HAVE YOU ANY OF THESE

Symptoms of a Very Common Trouble?

There is no disease so common in the United States as catarrh, because it appears in so many forms and attacks so many different organs.

It is a common mistake to suppose that catarrh is confined to the nose and throat. Any inflammation of the mucous membrane, wherever located, accompanied by abnormal secretions, is catarrh.

A new remedy has recently appeared which so far as tested seems to be remarkably effective in promptly curing catarrh, wherever located.

Stuart's Catarrh Tablets are composed of Hydrastin, Red Gum and similar antiseptics and catarrh specifics, from which it will be seen that no secret is made of the ingredients and also that no mineral poisons are used, as is the case with many well known catarrh medicines.

For catarrh of the nose, throat, bronchial tubes, for catarrh of stomach, intestines or bladder no preparation is so safe and gives such rapid and permanent results as Stuart's Catarrh Tablets.

All druggists sell them at 50 cents for full-sized package. You can use them with assurance that you will not contract the cocaine or morphine habit as the results from this catarrh cure are apparent from the first day's use.

NAVAL OFFICERS PATRIOTIC HONOR Brazil's President Has a Brilliant Inauguration.

RIO DE JANEIRO, Nov. 15.—There were brilliant festivities to-day in honor of the inauguration of President Dr. Rodrigues Alves. They included an imposing procession and a ball at which the officers of the United States battleship Iowa and of the British, Portuguese, French and Argentine warships in those waters were present.

On Monday there will be a great festival on board the Iowa and President Alves and his suite, accompanied by United States Consul Zeger, will visit the Iowa, where Admiral Sumner, Minister Bryan and Captain Perry will receive.

The new cabinet is as follows: Minister of Foreign Affairs, Baron Rio Branco; Minister of the Treasury, Senator Bulhões; Minister of War, Field Marshal Arago; Minister of the Navy, Admiral Nogueira; Minister of Justice and of the Interior, Senator Seabra; Minister of Industry, Communications and Public Works, Senator Mueller.

The men who have been selected for the cabinet are satisfactory to the people. The Vice President-elect, Dr. Silviano Brandão, former Governor of the State of Minas-Geraes, died last October.

SCHURMAN SHARPLY SCORES THE POLICY OF LIGHTNING EFFORTS AT EDUCATION

BOULDER, Colo., Nov. 15.—This is the last day of the quarto-centennial celebration of the State University, and despite a heavy snowstorm, a large audience attended the exercises this forenoon at the Presbyterian church, the principal feature of which was an oration by President Jacob Gould Schurman of Cornell University.

After addresses by President James F. Baker of the Colorado University and others, President Schurman was introduced and he spoke in part as follows: At first the tendency was to treat the time-honored profession of medicine, law and the other liberal professions.

The newer American universities, to which Colorado belongs, have protested against this newer and unwarranted conservatism. They have felt that the great vocations of the modern world should be added to the enumeration of the learned professions of the Middle Ages.

At best it holds its own. And the oldest universities which are endeavoring as some of them are endeavoring to make provision for the education of women have as a rule accomplished their object by the foundation of an annex or separate woman's college.

Culture, like virtue, like religion, is its own reward. It is the only liberal profession.

COUNTIES GAIN MANY SETTLERS Promotion Work Booms the San Joaquin Valley.

MERCED, Nov. 15.—At the annual meeting of the San Joaquin Valley Commercial Association in this city to-day it developed that the work which has been carried on in Los Angeles during the last year has resulted in bringing a large number of settlers into the valley.

This was shown by reports received from chairmen of the delegations from San Joaquin, Stanislaus, Merced, Madera, Tulare and Kern counties.

The representative of Stanislaus County said that since spring more than fifty families from the East had located in that county as a direct result of the work done in Los Angeles. Reports from the other counties were equally encouraging, and a resolution was unanimously adopted in favor of continuing the Los Angeles exhibit and information bureau indefinitely.

The delegations from each of the several communities present were appointed as committees to wait upon their respective boards of supervisors and urge the continuing of appropriations for the carrying on of the Los Angeles work.

Such committees were appointed in each county to each of the associations the privilege of maintaining a special representative in the Los Angeles headquarters

grounds. The meeting was one of the most enthusiastic and largely attended held by the association in years. The following officers were elected for the year 1903: President, F. C. Smith, Bakersfield; secretary, Colvin B. Brown, Stockton; treasurer, P. M. West, Stockton; vice presidents, T. C. Hocking, Stanislaus; E. L. Moore, Merced; J. G. Roberts, Madera; W. E. Spoot, Tulare; Ben L. Brundage, Kern.

The election of vice presidents for San Joaquin, Kings and Fresno was left to the chambers of commerce of those counties. Mary Gamble, a kindergarten teacher of Oakland, complaining that she was unable to get her pay, owing to a misunderstanding over her kindergarten certificate, which had been issued by an uncredited school in San Francisco.

President Wheeler said the people of the State were looking to the board to take some action relating to the State text books. He suggested that State Superintendent Kirk prepare the necessary legislative matter.

