

WEAKNESS OF HIS HEART ACTION ALARMS THE FRIENDS OF PAYNE

POSTMASTER GENERAL WHO IS ILL AT HIS HOME IN WASHINGTON AND WHOSE FEIBLE HEART ACTION IS CAUSING GREAT ALARM TO THE PHYSICIANS WHO ARE IN ATTENDANCE ON HIM.

Physicians Who Are Attending Postmaster General Hold Out Small Hope.

WASHINGTON, Sept. 30.—The condition of Postmaster General Payne, whose ailment was announced last night, continued extremely grave throughout today. There were times during the day, notably in the early morning and late in the afternoon, when the attending physicians believed death was near, but the patient responded to the heroic remedies and seemed to gain some of the lost ground. To-night at about 8 o'clock Payne fell into a restless sleep which continued for some time. The doctors regarded this as encouraging for a peaceful night. Several bulletins were issued by the physicians during the day and all of them indicated the critical condition of the patient. The greatest cause of alarm was the feebleness of the heart action, and it was found necessary to administer saline solution and nitroglycerine to stimulate that organ.

ARCHBISHOP ADDRESSES BROTHERHOOD OF ST. ANDREW

PHILADELPHIA, Sept. 30.—An address by the Archbishop of Canterbury and the election of the general council were the features of today's sessions of the Brotherhood of St. Andrew. The report increasing the number of members of the general council from thirty-two to fifty was adopted. The report nominated forty-one members of the brotherhood as grand councilors and they were elected unanimously. Among these are H. Robert Braden, Berkeley, Cal., and A. A. Talmage, Los Angeles.

Among those who delivered addresses today was George H. Andrews of Berkeley, Cal.

BANDIT KILLS ONE, WOUNDS TWO AND SLAYS HIMSELF

SILVERTON, Colo., Sept. 30.—A masked bandit shot and killed John Loftus, a faro dealer, and seriously wounded Herman Strohle and James Bockwell in J. H. Slattery's saloon and gambling house early today and then killed himself. The dead bandit, a powerful man over six feet in height, has not been identified. He was armed with two revolvers and on entering the saloon he ordered the dozen or more men who were there to throw up their hands. Instead of complying Strohle, Loftus and Bockwell, employes in the place, attempted to overpower the robber and the shooting ensued.

LEADER OF THIEVES' BAND IS SENT TO REFORMATORY

SAN JOSE, Sept. 30.—Eddie Turner, the leader of a band of boy robbers, was today committed to the Whittier Reformatory School by Judge Tuttle. This action was taken on the petition of W. G. Turner, the boy's father, who testified that the boy was incorrigible. Young Turner told the court he wanted to be a railroad engineer and was willing to go to the Reformatory School if he could learn a trade.

New Members of English Club

STANFORD UNIVERSITY, Sept. 30.—The English Club of Stanford, representing the literary lights of the university student body, held its regular fall meeting last night and elected eight new members. Those elected were Miss S. F. Wynne, Miss H. Patterson, Miss R. S. P. Freeman, K. A. Bickel and D. V. Cliff of the Stanford Sequoia, the monthly literary magazine, and L. R. Weinmann, B. S. Allen, M. M. Stearns and J. F. Caswell, members of the staff of the Daily Palo Alto.

CANNOT PROVE HER IDENTITY

Court Baffled by a Woman Who Claims to Be Person Thought Dead Years Ago
BIG ESTATE INVOLVED

Claimant Is Denied by Her Alleged Daughter, but Is Acknowledged by Brother

Special Dispatch to The Call.

HOUSTON, Texas, Sept. 30.—A woman claiming to be Mary Kingston, who disappeared twenty years ago, and has since been believed to be dead, has turned up, laid claim to being the mother of a young lady also named Mary Kingston, and to being the owner of extensive real estate possessed by the girl in the valuable portion of the Batson Prairie oil fields. Her claims are vigorously disputed. The young lady has denounced the older woman as an impostor. A sister of the woman, who disappeared years ago, also denies the newcomer's claims, but a brother, John Carson, testifies that the woman is really their long missing sister.

