

KURDS INVADE ARMENIAN HOMES

Villagers Along Frontier Complain of Oppression.

Albanian Chiefs at Ipek Refuse to Submit to Imperial Troops.

CONSTANTINOPLE, May 17.—A letter received from Erzerum, Armenia, describes several outrages by Kurds on Armenians in the Bayazid district. In one instance Kurds invaded the house where Armenians were celebrating a wedding, extinguished the lights, expelled all the men and maltreated the women.

The Armenian inhabitants of the district of Alashgurd, continues the letter, complain bitterly of the oppression of the troops quartered in the villages along the frontier.

The report that many men on both sides were killed or wounded during the engagements which constituted the Albanian resistance to the advance of the imperial troops on Ipek has been confirmed. The Albanian chiefs explain that the encounters were an outcome of a misunderstanding. In the course of an audience with the German ambassador here on Friday the Sultan said that, with the occupation of Ipek, a general pacification would ensue. A number of Albanian chiefs at Ipek, however, refused to submit and their families are being held as hostages.

VIENNA, May 17.—The changes in the cabinet at Sofia are regarded here as indicating a change in the foreign policy of the Bulgarian government.

It is understood here that the new Bulgarian cabinet will be non-partisan. In view of the critical situation in the Balkans all parties are likely to support the policy of Prince Ferdinand in the hope of ending the present uncertain condition, particularly with regard to Bulgaria's relations with Turkey.

SOFIA, Bulgaria, May 17.—The attempt made by M. Perkov, leader of the Stambouloff party, to form a new cabinet has failed. The Russian diplomatic agent here had long audiences with Prince Ferdinand to-day and yesterday.

NEW OUTRAGES EXPECTED.

Anti-Semite Leaders Claim to Have the Czar's Favor.

GALATZ, May 17.—It is beyond doubt that the mob which attacked the Jews at Kishenev has an organized band led by a certain man.

The anti-Semites of Kishenev have sent out a number of agitators among the peasantry to assure them that the Czar has issued an order to massacre the Jews, so new outrages may be expected at any moment.

The government inquiry into the case has been entrusted to one of the active leaders of the onslaught on the Jews.

WIFE OF UTOPIAN DREAMER BRINGS SUIT FOR DIVORCE

Serious Allegations Made Against the Founder of the Western Co-operative Company.

KANSAS CITY, Mo., May 17.—Walter Vrooman, founder of the People's Trust, the Western Co-operative Company and other gigantic Utopian schemes, in which he has expended thousands of dollars, is today bringing a divorce suit at Trenton, Mo., brought by his wife, who supplied him with a quarter of a million of dollars to carry on his plans. Mrs. Vrooman has formerly Miss Annie Griffin, an heiress of Baltimore.

Mrs. Vrooman gave her husband one-third of her fortune of \$750,000 to be used in furtherance of his schemes, as she was fascinated with the idea of assisting him in uplifting humanity. She came to Trenton, Mo., where he founded Ruskin College and his People's Trust and Western Co-operative Company and operated from Kansas City as headquarters. When the two latter enterprises failed, she withdrew the objectionable features of its demands on employees, but it was said that she later would demand a lower scale of wages.

To-morrow several of the large downtown restaurants will open their places with non-union men, most of whom are colored. The employers have made no concessions thus far and say that the plan of arbitration proposed by the strikers will not be accepted.

The laundries will resume operations to-morrow with non-union men, although a number of old employees will be retained. The union laundry workers have arranged to enter into active competition with the laundries, having established a large number of offices in the city, from which they will send their work to laundries in the small outside towns. By the laundry owners it is said that wagons will not be sent out at present, but work received at laundries will receive attention.

MAY RESUME THE STRIKE.

Melbourne Engineers Are Dissatisfied With Terms Given Them.

MELBOURNE, Victoria, May 17.—A large majority of the locomotive engineers and firemen who were recently on strike are intensely dissatisfied at the surrender of their executive committee to the conditions imposed by the Government in the matter of the resumption of work on the line. Because of the objection thereto, Premier Irvine consented to waive a condition concerning the non-employment of certain men and to employ all the strikers with the exception of the actual leaders on short time. The men, however, still object to the other conditions imposed and they have formed a strong committee to arrange for a resumption of the strike unless better conditions are conceded.

