These Pictures Represent Nine of the Longest Rivers in the World---Name Them and Win a Valuable Prize.

HURRAH, Children! something new and exciting is happening on this page every Sunday, isn't there? To-day it is something that will make you shout for joy, and if you are one of the lucky winners, will keep you so busy reading that you will scarcely have time for play. Must be something very nice, don't you think so, if it is exciting enough to make you want to read instead of play? Well, it is! It is—now pay strict attention—it is a BRAND NEW LIST OF BOOKS TO CHOOSE FROM! Isn't that the jelliest thing that could have happened? The other list of books was good, but this is better. Just read it over for yourself and see if you don't think so too.

And what do you think of the Honorary Gallery of Prize Winners to-day? All girls, aren't they? Funny that it should have happened that way, isn't it? Well, that is because some of the pictures do not make good half tones, which means that they are too small or too indistinct or too much faded or too badly scratched in coming through the mails to print well.

So remember this: You will all have a chance not only to win a prize, but to get your picture published as well. The Puzzle Editor wants all prize winners from now on to send in their pictures—the whole sixty every week if possible. Begin right now. Don't wait. The more the merrier. There can't be too many. But remember only the prize winners can have their pictures published.

Each of the Nine pictures in this, the ninth contest of the FIFTH SERIES of Name Puzzles, represents one of the longest rivers in the world. Can you guess? Ah! There is rich reward for you if you can. Now is your chance. Remember there will be a SPECIAL \$5 and \$10 prize for the highest percentage of the whole thirteen weeks of the Fifth Series.

And now listen carefully: THERE ARE SIXTY PRIZES, and this is what you must do to win one of them:

Find the name of nine of the world's longest rivers represented by the Small Puzzle Pictures on this page, and write them out in full in the space opposite the proper corresponding number provided for the purpose in the coupon on this page, as per directions; fill in the coupon with your name and address and the prize you desire—if you win—and send the picture, with the coupon attached, to the EDITOR OF THE NAME PUZZLE PAGE, Sunday Call, San Francisco, Cal.

REMEMBER—To the FIRST SIXTY BOYS AND GIRLS who solve the Nine Name Puzzles correctly, one of these SIXTY BEAUTIFUL PRIZES will be awarded.

And don't forget this next point, because it is very important: ALL ANSWERS MUST REACH THIS OFFICE BY FRIDAY NOON. This gives all those in the country an equal chance to compete. Read everything on this page, to be sure that you overlook nothing that will help you to win a prize.

THE NAMES OF THE LUCKY WINNERS WILL BE PUBLISHED IN THE SUNDAY CALL TWO WEEKS FROM TO-DAY, November 8.

These are the TWENTY BEAUTIFUL BOOKS from which you may select if you solve all the puzzles correctly: A Wonder Book, by Hawthorne; Evangeline, by Longfellow; The Fairy Land of Science, by Buckley; Greek Heroes, by Kingsley; Alice's Adventures in Wonderland, by Carroll; Old Christmas, by Irving; The Water Babies, by Kingsley; A Child's Garden of Verses, by Stevenson; Jessica's First Prayer, by Stretton; Christie's Old Organ, by Walton; The Sketch Book, by Irving; Kavanagh, by Longfellow; Cranford, by Gaskell; The Pilgrim's Progress, by Bunyan; The Cricket on the Hearth, by Dickens; The Tales from Shakespeare, by Lamb; Treasure Island, by Stevenson; Adventures of a Brownie, by Mulock; Laddie and Miss Toosey's Mission and The Magic Nuts by Molesworth. OR A BOX OF SUPERFINE FRENCH PAINTS.