A suit for possession of the young Miss Kingston's property was filed by the elderly woman, and after three days' trial came to an end this evening. As an identification, it was recalled by the sister that the real Mrs. Kingston, when a little girl, had accidentally chopped off the tip of a big toe and that the toenail had grown straight downward over the end of the remaining stump. Mrs. Kingston removed the shoe and stocking from her right foot for the inspection of the court and jury. The result was mystifying, for instead of the large toe showing the injury, the one next to it appeared to be mashed off.

After an all day's deliberation the jury disagreed, seven favoring awarding the woman her claim, five opposing her. The rentals from the land involved alone amount to a thousand dollars a week. Further litigation will ensue.

WOULD-BE STATESMEN MUST FACE THE MUSIC

Labor Council Prepares to Question All Candidates for Legislature on Proposed Measures.
At the meeting of the Labor Council last night a report was received from the law and legislative committee imparting the information that cards bearing questions touching on proposed labor measures to be introduced at the next Legislature were in preparation and would be ready in time to be presented to each candidate nominated by the several parties for that body. By this means it is proposed to obtain the views of the men who seek the labor vote. In addition to this the records of the legislators who voted for or against labor measures at the last session will be published.

The following delegates were obligated by the council and seated: Typographical Union, Arthur S. Hoar; Cooks' Helpers, Henry Hurley; Butchers' Workers, Amalgamated Meat Cutters, William McHugh; Bakers and Confectioners, J. B. Weiss; Blacksmiths, F. J. Sullivan; Cigar makers, Nicholas Blum; Retail Shoe Clerks, E. Z. Cushing.

The council donated the sum of \$100 for the benefit of the Stockton strikers.

The various unions are cheerfully responding with their contributions for the reception of the delegates of the American Federation of Labor, who will arrive here next month. As a measure of protection to union labor steps are being taken to introduce manuals containing labor union brands for the guidance of purchasers, as also storekeepers. The strike, which has been vigorously prosecuted by the Metal Workers' Union against certain employers, has at last been called off. The nature of the settlement has not been made public, but the men who were out have gone back to work.

FAIRBANKS PRAISES HOAR

Candidate for Vice President Regrets Death of Senator.

TACOMA, Sept. 30.—Senator Fairbanks and his party were on the summit of the Cascade Mountains when the news of the death of Senator Hoar reached them through newspapers which were brought aboard the train. Senator Fairbanks and his companions, Senators Dolliver, Foster and Ankeny, expressed deep regret over the news. Senator Fairbanks said: "Senator Hoar was a statesman who held high rank. He was born near where the opening gun of the American revolution was fired and was instilled with the spirit which inspired those who achieved our independence and who laid the foundations of the republic. He served his country for many years with conspicuous ability and undivided allegiance. He was a man of great learning. His ideals were high and to them he was true. He was a pure American patriot."

Federal Veterinarians Arrive

SACRAMENTO, Sept. 30.—At the request of Dr. Charles Reane, State veterinary, Dr. J. Coleman and Dr. W. E. Hill of the Bureau of Animal Industries of Washington, D. C., have arrived on the Coast and will make a thorough investigation of Kern, Tulare, Kings, San Luis Obispo, Madera, Fresno and Merced counties, for Texas fever conditions among the cattle.

JURY'S VERDICT ACQUITS SMITH

He Is Pronounced Innocent of the Murder of Striking Stableman Gallagher

WOMAN CREATES SCENE

Sister of Dead Man Attempts an Attack on Defendant in Presence of the Judge

James H. Smith, the negro on trial for the killing of Owen Gallagher at Post and Polk streets, during the recent stablemen's strike, was acquitted last evening by a jury in Judge Lawlor's department of the Superior Court. Shortly before the case went to the jury Miss Nellie Gallagher, sister of the dead man, created a scene in the courtroom and an excited crowd soon gathered from all parts of the hall.

Attorney Emory, one of the counsel for the defendant, was addressing the jury and was commenting upon Miss Gallagher's testimony, when she rose from her seat in the courtroom and shouted at him, "You're a liar." She continued to shout and made a rush at Smith, screaming, "That man killed my brother." Bailiff Coyle happened to be out of the room at the time, but Clerk Martin seized the woman before she reached Smith. Martin tried to pacify her, but she got more and more excited and threw herself on the floor, crying "He's a liar, a dirty liar. That man killed my brother." Bailiff Coyle and Deputy Sheriff Holland rushed into the courtroom and carried her out. Her shrieks rang throughout the building and a crowd quickly gathered on the third floor of the Hall of Justice. The woman was carried to the elevator and taken to the basement, but it was several minutes before she stopped screaming. She was conveyed to her home at 322 Anstin avenue.

