REVOLVER USED BY STREET CAR ROBBER IDENTIFIED

Electrical Engineer at White's Hill Tunnel Proves That It Was Stolen From Him.

Captain Martin received a letter yesterday from Arthur B. Saunders, engineer and electrician at the North Shore Railroad camp, No. 3, White's Hill Tunnel, in which the writer states that he believes the revolver taken from Gurt Burnell, the footpad, belongs to him. Saunders said that a revolver was stolen from his room at the camp about three weeks ago. In his letter he gives the number and description of the stolen weapon, which seems to be identical with the one found on Burnell. Saunders also stated that a man named Burrell, who had been working at the camp, had disappeared about the same time as the revolver. The police have sent a photograph of Burnell to Saunders to see if he can identify it. Burnell was in the camp for three days, and in his letter he gives the number and description of the stolen weapon, which seems to be identical with the one found on Burnell. Well Known Priest Is Thrown to the Ground and Is Rendered Unconscious

HAYWARDS, June 16.—The Rev. Father J. A. Lally, pastor of All Saints parish of Haywards, was thrown from his carriage and seriously injured this morning while driving from Haywards to Castro Valley. Through the breaking of the kingbolt of the buggy, Father Lally was thrown forward over the dashboard upon the hard road. The accident was witnessed by a man who was driving to Haywards and when he reached the spot he found Father Lally unconscious. The man brought the priest into Haywards and at once took him to the parish hospital. Dr. Reynolds of Haywards was called and found Father Lally suffering from severe bruises about the arms and chest and from internal injuries. GERMAN WOMEN DENIED A NOTE

Provision for Ballot Is Expunged From Arbitration Measure at Third Reading

BERLIN, June 16.—Upon its third reading to-day the Reichstag expunged from the law establishing mercantile arbitration tribunals the provision for a female ballot, which was adopted against the protest of the Government on the second reading. The law was passed. During the debate upon the measure one of the speakers joyfully referred to the sympathetic attitude of Countess von Bulow, wife of the Imperial Chancellor, and Countess von Posadowski-Wehner, wife of the Minister of the Interior, toward the women's movement, expressing the hope that these ladies would soften the hard hearts of their husbands. Count von Posadowski-Wehner declared it was a duty born of international politeness to extend a hospitable greeting to "such distinguished women, some of whom look back upon glorious achievements," but the extension of such greetings did not necessitate the acceptance of their entire program, especially their demand for political suffrage for women. At the close of the night session the Reichstag adjourned to November 27, when the Reichstag will meet in its second session. The Reichstag will call a session earlier, in case the commercial treaty negotiations render such action imperative.

FREIGHT HANDLERS MEET AND DISCUSS SITUATION

Southern Pacific Employees Can Find No Inducement in Leaving Their Present Strike.

A special meeting of the freight handlers of the Southern Pacific Company, held last evening in Alcazar building, resulted in no change in the present condition. It was made clear to the men by their committee, which waited on General Manager Markham of the railroad, for three days ago, that there would be nothing gained in declaring the strike off, for the company had declined to make any concessions to its employees other than to take them back as fast as vacancies occurred. This was interpreted as meaning that none of the present non-union force would be discharged to make room for the old employees. As a result the men took no action toward bringing the strike to an end. It is announced that the telegraph operators employed by the Union Pacific Railroad Company have, after several months' consideration, settled for the company's offer. The company in so far as wages and hours are concerned, and that the threatened trouble that might have resulted from the company's inability to secure competent train dispatchers and operators will have been removed.

MORE DEMANDS BY RAISSOULLI

Bandit Would Be Potentate as Reward for the Release of Perdicaris and Varley

WASHINGTON, June 16.—The State Department has received the following under date of yesterday by cable from Mr. Gummere, American Consul General at Tangier: "As reported yesterday, Raissoulli has increased his demands. I am informed to-day by the Minister of Foreign Affairs that one of the shoiks and two of his brothers, whose apprehension were demanded by Raissoulli have been dispatched this morning to Raissoulli to say that his further demands will probably be granted by the Moroccan government if the captives are released." LONDON, June 17.—The correspondent of the Times at Tangier points out that the concession of the bandit Raissoulli's new demand for the Governorship of 500 miles of additional territory would mean the bringing of the European Ministers into direct diplomatic communication with Raissoulli, whose political aims are not known. A quietude observed, would involve the amicable exchange of visits with the Ministers. This demand, says the correspondent, has not yet become publicly known. He adds that it will cause consternation.

