Benefit. PHILADELPHIA, Oct. 22.—Two important topics were discussed at to-day's sessions of the Missionary Council of the Protestant Episcopal Church. The first, which consumed the entire morning session, concerned the proposed changes in the missionary canon of the church. The principal speakers on this subject were Bishop Satterlee of Washington and Bishop Brewer of Montana. Bishop Satterlee declared that many reasons why a change would be beneficial. In his opinion the restrictions placed upon the missionary council hampered that body in promoting the work for which it was created. New conditions have arisen, he said, and new methods should be devised to meet them. Bishop Brewer argued against a change, as he believed the organization was satisfactory.

DEATH SETS A SEAL ON MYSTERIOUS CRIME

Mrs. Ada Gilbert Dennis, Whose Skull Was Crushed in Washington, Dies.

WASHINGTON, Oct. 22.—After hovering between life and death since last December, Mrs. Ada Gilbert Dennis, the victim of one of the most mysterious assaults in the history of the District of Columbia, died at the Garfield Hospital to-day.

GERMANY AND BRITAIN IN A SECRET COMPACT

LONDON, Oct. 22.—The general belief that a secret treaty is in existence between Germany and Great Britain relative to the prospective division of the Portuguese possessions in South Africa received further confirmation in the House of Commons to-day owing to the evasive replies of Under Foreign Secretary Cranborne to questions on the subject. The Secretary parried all questions, saying that if such a treaty existed he, in the nature of things, was precluded from giving its terms.

GOVERNMENT REPORT ON MINERAL RESOURCES PREPARED.

All Fuels Increase in Value With Exception of Petroleum.

WASHINGTON, Oct. 22.—The annual volume on the mineral resources of the United States for 1901, prepared by Dr. David L. Day of the Geological Survey, has been sent to press and will be issued soon. An interesting feature of the report is a compilation of statistics showing the number of working days lost in strikes in the coal industry. These figures include the present year and are brought up to date. The total number of days lost for the present year is placed at 2,000,000, compared with 733,802 days in 1901, 4,878,102 in 1900 and 2,124,154 in 1899.

The report places the total mineral production of the country for the year at \$1,086,529,321, a gain of 14.1% more than in 1901, and a decline in value of 2 per cent over the production of 1900. The gain was made in the non-metallic products and amounted to \$5,065,822, against a loss of \$2,156,909 in the metallic products.

As heretofore, iron and coal are shown to be the most important of our mineral products. The value of iron in 1901 was \$242,174,000, as compared with \$239,944,000 in 1900, and the value of coal was \$448,919,489, as compared with \$396,671,304 in 1900. The value of fuels increased from \$408,359,351 in 1900 to \$442,355,294 in 1901, a gain of almost 9 per cent. Every variety of fuel increased in value except petroleum, which showed an increase in quantity of 5,778,675 barrels, but a decline in value of \$9,571,978, due largely to the report stating, to the less valuable character of the increased product of the new petroleum fields as compared with the older fields.

INVENTION OF AN AIRSHIP IN THE GARDEN CITY

Invention of a San Francisco Doctor Will Be Put to the Test. SAN JOSE, Oct. 22.—Work on an airship, the invention of Dr. J. Greth of San Francisco, has commenced in the big carnival pavilion on the Alameda, and if all goes well a series of experiments in aerial navigation will be made here in the early part of February. Four experienced aeronauts, under the direction of Captain Baldwin, the well known balloonist, are now at work on the aerial machine. For the past two weeks they have been preparing the silk canvas for the cover. This has given coat after coat of oil varnish and will cover a netting made of heavy Irish linen. A light framework will next be constructed and the canvas sewed to cover it.

The dimensions of the machine will be 25 by 90 feet, and yet it will be so light that it may be packed in a good trunk. Dr. Greth thinks he has hit upon the practical airship. It will be built upon the same plans as the Santos-Dumont machines. The inventor claims he has benefited by every mistake and miscalculation that Santos-Dumont had to contend with, and with the guidance and control of his airship.

DEATH BRINGS SORROW TO A WEDDING PARTY

Ceremony Takes Place While Brother of Bride Is Sinking Into Last Sleep.

REDLANDS, Oct. 22.—Great joy and deep sorrow came hand in hand to Rev. George C. Harris and his bride and their relatives and friends. Yesterday Mr. Harris and Miss Nellie W. Baker were married, and last night at 11 o'clock death claimed the bride's brother, who lay dying in an adjoining room while the solemn vows were spoken.

Dies From Acid Poisoning.

Charles Warnholtz, a cabinet-maker residing at Seventeenth and Alabama streets, died at the Receiving Hospital yesterday afternoon from the effects of carbolic acid poisoning. Warnholtz had been ill for some time and on Tuesday night he got out of bed to take a dose of medicine. He drank carbolic acid instead of being present. Not many hours later death cast a gloom over the affair that should have been so happy.
