

AGED CAPITALIST DANGEROUSLY ILL

Alvinza Hayward Lies at Death's Door at San Mateo.

Serious Pulmonary Trouble Afflicts Octogenarian Financier.

Alvinza Hayward, the octogenarian capitalist, mine owner, banker and financier, lies almost at death's door at his magnificent home at San Mateo. He is suffering from an acute attack of capillary bronchitis. Last Friday he was suddenly taken ill, but it was not until Sunday morning that his tragedy commenced to show alarming symptoms. Dr. J. D. Arnold was immediately summoned from San Francisco and remained at the patient's bedside until Monday, when Mr. Hayward revived considerably. As no member of the family was in the house at the time, Mrs. Timothy Guy Phelps of San Carlos and Mrs. Hazelhurst of this city were sent for and have been in constant attendance on the sick man. Mrs. Hazelhurst, whose husband is a physician, has assumed the management of the household affairs. Mr. Hayward's daughter, Mrs. A. W. Rose, spent the winter at San Mateo, but returned to her home in New York last month, and Mrs. Hayward went with her and is now residing there. No news has been received from them since Mr. Hayward's illness.

Yesterday morning William J. Dingee, who represents Mrs. Hayward's interests, went to San Mateo to confer with the sick man, but the latter was too ill to see him.

Dr. Arnold was again summoned to San Mateo yesterday and on his return late last night he stated that Mr. Hayward was in a precarious condition and owing to his advanced age should any symptoms of pneumonia be developed there would be but the slightest chance of recovery. Dr. J. B. de Marville was called in consultation yesterday, the patient's case being so critical.

SAN DIEGO'S RADIANCE ALL PURPLE AND GOLD

Southern City Beautifully Decorated in Honor of the Delegates Who Are About to Begin the Christian Endeavor Session Under the Canvas

PROMINENT MEMBERS OF THE STATE CHRISTIAN ENDEAVOR UNION, WHICH IS TO BEGIN IMPORTANT SESSION UNDER IMMENSE TENT IN THE PICTURESQUE CITY OF SAN DIEGO.

SAN DIEGO, June 2.—The purple and gold of the Christian Endeavor Union is making its appearance on the fronts of business houses and public buildings and on some private residences. A few of the delegates from abroad have come in, some by steamer this morning from the far north and some by train to-night as advance guards of the larger delegations which will be along to-morrow. The bulk of the northern delegates reached Los Angeles to-day and to-night are holding a reunion there preliminary to starting by special trains to-morrow for this city. It is expected that there will be two special trains starting from Los Angeles to-morrow morning about 8 o'clock and reaching here between 11 and 12 o'clock. The rest will come on the regular train at 12:45, which may have to come in sections, so heavy is the demand for tickets. The stragglers will come in on the evening train just in time for the call to order. The big convention tent has been in the hands of the decoration committee all day and its plain white coloring was transformed into purple and gold colors, which are everywhere seen. Palm branches cover the poles supporting the canvas.

SAYS FAREWELL AND ENDS LIFE GILROY SCHOOL LOSES TEACHERS

REDDING, June 2.—Earl Nash, son of the late O. E. Nash, a merchant, went to his home at midnight last night, beside his wife, lay on a cot in the dining-room, placed the muzzle of a pistol to his right side and sent a bullet through his body. He died within an hour. Nash had been drinking and was intoxicated when he committed the deed. He was a prominent young man and when his father died he fell heir to a portion of a considerable estate. He was the father of a three-year-old daughter. Nash had previously threatened to kill himself but no one believed him to be serious. After shooting himself he sat on the edge of the cot and took off his shoes and stockings. He also grabbed the receiver of a telephone from his wife, who had started to use the instrument to summon assistance. He was 27 years of age. This makes the second suicide in Redding in three days. This evening another one was attempted. Nellie Ramsey, a dining-room girl in a local hotel, swallowed a large dose of carbolic acid and will die.

