

FACTION ROW IS UNSETTLED

Dispute of Republican Delegation From Wisconsin Is Annoying to the Leaders

DELAWARE IS QUIETED

Louisiana Negroes Are Surprised When They Defeat "Lily White" Contingent

CHICAGO, June 16.—After deciding several State contests on delegates at large to the Republican National Convention and a number of district disputes, the Republican National Committee adjourned until to-morrow morning, leaving the biggest fight, that of the factions of Wisconsin, still unsettled.

While there was much interest taken in the settlement by the committee of the contests in Delaware and Louisiana to-day, the quarrel in Wisconsin is regarded as the most serious in the party and the outcome in anxiously awaited by Republicans and Democrats alike.

In the Delaware contest the committee this afternoon decided unanimously to seat the Delaware delegation which is headed by J. E. Addicks. It was also decided to seat the colored delegates at large from Louisiana, who are opposed to the "lily white" Republicans of Louisiana.

The colleagues of Mr. Addicks who were given seats are United States Senator J. Frank Allee, John Hunn and Caleb R. Layton.

Some surprise was occasioned when, by a vote of 23 to 13, the committee decided to seat the delegates at large from Louisiana who are opposed to the "lily white" element. Not only the contending party, the Cohen faction, wins in the matter of delegates at large, but their representatives were victorious in practically all of the district contests in that State. The "lily white" faction expected the contest would be decided in their favor and the colored delegates had practically given up hope of being successful before the committee. When the vote was announced the negro delegates hurriedly left the committee room to tell their friends assembled in a room adjoining. Instantly there were loud shouts by all the negroes who were present and it was some minutes before the committee could proceed with its work. The recognized delegates at large are Walter L. Cohen, Emile N. Kuntz, Girault Farrar and H. B. N. Brown.

Henry C. Payne, who became ill and was unable to preside at the meeting of the committee yesterday, was present to-day when the committee was called to order. The committee decided to give the Philippine Islands representation in the convention.

Contests from Alabama, Georgia, Mississippi, North Carolina and Virginia were decided.

J. H. Fassett and A. E. Valos of the Thirtieth New York District were seated. Mr. Fassett only was present and he presented a statement on behalf of himself and colleague and the committee decided in their favor.

A man may be as honest as the day is long and still have a bad record at night.

ADVERTISEMENTS.

Your brain is tied pretty closely to your digestive machinery. Like a coal fire when it gets clinkered up, it's generally the fuel that's to blame. "FORCE" is what you might call a "free-burning" food. If you eat plenty of it you won't have those stuck-in-the-mud days when everything seems to be going backward instead of forward.

Summary Fine

When you buy coal you find some stones mixed with it. These stones cost as much as the coal. They also take up and waste more heat than the coal they displace would have developed.

Just so with the foods you eat which you do not digest.