Soon after this scene, the Judge delivered his charge and the jurors retired. They remained out three hours and returned at 9 o'clock with the verdict "Not guilty." Smith shook hands with all the jurors as they filed from the jury box. Later, upon his application, a night's lodging was given him at the city prison, as he said he feared vengeance at the hands of Gallagher's friends.

SHAW FORETELLS VICTORY

Secretary of the Treasury Speaks of His Tour in California.

WASHINGTON, Sept. 30.—Secretary of the Treasury Leslie M. Shaw has returned from the West, where he had been on a campaigning tour, full of the enthusiasm that that region imparts for the Republican ticket. He speaks without limitations as to his opinion in California, saying that the enthusiasm for the Republican cause and cordiality for himself personally as an officer of the administration is nothing less than a revelation. He figures out a Republican victory as certain, leaving out, but not admitting their loss, New York, West Virginia, Colorado, Idaho, Montana, Nevada and Utah. Without these and the 151 votes of the solid South Roosevelt has 254 votes, fifteen more than enough. Shaw is more than pleased with his trip throughout and what he has learned in the West.

GORMAN VISITS PARKER

Plans for the Reconciliation of Party Elements Discussed.

NEW YORK, Sept. 30.—Alton B. Parker to-night went to Esopus. He is expected to return to New York next Monday. Senator Gorman of Maryland visited Parker again today, and during the hour he spent with the Democratic nominee they went over together all that has been done during the campaign and all that has been contemplated. Their discussion, it is said, had to do largely with reconciliation of the many elements of the Democratic party, which have not been in harmony. Party leaders express themselves as highly pleased with the visits to New York of Parker as tending to bring about more harmonious relations. Parker reached Rosemount at 9 o'clock to-night.

LAWYERS BRING UNIVERSAL CONGRESS TO A CLOSE

Justice of English High Court Discusses Recognition of Action of Foreign Nations.

ST. LOUIS, Sept. 30.—The programme arranged for the Universal Congress of Lawyers and Jurists, which has been in session at Festival Hall on the World's Fair grounds since Wednesday, was completed today. The interest awakened by the discussions and theories of law advanced by the noted jurists of this and foreign countries was enhanced rather than lessened by the fact that it was the closing session.

The first subject for consideration was "To What Extent Should Judicial Action by Courts of a Foreign Nation Be Recognized?" It was presented by Sir William R. Kennedy, Justice of the High Court of England, and was considered with especial reference to the status of individuals as affected by divorce or other decrees and the right to represent the person or property of another.

CARRIE NATION LANDS IN JAIL

With Three Other Women She Breaks Windows of a Warehouse at Wichita

POLICE ACT PROMPTLY

Citizen Is Arrested for Becoming Abusive When His Offer of Bail Is Rejected

WICHITA, Kans., Sept. 30.—Mrs. Carrie Nation, Mrs. Lucy Wilhelm, Mrs. Lida Mount and Mrs. Myra McHenry broke two large plate-glass windows in the Mahan Wholesale Supply Company's warehouse at 5 o'clock this afternoon. They were arrested and are now in jail.

One man offered bail, and when it was rejected he became abusive, and he has been placed in an adjoining cell. The women knelt in a circle and have been engaged in prayer most of the time since their arrest. Mrs. Nation's hatchet was taken from her and Mrs. McHenry's hammer, and they both demand the return of their weapons, which they claim they cherish.

COMMISSIONERS CONTINUE HEARING OF CHARGES

Captain and Lieutenant of Fire Department on Trial for Breaking Chief's Order.

The Board of Fire Commissioners yesterday continued the hearing of the charges preferred against Captain Frank Nichols of Truck 4 and acting Lieutenant William Muentzer of Engine 8 for exercising their horses and taking out the machines at a different time from that fixed by the department. Both officers admitted that they wished to see the Knights Templar parade and by leaving the engine-house an hour ahead of the time for exercising they and their men were enabled to do so. The officers said that such had been the custom. They explained that they left a man on watch at the engine-house to give them warning in case of an alarm and stationed their engine most of the time on Van Ness avenue near the police ropes. Battalion Chief Conlon testified that leaving engine and horses on asphalt on a hot day was injurious to the equipment. The Commissioners deferred their decision. Both men have fine records.

