"Having heard that you could procure a sample bottle of Swamp-Root, free by mail, I wrote to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, and it was promptly sent. I was so pleased after trying the sample bottle that I sent to the druggist and procured a supply. I have used Swamp-Root regularly for some time and consider it unsurpassed as a remedy for torpid liver, loss of appetite and general derangement of the digestive functions. I think my trouble was due to too close confinement in my business. I can recommend it highly for all liver and kidney complaints. I am not in the habit of indulging any medicine, but in this case I cannot speak too much in praise of what Dr. Kilmer's Swamp-Root has done for me."

LARGE FORTUNE AWAITS A MINER Falls Heir to Valuable Estate Left by His Brother.

Special Dispatch to The Call.

VANCOUVER, May 11.—Caesar Bueonotti, an Italian miner, who for twenty-two years has worked in the Nanaimo collieries, has fallen heir to a fortune of 2,000,000 francs.

Bueonotti is a brother of the former Bishop of Constantinople and belongs to one of the best known families of Naples. The Bishop's death occurred about a month ago and by the terms of his will his only brother, Caesar, has been left practically all of his fortune.

Bueonotti, though a miner, is well educated. At present he is absent on a trip to the United States and is supposed to be in San Francisco. Besides being employed in the mines he acted as interpreter in the courts for the members of the Italian colony. He is about 54 years of age and speaks English fluently, having lived in America since he was a youth.

Caebigrams were sent to him from Naples a week ago. These remained unanswered and the executors of the Bishop's estate are now communicating with A. G. Ferrara, Italian Consul in this city, with a view of tracing the heir on his trip through the United States. It is known that Bueonotti has friends in San Francisco, and it is thought he has gone there. The executors want him to leave at once for his native home.

Humberts Must Stand Trial. PARIS, May 11.—Magistrate Leydat has concluded his investigation of the Humbert fraud case and has decided to commit Therese Humbert, her husband, Frederick, and her brother for trial on the charge of forgery, the use of forged documents and swindling. The magistrate dismissed the cases against Edouard Humbert, Therese's daughter, and Marie Daurignac, her sister. The case probably will be heard in July.

HELENA, Mont., May 11.—The Supreme Court today upheld the District Court of Silver Bow County in the suit of the Robert G. Ingersoll estate against contestants in the famous Davis will case. Ingersoll asked for \$100,000 for his services in breaking an alleged will of the multi-millionaire. The contestants gave him \$5000. He sued for the balance. The District Court declared there was no cause for action.

HAIL TO MEN

Even unto old age you may feel the vigor of youth, with its light heart, elastic step, courage and tireless energy. You may be free from pains and aches and defy your years.

There is a fountain of perpetual youth, and you have only to reach out your hand and take it. You can drink of it until your heart shrinks with the greatness of it, until your might you will proclaim, as other people have,

"I AM STRONG!"

Like the giants of old, you can be in your prime at sixty—strong, vigorous and full of youthful enthusiasm.

DR. M. C. McLAUGHLIN—Dear Sir: I have only worn the Belt for six weeks and it has done fine in my case. Every sign of pain and weakness has left my leg and I am as well as ever. I was quite lame when I first wrote you, but am all over that now. Yours gratefully, T. H. FLAGLER, Benton, Cal.

If you are young you are young. Youth is strength. If you have strength you can defy your years. My Electric Belt will warm your heart and fill your body with the fire of youth. It will limber your joints and put springs in your legs. It will make you feel glad with the joys of youth.

DR. McLAUGHLIN—Dear Sir: After using your Belt two months I can now say that I am entirely cured. My back began to trouble me, but am pleased to say that the trouble has entirely disappeared and that the Belt has done all and more than you claimed it would. I think a great deal of the Belt and will speak a good word for you whenever I can. Yours very truly, HUGH LARSON, Clancy, Montana.

Isn't that food for skeptics? Such a letter as I receive would convert even a bigoted old school doctor and he can see no good in anything but physic. Give me a man with pains in his back, a dull ache in his muscles or joints, "come-and-go" pains in his shoulders, chest and sides; Sciatica in his hip, Lumbago, Rheumatism, or any ache or pain, and my Belt will pour the oil of life into his aching body and drive out every sign of pain.

No pain can exist where my Belt is worn. It's as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle, glowing heat from it constantly, but no noise, no burning, as in old-style belts.

Call to-day, or send for my beautiful book, full of the things a man likes to read if he wants to be a strong man. I send it sealed, free, but out this ad.