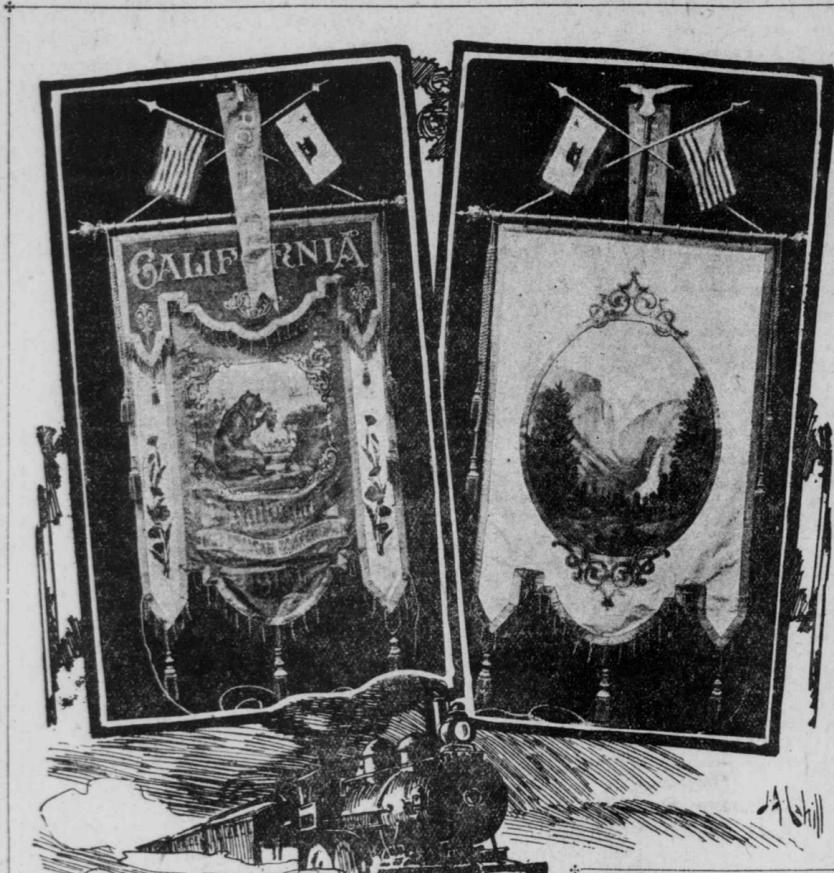

People who would quickly build Brain, Brawn, and Bone should eat plenty of "FORCE."

Because it is not only rich in the Phosphates and Nitrogen of Wheat that build Brain, Nerve, and Brawn, but is mated with Barytes, so that it digests other foods in the stomach, extracting greater nutrition from them.

Serve cold (or hot) with real Cream, or Fruit.

RUEF YIELDS AND GEORGE A. KNIGHT WILL BE NATIONAL COMMITTEEMAN

Matter Is Settled Quietly by the Aspirants.

Nevada's Name Dr. Lee as Their Chairman.

By F. W. BISHOP, Staff Correspondent of The Call.

EVANSTON, Wyo., June 16.—All probability of a contest for national committeeman from California was dispelled this evening when Ruef left his drawing-room and went into conference with George A. Knight. Ruef made known to Knight his aspirations, and Knight made known to Ruef his obligations. The result being that Ruef announced that in view of his friendship for Knight he would make no contest for the honorable office next Monday when the California delegation assembles at the Auditorium, Chicago.

RECEPTION TO NEVADANS.

Californians Give Warm Welcome to the Sagebrush Delegation.

OGDEN, Utah, June 16 (on board California delegation's special train).—The terrors of Nevada's wind-swept desert have been overcome and drafts of wine and sparkling waters have washed down the last fleck of alkali that parched the palates of these most grateful passengers.

To-day was given over to the entertainment of the Nevada delegation, which after the eastern border of the State after the numbers of five, Dr. S. L. Lee of Carson, E. S. Farrington of Elko, B. Reymers of Dayton, R. S. Meacham of Virginia City and Colonel H. B. Maxson of Reno (alternate). These delegates will be joined at Chicago by H. Burrell, who is in the East, and Frank McNamee, who leaves Salt Lake to-day for the convention city.

Nevada's delegates were cordially greeted by the Californians, the Hawaiians and J. M. Switzer, the one delegate from the Philippines, who took passage on this train.

After the health of the men from the sagebrush State had been largely toasted, they were given a corner in the smoker that they might confer undisturbed. After some discussion, Dr. S. L. Lee of Carson City was selected chairman, E. S. Farrington was named to represent the State on the committee to formally notify President Roosevelt of his nomination for the office he holds, and Alternate Maxson was delegated to perform the same function in reference to the nominee for Vice President.

R. S. Meacham was appointed to act for Nevada as honorary vice chairman of the convention. P. L. Flanigan, present national committeeman from Nevada, will be recommended to the convention for reappointment. Dr. S. L. Lee, who was named chairman of his delegation, won this honor by his fealty to his party through two campaigns in his State that were fraught with discouragement.

Regarding the political conditions prevailing in Nevada, Chairman Lee said:

"The next campaign will find Nevada engaged in one of the hardest fights in her history.

"Since 1896 the State has been fanatically behind the silver movement, but this year we are going to take the full advantage of what seems to be a possible, even probable, opportunity to seat Republicans to Washington. Mineral as well as political conditions are winning the State back to Republicanism, and it is my opinion that the next fight is the last that the supporters of silver will make.

question of importance in which California is equally interested—the possible retirement of Thomas H. Hawley, United States District Judge for Nevada and member of the Circuit Court. Age is creeping upon Judge Hawley and he has talked of laying aside the ermine.