For the present the strike timetable remains in force and few trains are running.

Bishop of Newark Is Dead.

East Orange, N. J., May 17.—Bishop Thomas Alfred Starkey of the Episcopal diocese of Newark died to-day at his home of old age.

SEROUS TROUBLE IN PARIS CHURCH

Anti-Clerical Mob Disturbs Services and Riot Follows.

Police Separate Combatants and Arrest Several of the Leaders.

PARIS, May 17.—The threatened anti-clerical manifestations in the Paris churches did not come off to-day. The only serious trouble occurred this afternoon at Belleville. When a priest entered the pulpit of a church there a number of free thinkers began shouting: "Enough! Who authorized you to speak?"

Members of the Society of Catholic Youth, who were present in strong force, thereupon attacked the manifestants with their fists and with canes. The melee quickly became a general riot, with stones thrown and women general shrieking. The police were called in, separating the combatants and expelled those who had started the manifestations. Five persons were arrested and several were injured. The arrival of two funerals helped to restore order.

At Marseilles there was an anti-clerical manifestation in which 5000 people participated. They marched through the streets singing revolutionary songs. The crowd proceeded to the prefecture, where it handed in a set of resolutions congratulating the Government upon its attitude toward the religious congregations and demanding its possession of the church and state.

The trouble was resumed this evening at the Plaisance church, where a Jesuit priest had announced he would preach. Some 600 anti-clericals assembled around the church, in which there had gathered about 400 Catholics, including Max Regis and other prominent men who were there to defend the clergy. The situation was such that Prefect of Police Lepine was sent for and hurried to the scene. While a strong force of policemen prevented the anti-clericals from entering the church, M. Lepine induced the women in the church to leave by a side door. The men then left in a body by the main door and paraded the streets in the neighborhood shouting: "Long live liberty! Several minor rows ensued. During one of these M. Lepine was struck on the head with a bottle. He was not severely hurt. The police finally dispersed the crowd.

GUARDS A MINE IN HIS SLEEP

Novel Means of Holding Gold Adopted by a Butte Prospector.

GRIDLEY, May 17.—The rich pocket of gold quartz discovered a few days ago on the land of Mrs. Berry near the Mountain House in this county by a prospector named McCall, is turning out a small Klondike. A hole two feet deep and three feet in circumference has been made on the ledge and already \$4000 has been taken out.

McCall has taken out one piece weighing four pounds, which is nearly all gold. He guards the mine by working it during the day, and at night he spreads a mattress over the hole and sleeps on it.

BRAZILIAN COMMISSION IS WARMLY WELCOMED

Residents of Santiago de Chile Manifest Great Friendship for the Distinguished Visitors.

SANTIAGO DE CHILE, May 17.—The members of the Brazilian commission arrived here to-day and were enthusiastically received. Fully 50,000 people witnessed the arrival of the visitors, and their manifestation of friendship were unbounded. The city was decorated in honor of the delegates. In the large procession that passed through the streets were a number of allegorical characters. The Brazilian national air was played by a band numbering 500 men. The Chilean and Argentine and the Brazilian flags waved together and were treated as symbols of the formation of a South American "triple alliance." The Chilean authorities are preparing to entertain the Brazilian visitors.

The strike excitement at Valparaiso has subsided and that city is perfectly tranquil.

DECLARES HETTY GREEN WANTED HIM TO MARRY HER

Healer "Schlatter" Says New York's Wealthiest Woman Offered to Settle \$5,000,000 on Him.

WINDSOR, Ont., May 17.—After a pilgrimage covering Eastern Canada Rev. Charles McLean, who claims to be "Schlatter," the divine healer, has arrived here. "Schlatter" talks readily of the wonderful cures he says he has performed. He declares Mrs. Hetty Green, New York's wealthiest woman, was susceptible to his charms and that she offered to settle \$5,000,000 on him if he would marry her, but this and many other similar inducements he refused. Andrew Carnegie, also, he said, offered to build him a home where he might carry on his work.

The "healer" claims he was once buried in the mountains of Colorado by divine command and during that time his soul left his body and went to God, and when he returned it was with the divine command to heal the sick.

