

PRETENDER TO THRONE OF MOROCCO ROUTED IN BATTLE AT GATES OF FEZ

Buhamara Is Reported to Have Encountered the Troops of the Sultan Near the Walls of the Sacred City and Suffered So Severely That His Forces Were Obligated to Retreat Very Hastily

SULTAN OF MOROCCO

GATEWAY AT FEZ

SCENE AT THE MOROCCO CITY WHERE THE PRETENDER ATTACKED THE SULTAN.

MADRID, Jan. 29.—According to a dispatch which was received here to-day by the impartial newspaper from Tangier, the pretender to the throne of Morocco, Buhamara, has been routed by the Sultan's troops and

they are now retreating with all possible speed from the neighborhood of Fez. News arrived here last night from the Spanish Government that the Moorish pretender was advancing to attack Fez. Continued and conflicting rumors of a great battle outside the gates of the city are current in Morocco.

PRISON YAWNS FOR A COUNTESS

Polish Lady Is Arrested by Criminal Police in Berlin.

BERLIN, Jan. 28.—Countess Isabella Walserska Kwiecki, belonging to a rich and aristocratic Polish family, has been arrested by the criminal police here on the charge of pretending to have borne a son six years ago and presenting him as the heir to an estate at Wroblewo, province of Posen, consisting of 10,000 acres and having a yearly rental roll of \$15,000. Count Mieslaw Kwiecki, a member of the Prussian House of Lords, and his son, Count Hector, a member of the Reichstag, as next of kin, contested the legitimacy of the Countess's son two years ago and after a sensational trial at Posen she was acquitted. The Countess and the Count, her husband, continued living quietly on the Polish estate after the trial, spending the winters in fashionable Berlin society. The suspicions regarding the legitimacy of the Countess's son continued and the prosecuting attorney continued his investigation, obtaining fresh testimony through a police examination of a woman who bore a child at the time the son of the Countess is said to have been born, and the rearrest of the Countess followed.

DIOCESE OF CALIFORNIA VOTES.

Continued From Page 1, Column 3.

proud of the church and proud of the name and saw no reason why it should be changed. Rev. J. G. Gassmann expressed himself as opposed to a change and Rev. E. J. Mynard stated that the only thing the convention could do was to adopt the majority report and that no action should be taken on the selection of a name. Rev. Mr. Foute and Rev. Mr. Clappett spoke in favor of their respective amendments and A. N. Drown then took the floor and said that the change of name was an innovation and that more innovations would follow. He maintained that unless reasons for a change could be made that were stronger and sounder than the ones advanced for the retention of the title the old one should be retained.

VOTING COMMENCES.

Bishop Nichols then announced that the voting on the amendment to the amendment was in order and the secretary proceeded to call the roll. After half the names of the clergy were called it became apparent that the amendment would be lost and Rev. Mr. Clappett withdrew his motion. A vote on the minority report was then had and it was defeated by a combined vote of the clergy and laity of 43 to 24. Rev. John Bakewell presented an amendment for the original report of the committee as a substitute and it was voted on by a vote of 24 to 13 on the part of the clergy and the mover waived the laity vote. Upon request of Rev. Mr. Brewer, according to the rules, the resolution embodied in the report to be voted upon was divided into two parts and balloted upon separately. The first portion dealing with the part relative to the need of a change of name was adopted by a vote of 47 to 11, and the second portion, relative to recommendation that the present time was not opportune for a change, was carried by 40 to 17.

An adjournment was then taken until 2:30 p. m., and upon reconvening the report of the committee on canons was read. A resolution that section 25 of the constitution, which provided that the lay members shall consist of delegates not exceeding five from each parish and mission in union with the convention, should be amended to read that the lay members shall be males, called forth considerable discussion about shutting the women out of the convention, but it was finally adopted by a substantial majority. E. C. Foute, J. A. Emery, E. L. Parsons, Mrs. A. S. Lawver, Mrs. L. F. Montague, W. A. M. Van Bokkelen, D. H. Kane, William Minizer and Francis Avery were appointed as a committee on the reconstruction of the Diocesan house. The following resolution was introduced by Rev. J. O. Lincoln and unanimously adopted: "Resolved, That the convention expresses its thanks to the representatives of Congress for their attention to the proceedings of the convention and for their reports of the same. A vote of thanks was extended to Major W. B. Hooper for courtesies displayed during the convention. After devotional exercises the convention adjourned sine die.

