

HAYTI NEED NOT LOOK TO UNCLE SAM

America Will Not Go to the Republic's Aid.

Germany and France to Have Free Hand in Avenging Recent Insult.

Island Government Will Be Taught That It Must Observe the Laws of Nations.

BERLIN, June 29.—The German gunboat Panther, now at Newport News, has received orders by cable to sail for Port au Prince to-day. The sailing of the Panther for Port au Prince is due to the decision of Germany to insist on the punishment of the palace guards, who recently threw stones at the German and French Ministers while the latter were driving past the palace.

PORT AU PRINCE, June 29.—The French cruiser Jurien de la Graviere will arrive here on July 1.

WASHINGTON, June 29.—The State Department has taken note of the press reports of the dispatch of warships by France and Germany to Hayti to compel reparation for the attack upon French and German Ministers recently in Port au Prince. The department has not been formally advised of the intentions of France and Germany, but assumes that these reports are perfectly correct. Following its invariable rule in such cases, the department will not intervene unless some act is committed that appears to be beyond the bounds of strict justice.

It is said that the State Department never has taken the ground that the smaller republics ought to be protected by the United States against reclamations by European powers for violated contract obligations or against proper demands arising out of violations in international obligations, such as it is alleged are involved in this attack on the foreign Ministers.

Developments will be watched with keen interest to see that the line is properly drawn and undue punishment is not inflicted. It is not doubted that the Haytian Government will supplement its inadequate letter of apology by punishing the guilty guards when it realizes that it cannot look for intervention by this country.

WOMAN DIES BY FOUL PLAY

Body of Young Minneapolis Girl Is Found Floating in Mississippi River

ST. PAUL, Minn., June 29.—With a silk tie knotted tightly about her neck, the body of a stylishly dressed woman, who had been strangled, was found floating in the Mississippi River at the St. Paul boom. The appearance of the body and the manner in which the cloth was wound about the throat indicated that the woman was murdered and thrown into the river.

The police are convinced that she was the victim of foul play. The girl some time ago was said to have been involved in a domestic tragedy, which culminated in a suicide.

GAS OVERCOMES MANY FIREMEN

Noxious Odors Retard the Efforts to Extinguish Flames in Broadway House

NEW YORK, June 29.—Forty-three firemen, four of whom probably will die, were overcome by smoke and gas at a fire to-day in the sub-cellar of the double five-story brick building at 483 and 485 Broadway, extending through to Mercer street. Half a hundred employees were driven from the building and the damage inflicted by fire, water and smoke was estimated at between \$150,000 and \$200,000. The fire was so situated that it was difficult to fight until it had burned over an hour. The material was so dense that the firemen could work in it only for a few minutes at a time and many of those who braved it fell prostrate where they stood. Some who fell lay unnoticed on the floor for many minutes and one man remained for nearly an hour before finally discovered and dragged to the open air to be cared for by a large relief force which had been summoned.

The breaking of gas mains inside the building and the consequent filling of the burning structure with thousands of cubic feet of illuminating gas added greatly to the difficulty and the danger.

Captain Edward Levy and Firemen Patrick McKeever, John Andrew and John Riley will probably die from their injuries, while Battalion Chief William Guerin, Lieutenant John H. Link and five firemen are in a dangerous condition and thirty-two others more or less seriously injured.

KING EDWARD TAKES LEAVE

His Majesty Witnesses the Yacht Races on Last Day of His Visit to Germany

DONOR OF THE TROPHY Ships Dress for the Occasion and the Emperor Gives a Banquet to His Guest

KIEL, June 29.—King Edward's visit was brought to an end by a farewell banquet on the German royal yacht Hohenzollern to-night. The British royal yacht Victoria and Albert with his Majesty on board will sail for England at daybreak to-morrow escorted by the British cruiser squadron.

King Edward and Emperor William to-day witnessed part of the racing from Eckenforde to Kiel on board the Victoria and Albert. Luncheon was served during the race.

The German yacht Suzanne won the gold cup given by King Edward. The Emperor's yacht Iduna was second and Morton B. Piant's Ingomar was third. The victory of the Suzanne greatly delighted the German yachtsmen. The Emperor's yacht Meteor III did not finish and was towed in by a torpedo boat.

Early this morning Emperor William went on board the Victoria and Albert which, escorted by British and German torpedo boat destroyers, proceeded to sea to meet the yachts. The weather was fine. All the warships and yachts in the harbor dressed ship in honor of the last day of King Edward's visit.

In the racing to-day the course was from Eckenforde northward fifteen miles and return, thence around the lights to Kiel harbor, a total of fifty-two miles. Prince Henry of Prussia sailed the Orion and Crown Prince Frederick William was on board the Meteor. The Ingomar led until she had passed the northern approach of the course when she fell back as the wind diminished. The old yachts then piled on sail, the Suzanne winning the gold cup.

King Edward left the Hohenzollern at 11:20 p. m., and proceeded to the Victoria and Albert through a double line of boats, which were illuminated by torches.

The most picturesque episode of the King's visit followed. All the ships in the harbor had been illuminated with the exception of the British cruisers, which were getting up steam preparatory to their departure. The night was perfect and the harbor was bathed in moonlight. The prevailing quiet was suddenly broken by the roar of cannon, which was taken up from ship to ship all down the harbor in honor of King Edward's leave-taking. The firing continued until King Edward reached the Victoria and Albert, and as he stepped on board a large volume of red fire burst forth from the royal yacht.