In event of Roosevelt's defeat at the next election—a hardly possible contingency—Judge Hawley, it is said, will immediately resign that President Roosevelt may appoint his successor. If President Roosevelt is elected Judge Hawley will retain his position until the burden of his years compels him to quit his labors. His successor, no matter when or why he quits his office, it is said will be E. S. Farrington, a distinguished lawyer of Elko, who will have as his only opponent for the office General James D. Tarreyson, an ex-attorney general of the State, a most able man. Farrington's influence, however, is said to be the stronger. The fact that Judge Hawley is beginning to feel that he must rest and enjoy the honor his distinguished tenure has won for him is greatly regretted by all Nevadans, and will be by Californians when they learn herein of his intentions.

Turning from the politics of Nevada back to those of California, there is only one ripple of dissension, so far as the national delegation is concerned, to record. Ruef still wants to be national committeeman, notwithstanding the fact that George A. Knight is looked upon as the inevitable winner of the honor. Ruef refuses to permit his aspirations to die. He was generally probing the situation to-day, but the biggest men of the delegation don't seem to care. Knight, Delegate Countryman, Porter and Phillips, it is known, favor Ruef, but it is hardly expected that they will be able to clothe him with the honor he seeks.

It is openly announced by many of the delegates that in giving Knight the committeeship the delegation will only act in deference to the wishes of President Roosevelt, who demonstrated his regard for Knight when he personally requested that Knight second his nomination in the Chicago convention.

The journey overland so far has been delightful. Colonel Kowalsky's punch has been a feature to impress the memory, and Secretary Steppacher's liberality in dispensing it the source of congratulatory remarks. There are few things on this train that are causing worry.

THEY ARE STATE OFFICIALS.

By unanimous vote the Election Commissioners decided yesterday evening that they have no jurisdiction in the matter of Justices of the Peace. The opinion rendered by Commissioner Devoto confirmed that of City Attorney Percy V. Long to the effect that Peace Justices are State officials and therefore did not come within the rulings of the charter. The board believed that as municipalities were formed by power of the State constitution they were consequently subordinate to it. In regard to the tenure of office of Isadore Golden, Justice of the Peace, the Commissioners say that any one who cares to continue to do so. They hold that the term of office for Peace Justices is four years, as provided for by the constitution under a recent amendment.

Cowherd Is Renominated.

KANSAS CITY, June 16.—William Cowherd was renominated for Congress here to-day by the Democratic convention of the Fifth Missouri District.

Celebration at Old Mission.

The annual celebration of San Antonio day at the half-restored San Antonio Mission in Monterey will be held on Sunday, June 19, with the quaint service of the old Spanish days. Some of the officers of the Landmarks League go down to be present at the feast, whose picturesque features cannot be observed elsewhere in America. The religious services will be held this year within the chapel, the walls of which the league has succeeded in restoring. The festive side of the celebration will take place on the banks of the San Antonio, behind the mission garden.

Many Anxious to Succeed Victor Metcalf. Aspirants to Fill an Expected Vacancy.

The impression that Victor H. Metcalf cannot decline the great honor and privilege of serving in the Cabinet of President Roosevelt is general in the Third Congressional District. The promotion of Mr. Metcalf will not deprive the district of representation in Congress. Several well known Republican State Senators—for instance, Joseph R. Knowland, Charles M. Belshaw, F. W. Leavitt and G. R. Lukens—are willing to serve the people as Representative in Congress. The State Senators are not all who are ready to undertake the responsibility of a term in Congress. There is Thomas Rickard of Berkeley, one of the progressive and active Republicans of the Third District. He stands high in the favor of the State administration and is close up to the workers who advanced the political fortunes of Charles H. Spear, president of the Board of State Harbor Commissioners. While Alameda County is presenting a bunch of exemplary aspirants for the Metcalf succession, Contra Costa and Solano counties must be considered in the reckoning. Senator Belshaw has nerve and ambition as well as the means to put up a hustling good fight for nomination and election. His ability as a slate smasher has been demonstrated on more than one occasion. It is common gossip in political circles that Senator Perkins recently advised against an extension of Belshaw's career in the Legislature and this incident may stimulate the supporters of Belshaw to universal activity in the contest for Congressional recognition. Complaint comes from Solano County that Mr. Metcalf has been advising the Republicans of that county on the subject of selecting a man to represent Solano and Napa counties in the upper house of the Legislature. The story comes that the Republicans of the Senatorial district

are ready to resent what they are constrained to term an interference in their local affairs. It could not be surprising if Lieutenant Governor Aiden Anderson should enter the contest as a candidate to represent the Third District in the halls of Congress. It is common rumor that Mr. Anderson expects in the future to go a step higher on the gubernatorial ladder, but a term in Congress would not lessen his chances of becoming Governor. Secretary of State Charles F. Curry entertains an ambition to occupy the executive office in the State Capitol and he would not care if the Lieutenant Governor should be chosen to succeed Victor Metcalf.