President Van Liew of the Chico State Normal School brought up the question of the adoption of the standard of professional ethics among teachers, as recommended by the State Teachers' Association, but consideration was postponed until the next meeting of the board.

The following certificates to teach were issued by the State Board of Education to-day: University Documents. Estelle J. Barden, Los Angeles; Ellen Cameron Lamont, Alameda; Roswell S. Wheeler, Alameda; Clara Westphal, Fresno.

end. We are so constituted that we long to know, and the mind's aspiration after knowledge is as entitled to recognition as the aspiration after goodness. A man may be honest because it pays to be honest, but he is not an honest man, a man may pursue liberal studies for the sake of results to be applied to utilitarian objects, but such a man will never be liberally educated. The thoughts of the philosophers are voiceless to him. No object of beauty can be joy to him and no law of nature can strike him with admiration or declare the glory of God.

It is encouraging to note that where students have an opportunity of presenting a modern language instead of Latin for admission to our universities, comparatively few of them take advantage of the opportunity. This means that Latin has intrinsic merit enough to hold its place in the schools, and regard it as a very significant phenomenon that during the last few years, both should, both relatively and absolutely, have made decided gains in the high schools of the United States.

Nothing could be more fallacious. Liberal culture cannot be the result of the process of education which should be hastened at railroad speed.

The celebration closed with an alumni dinner at 1 o'clock this afternoon, at which there were toasts and addresses by well-known educators and prominent citizens of Colorado.

CERTIFICATES FOR TEACHERS State Board of Education Grants Many Diplomas.

SACRAMENTO, Nov. 15.—Dr. Benjamin Ide Wheeler presided at a meeting of the State Board of Education held in the Capitol to-day. A large number of teachers' certificates were granted and much business connected with the public school system was transacted.

An interesting incident was the report of the grievance committee, declining to take any action upon a complaint filed against Thomas C. Welch, a teacher in Riverside. It seems that the head and front of Welch's offending lay in his having uttered several smart oaths in the presence of shocked residents of Riverside. The grievance committee did not wrestle with the question as to whether the oaths were timely or justifiable, but merely reported that it had not any jurisdiction in the premises. So Welch will continue to hold his diploma to teach, as well as a license to use a "cuss" word on all proper occasions.

Professors Daily, Van Liew and Pierce also reported on the accrediting of schools reported in favor of the following institutions: Farmington State School and Gorham State Normal School of Maine, Whitewater State Normal of Wisconsin, Indian State Normal School of Pennsylvania. The report suggested that the applications of the State Female Normal School of Virginia and the Oklahoma Normal School at Tulsa, Oklahoma, be denied. The report was adopted.

A communication was received from Mary Gamble, a kindergarten teacher of Oakland, complaining that she was unable to get her pay, owing to a misunderstanding over her kindergarten certificate, which had been issued by an uncredited school in San Francisco.

DR. KILMER'S SWAMP-ROOT. WEAK KIDNEYS AND BLADDER TROUBLE

Had to Pass Water Very Often Day and Night. Cured by the Great Kidney Remedy, Swamp-Root.

DR. KILMER & CO., Binghamton, N. Y. About two years ago I had a very severe case of kidney and bladder trouble. The pain in the small of my back was so severe that I could not stand it to stay in one position more than a moment or two, and was obliged to pass water very often day and night. I tried medicines and doctors without getting relief.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease; therefore, when through neglect or other causes kidney trouble is permitted to continue, fatal results are sure to follow.

EDITORIAL NOTE.—Swamp-Root has been tested in so many ways, and has proven so successful in every case, that a special arrangement has been made by which all readers of The Call who have not already tried it may have a sample bottle sent absolutely free, by mail.

ADVERTISEMENTS. CHICHESTER'S ENGLISH PENNYROYAL PILLS. SAFE, AFFORDABLE, EFFECTIVE. Nine-Dollar Suits

Here it is in the middle of November with the holidays but a short time distant. Hadn't you better take time by the forelock and supply yourselves well with clothes before you commence spending your money for holiday gifts?

Why not buy now and then be prepared for the coming holidays with both clothes and money, too.

If you want a suit for business wear—one that is stylish in cut, desirable in pattern and durable in wear you will find that ours at \$9 fills the bill. To save time and description we will just simply state that the suit is equal in value to that \$12 suit you bought from some dealer who did not manufacture his own clothing, as is the case with us. We make all garments and sell direct to the wearer at a saving of a fourth.

The suits come in chevots, tweeds and worsteds in swell patterns and in solid blue serges.

Swell Line of Trousers \$2.50 to \$8.00

Occasionally you buy a separate pair of trousers, so keep this in mind: We have an immense assortment of the latest patterns, ranging from \$2.50 to \$8.00 a pair. The garments are cut in the latest fall styles, while the patterns are fashionable stripes and checks in pleasing effects.

If you live out of San Francisco write for our new illustrated catalogue "Attire for Man and Boy."
