

COAST LANDS HER PASSENGERS IN TIME FOR CHRISTMAS ASHORE

Liner Arrives Two Days Ahead of Schedule--At Outset of Voyage She Rescues a Lone Japanese Fisherman From the Bottom of Upturned Boat to Which He Had Clung for Seventeen Hours

SOLID SILVER SERVICE WHICH WAS PRESENTED TO PRESIDENT J. D. FARRELL OF THE PACIFIC COAST STEAMSHIP COMPANY YESTERDAY BY CITIZENS OF SPOKANE, TO BE USED ON THE STEAMER WHICH IS TO BEAR NAME OF THE NORTHERN CITY.

THE Occidental and Oriental Steamship Coptic, two days ahead of her schedule, put in an appearance late yesterday afternoon and last evening landed her passengers at the Pacific Mail dock early enough for a late dinner ashore and in America in time to spend Christmas. It was with the latter object in view that Captain Rinder started from Hongkong, and the liner made the trip in 27 days 1 hour and 16 minutes.

The Coptic on December 7 rescued a shipwrecked Japanese fisherman. He was one of seven that had formed the crew of the fishing boat Kahigee Maru. She was capsized at 3 p. m. of December 6 in a strong southerly gale, and five of the men were thrown into the sea and drowned. Ishikoro Hamakichi, Kahigee, the survivor, and one of his mates got a hold on the upturned bottom of their craft and until noon of December 7 held their position. The other man, worn out with hanging on, let go his hold and sank out of sight. The rescued man was nearly gone when the Coptic people picked him up. Ishikoro informed Captain Rinder that during the seventeen hours he spent on the upturned boat five steamships passed within his sight. The fisherman was landed at Yokohama.

The Coptic brought a large and very valuable cargo. She had 320 tons in all, and it included 750 tins of opium and 1355 bales of raw silk. The silk is valued at nearly \$1,000,000. The Coptic's passengers were: F. C. Bowers, E. Credatin, Mrs. L. M. Johnson, M. Isobe, W. E. Parsons, G. D. Taylor, E. S. Van Duren, E. Castle, Miss A. E. Gardin, B. Legrange, Mrs. J. E. Prebble, Mrs. W. E. Parsons, Major General Willard, Mrs. W. E. Parsons, Mrs. M. Bosch, Mr. H. Prandi, Mrs. Charles Wilcox and K. Takashi.

SPOKANE'S CHRISTMAS GIFT.

Citizens of Ship's Namesake Present Silver Service.

A solid silver service of one hundred and ninety-nine pieces was received yesterday at the office of the Pacific Coast Steamship Company. The present was given by the citizens of Spokane that is in commission on the run between Alaska and this port. A peculiar feature of the donation is that no list of subscribers or committee was received with the silver.

The steamship Spokane is conceded to be one of the handsomest boats in the coast trade. She is 231 feet in length, 49 feet beam and has a speed of 17 1/2 miles per hour. She was built by the Union Iron Works of this city and was completed in February of this year.

President J. D. Farrell, to whom the silver was addressed, was delighted with the present and formally thank the citizens of Spokane for their handsomely present.

Oranasis Has Narrow Escape.

The British ship Oranasis had a narrow escape yesterday from destruction by fire. The tug S. S. Prince and Monarch were alongside, ready to tow her from Mission street wharf to Oakland, when smoke curled up through the after ventilator and the crew started all hands. Captain Rosenmussen, of the Monarch, got the fire hose ready for action, but Captain Greig of the Oranasis and his crew managed to extinguish the blaze without outside assistance. It developed upon investigation that the fire started in discharging the coal cargo had left burning a candle. The fire started when the Oranasis was in the stream and the fire started during the night and was allowed to get any better start. It is doubtful whether she could have been saved. The Oranasis arrived here December 2 and is loading with cargo. She is chartered part of her cargo at Mission street wharf and will start for Oakland to discharge the remainder when the fire was discovered.

Zealandia Is in the Stream.

The steamship Zealandia passed through the heads last evening at 9 o'clock. There are a large number of passengers on board from Australia. She moored in the stream and will discharge passengers early this morning.

Coal for the Navy.

The French ship Ericux, which arrived yesterday from Cardiff, delivered part of her cargo of coal at the United States Naval Training Station at Honolulu. She will take the remainder to Mare Island. She was 155 days from Cardiff and 29 days from Honolulu.

Her Sails Were Split.

The British ship Castle Rock, bound here from Antwerp, passed Fernando de Noronha in Brazil yesterday and is reported as having had her sails all split.

Tows to Astoria.

The tug Defiance started yesterday for Astoria with the French ship Ville de St. Nazaire in tow.

Will Be Repaired.

The schooner Western Home, which arrived here on Tuesday, leaking, commenced discharging her cargo yesterday and will undergo extensive repairs before she again goes to sea.

NEWS OF THE OCEAN.

The bark St. Katherine returns to Hilo with general cargo.

Lumber and Tallow for Mexico.

The schooner Jeanie Wand cleared for Mazatlan yesterday with 35,000 feet lumber, 4896 lbs shooks and 20,000 lbs tallow, valued at \$7470.

Merchandise for Hawaii.

The schooner Defender sailed yesterday for Hana and Honolulu with an assorted merchandise cargo, valued at \$19,127, and including the following:

450 lbs flour, 2700 lbs barley, 240 cts wheat, 4734 lbs corn, 3935 lbs oats, 4515 lbs bread, 20,647 lbs middlings, 74,013 lbs bran, 100 bales hay, 2730 lbs lard, 200 lbs tea, 3222 lbs sugar, 501 tubs butter, 157 pkgs groceries and provisions, 40 cs and 35 pkgs salmon, 705 lbs and 111 cs canned goods, 7 cs meals, 750 lbs salt, 851 lbs beans, 1491 lbs ham and bacon, 410 gals vinegar, 20 cts potatoes, 19 lbs apples, 40 lbs and 25 cs gasoline, 39 bars steel and iron, 14 kegs horseshoes, 127 cs soap, 62 tons coal, 91 pigs wad material, 100 lbs and 25 cs rope, 100 lbs and 25 cs twine, 19 pkgs shoes, 19 pkgs millwork, 121 pkgs paints and oils, 15 pkgs dry goods, 2 cs boots and shoes, 1000 redwood posts.

CAUSE OF FALLING HAIR.

Dandruff, Which Is a Germ Disease--Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing into the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out, dips up the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair without curing dandruff, and you can't cure dandruff without killing the dandruff germ. Destroy the cause, you remove the effect. Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful hair restorer. Sold at leading drugstores. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Mich.