There will be a meeting of the executive committee of the Republican State Central Committee this evening at party headquarters in the Palace Hotel and the official call for the convention to nominate Presidential Electors will be framed and made ready for submission to the meeting of the general committee to-morrow.

The Democratic State Central Committee will meet for organization to-morrow. Gavin McNab and M. F. Tarpey will contend for the control of the works. The committee will elect a chairman and a secretary and promulgate a call for a State convention. The belief is general that the Democrats will hold their August convention in San Jose. The Republicans talk of going to Santa Cruz.

Many a man who says he has great presence of mind manages successfully to conceal it.

NEW POSITION FOR METCALF

California Congressman Is Now Mentioned as the Coming Secretary of the Navy

RUMOR IS UNCONFIRMED

Friends Say That Strong Influences Will Urge Him as Successor to Moody

Special Dispatch to The Call.

NEW YORK, June 16.—The consensus of opinion in Washington, as expressed by the various correspondents of the Washington press, seems to be that Congressman Dayton of West Virginia, chairman of the Naval Affairs Committee, will be appointed Secretary of the Navy and that Metcalf will succeed Cortelyou as Secretary of the Department of Commerce and Labor.

The Herald's correspondent sends the following:

WASHINGTON, June 16.—An intimation received here to-night from Oakland, Cal., the home of Representative Metcalf, states that he has been offered his choice of post of Secretary of the Navy and Secretary of Commerce and Labor.

This cannot be verified here, but it bears the marks of probability, although it is unusual for a man to be offered his choice of two portfolios. It can be stated that before Attorney General Knox decided to leave the Cabinet to become Senator from Pennsylvania, President Roosevelt considered the possibility of appointing Metcalf Secretary of the Navy when Mr. Moody would retire on March 4, 1905.

CORBIN IS TO SUCCEED WADE IN PHILIPPINES

Major General in Command of Division of Atlantic Ordered to the Islands.

WASHINGTON, June 16.—Major General H. C. Corbin has been ordered to command the Division of the Philippines, succeeding Major General Wade, the order to take effect in October.

General Corbin at present commands the Division of the Atlantic and Department of the East, with headquarters at Governors Island, New York. He will have had about a year and a half of service in the Philippines when Lieutenant General Chaffee reaches the retiring age. It is expected that Major General Corbin will then succeed General Chaffee as lieutenant general.

Fair Enriches Government.

ST. LOUIS, June 16.—A check for \$195,057.04 was to-day paid to the United States Government by the Louisiana Purchase Exposition Company, this sum being 40 per cent of the gross gate receipts from the day of opening, April 30, to midnight of June 15.

are ready to resent what they are constrained to term an interference in their local affairs. It could not be surprising if Lieutenant Governor Aiden Anderson should enter the contest as a candidate to represent the Third District in the halls of Congress. It is common rumor that Mr. Anderson expects in the future to go a step higher on the gubernatorial ladder, but a term in Congress would not lessen his chances of becoming Governor. Secretary of State Charles F. ADVERTISEMENTS.

SURGEON SEWS UP BOY'S HEART

Performs a Rare Operation on Youth Who Attempted Suicide With a Revolver

PATIENT STILL LIVING

Doctor Sanguine That Application of Science Will Be Means of Saving Life

Special Dispatch to The Call.

CHICAGO, June 16.—Mending a heart, a surgical operation which is said to be rare in medical records, was performed last night upon Edward Pelt of 107 Orchard street, a 15-year-old boy, who attempted suicide yesterday by shooting himself in the side.

At St. Joseph's Hospital the bullet, which had entered the boy's side, pierced the lungs and passed through the heart, was found in the thoracic cavity and removed, the hemorrhage of the lungs was stopped and the heart was sewed up, the operation being performed by Dr. Carl Wagner. "The boy will recover, I am positive," said Dr. Wagner to-day. "The operation is rare, and a delicate one, and it has been performed only three or four times, so far as I know."