PEASANTS AND SOLDIERS MEET IN DEADLY CONFLICT

Hungarian Government Isolates Villages to Prevent News of Disorders Spreading.

VIENNA, May 17.—Reports received here from Sissek, Croatia, declare that notwithstanding the denials of the Hungarian Government the stories of fierce encounters between peasants and the military in the village of Kirizwachach have been confirmed. Forty peasants are said to have been shot. The authorities have completely isolated the village in order to prevent the news of the disorders there from spreading. Kreuz, where riots also occurred, has been cut off from telegraphic communication. The authorities have received reports by telephone that wholesale arrests are being made at Agram and other cities.

Vanderbilt Houses Unplaced.

Paris, May 17.—William K. Vanderbilt's Edna was fourth in the Prix des Ecuries, and his Etienne II did not get a place in the Prix de Diane at Chantilly to-day.

HELPLESS FAVOR SPANISH FRIGATES

Arsk Vatican to Prevent Departure of Clergy From Islands.

Negotiations for Purchase of Church Lands Are at a Standstill.

ROME, May 17.—There has been a change in the Philippine Islands in the friar situation, as there is now a movement in the archipelago in favor of the members of the Spanish brotherhoods. The pride of the Spanish friars brought them to the decision voluntarily to leave the islands; they felt themselves, since the archipelago has been administered by the United States, to be in a position of inferiority. The Vatican has just received several petitions from the Philippines asking it to prevent the departure of the friars. The Apostolic Delegate in the Philippines, Mgr. Guidi, clearly demonstrated in his report how matters stand. He said that on one side there stand the schismatics, headed by Bishop Agapiu, which is supported by only fourteen priests without reputation, but which is spreading, especially in the country districts. This movement is helped by the dominant political party trying to persuade the population to rebellion against Rome and saying that the expulsion of the friars is indispensable to independence. On the other side the departure of the friars, who now number about 400 men, would mean the leaving of 5,000,000 Catholic Filipinos without religious ministrations, there being no other clergy acquainted with the language or habits of the natives. The Filipino priests, who number 650, are inadequate to serve the parishes and missions, which reach a total of 367. Mgr. Guidi therefore concluded his report in favor of the friars remaining until others have been substituted for them. This substitution, however, must be slow, as the Vatican wishes the new priests to be Americans, and the supply of such men is limited.

Father Rodriguez, general of the Augustinians, who went to the United States for the purpose of selecting Augustinian friars to go to the islands, was able to send out only two men, because throughout the entire United States the Augustinians number only about eighty. Negotiations between Mgr. Guidi and Governor Taft for the purchase of the friar lands in the islands were begun, but they had to be suspended because of the enormous difference in the estimates of the value of the lands given by the official experts and the friars. It was found impossible to agree in this respect without first establishing the true value of the land.

BURGLAR OBVEYS ORDER TO HALT

Nickel-in-Slot Machine Rifer Is Caught in Haywards.

HAYWARDS, May 17.—The man who is supposed to have been robbing nickel-in-slot machines in this and neighboring cities, was caught this morning, after he had entered the saloon of Manuel Mederos, and is now in jail, charged with burglary. He gives the name of Joseph D. Starr and refuses to make any statement.

The Mederos saloon has been twice robbed within a month, and each time in the same way. The saloon was entered through a window, and the nickel-in-the-slot machines were broken open and the contents taken. Dick Allen, the son of the owner of the building, and Mederos, the owner of the saloon, built a burglar alarm, so that when any one stepped upon a board in front of the bar it would ring a bell in the Allen home, which is over the saloon. It was 2 o'clock this morning when the alarm rang, and the Allen family cleared the decks for action. It took a few moments for Dick Allen and his uncle, William Allen, to throw on a few clothes and in these few moments the thief started to make his escape. John Golden, a well known burglar, who lives with the Allens, threw up the window and shouted to the flying thief, "Stop or I will shoot." Though Golden was unarmed the thief stopped, and the two Allens overhauled him and held him captive until the police arrived. He was then lodged in jail.

The first thing that Starr said when he was caught was, "I have not got any nickels on me."

CORONER'S OFFICE TEAM DEFEATED BY CALL STAFF

Traffic Stopped Around the Grounds to Allow Horses to Laugh at Players.

