CRAW ACCEPTS NEW POSITION

He Decides to Enter Hawaiian Government Service at an Early Day GOES AWAY IN AUGUST

Double Salary and Surety of Five Years' Tenure Induce Him to Forsake California

Alexander Crow, State quarantine officer against insect pests, has accepted the similar position offered him by the Government and sugar planters of Hawaii at an advance of salary from \$200 per month to \$500 a year, with a contract for five years.

A cablegram was received by Mr. Crow yesterday from Honolulu asking for a decision. He replied in the affirmative and notified Horticultural Commissioner Cooper that he would retire from his position in the employ of the State of California.

This information will be displeasing to the fruit growers of California and to the canning industry and allied interests concerned in the protection of orchards and fruit crops in this State. When exclusive information was given in The Call that Mr. Crow had accepted consideration an offer to go to Hawaii as chief entomologist there was a stir, and many efforts were made to persuade Mr. Crow to remain in California. This he probably would have done had it not been for the inducements which had been held out officially by the Hawaiian Government.

YIELDS TO INDUCEMENTS

The salary given in Hawaii is more than double that offered in California, and in this State the position occupied by Mr. Crow was not considered to be a desirable one. His resignation might be obtained by withholding the appropriation to carry on the fruit pest quarantine and other work of the Horticultural Commission. Mr. Crow says that, all things being considered, he has decided to remain in California, but he could not see that it was for his interest to surrender so flattering and satisfactory an offer from Hawaii.

Mr. Crow will remain in this city until the first of August, at which time he will make the best arrangements he can to care for the interests of the office that he is vacating. His work in the quarantine department of the Horticultural Commission has been seconded ably by his assistant, E. J. Carnes. Mr. Cooper says Carnes will make an efficient officer.

TO FIGHT LEAF HOPPER.

The immediate occasion of inviting Mr. Crow to Hawaii is the damage that has been done by the leaf hopper, an insect that has cost the sugar planters of Hawaii millions of dollars. Mr. Crow has done valuable work in California in the line of protecting trees, vines and crops from the ravages of insect pests, using beneficial parasites gathered from various parts of the world. He has been connected with the State's quarantining of fruit pests for nearly fourteen years. The engagement to go to Hawaii results from the work performed by Mr. Crow in California.

ST. LOUIS CHECK RAISER IS IDENTIFIED BY VICTIMS Proves to Be F. J. Woods, Wanted for Grand Larceny in San Francisco.

F. J. Woods, who was arrested in St. Louis, Mo., last week, under the name of E. E. Frink, for attempting to pass a check raised from \$3 to \$300 on a bank there, has been identified as a man wanted here on a charge of grand larceny, and yesterday the papers for his extradition were prepared. A detective will leave this morning to bring Woods back.

Woods conducted an advertising and real estate business at 14 McAllister street and on May 17 he induced G. M. McKay of 1099 Van Ness avenue to purchase a half interest in the business for \$400. On the following day it was paying a handsome dividend. When the contract was drawn up McKay produced his check for \$400. Woods took it and said he would go to the bank and have it certified, but he cashed the check and disappeared.

When McKay went to the office at 14 McAllister street there was nothing to be seen but a few empty bottles. McKay swore out a warrant for Woods' arrest on a charge of grand larceny.

Generally that the victims are George Schrenck, to the extent of \$450, and George Stillman, \$100. It was through Schrenck that Woods' identity with the man under arrest in St. Louis was made known. Woods attempted to pass a check there for \$303 which had been raised from \$3. The check reported to be signed by W. F. Tull & Co. of this city and payable to G. Schrenck. When the police here were called on, they were told that that firm of that name had never been here, but later Schrenck informed the police that he had received a check for \$3 from W. F. Tull & Co. of the Parrott building, which he had handed to Woods.

ENGINEER TAKES SHOT AT WIFE THROUGH DOOR

John J. Callaghan Objects to Being Scolded and Is Charged With Assault on Murder.

John J. Callaghan, an engineer, living at 74 Haight street, was taken from the Central Emergency Hospital to the City Prison yesterday afternoon and booked on a charge of assault to murder. About 3 o'clock Wednesday afternoon Callaghan went home under the influence of liquor, and his wife, Mary, scolded him. He pulled a revolver out of his pocket, and she shoved him aside and ran out of the room, closing the door behind her. Callaghan fired a shot through the door, but the bullet missed her. She notified Policeman T. C. Murphy, but when he reached the house Callaghan had disappeared.

