Los Angeles City Employee Arrested on Grave Charge.

Naval Apprentice Accuses Parent of Attempt at Murder.

Boy With Two Fractures of the Skull Declares He Was Injured With Club and Razor While Asleep.

Special Dispatch to The Call.

LOS ANGELES, Oct. 19.—J. L. Barnett, a physical giant, aged 45 years, a contractor in the employ of the city water department, is in jail, charged with assault to murder his fifteen-year-old son, Ernest, an apprentice in consequence of three months on the training ship Pensacola.

The boy is in a dying condition, with two fractures on the top of the skull and a three-inch slash across his throat that just grazed the jugular vein. The boy is attended by his mother, who was divorced from the accused man ten years ago. She is housekeeper for a local hotel.

The boy came here two weeks ago and went to stay with his mother. The father had secured Ernest's discharge from the navy by proving that the mother had not been appointed his legal guardian, though given custody of him at the time of the divorce.

The mother immediately brought suit for the guardianship and this action was to have been heard in the Superior Court to-morrow morning. Mother and son expected he would return to his ship within a few days.

For the past week the boy has been much in the company of the father, the two taking many outings together. Monday night Barnett for the first time took the boy to sleep with him. At 8 o'clock yesterday morning the two reappeared at the mother's room in the hotel. The boy had walked five blocks from the father's lodgings with the terrible wounds.

The father said that during the night a burglar had entered the room, first wounded the boy and then dealt him a blow that knocked him senseless. Barnett said when he regained consciousness, which was at 6 a. m., he was in the act of washing the blood from his son's face.

On being removed to the California Hospital, away from the father, the boy promptly declared that his father had attempted to murder him as he slept. The boy said he was awakened by a bruising blow on the head from his father's fist and then the latter attacked him with a razor and a club.

The physicians think the boy has small chance to live. The mother and boy alike are wholly unable to account for the alleged crime, as the relations were peaceful and the father and son had been happy together. Barnett gives no signs of insanity, being cool and composed.

Colonel R. E. Goodell Dies at His Home in Denver.

Amasses a Comfortable Fortune but It Is Swept Away by Fire.

Searching Parties Leave Flagstaff and Find the Couple.

Special Dispatch to The Call.

DENVER, Oct. 19.—Colonel Roswell Eaton Goodell died at his home in Denver this afternoon of Bright's disease. With the exception of one daughter, Mrs. A. A. Blow, who is in Australia, all the members of his family were at his bedside.

Colonel Goodell was born at Pomfret, Conn., in 1827, and when a boy accompanied his parents to Illinois. At the age of 15 he was Postmaster at Ottawa, Ill. While employed as secretary of the Board of Commissioners to investigate a claim of the Illinois and Michigan Canal Company against the State, he met Abraham Lincoln, who was also on the board. Although Goodell was a Democrat, Lincoln asked him to run for Secretary of State on the Republican ticket. He did so, and was elected while occupying that office he was married. Later he became cashier of the Merchants' and Drivers' Bank of Joliet, and from there went to Chicago as a director of the Fourth National Bank. He was also treasurer of the Chicago and Alton Railroad, and the Pullman cars were first used through his efforts. He enlisted and served through the entire Mexican War, and at the time of the breaking out of the Civil War organized the Twentieth Illinois Infantry. It was through that war that he received his title as colonel, although he did not enter the service owing to financial reverses, which made it impossible. In 1873 Colonel Goodell came to Leadville, where he hoped to retrieve his fortune, which had been swept away by fire. He lived in Leadville for twelve years, and during that time was engaged in mining and investing capital for Eastern people.

Colonel Goodell has been one of the most prominent men in business and political circles in this State. He leaves a wife, four daughters and a son. One of his daughters is the wife of Former Governor James E. Grant; another, Mrs. James D. Whitmore, is president of the Denver Women's Club.

BANK CASHIER CONFESSES THAT HE IS AN EMBEZZLER

Steals Sixty-Nine Thousand Dollars and Loses the Money in Grain Speculation.

PRINCETON, Wis., Oct. 19.—J. E. Liemer, cashier of the Princeton State Bank, was arrested to-day and taken to Dartford by Sheriff Ogilvie, where he is now in jail. State Bank Examiner Marcus G. Bergh last night stated that Liemer had confessed that his forgeries amount to \$69,000.

The Princeton State Bank is closed and the Montello State Bank, of which Liemer is vice president, has been ordered by the State officials not to open its doors for business.