ALLIES STOP NEGOTIATIONS BY DEWRAID

Powers Want Preferential Treatment From Venezuela.

Situation Reassumes Its Serious and Perplexing Aspect.

National Lawmakers Indicate a Disposition to Handle Question With Greater Vigor and Teach Germany a Timely Lesson.

Special Dispatch to The Call.

WASHINGTON, Jan. 29.—Tense, if not critical, expresses the situation to-night in relation to Venezuela. Between the allies insisting on preferential rights in payment of their claims and other creditors clamoring for an equal share with the blockading powers, the outlook is not clear.

Throughout the day nothing occurred to relieve the hitch in negotiations which the allies introduced suddenly last night by insisting on preference because they had done the work of blockading. Mr. Bowen told them he could not agree to this and to his answer no reply has been received. Diplomatic representatives of the other creditor nations made a very restless day as a result of the action of the allies, who they think are endeavoring to crowd other powers out of a fair chance of settlement. According to one theory Bowen has two courses open to him. He may in his response to the claimant nations other than the allies state that Venezuela is under an overpowering force and that if she cannot meet their claims they must reckon with the allies themselves. The other course is for Mr. Bowen to declare that she cannot come to a reasonable understanding with the allies and therefore the case must go to The Hague tribunal for adjustment.

A high official of the State Department stated to-day that the attitude of the allied powers is inexplicable. A significant demonstration of the spirit of Congress was given at the meeting of the Senate Committee on Military Affairs to-day. The question of abandoning the transport system was up. A well known Senator remarked: "It strikes me that this is a poor time to be talking about selling our transports."

A \$2,000,000 appropriation for army improvements which had been stricken from the bill was put back, thus leaving the bill as recommended by Secretary Root. The coast artillery was much helped by the authorization of appropriations providing for my gunners, skilled gunners and machinists to work big coast guns.

The discussion was general and earnest and the conclusion, as stated by a member of the committee, was that the United States should make it plain that the honor and dignity of the country would not be allowed to "bluff" this Government by any attitude she might assume.

It is learned that on the second day after his arrival here Minister Bowen informed the French diplomatic representative in Washington that the French claims would be treated on the same basis as the claims of the allies, and would be taken up after the blockade was raised. Relying on this assurance, the Government has remained inactive, but it is stated that should the allied powers be granted preferential treatment, France would take steps at once to protect her Venezuelan interests and would make reports on the subject to the Foreign Offices at London, Berlin and Rome.

COLLEGE FOR TEACHERS OUT OF PEABODY FUND

Trustees Favor Establishment of Such Institution at Some Point in the South.

WASHINGTON, Jan. 28.—The trustees of the Peabody fund to-day adopted the following resolution:

That in the opinion of the board of trustees the fund in its hands, or a portion of the income thereof, should be appropriated so far as is legal and practicable, to the establishment and maintenance of a teachers' college to be called the "Peabody College for Teachers," at such point in the Southern States as may be found advisable, that a committee be appointed by the chair is hereby directed to confer with any other boards or persons interested in the matter and to report at the next meeting of the board a plan for carrying into effect the purposes and objects above stated and that the committee be authorized to call to their aid such specialists as may be deemed necessary.

The following persons were appointed as the committee: Dr. Gilman, former Attorney General Olney, Senator Hoar, J. P. Morgan and former Secretary of the Interior Hoke Smith.

The Peabody fund capital is now \$2,000,000. To-day's proceedings show that a final distribution of the Peabody fund is now in contemplation, although such final winding up of the affairs will require some care. No definite plan of action was formulated, and it will be in the neighborhood of a year before a final and satisfactory basis can be agreed upon.

Chief Justice Fuller presided at to-day's session.