Eight hours later Callaghan called at the Southern police station and asked to be sent to a hospital, as he was sick. He was taken to the Central Emergency Hospital by Policeman Hinrichs, where it was found that he was suffering from colic, and he was detained for observation. At that time it was not known that he was the same man who fired a shot at his wife, but the knowledge came to the police later and he was charged with assault to murder.

THOMAS WAS ROMANICING.—John Thomas, alias George Clark, alias Henry Clay, who lately boasted in shooting saloons on Grant avenue that he had killed Policemen Griffin and Griffiths in Denver in 1898, was placed under arrest here yesterday afternoon. He was on the verge of delirium tremens and did not know what he was talking about. He was taken to a restaurant in Denver at the time the two officers were shot.

SACRAMENTO PORTER INSOLVENT.—I. T. Gibson, a porter of Sacramento, filed a petition in insolvency yesterday. His liabilities are \$941 75, with assets aggregating \$138.

HISLAP LETTERS ARE NOT READ

Trial of the Wife's Action for Divorce Is Begun Before Superior Judge Sloss DIVORCE IN QUICK TIME

Wife of Tamale Man Files Complaint in Morning, Gets a Decree at Noon

Two letters which were not read in open court because of the nature of their contents constituted the feature of the trial commenced yesterday in Judge Sloss' court of the suit of Louise K. Hislap against George W. Hislop for divorce on the ground of infidelity. Nowlin and Fassit appeared for the wife and West and De Journal looked after the husband's case. The spectators were few and included Henry Brown, paying teller of Wells-Fargo's Bank, who is defendant in a suit brought by Hislop for \$50,000 for the alienation of his wife's affections.

At the trial, which began at 10 o'clock, Mrs. Hislop said that the cause of her husband's breaking of his marriage vows was a woman known as "Viollette." In her testimony on the stand yesterday she said that the woman was Violet Brown, with whom her husband had lived and traveled in the north and whom he later brought to San Francisco. She said that in a letter and in conversation Hislop admitted to her that he loved the woman more than he could any other.

Mrs. Hislop said in her evidence that her husband was a commercial traveler and earned from \$400 to \$500 a month. When asked if Brown had ever loaned her money, she replied that upon one occasion when her husband suggested to send a remittance she asked Brown for a loan of \$100. She received the amount and said that Hislop still owes it to Brown.

Rose Lamphere, a professional nurse, testified that she was employed by Mrs. Hislop in November and December last and only saw Hislop in the house once. On that occasion he was with the children to the park and later returned with them.

SHADOWED BY DETECTIVE.

Charles F. Jaiser, a detective who had been employed by the plaintiff to shadow her husband, had several written reports of his observations. The hearing will be resumed on Monday.

Marguerite K. Kapp, wife of Charles F. Kapp, manufacturer of tamales, yesterday made a quick move in obtaining a legal severance of marriage ties. Her complaint for divorce on the ground of cruelty was filed in the morning at noon in Judge Sloss' court. Graham had granted her an interlocutory decree. The husband was in court and offered no objection to the proceedings. Mrs. Kapp testified generally that she had treated her husband with extreme cruelty for two or three years past and her evidence was corroborated by her sister, Mrs. Frank Dunn.

Acts of cruelty alleged to have commenced a few weeks after their marriage in September, 1898, and continued until now, are assigned by Frederika A. Pedro as reason for her demand for divorce from Anthony S. Pedro, superintendent for Gray Bros. contractors. In the many offenses specified is one of his throwing a lighted lamp at her. She says that Pedro owns several parcels of real estate and has \$7000 in bank. She asks that she be given \$75 a month alimony, \$100 costs and \$500 for attorney's fees.

OTHER UNHAPPY COUPLES.

Other suits for divorce were filed yesterday by Hannah F. Johansen against Charles T. Johansen, infidelity; Mary Kall against Edward Kall, neglect and desertion; Grace Whiteley against Harry Whiteley, cruelty; Abraham Spiegel against Pauline Spiegel, desertion; Fanny C. Cullen against P. J. Cullen, neglect.

A divorce was granted by Judge Trout to Josephine H. Adams from Joseph H. Adams, a mining man, on the ground of neglect, and the court awarded the mother the custody of the child Jeannette and \$150 a month alimony. Other divorces were granted by Judge Graham to Cornelius J. Prendergast from Jean Prendergast, neglect, and by Judge Trout to Flora Mae Thomas from H. P. Thomas, for extreme cruelty; by Judge Kerrigan to Susan G. Ball from G. A. Ball, for desertion; by Judge Sloss to Minnie H. Cook from Chester Cook, failure to provide; Anna Cook from Augustus Cook, cruelty.