In speculation in grain, Liemer says, was the cause of his downfall. Liemer came here as cashier of the Princeton bank eight years ago and the examiners believe that the forgeries have covered a period of six years.

It is said by persons who are familiar with the affairs of the Princeton Bank that the depositors probably will be paid off in full with money now on hand.

BODY OF MISSING WOMAN FOUND IN A LONDON PARK

Remains of Miss Hickman, Who Mysteriously Disappeared, Discovered in Secluded Spot.

LONDON, Oct. 19.—The disappearance of a woman doctor, Miss Hickman, which has been a sensation here for the last two months has been partially cleared up by the finding of her body in an unfrequented part of Richmond Park.

Miss Hickman, who was a fully qualified doctor of medicine, performed her duties at the Royal Free Hospital on the afternoon of August 15, before she left the hospital. Since that time the police of the whole country have unavailingly searched for her. She was 29 years of age and took nothing with her except a few pounds sterling cash. The reason of Miss Hickman's disappearance is a complete mystery. Owing to decomposition the remains were only identified by means of a medal which Miss Hickman won in a swimming competition and by her ambulance cross.

CORONER'S JURY FINDS DEATH WAS ACCIDENTAL

Does Not Believe That City Councilman Morton of St. Louis Intentionally Killed Himself.

ST. LOUIS, Oct. 19.—The remains of Isaac W. Morton, member of the City Council, prominent clubman and director of the World's Fair and numerous large corporations, whose death occurred yesterday in St. Charles County, were received at his home here to-day. Death was caused by a pistol shot in the head. The coroner's jury, which viewed the body before shipping it to St. Louis, rendered a verdict of death by accident.

Manager Beachman of the Lyceum Club, who was first to see the body after the fatal shot was fired, said it lay on the bed, with a revolver having one empty shell, near the extended hand. He did not know the circumstances of the shooting.

The feat was accomplished at a contest held at Broadway Park in this city.

The cablegram added that the speed for sixty consecutive hours was 16.7 knots.

Desperate Outlook for the Vessels in the Yukon.

Passengers May Be Exposed to Severities of Arctic Winter.

Special Dispatch to The Call.

FLAGSTAFF, Ariz., Oct. 19.—Two well known young people, Leo Verkamp of Flagstaff and Miss Mabel Brown of Chicago, became separated from their party at Sunset Crater in the lava beds, twenty miles northeast of Flagstaff, yesterday afternoon and were not found until to-day.

A party was made up for a trip to Sunset Crater in honor of Miss Brown, who is visiting her brother, head book-keeper for the Arizona Lumber and Timber Company of this place. They reached their destination safely and after some time spent in exploring the crater started to return. Verkamp and Miss Brown were on horseback in advance of the remainder of the party, who were driving. This was the last seen of the couple.

Those in the rig went home, thinking the couple on horseback were in advance. A searching party was out all night, but failed to locate the missing ones, and returned at 10 o'clock this morning for reinforcements and several large parties were at once started to the vicinity.

Verkamp is cashier of Eastcott Bros., large mercantile house, and much anxiety is felt lest some serious accident has befallen the missing couple.

Word reached here to-night that the missing couple had turned up at a ranch to-day eighteen miles northwest of Flagstaff on the opposite side of the San Francisco peaks from their starting point and about fifty miles out of their way. Losing the road they evidently became confused and followed the mountains to the right instead of to the left.

They spent the entire night traveling and were nearly exhausted from exposure and thirst. It is feared the exposure will yet result in some serious illness. Verkamp has recently recovered from a sick spell. The main party of searchers are still on the northeast side of the mountain, unaware that the missing couple have been found, and it will be a late hour to-night before a messenger can reach them.

STANDS OF BEES FUEL FOR FLAME

Valuable Apiaries Destroyed in the Ojai Valley.

VENTURA, Oct. 19.—The Government forest rangers on Pine Mountain reservation believe that they have the fire on Topa Topa and Sespe ridges under control. However, the fire on the Simi ridge, in the eastern part of the county, is having everything its own way and doing great damage.

The bee men are the heaviest losers. Over 200 stands of bees have been destroyed. M. H. Mendelson of Piru was in town to-night and reported that Orcutt & Co. had lost 400 stands and Pressey over 300 stands of bees. There are many smaller apiaries destroyed. Telephone advices from Nordhoff say that A. B. Zinn lost everything he had, including his house, apiary and out-houses. The Kansas Company's olive orchard of forty acres is ruined, the Robinson packing-house destroyed.