HAS TO HAVE HIS CHICKENS

Frank Tietz Often Annexes Feathered Dainties From Roosts of His Neighbors

HENHOUSES EMPTIED

Oakland Markets Supplied With Unlimited Poultry by Misplaced Industry

OAKLAND Office San Francisco Call, 1016 Broadway, June 16. Accused of robbing hundreds of hen-roosts, Frank Tietz was to-day convicted by a jury of burglary in the first degree and will receive his sentence next Saturday. Nearly every home in the Fruitvale district has had cases of robbing hen-roosts of carefully raised broods. The stealing was done by the wholesale, and Phillips & Lease, poultry dealers, testified to-day that they had bought chickens by the dozen from Tietz and thought him the proprietor of a chicken ranch. Day after day he made his sales and each night furnished him with more chickens. Tietz's downfall came when he went to the home of John Russell, who lives at Twenty-sixth street and Twenty-second avenue. In a house there he found thirteen light Brahmas. They were of a fancy breed and about half-grown and he took them all. He sold them to Phillips & Lease at Twenty-second and Webster streets for \$4. Russell testified to-day that he valued them at from \$5 to \$10 each. As soon as he discovered his loss Russell started for the markets and found his chickens at the hands of the man who had purchased the birds only a short time before and was able to give such a description of the man that Detectives Holland and Quigley soon had Tietz in custody. He was positively identified by the dealer as the man who had sold them birds by the wagon load.

BLAKE JURY CANNOT AGREE

Second Trial of Alleged "Jack the Swatter" Is a Disappointment to State

SUSPECT IS IDENTIFIED

Miss Cronin Says He Beat and Choked Her, but Five Jurors Balk on Verdict

ALAMEDA, June 16.—In the second trial of Milton Blake, alias "Jack the Swatter," to-day the jury failed to agree and was discharged at 11 o'clock to-night by Judge Tappan. The jurors discussed the case for eight hours, and six were for conviction, the same as on the first trial. There were but eleven jurors. Miss Cronin was the first witness put on by the prosecution and positively identified Blake as the person who attacked and beat her on the night of February 29 on Santa Clara avenue. She related carefully and consistently how, after she had alighted from an electric car at the corner of Park street and Santa Clara avenue, Blake followed her and when near Everett street grabbed her by the throat and beat and kicked her until she fell into the gutter. Then Miss Cronin said, her assailant ran toward Broadway and she went back to Park street, where her screams had attracted the attention of Elmer E. Pedlar, who consented to accompany her to the home of Mrs. Franz Colleschonn, 2438 Central avenue, where she is employed. When the pair reached the spot where the attack had occurred they met Blake coming directly toward them. Miss Cronin insisted that her escort that the person approaching them was the one who attacked her.

FIGURES SHOW BIG INCREASE

Assessor's Field Books Indicate a Large Advance in the Value of Property

GAIN OVER LAST YEAR

Oakland Builds 1530 Homes. Berkeley's Raise \$500,000 and Alameda's \$200,000

OAKLAND Office San Francisco Call, 1016 Broadway, June 16. The footings of figures now being compiled by Assessor Henry P. Dalton indicate an increase in the natural value of the property of Alameda County this year of between \$3,000,000 and \$4,000,000. This does not include the assessment of the big corporations, but consists of footings of the figures as they are taken from the deputies' field books. The final Assessor's rolls are far from being complete, but in an interview this afternoon Chief Deputy Assessor Tom Robinson said that this was a conservative prediction based upon estimates and comparisons of last year's figures. In this connection he said: Alameda County has had a wonderful growth this year, and the indications are that whereas our total last year was \$103,492,311, this year it will reach between \$107,000,000 and \$111,000,000. This increase is the natural increase of the county, not the assessment of franchises and corporation interests. What Mr. Dalton is going to do with these 1530 new houses erected. There will be at least a \$500,000 increase in Berkeley's assessment, and a \$200,000 increase in Alameda. These figures, of course, are not exact. The rolls are in a very incomplete condition, but the work has been completed by the first Monday in July.

Husband Charges That His Belongings Disappeared While He Lay in Jail

DIVORCE SUIT BROUGHT

Cook Family Jars Cause a Busy Fortnight for Police and the Civil Courts

OAKLAND Office San Francisco Call, 1016 Broadway, June 16. Three arrests and a divorce suit is the record to date in the disturbances that have brought woe and domestic upheaval in the family of Mr. and Mrs. Robert Cook, with William J. Lawless, Mrs. Cook's brother, a third party in interest. Events led to-day to Lawless' arrest on complaint of his brother-in-law, Cook, on a charge of stealing valuable documents from the Cook domicile, 1455 Broadway. Mr. Cook declares this occurred while he was serving a three days' sentence in the City Prison for drunkenness. During the same interval Mrs. Cook began a divorce suit against her incarcerated spouse, alleging cruelty. Matters opened on June 5, when Lawless was arrested on complaint of Cook, who said his brother-in-law had disturbed his peace by raising a row at the house. Lawless was hardly in jail before Cook was picked up by a policeman for intoxication. Explanations in the Police Court followed, and Lawless was discharged, while his sister husband was sent back to a cell for three days. Mrs. Cook decided she had been abused, hence the divorce proceedings. As soon as her husband was released he discovered that the household belongings had disappeared. He claimed that Lawless had stolen them and included a lot of contracts and documents Cook used in an installment business. Therefore he swore to a complaint against grand larceny.