PARALYSIS STRIKES THREE MEMBERS OF ONE FAMILY

Mrs. William Gordon, Her Husband and Her Son Fall Victims to Malady in One Day.

EASTPORT, N. Y., June 16.—The fourth victim of paralysis within forty-eight hours in this place, three of whom were members of the same family, has been stricken.

Mrs. William Gordon received a stroke Monday afternoon and died an hour later. Gordon was standing by the body of his wife Monday evening, when he, too, was stricken with paralysis. Tuesday morning Mrs. Edgar F. Howell was preparing the body of a child in a casket, when she fell unconscious by the side of the dead woman, Isaac Gordon, whose home is in Palochogue, went to Eastport yesterday morning to view the body of his mother and to look after his father, who is still unconscious. Immediately after his return home he suffered a stroke of paralysis and there is little prospect of his recovery. Mrs. Howell is the only one of the three whose recovery is looked for.

The residents of Eastport and nearby villages were so shocked by the strange fatality that many of them were afraid to attend the funeral of Mrs. Gordon.

EXPOSITION COMPANY PAYS PART OF DEBT TO CONGRESS

Managers of Fair Send Check for \$195,057.04 Per Cent of Gross Receipts to Government.

ST. LOUIS, June 16.—World's Fair officials are very much pleased with the financial condition of the fair, indicated by the payment of the first installment on the Government loan, which was made to-day. The following statement by Secretary Stevens was made to-night:

The Louisiana Purchase Exposition to-day paid into the United States treasury at St. Louis \$195,057.04, being the first payment on the loan of \$2,000,000 made by Congress. This was 40 per cent of the receipts of the exposition from admissions and concessions during the first fifteen days of June, that being the percentage required under act of Congress. The gross receipts paid into the exposition treasury for the first fifteen days were \$487,942.25, divided as follows: Gate, \$232,420; season tickets, \$80; stockholders, \$38,500; national commission, \$15,300; concessions, \$101,722.

ROYALTY ADDS LUSTER TO THE MOTOR CONTESTS

Emperor and Empress of Germany Arrive at Homburg to Witness Races.

HOMBURG, Prussia, June 16.—Emperor William and the Empress arrived here to-day to attend the motor contests.

There was much excitement this morning during the weighing of the cars which are to compete for the James Gordon Bennett cup to-morrow. A lighted match carelessly thrown down ignited petroleum which was escaping from one of the cars and the whole street became a stream of flame, causing a panic among the spectators. The cars, however, were removed uninjured.

The Swiss competitors have withdrawn from the James Gordon Bennett contest.

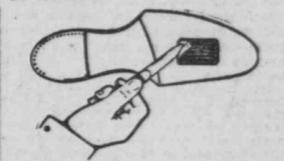

REGAL SHOES.

FROM the day we opened the first Regal Shoe Store, we have been telling the public how shoes are made.

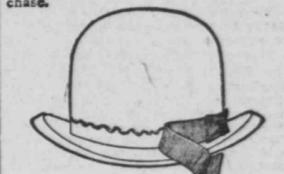

The shoemen say that we have told trade secrets—but we have nothing to conceal, believing that everyone should know what they are purchasing.

The Buzz-Saw in our windows dissected all makes of shoes.

"The Window of the Sole" on Regal Shoes proves the presence of genuine old-fashioned oak bark tanned sole leather before you purchase.

What would you think of a man who sold you a hat pieced or patched under the ribbon?

All other shoes sold for less than \$6.00 are made with pieced or patched vamp concealed under the toe cap.

Cutting off the end of the vamp means a saving of about six cents per pair to the manufacturer.

The consumer knows nothing about this until the shoe loses its shape or bursts out.

Every one of our new Spring Regals—Oxford, blucher, lace or button, King Calf, King Kid, russet, waxed, patent or enamel—has the same unmistakable custom-made appearance that the exclusive New York bootmakers charge \$10.00 and \$12.00 a pair for.

It's going to be another Oxford year. Regal Oxfords fit at ankle and instep—no slipping up and down, no chafing, no "gapping" at the sides.

REGAL THE SHOE THAT PROVES

There are 72 Regal Stores, 25 of them in Greater New York, where the styles originate. The new styles are on sale at our San Francisco Store at the same time as in the New York Stores.

Women's Regal Shoes embody all the latest custom designs of leading boot-makers of New York, London and Paris. go new styles—one price.