The Gridley house, barn, apiary and orange grove were saved by the heroic work of young Truman Gridley. Gridley was the only person at home and he was sick in bed. He arose and fought flames from the house until assistance arrived three hours later.

Among the Casa de Piedra students who fought fire and were overcome were Theodore Palmer of Redlands and Bradford Avorill of San Rafael. Avorill fainted while fighting fire and it was necessary to carry him to the school on a stretcher. He is still in bed. Thatcher considers himself lucky that the Casa de Piedra School was not burned. The wind changed before the flames reached the buildings. The fire also reached within twenty feet of the Forty-six residence. A force of the railroad traveling passenger agent met with a peculiar experience at the fire on Saturday afternoon. He attempted to reach the Thatcher school and drove along the mountain road without fear of flames. Unknown to him his bicycle caught fire. He turned into an orange grove and put out the blaze, but he succeeded in doing so he lost the seat of his pantaloons by fire.

The heat in the Ojai Valley and in the Pasadena section has been intense for the past three days owing to the mountain fires. At Buckhorn to-day the thermometer registered 110. The only insurance reported is that of W. J. Davies, whose loss exceeds \$5000, with insurance of less than \$1000.

INSANE MAN ESCAPES WHILE GUARDIAN SLEEPS

Former Actor, on Way to San Francisco, Leaves Train in Shasta County.

REDDING, Oct. 19.—J. J. Belladieu, an insane man being taken from Seattle to the home of his brother in San Francisco, escaped from the California express this morning somewhere in the vicinity of Bald Spur in this county and has not yet been captured.

Belladieu was an actor who became insane four years ago and has since been cared for by friends in Seattle. He has never been in an asylum. He was in charge of H. Welsh of Seattle, who acknowledges that he fell asleep for a few minutes near Bald Spur, where Belladieu escaped. A. W. Mason, a second insane man of whom Welsh had charge, made no effort to escape.

INSANE CONVICTS KILL THEIR GUARDS

BERLIN, Oct. 19.—Eight convicts, who were in the insane ward of the Central Prison at Halle, Prussia, overpowered two guards on Saturday night, mangled one of them to death and badly wounded the other, took their keys and weapons and escaped to a neighboring forest. The fugitives were eventually overtaken by pursuers and Alfred Spur, head of the guard, they were captured in a near by hut, where they had sought refuge.

DRIVING ICE BEARS PERIL TO STEAMERS

Desperate Outlook for the Vessels in the Yukon.

Passengers May Be Exposed to Severities of Arctic Winter.

Hundreds of Thousands of Dollars and the Mails Delayed Because of Obstructions in the Waterway to Dawson.

Special Dispatch to The Call.

DAWSON, Oct. 19.—Sixteen river steamers are battling against the floating ice in the Yukon, in serious danger of being crushed next spring. Unless the river clears itself of ice for a few days none of these boats will be able to reach its destination. Running ice fills the river from bank to bank all the way from La Barge to Eagle on the American side.

The condition is unprecedented so early in the year. Three of the steamers, owned by the White Pass and Yukon Line, are on their way up the Yukon from Dawson with 150 passengers each. They may not be able to proceed more than a third or a half of the distance. They have already been two days making fifty miles against the running ice.

If these boats fail to get through their passengers will have to walk hundreds of miles. Many are not warmly clad and extreme suffering would result from such exposure. The mails and several hundred thousands of dollars in gold shipments are aboard these steamers.

Five White Pass and two independent steamers are scattered along the river between White Horse and Dawson bound this way. They are carrying 300 tons of cargo each. The number of passengers is not known here.

Five lower river steamers are laboring up stream toward this city. All the Northern Commercial Company's steamers got past Eagle and are now involved in the ice. The steamer Susie of that line was the first to succumb, having been disabled twelve miles below this city to-day.

The steamer Kerr, laden with 500 tons of refrigerated meats from Tacoma for the Pacific Cold Storage Company, has not yet reached Eagle. Early in the month it became apparent that she could not get through without assistance on account of the low water in the lower river. The steamer Lightning was dispatched to her relief. The Lightning is now supposed to be with her, and together they may pull through. More than 2000 tons of freight remained in the blockade at White Horse when the last steamer started down the river.

WAR MANEUVERS PLEASE THE MILITARY UMPIRES

Two Distinct Affairs Are Successfully Carried Out at Fort Riley Reservation.