The long-looked-for baseball game between nine from the coroner's office and from the art and local staffs of the Call occurred at National Park yesterday morning, and was won by the Call staff by a score of 18 to 14. The score would have been much larger, but the wind power of the players gave out and they were no longer able to make the circuit of the bases.

The streets adjoining the park were blocked with teams during the progress of the game. The horses were laughing so hard at the attempts of the players to gather in the ball that the drivers were unable to make them proceed. The Morgue wagon was present to carry off the dead, and a full corps of Emergency Hospital physicians looked after the injured and occasionally got into the game. All of the players were injured, the most serious being the pitcher of the Call, who tore nineteen ligaments endeavoring to get out of the way of a ground ball which stopped some time before it reached him.

"Jimmy" Murphy pitched for the coroner's team and the success of his hit the newspaper men landed on his right hand like a skeleton having a fit on a hardwood floor. Dr. Baicigalupi relieved him for a few minutes, but his speed was so great that the management of the grounds was ordered to get the ground, and he was ordered to go "way back." Murphy for the Call did great work in left field, and wound up with a fielding average of minus six. Each member of the teams distinguished himself in various ways. The coroner's team enjoyed themselves immensely. The line-up of the teams was as follows:

Call. Positions. Morgue. Blyn-Murphy.....Catcher.....Kahn Young.....First base.....Murphy Grant Smith.....Second base.....McGottigan.....Shortstop.....Baicigalupi Jess Smith.....Right field.....Johnson Slatery.....Left field.....L. Murphy Brown.....Center field.....G. Murphy Blyn-Murphy.....Right field.....Brown

Displays Money Unwisely.

John J. Ford was arrested last night by Policeman Riehl and booked at the City Prison on a charge of grand larceny. A sailor named James Hayes of the revenue cutter Ranger was standing at the corner of Stockton and O'Farrell streets last night at 11 o'clock, as the people were streaming out of the theater. He was juggling some money in his hand, between \$2 and \$5, when he alleges, Ford came up to him, grabbed the coin and decamped with the booty along O'Farrell street to Geary, where he was caught by Hayes and a crowd that followed. Ford, when arrested, said that he was a waiter.

California souvenirs; great variety at Sanborn & Vail's, 741 Market street.

SAN JUAN, Porto Rico, May 17.—Continued southerly winds are causing an alarming drought in Porto Rico.

MAN GIVES OFF RAYS OF LIGHT

Human Body Reflects Energy Producing Illumination.

Novel Discovery Announced by Dr. Goodspeed of Philadelphia.

PHILADELPHIA, May 17.—Professor Arthur W. Goodspeed of the Randall-Morgan Laboratory of Physics at the University of Pennsylvania has discovered a hitherto unknown ray which, emanating from the human body, is strong enough to make a distinct photograph. Roentgen ray photographs which ordinarily require an exposure of a half hour can be taken in five minutes with the application of the new principle.

Professor Goodspeed's discovery was communicated to the American Philosophical Society at a meeting of that body on Friday night. Photographs taken by the light from his hand accompanied the paper read by him. He accounts for the phenomena thus: "All matter absorbs radio-active energy in waves of varying lengths and gives off definite lengths of energy that have been formed is characteristic of the matter that gives it forth. The human body gives out the rays or waves of this energy with comparative freedom and force.

It is to be presumed that the character of human rays varies in an infinitesimal degree with the person, and that each man, woman and child gives forth not merely characteristic human light, but light that is absolutely unique and identifiable.

These rays of the human body are not sufficient to be appreciated by the human eye. It may be that they are seen by the eyes of certain of the smaller animals. For instance, a mouse probably sees a man in a dark room by the light of the man himself."

While a Crooke's tube was used by Professor Goodspeed in his experiments, the X-rays flowing from the tube were not perceived, as usually, by a photographic plate. The unusual wave disturbance was absorbed by Professor Goodspeed's own body, and there transformed into rays by which photographs were made.

AMATEUR THEATRICALS FOR BRITISH SOCIETY

Members of Benevolent Association Will Give Entertainment for Benefit of Order.

