NOTED OARSMEN ROW FOR PRIZES

Middle State Regatta Is Witnessed by Large Crowd.

Medals and Silken Badges Are Distributed Among the Victors.

WASHINGTON, Sept. 7.—The Middle States regatta, under the auspices of the Potomac River Regatta Association, was held here to-day and was witnessed by a large crowd. Favorable weather, a legal holiday, and the presence of some of the notable oarsmen of the country combined to arouse interest in the event. The prizes consisted of fifty-eight gold medals and silken badges that went to the victors.

The course was patrolled by a Government vessel to prevent crowding or interference with the oarsmen. Each race was rowed over a straightaway course, the decision of the committee in this respect meeting universal approval. The torpedo-boat Cushing was placed at the disposal of the committee and was used as a referee and press boat.

All races were at one mile except the senior eight-oared race, which was at one and a half miles. Results:

Junior singles—Won by Fred Sheppard, Ravenwood Boat Club, New York, by a length and a half. Time, 6:24.

Junior four eights—Won by Arundel Boat Club, Baltimore, by a length and a half. Time, 6:28.

THERO EATS A BREAKFAST AT CAMPBELL

Fugitive Folsom Convict Seen in Santa Clara County.

Member of a Party of Campers Recognizes the Felon.

Escaped Criminal Apprehends His Hunger, Asks Where Employment May Be Had and Then Takes Departure.

SAN JOSE, Sept. 7.—Joseph Theron, one of the Folsom prison escapes, ate breakfast this morning on a county road, in the edge of the town of Campbell. The meal was given him by a party of campers, one of whom was P. Kenney, who says he was formerly a guard at Folsom and knows Theron well.

Kenney first telephoned to the authorities at Folsom, who referred the matter to Sheriff Langford, at the same time vouching for the fact of Kenney's acquaintance with Theron and his belief in his reliability in this matter, though they said that instead of being a guard he had been a prisoner there up to April 7 last. Kenney's story was as follows: "We were eating breakfast in the edge of an orchard on Campbell avenue at 7:30 o'clock this morning when Theron came up and asked for something to eat. I recognized him instantly, but he did not appear to see me. I did not want him to and I stepped behind a tree. He sat down and ate his breakfast leisurely and when he was through asked where he could get work. The men pointed to the surrounding orchards and told him he could get work at any of them. "He then sauntered off down the avenue in a southerly direction. I was considerably excited and a little afraid and I got on the next train and went to Los Gatos. After thinking the matter over I concluded to telephone Warden Wilkinson.

"Theron wore a pretty decent-looking dark suit of clothes, a light colored soft-crowned hat with a black band. He had a short thick mustache and looked like he had not had a shave for ten days."

Immediately upon the receipt of the news Sheriff Langford and three Deputy Sheriffs started for Campbell to take the trail, but up to a late hour to-night no word has come from them.

ASSESSORS KEEP EQUALIZERS BUSY

State Board Continues Its Session on the Holiday.

Representatives of Lake and Nevada Counties Give Data.

SACRAMENTO, Sept. 7.—Although this was a legal holiday, the State Board of Equalization held a session this afternoon for the accommodation of the Assessors and other officials of outside counties.

Lake County was represented by Assessor C. M. Young. In 1902 the county's assessed valuation was \$3,153,754. This year's valuation was reported to be \$3,253,232. There was a boom in Lake County ten or twelve years ago, but in the last ten years there has been a falling off in the population of 1904. The crops this year were short on account of the absence of rain.

About 100 flasks of quicksilver were produced in the county during the year. The Bradford mine, which was sold for \$100,000, closed down a few years ago. The springs and the mines are what keep the county up. The hop raising industry has been abandoned. The temperance people in the county had boycotted the business with the result that the industry fell down to a very low point.

Nevada County was represented by Assessor Henry E. Schroeder. The assessment of the county in 1902 was \$5,453,015. This year it is \$6,478,110. The increase in ten years was \$1,025,095. On account of the suspension of hydraulic mining in 1881 the assessed valuation of the county was decreased \$2,500,000. In 1880 the assessment roll amounted to \$3,954,000. In 1889 it fell to \$5,473,000.

At that time hydraulic mining was the principal mining industry. Since then the mining industry has worked gradually from hydraulic to quartz mining. There are now six dividend paying mines in the county. There are only about twenty sections of timber land in the county at the present time. The best assessment on land outside of mineral land is \$12 50 an acre. Lowest assessment on non-mineral land is about \$5 an acre.

The senior hurling game was won by the Emeralds of San Francisco from the Young Irelands of Port Costa and Crockett by the score of 4 to 2.

The junior hurling game between the Emerald Juniors of San Francisco and the McBride Juniors of Crockett was a tie, 4 to 4. The members of the teams are all under fourteen years of age.

FIREMEN FIGHT PERILOUS FLAME

Courageous Work at Woodland Prevents an Explosion.

Special Dispatch to The Call.

WOODLAND, Sept. 7.—Prompt and courageous work upon the part of the Woodland volunteer fire department averted an explosion and possibly great loss this afternoon.

It was about twenty minutes to 4 o'clock. Two passenger trains were almost due and a big crowd of people was about the depot. The crew of a freight train which had been left standing on a sidetrack was at dinner up town. A blaze was discovered under the firebox of the engine, which was an oil burner. The crew of the fire department were hastily summoned, but before they arrived the entire tender was enveloped in flames, which were leaping twenty feet high. The tank contained nearly 1500 gallons of oil. A big stream of water was soon playing on the fire and it was quickly extinguished. There is no doubt but that for the timely arrival of the fire company the oil tank and steam boiler would have exploded and the lives of many people would have been endangered. The engine had to be hauled to the shops.

REGULARS WIN THE DELEGATES

Republicans Hold an Exciting Primary in Honolulu.

Special Correspondence of The Call.

HONOLULU, Sept. 1.—The hottest precinct election Honolulu has ever known took place last Saturday for the election of delegates to the county convention, to be held September 12, for the nomination of Republican candidates to fill county offices for the first time in Hawaii. The county law goes into effect January 4, 1904, and the election will be held on November 3 of this year.

There were two factions in the Republican party. The regulars were led by Chairman Crabbe of the Territorial Central Committee. The other faction was led by T. McCants Stewart, a colored man, who hails from the Carolinas. Stewart has always been an avowed office-seeker. He left the Democratic ranks when President Cleveland refused to give him the District Attorneyship in Kings County, New York. Failing to secure office in the East, he migrated to Hawaii soon after annexation, and now poses as a Republican leader and the savior of his party. His precinct in the Fifth District is known as the "Fighting Seventh," where he was opposed for control by Hon. Henry Vida, a member of the Legislature. Stewart was swept from his precinct, not electing a single delegate to the convention. It was the same throughout the city, the regulars carrying everything before them.

The grand excursion and picnic given for the benefit of the Sisters of St. Catherine's, Benicia, drew a large crowd of pleasure-seekers to El Campo yesterday. The steamer General Frisbie had been chartered for the day and brought more than 400 people from Benicia, Vallejo, Martinez, Port Costa, Crockett and Valona. Three of McNeill's best tugs carried the excursionists from this city and three trips were required to transport some 200 people to the grounds.