Be Happy. All we need to be happy is a little vacation. No matter what our work may be, a change is necessary. Man requires a rest and the best rest is a change of surroundings. Drop your work for a few days or a few weeks. Take advantage of the special rates for the summer over the Ptarmigan, the Golden Gate, and the Ptarmigan Route, the Golden Gate, and visit some of the beautiful spots along that road. Stop at a mineral resort, a far from home, along the coast stream, and come back to your work with renewed life and vigor.

Bastille Committees Named.

The French colony of San Francisco has selected the members of the committees who will have charge of the celebration of the centennial of the fall of the Bastille, to be held at the Mechanics' Pavilion July 14 under the presidency of the French Consul. The officers of the executive committee are as follows: Mr. M. Etienne Langel, Consul General of France, president of honor; Felix Santillan, president of the day; H. Cassou, first vice president; A. Duglos, second vice president; E. Pagnuelo, secretary; A. Ortion, treasurer. The celebration will consist of a grand musical and musical matinee from 10 to 5 o'clock, a grand promenade concert from 3 to 10 p. m. and a ball from 10 p. m. to 5 a. m. Side shows and other attractions will prevail to make this occasion a great success.

Money for Lost Fingers.

Antonio Becco, for his 14-year-old son Andrew, yesterday commenced suit in the Superior Court to recover \$10,100 damages from the D. Ghirardelli Company for personal injuries alleged to have been sustained by the boy on April 12, while he was in the firm's employ. It is declared in the complaint that the foreman, knowing the boy to be inexperienced, put him to work making tops of cans on a machine known as a "cover press," and by reason of his inexperience the boy's hand was mangled and lost two fingers in the machine.

CASHER ARRESTED.—George W. Hafner, cashier at the beach hotel, was arrested yesterday afternoon by Policeman Gibson on a warrant from Judge Mogan's court charging him with misdemeanor embezzlement. The complaining witness is L. N. Miller Jr. of the main office at 302 Montgomery street.

FINE POINTS CAUSE DELAY

Eppinger's Attorneys Still Opposing the Admission of Secondary Evidence DEFENDANT WEAKENING

Josua Is Still in the City and Says That He Has No Intention of Leaving It

Arguments as to admissibility of secondary evidence occupied the entire day in the proceedings against Jacob Eppinger, charged with obtaining money under false pretenses. The point at issue has occupied the attention of the court for two days and the courtroom has practically been transferred into a law library, all the available desks being piled high with volumes from which citations are made by the six attorneys engaged in the case. The argument on the question at issue would, it was agreed, be finished by 2 o'clock Wednesday afternoon, but it was not until nearly 5 o'clock yesterday that Attorney Shortridge, in a burst of oratory including a plea for "an unfortunate and broken-down merchant," closed the argument. All manner of cases which might have bearing on the one at issue were cited by the attorneys, each choosing a Supreme Court decision of some particular State to support his contention. If the prosecution would tell of a case in Massachusetts the defense would attempt to offset it with a similar case from another end of the continent with a dissimilar decision.

During the day the defendant again showed signs of failing health. His head drooped and he leaned heavily on the shoulders of his son, until Attorney Ach requested Judge Lawlor to permit him to leave the courtroom. As there were no witnesses to be examined the Judge readily complied with the request and the former grain king was assisted from the courtroom.

In spite of rumors to the contrary Josua Eppinger will still in town. He says that he will in no way try to avoid a summons from the court. The notion that he is trying to secretly leave town he denounces as being preposterous.

WANTED IN SAN MATEO FOR ROBBING EMPLOYER

Lawrence Hill Is Arrested by Police for Stealing Horse and Buggy and Jewelry.

The police have been for the last month on the lookout for Lawrence Hill, who is wanted in San Mateo County, and yesterday afternoon Detectives Cody and Mulcahy saw him on Montgomery street and placed him under arrest. He was locked up in the City Prison.

Hill was employed by one Leon of Burlingame. It is alleged that about a month ago Hill stole a horse and buggy and some jewelry belonging to his employer and drove to a store in San Mateo, where he purchased a quantity of clothing and underclothing in the name of his employer. He drove to this city and tied the horse to a hitching post at Golden Gate avenue and Larkin street. The rig was taken charge of by the police and returned to the owner.

The arresting officers were told by Hill that he had sold the jewelry and clothing and had nothing left. He is a well-known thief and has served five terms for petty larceny.