An amateur theatrical performance in aid of the British Benevolent Society of California will be given at the theater at 10 o'clock to-morrow evening. The program will consist of a comedy by Jerome K. Jerome entitled "Sunset," a farce by Grace L. Furniss entitled "A Box of Monkeys," a violin solo by Miss Daisy Polk, a song by Miss Gertrude Wisley, and a selection of a string quartet composed of Hilmyr Deuprey, Meredith Sawyer, John Dougherty and Donald Forbes. "The Star-Spangled Banner" and "God Save the King" will be given at the end of the performance, in which the audience will join. The cast of characters for the comedy will be:

Lois and Joan (half sisters), Mrs. Arthur Brown and Miss Claire Deuprey; Aunt Drusilla, Miss Eleanor Dixon; Lawrence, Reginald MacArthur; George, Charles Brown; Mr. Rivers (Lois' father), Eric Roberts.

The cast of characters for the farce will be: Mrs. Ondage-Jones, Mrs. Charles Mason; Mrs. Florence Atherton Eyer, Mrs. Margaret Eyer; Mrs. Eleanor Martin, Mrs. Janet Porteous, Mrs. Emma Shafter Howard, Mrs. A. B. Williamson; Rev. F. Clamper, D.D.; Rev. R. C. Courtey, D.D.; William Greer Brown, Chas. F. Bennett, H. S. M. Consul General.

Tickets, all seats reserved, may be obtained at Sherman & Clay's, and on the evening of the performance at the theater box office.

WOMAN FOUND ON STREET IN DYING CONDITION

Had Taken Carbolic Acid Shortly After Being Seen Coming From the Presidio With Soldier.

An unknown woman was discovered yesterday evening lying on the sidewalk at Baker and Filbert streets suffering from carbolic acid poisoning. The woman had been in the company of a soldier coming from the locality of the Presidio, but when found there was no trace of her companion or anything at all to give the slightest clue as to her identity.

An ambulance was sent for and the woman taken to the Central Emergency Hospital, where she was treated by Dr. Weyer. At an early hour this morning little hope was given for her recovery. The woman was dressed in black and is about 35 years of age.

Believes Dog Committed Suicide.

A water spigot, known by the name of "Peanuts" and belonging to J. P. Lafontaine, deliberately jumped from the roof of the three-story building at the corner of Clay and Montgomery streets last night. "Peanuts" had been seen when the top of the roof by his master and his leap to death is considered a case of "dog suicide." "Peanuts" was a rare favorite with all the neighbors and was generally well liked and doted. He was well acquainted with the ground and knew the great distance to the ground, and being a dog of much conservatism his act is all the more mysterious. Lafontaine says if the dog had been skittish or of a romping nature his fatal leap might have been attributed to frolic, but his sober, quiet, thoughtful manner, he says, precludes the idea of accident and encourages the belief that it was a case of self-destruction.

Popular Couple Wed.

William F. Marshall, who has been connected with the circulation department of The Call for a long time, was married to Miss Lucriferia Rudio, a popular young society belle of Omaha, on Friday afternoon. The ceremony was performed by Rev. Father Clark at the Church of St. Francis, and was witnessed by a large gathering of friends of the young couple. After the ceremony Mr. and Mrs. Marshall left for Omaha, where they will make their home.

Accidents at the Park.

A large crowd enjoyed the excellent weather at the park and beach yesterday. Only two accidents occurred to mar the day's pleasure. John Lawson of 414 Twenty-second street, while playing football, dislocated his shoulder, and Willie Cousins of 738 Hampshire street, while riding a bicycle, collided with a trolley pole and cut his face severely. Both were treated at the Golden Gate Emergency Hospital by Dr. Maher.

PARIS, May 17.—Emma, Calve, appeared to-night in "The Daughter of France," having apparently completely recovered from the effects of a recent overdose of acetic.

BANDIT SHOOTS TWO OFFICERS

Arizona Citizens In Pursuit of Fugitive Manslayer.

Preparations Are Made to Lynch the Outlaw if Captured.

DOUGLAS, Ariz., May 17.—Shortly before 10 o'clock last night Deputy Constable Tom Vaughn was instantly killed and Constable Dan Graham injured by an outlaw named Smith, who escaped and is being pursued by a posse of local citizens. The officers had placed Smith under arrest on a charge of being a suspicious character. As they were about to search him he drew a six-shooter from his hip pocket and began shooting. Before the officers could pull their guns both were senseless on the sidewalk.