McBride's Cabinet Conservative. VICTORIA, B. C., June 2.—Premier McBride has formed a straight Conservative Cabinet, consisting of himself, R. F. Green, Charles Wilson, who is a Conservative leader in British Columbia, A. E. McPhillips and R. G. Taitlow. One portfolio is still to be filled. This is the result of Conservative pressure being brought on the new Premier, who had intended to select a Cabinet including two Liberals.

Salinas' Mayor Is Re-elected. SALINAS, June 2.—The first city election under the new charter, which occurred yesterday, passed off quietly and when the results were announced this morning there were numerous surprises. Thomas Renison was re-elected Mayor for the third term. J. J. Kelly, for City Clerk, and J. W. Rowling, for Treasurer, had no opposition. Of the eight Councilmen to be chosen only seven were elected.

Declares Against Socialism. CHICAGO, June 2.—The board of administration of Ruskin University has accepted the resignation of Walter Vrooman as trustee, and this without reference to his personal or business affairs. The board emphatically declares against the propaganda of political socialism, though one of its departments is sociology with courses in economy and industrial history, and economics from the Union Labor standpoint.

HOURS AND PAY THE MAIN POINTS

These Are Left by Committees for Mahon and Calhoun.

Minor Matters in Street Railway Trouble Are Soon Settled.

The vital questions of dispute now existing between the street-car men of this city and the officials of the United Railroads will come up for arbitration this morning at 10 o'clock. For two days both sides have been skirmishing and the real points at issue have been sifted out of the complicated mass of matters in controversy.

At the commencement of the arbitration proceedings President Mahon of the International Street Carmen's Union and P. Calhoun, who comes all the way from New York to represent the street car company, threw up their hands in dismay at the mass of minor details which confronted them. They both decided that they were willing to pass upon the real points at issue, but that there were many things that could be far better settled by local men. Accordingly there was appointed as a sub-committee for the street car men President Cornelius, Vice President Goldkuhl and Secretary Bowling of the union and E. J. Livernash. For the street car corporation the committee was composed of Manager Chapman, Treasurer Starr, David Young of New Jersey and General Counsel Ford.

The committees got down to business yesterday and accomplished much. Many things were amicably settled and both sides admitted last evening that the real points for the arbitration board to settle were very few.

The main points left for the board of arbitration are chiefly the demands of the men for an increase of pay and fewer hours of work. Which of these two demands the board will take up first to-day has not yet been decided upon. A point that the general public will be interested in is whether the doors will be thrown open at the arbitration proceedings so the arguments on both sides can be listened to by all.

In an interview yesterday afternoon General Counsel Ford said: The sub-committees have done much preliminary work and many differences have already been settled. Throughout the whole affair a friendly feeling has been shown on both sides and there is an evident desire to settle the disputes as speedily as possible. I am not at liberty to state what questions the sub-committees have already settled or what questions have been left for the arbitration board. This board will meet to-morrow morning and then the real steps toward a satisfactory settlement will be commenced.

FRESNO, June 2.—The Board of Trustees have passed the ordinance raising the saloon license \$600 per annum. Mayor Stephens is thoroughly in accord with the spirit of the ordinance and will without doubt sign it. The city government proposes to limit the number of saloons in Fresno to fifty.

time between Principal Dentin and the women teachers of the school. The teachers claimed that the principal has made their lot unbearable by a tyrannical attitude. They say also that were it not so near the end of the term every teacher in the building would resign immediately. Much indignation is felt over the strained relations by parents and pupils. The Trustee election Friday will hinge on this controversy.

The California Postal Progress League, which was organized at Los Angeles last month, has begun an active campaign for the advancement of the increased facilities of the postal system which they advocate. A copy of their resolutions, which were forwarded to President Roosevelt, have been sent by him to the Postmaster General, according to word received from Secretary Loeb last week. The league, which is backed by Governor Pardee and the presidents of the two universities in the State, will prosecute a vigorous movement to arouse public sentiment in favor of the measures which they recommend.