FORT RILEY, Kans., Oct. 19.—The war maneuvers of to-day comprised two distinct affairs. In the first Colonel Duncan of the Sixth Infantry, with a battery of artillery and two troops of cavalry, composing a "Blue" force, crossed the Republican River and invaded territory beyond the river. A force of the Browns under the command of Lieutenant Colonel Kingsbury, Eighth Cavalry, attacked the Blues as soon as Colonel Duncan turned back, his force becoming the rear guard of an imaginary army that had gone before. Colonel Duncan, however, kept steadily on his way and although his "losses" were considerable because of the preponderating fire the Browns brought against him, managed to reach his camp without being cut off. He killed 200 men, seriously and damaged the Browns badly.

The second exercise was exactly similar, the rear guard being commanded by Colonel Jacob Kilne of the Twenty-first Infantry, and the pursuers by Lieutenant Colonel Steever of the adjutant general's staff.

The weather was ideal throughout and the exercises were considered by the umpires to be a great success.

BANK MUST PAY EDSON'S SHORTAGE

NEW YORK, Oct. 19.—Rev. John P. Peters of St. Michael's Protestant Episcopal Church has announced that the fiscalation of church funds by Henry T. Edson, treasurer of the parish, who killed Mrs. Fauntle Pullen and committed the suicide several months ago, amounted to \$25,000. Of this amount \$10,000, the record said, had been returned to the church by the wife of Edson in making over to the church two life insurance policies. A part of the remainder will fall upon a bank through its liability in connection with the forgeries.

CONFESSES TO COMPLICITY IN LYNCHING

CODY, Wyo., Oct. 19.—W. H. Smith, in custody at Basin, Wyo., has confessed to complicity in mobbing the jail at Basin last July, when Gorman and Walters, two men, were shot and killed, and Deputy Sheriff Price was killed and Deputy Meade was wounded. Smith gives the names of thirty-five other men in the mob. The Grand Jury called by the Governor of Wyoming will meet at Basin. It is feared an attempt will be made to kill Smith.

RECORDER OF LONDON DELIVERS CHARGE TO GRAND JURY AGAINST WELL-KNOWN PROMOTER

LONDON, Oct. 19.—The Recorder, in charging the Grand Jury at the Old Bailey to-day, advised finding a truly villainous Whitaker Wright, the company promoter who was extradited from New York July 20 on charges growing out of the failure of the London and Globe Finance Corporation, Limited.

Commenting on the Robie directorate, including the late Marquis of Dufferin, etc., associated with Wright, the Recorder said he hoped the facts which had been disclosed would serve as a "solemn warning to persons of high position against lending their names to commercial enterprises of which they had no practical knowledge, and in which they became the prey of wicked men, who, by means of their names, victimized the public."

BATTLESHIP IS BADLY DAMAGED

FERROL, Spain, Oct. 19.—The British battleship Prince George, which was towed here after having been in collision with the British battleship Hannibal during the naval maneuvers off Cape Finisterre, was found to have been so extensively damaged by the Hannibal that she was landed for temporary repairs, preparatory to being towed back to England, where she will be placed in drydock. The Prince George took in immense quantities of water, necessitating incessant pumping.

MASKED ROBBERS COMMIT MURDER

CODY, Wyo., Oct. 19.—Two masked men entered the saloon of Nick Noble and held up those present. A man whose name could not be learned resisted when searched and was killed by a blow on the head from a rifle. The bandits cleaned out the place, securing \$125 in money and fled.

PRISONER WALKS FROM THE TRAIN

Mail Thief Bell Gives Deputy Marshals the Slip.

PHILADELPHIA, Oct. 19.—Albert B. Bell, the mail pouch thief and forger, who was brought to this city from Denver by Deputy United States Marshals D. H. Baker and Alva Davis, to-day eluded his guards and is now at liberty. When the train reached the Pennsylvania Railroad station Davis and Bell went to the toilet apartment of the Pullman car, and while the deputy marshal was washing his face the prisoner walked to the platform of the car, mingled with the crowd of passengers and disappeared. For nearly three hours after the swindler had made his escape Davis and Baker wandered about in search of him. Finally they notified the local police authorities. Government and city detectives are now endeavoring to locate Bell, but he has the advantage of a long start and the officers are without a clue.