There were no witnesses present and Smith made his escape into the darkness. A few feet from the scene of the shooting he fell and dropped an old slouch hat, this being the only clue the officers have of his identity. When the doctors made an examination of Vaughn they found him shot once through the jugular vein and again through the left breast. He died instantly. Graham was shot in the right shoulder and through the left hand. He is able to sit up.

Smith is regarded as one of the desperate characters along the Mexican frontier. It is believed he is wanted for several murders and other serious crimes. Only a short time ago he was arrested for assault to commit murder, but was discharged.

If the posse overtakes Smith, who is believed to be feeling on horseback, he will without doubt be lynched. In Douglas a party is already organized to take care of him if he is brought to the city alive.

ARMY LIEUTENANT TO BE PROSECUTED.

SAN JUAN, P. R., May 17.—The War Department has ordered District Attorney Pettigill to prosecute Lieutenant Arthur Meyer of the insular police, who formerly resided in Brooklyn, and who was in the time quartermaster of the Forty-Seventh United States Volunteers, for an alleged shortage of \$6000 in the regimental pay accounts. Lieutenant Meyer says in explanation that the receipts of the pay failed to receipt for it.

FALLS INTO BAY AND IS DROWNED

Ship Melanope's Steward Loses Life While Going Aboard.

Oakland Office, San Francisco Call, 1118 Broadway, May 17.—Alfred Craine, steward of the British ship Melanope, lying at Adams wharf, fell overboard this morning at 1:30 o'clock while going aboard the vessel and was drowned. The crew grappled all night and recovered the body, which was taken to the Morgue.

Craine and the ship's cabin boy went ashore last evening, the steward returning alone to the vessel. He had started up the gangway to go aboard the ship when Louis La Rue, a watchman on the wharf, saw the steward stumble and fall into the bay.

An alarm was raised and the ship's crew under direction of Captain Wells, master of the Melanope, tried to save Craine, but to no purpose.

It was only after several hours of searching that the drowned man's body was recovered. The coroner has taken charge of the case and the body now lies at the Morgue. A full investigation into the circumstances surrounding his death will be made and an inquest held.

MAN DIES AT HOSPITAL PRESUMABLY FROM POISON

Is Found Unconscious in His Room and Expires Some Hours Later.

A man known by the name of Deedyr was taken to the Central Emergency Hospital yesterday from the Model lodging-house, 757 Mission street, suffering, it is supposed, from the effects of a drug whose composition could not be determined. He was in an unconscious condition when discovered in his room.

Dr. Weyer, the attending physician, did all in his power to revive the man, but in spite of all efforts to save him Deedyr died this morning at 12:30 o'clock.

There is nothing known of the deceased beyond the fact that he roomed at the lodging-house. The coroner has taken charge of the case and the body now lies at the Morgue. A full investigation into the circumstances surrounding his death will be made and an inquest held.

DAVID B. HENDERSON HERE.

Former Speaker of the House David B. Henderson of Iowa, who has been spending the winter with his family in Southern California, arrived in the city last evening and is registered at the Palace. He is accompanied by his son-in-law, S. C. Peaslee. Mr. Henderson, who has been in poor health for some time, expects to remain here for several days. His trip north being more for business than pleasure.

Suspected of a "Hold-Up."

Joe Samples was arrested yesterday morning by Corporal O'Dea and Policeman A. Holmes through information given by John Blanchfield, living at 81 Kearny street, who alleged that Samples had threatened a man with a gun early in the morning between Broadway and Kearny streets. The man alleged to have been held up by Samples could not be identified and the suspect was charged with carrying a concealed weapon.

Jockey Barry Dying.

NEW YORK, May 17.—Jockey Lawrence Barry, who came from the horse track in the hurdle race at Morris Park on Wednesday, is dying in the Fordham Hospital to-night. He sustained a fracture of the skull.

GALE WIPERS LIPS SHIPS IN PORT

Vessels Have Narrow Escape in Storm at Redondo.

Buoy Lines Are Parted and Heavy Sea Threatens Disaster.