Dr. M. C. McLaughlin, 906 Market St. Above Ellis, San Francisco. Office Hours—8 a. m. to 8 p. m.; Sundays, 10 to 1.

COLOMBIAN PRESIDENT'S RESIGNATION MAY JEOPARDIZE THE CANAL TREATY

Simultaneously With News of Marroquin's Retirement Comes a Report That the Panama Company Has Offered a Twelve Million Dollar Bribe for the Ratification of the Convention

PANAMA, May 11.—It is reported here that President Marroquin has been compelled to resign office on account of political troubles, and that General Rafael Reyes, Second Vice President of Colombia, will assume the Presidency. Friends of the canal are anxiously awaiting confirmation of this report.

WASHINGTON, May 11.—No confirmation has been received here, either by the State Department or by the Colombian legation, of the reported resignation of President Marroquin of Colombia on account of political troubles. Such a step on the part of the President, however, would not be surprising, as he is nearly six years of age and is of a quiet, retiring disposition. The understanding here has been all along that President Marroquin is favorable to the ratification of the Panama canal treaty. In fact, it was under his instructions that Dr. Herran, Colombian charge here, negotiated the treaty with the State Department. The determined and persistent opposition to the treaty which has manifested itself in many parts of Colombia, it is surmised, probably has influenced the President in the action he is reported to have taken.

General Rafael Reyes, the Second Vice President, who will assume the Presidency in the event of the retirement of Marroquin, holds the position of "designado" for the office, having been selected by the Colombian Congress in 1898 for that position. His title for the designation, however, is disputed, as the selection is usually made every two years by the Colombian Congress. The last Congress failed to make a selection. General Reyes consequently holds the designation from the Congress of 1898. The belief here is that he is favorable to the canal treaty, although he has been quoted as having expressed sentiments in opposition to it.

The report that the Panama Canal Company has offered the Government of Colombia \$12,000,000 for the \$40,000,000 to be paid by the United States for the canal property, has caused a stir in Washington. It is known here that the treaty is being vigorously opposed in Colombia, but it was not believed that the canal company regarded the danger so great as to offer a bribe of nearly a third of the value of the property. General Reyes, Senator Morgan, in his speeches on that treaty, repeatedly called attention to the alleged double dealing of the Panama Company in its relations both with the United States and Colombia. He should the report be substantiated that the French company has now offered \$12,000,000 for the ratification of the treaty it will necessitate still further consideration before this Government pays over the \$40,000,000 or finally exchanges ratifications with Colombia.

SANTA MARIA VOLCANO CAUSES GREAT DAMAGE

One-Third of Guatemala's Coffee Crop Is Destroyed and Plantations Are Ruined.

CITY OF MEXICO, May 11.—News brought here from Guatemala by people who have seen the ruin wrought by the recent eruption of Santa Maria volcano confirms all the previous reports. The situation could hardly be worse. "All the coffee plantations in the vicinity of the volcano," says Manuel Huerfano, just arrived here from Guatemala, "have been destroyed for all time. Ashes ten to fifteen feet deep cover the country. In the neighborhood of a third of the coffee trees that only some of the tops of tall trees can be seen. Scoria and ashes cover 1000 square miles of land to a depth of five to fifteen feet and 5000 square miles to a depth of one to two feet. One-third of the coffee crop has been destroyed. About 200,000 quintals of the very choicest coffee have been lost and all land upon which it was grown is doomed to eternal sterility."

Dinners in fancy dresses were given throughout London, the hostesses including Lady Barrymore, Mrs. Adair's sister, Lady Warwick, Lady Granby, Lady Jeune and Lady Miller. After dinner the guests went to the ball. Mrs. Adair's house was beautifully decorated with flowers.

Among the most effective quadrilles danced were "The Shamrocks" and "The Goddesses."

DR. PIERCE'S REMEDIES.

Gloomy thoughts become habitual to the dyspeptic. He looks on the dark side of things and every mole hill becomes a mountain. His condition affects his business judgment and mars his home relations.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other digestion of the organs of digestion and nutrition. It gives buoyancy of mind as well as health of body because it removes the physical cause of mental depression.

It enables the perfect digestion and assimilation of food, and the body is strengthened by nutrition which is its only source of physical strength.

"I was afflicted with what the doctors called nervous indigestion. Took medicine upon my family physician to no avail," writes Mr. Thos. G. Lever, of Lever, Richmond Co., S. C. "At night would have cold or hot feet and hands alternating. I was getting very nervous and suffered a great deal mentally, thinking that death would soon claim me.