Bell was arrested while he was ill in a hospital at Denver. He confessed to having stolen a mail pouch containing about 1200 checks from an express train of the Pennsylvania Railroad at Germantown Junction, this city, on the night of September 8. He was held in \$10,000 bail for his appearance in the United States District Court here. In custody of Deputies Davis and Baker, the prisoner left Denver for this city Friday afternoon. As he was still suffering from the effects of the illness which took him to the Denver hospital, the officers did not deem it necessary to shackle him. He was accompanied as far as Pacific Junction by Mrs. Sharp, who was arrested with him, but later discharged. The trip to Philadelphia was uneventful until the train reached. Deluded by the tractability of the prisoner, the deputies failed to guard him carefully and his escape was rendered easy.

PIONEERS BURY NOTED VETERAN

Winston Bennett, Who Served With Fremont, Laid to Rest.

SANTA CRUZ, Oct. 19.—The funeral of Winston Bennett, who at the time of his death was the oldest pioneer in California, was held this afternoon under the auspices of the Santa Cruz County Pioneers. He was 80 years of age and a native of Georgia. He left Arkansas with the first Eastern emigrant party and after eight months' travel across the plains arrived in October, 1842, in Oregon.

Later he came to California and enlisted under General Fremont. He participated in all the Mexican War battles. In the early fifties he was Sheriff of Santa Clara County, and was owner of an extensive ranch in that county.

For twenty years he had resided in this city. He leaves two sisters, Mrs. M. A. Shelby of Santa Cruz and Mrs. D. L. Adams of Los Angeles.

Drinks Bayrum and Coddington of Likely, Modoc County, had been indulging in liquor and when the supply gave out last Friday evening he obtained a bottle of bayrum and drank it. He lived only a few hours.

AGREES TO DIE TO SAVE OTHERS

Winstan Bennett, Who Aged Chinese in Jail Anxious to Sacrifice Himself.

VANCOUVER, B. C., Oct. 19.—Quong Yuen, an aged and decrepit Chinese, with two fellow countrymen, the latter fairly wealthy men, were arrested two months ago for the murder of a fourth Chinese. Quong was really held as a material witness against the other two. Now the police are sure he has entered into an agreement to hang in their stead, in order that his widow and family in China may be well provided for when he dies.

Quong at first said that he knew nothing about the murder at all. He declared that he was not even in the neighborhood. The police believed this story, but considered it necessary to hold him as a witness.

To-day Quong, who is fast nearing the end of his life, sent for the police officials and said that he had killed the man and was willing to hang for it. The man who was murdered was strong and large and the officials consider it an impossibility that Quong should have actually killed him with a knife and dragged him 300 yards. Quong declared, however, he did the deed and expressed great anxiety to see the other two men released.

Similar cases are on record among the Chinese.

ADVERTISEMENTS.

MEN, COME TO ME!

If you don't feel right, I can cure you with my Electric Belt. If you are weak, I can make you strong. If you are whooping cough, I can knock them out. I can pour oil into your joints and limber them up. I have often said that if I could not cure you, I can't live in the same house, and I prove it every day.

Mr. Geo. M. Curtis, Livingston, Cal., writes: "I suffered with chronic lumbago for years. I am pleased to say that after three months' use of your Belt I am completely cured and as well as I ever was."

Mr. Geo. M. Curtis, Livingston, Cal., writes: "I suffered from rheumatism in the land. I would not be able to handle the business that would come to me. The 'Free Belt' fraud and the 'Free Drug' scheme, which are tried at all, have made every one skeptical, but I know that I have a good thing, and I'll hammer away until you know it."

One thing every man ought to know is this: Your body is a machine. It is run by the steam in your blood and nerves. When you begin to break down in any way you are out of steam. That's just what I want to give you back.

Mr. John O'Brien, 1458 Fifth St., Oakland, Cal., writes: "I suffered intensely from very severe lumbago. Plasters and medicines afforded no relief. After using your Belt for nine days my pains were gone and I have been free from suffering ever since."

I have a cure in every town. Tell me where you live and I will give you the name of a man I've cured. I can cure you or not. If I can't cure you, I don't want your money. I have been in this business twenty-two years, and am the biggest man in it to-day by long odds, and I am growing yet, because I give every man all he pays for.

Now wouldn't it rather wear my life-giving appliance while you sleep every night, and feel its glowing warmth pouring into you, and feel yourself taking on a new lease of life with each application, than to clog your intestines up with a lot of nauseous drugs? Surely! Try me!

Mr. James Cuyler, Reno, Nev., writes: "I have used your electric Belt and can truthfully say that it has cured me of what was supposed to be a hopeless case of lumbago. I am now in perfect health and the credit is all due to your treatment."

If you will come and see me I'll explain to you. If you can't call, let me send my book, full of the things a man finds inspiring to strength and courage. Free if you send this ad.