REDONDO, May 17.—A gale from due west of greater intensity than any which has prevailed in many months blew along the coast to-day and kicked up a tremendous sea, which endangered shipping in this port, for the reason that Redondo caught the full force of it and was without protection. The four-masted schooners Patterson and Alvina were moored at the south pier with anchors out and side lines attached to buoys and hawsers attached to the wharf. During the afternoon the buoy lines parted and the two vessels began pounding heavily against the wharf, and it was only after several hours' hard work that new lines were made fast.

The two-masted schooner Lizzie Price, lumber laden, attempted to make port during the afternoon. When a quart of a mile out her anchor was dropped, but there the water is more than 200 feet deep, and the vessel, drifting toward the other craft, when 100 feet from the anchor fouled on the mooring lines and the schooner swung about, the waves dashing almost over her. The steamer Ramona went to her assistance and succeeded in getting another line out from her, which held her off the wharf.

The big old steamer Asuncion rode the storm a mile out. Several small boats were torn from their moorings and sent flying. The gale continued all day, but to-night the wind abated, although the sea continues very rough.

UNIVERSITY EVENTS

BERKELEY, May 17.—The standard for teachers seeking positions in the Philippines is to be raised, according to a letter received by Mrs. Cheney, appointment secretary for the university, from Colonel Clarence R. Edwards, chief of the division of Insular Affairs in the islands. After next September the teachers who apply for positions in the islands will come under civil service rule and a series of examinations will be held throughout the United States during the months of June and July for that purpose.

The University of California is largely represented in the school department of the Philippines. In a recent letter, reply to inquiries, President Wheeler stated that out of twenty-seven teachers the university had recommended for an alleged shortage of \$6000 in the regimental pay accounts. Lieutenant Meyer says in explanation that the receipts of the pay failed to receipt for it.

FARMER IS DROWNED.

ALAMEDA, May 17.—Francisco Martin, a farmer living on Bay Farm Island, was drowned this afternoon while trying to scuff. The cause of his death is not clear. Professor Hussey gives reasons for believing that Hyperion is the smallest of Saturn's attendant moons, and that it sometimes states. He also finds that the diameter of Titan, the largest satellite, which some text-books give as 2000 miles, is only about 2000 miles.

Row in a Restaurant.

As a result of a row in a restaurant at 13 Sixth street early yesterday morning about the payment for meals J. H. Prichard, a waiter, was arrested by Police Officer Kinch and Walsh on a charge of disturbing the peace, and Charles Holmes was arrested on a charge of battery. Prichard was struck on the head with a sugarbowl and had to be taken to the Central Emergency Hospital for repairs.

Row in a Restaurant.

As a result of a row in a restaurant at 13 Sixth street early yesterday morning about the payment for meals J. H. Prichard, a waiter, was arrested by Police Officer Kinch and Walsh on a charge of disturbing the peace, and Charles Holmes was arrested on a charge of battery. Prichard was struck on the head with a sugarbowl and had to be taken to the Central Emergency Hospital for repairs.

David B. Henderson Here.

Former Speaker of the House David B. Henderson of Iowa, who has been spending the winter with his family in Southern California, arrived in the city last evening and is registered at the Palace. He is accompanied by his son-in-law, S. C. Peaslee. Mr. Henderson, who has been in poor health for some time, expects to remain here for several days. His trip north being more for business than pleasure.

Suspected of a "Hold-Up."

Joe Samples was arrested yesterday morning by Corporal O'Dea and Policeman A. Holmes through information given by John Blanchfield, living at 81 Kearny street, who alleged that Samples had threatened a man with a gun early in the morning between Broadway and Kearny streets. The man alleged to have been held up by Samples could not be identified and the suspect was charged with carrying a concealed weapon.

Jockey Barry Dying.

NEW YORK, May 17.—Jockey Lawrence Barry, who came from the horse track in the hurdle race at Morris Park on Wednesday, is dying in the Fordham Hospital to-night. He sustained a fracture of the skull.

ADVERTISEMENTS.

Women are peculiar.

They have ailments and weaknesses peculiar to their sex causing them distress and anxiety. Thousands are carried to the grave by decline, consumption and other diseases of a fatal character by not correcting the evil in