Amid the illuminations lighting up the entire harbor black lines of smoke indicated that the British vessels had left their moorings and were slowly steaming out of the harbor. As the last cruiser swung into the line the illuminations on the Victoria and Albert were extinguished. A rocket from the German flagship signaled "lights out" and instantly the harbor was in darkness, as evidence that King Edward's visit had been brought to a close.

CECIL BRUNNER ROSES A BOWER FOR THE BRIDE

By Sally Sharp.

A stunning maid was Miss Rose Ellen Hecht! As a bride in her nuptial trappings she was exquisite.

Enshrined in a bower of pink bebe roses and blue chiffon, the fair bride pledged her troth to her chosen one, Simon Walter Frank.

The ceremony was performed at the Hecht home on Washington street by the Rev. Dr. Voorsanger, a hundred friends witnessing the joyous rite.

The Parisian color scheme of pink and blue, a blending so often seen in the hall, the drawing-room and the dining-room—a pretty setting for some very smart gowns.

The bride wore an exquisite robe of soft shimmering satin, with a bertha of old point lace. She wore a veil and bore a shower bouquet of orchids in her arms. She was attended by her sister, Miss Grace Hecht, who wore a fetching frock of sheer batiste and valencienne and carried maidenhair and mignonette—a refreshing departure from the usual floral adornment of the honor-maid.

Mrs. Mark Gerstle and Mrs. William Gerstle, sisters of the bride, wore smartly gowned, the former in white batiste, embroidered in pink—a color, by the way, suiting her dark beauty well—and the latter wearing a white lace robe.

The young folk left soon after the congratulations for the south—the Mecca of lovers—where they will remain for a few weeks, going thence to the home of Mr. Frank in Baltimore, where a joyous reception awaits them from the relatives and friends of the groom, who rank high in the Southern city.

The wedding of Julian Weaver Farnsworth and Miss Beatrice Winifred Robinson will take place at noon to-morrow at St. Paul's Church, Benicia.

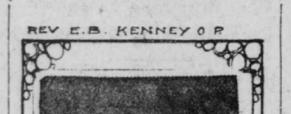

The Ehrmann-Hellman wedding will be the event of to-day. Many friends from the south have arrived to assist at the happy affair. Mrs. E. S. Heller, Miss Rene Jacobi of New York and Annes Van Nuys of Los Angeles will attend the bride.

On June 23, in North Manchester, Ind., Miss Mary Mills became the bride of Dr. Otto F. Westerfeld of this city. The young people met in Berlin, whither the young physician had gone for study. Miss Mills was touring Europe with her father and met Dr. Westerfeld by chance. When the fair maid returned to America the young physician returned with her. The wedding was the result.

A very pretty wedding was solemnized at St. Peter's Church at noon yesterday, the contracting parties being Matthew A. Fitzgerald and Mary A. Reardon. The ceremony was performed by Rev. Father Land. John Fitzgerald acted as best man and Miss F. E. Inskeep as bridesmaid. The groom is connected with a well known commission house in this city and the bride is a daughter of Mr. and Mrs. Daniel Reardon, old-time residents of the Mission. They have gone to the southern part of the State on their honeymoon and upon their return will reside at 2785 Bryant street.

PRESS POTENT FOR JUSTICE

Judge Pritchard of United States Court Defines the Limitation of Newspapers

COURT NOT INFALLIBLE Decision Is Rendered in Case of Editor Who Was Sentenced for Contempt

ASHEVILLE, N. C., June 29.—Judge J. C. Pritchard of the United States Circuit Court to-day filed his opinion in the celebrated case of Josephus Daniels, who is editor of the Raleigh News and Observer, had been fined \$200 for contempt of court by District Judge Purnell.

Judge Pritchard's opinion will be recognized as an authority in regard to newspaper utterances that might be construed as contempt of court. The text of the decision in part follows:

The force of public opinion in this country in favor of the freedom of the press has restrained the free exercise of the power to punish this class of contempt and in many jurisdictions statutes have been enacted depriving the courts of the power to punish them. It was taken from the Federal courts by act of Congress of 1831, which act deprives those courts of the common law power to punish during the progress of the trial for the purpose of influencing them in their decision, it would present a question whether such conduct would not be misbehavior in the presence of the court, or so near thereto as to obstruct the administration of justice.

It appears that the distinguished judge who adjudged the petitioner to be in contempt of his office and that the court was without jurisdiction. Such being the case, the judgment of the court is void and therefore a nullity.

In view of the foregoing the court finds that the petitioner is unlawfully restrained of his liberty and it is therefore considered and ordered by the court that the said Josephus Daniels be discharged from the custody of the Marshal of the United States and that he go hence without delay.

PICNIC TRAIN MEETS MISHAP

Engine Goes Down Embankment and Two of the Forward Coaches Jump Rails

Special Dispatch to The Call.

SAN JOSE, June 29.—An excursion train conveying 1500 members of the St. Francis de Sales parish of Oakland to Sunset Park was wrecked near Alma, in the Santa Cruz Mountains, this forenoon. Almost miraculously none of the passengers were injured.

In some unaccountable manner two cars jumped the track and the engine went over an embankment. The twenty other cars, that were heavily laden with women and children, remained on the rails.

The accident occurred just above Alma, at the old tunnel. The engineer and fireman saved themselves by jumping. For a time there was almost a panic among the passengers. Rev. Father McSweeney, pastor of the church, was present and he quieted the parishioners. The track was blocked by the wreck. An engine pulled the excursion train back to Los Gatos and the picnic was held in Bunker Hill Park at that place.