M. N. Gattini of 2045 Folsom street was before the board to obtain payment for meals from Thomas Campbell of Truck 8. The board ordered the amount paid.

EASTERN FIRM WILL PRINT CITY'S BONDS

Supervisors Decide for Steel Engraving and Regret the Work Cannot Be Done Here.

The Supervisors' Committee on Printing yesterday reported in favor of having the city improvement bonds made from steel engravings and awarding the contract to the Western Bank Note Company of Chicago, represented by the H. S. Crocker Company, the lowest bidder, at \$16,500. The committee expressed regret that there were no steel engraving plants in this city, but it was agreed that the steel engraving was superior to lithography and would be more acceptable to the moneyed institutions which would handle the issues.

Charles F. Traugott of the Lithographers' Association urged the committee to award the contract to some lithographing concern in this city. He said the steel engravings would cost \$10,000 more than lithography and none but an expert could tell the difference.

John P. Langle, representing a bidder, declared that the New York Stock Exchange listed municipal bonds only on condition that they were made from steel engravings. This condition was imposed as a precaution against counterfeiting. B. S. Hubbard, representing one of the bidders, said that if the bonds were listed in New York it would necessitate the establishment of a paying agency there. He had never heard of lithographs being counterfeited, but bank notes and other engraved work were being duplicated every day. Letters were read from many banking institutions favoring the engraving of the bonds.

Boy's Leg Broken by a Milk Wagon

Everett Cail, a boy of 7 years, living with his parents at 232 Fern avenue, was struck by a milk wagon belonging to the San Pedro dairy yesterday afternoon at the crossing of Polk street and Austin avenue. The boy was in the act of crossing Polk street, when the horse and wagon dashed out of Austin avenue and before he could clear he was knocked down, the wheels of the wagon passing over his leg and breaking it. At the Emergency Hospital the broken bone was set and he was then removed to his home.

CLEO ALLEN'S FRIEND NOW WITHOUT A WIFE

Court Grants Divorce to Spouse of Man Who Paid Attention to Pretty Stage Student.

SEATTLE, Sept. 30.—Mrs. Frank Kilbourne was granted a divorce today on the ground of cruelty and non-support. Her husband was recently mixed up in a scandal with Cleo Allen, who went to San Francisco to study for the stage.

MINERS SECURE AN INJUNCTION

Begin Proceedings to Prevent Owners Blacklisting Members of the Federation

FIGHTING CARD SYSTEM

Hope Through Litigation to Retain Their Positions in the Camps at Leadville

LEADVILLE, Colo., Sept. 30.—Judge Frank Mowers today issued an injunction against the members of the Leadville Mining District Association, restraining the association from proceeding further to compel miners to sign up and take out association cards in order to retain their positions in the mines of the camp. Nearly two thousand cards had been issued by the association when the work in this district was interrupted today.

The application for injunction was made by the president and secretary of the local miners' union. The defendants comprise nearly every mine owner and mine manager in the camp. They are restrained from discriminating against any miner because of his being a member of the Western Federation of Miners, or from making out a blacklist, or from compelling members of the federation to abandon the organization, or from compelling them to sign any agreement that they will renounce membership in the federation, or from carrying out or doing anything in furtherance of any plans to discriminate against the employment of miners who will not renounce their allegiance to the federation, or from in any other way conspiring to deprive any member of the federation from obtaining employment.

AUTOPSY SHOWS THAT MAJOR ADAMS' RIBS WERE FRACTURED

Doctors at Emergency Hospital Failed to Find Them in Their Diagnosis of the Case.

The autopsy on the remains of Major Thomas B. Adams, U. S. A., who died from injuries received by being struck by a car at Post and Powell streets, showed that in addition to a fracture of the skull, six upper ribs on the right side and the right clavicle were also fractured. These injuries escaped the attention of the surgeons at the Central Emergency Hospital, as in their diagnosis entered on the official register only the injury to the head was noted. Dr. Bauglup, the autopsy surgeon at the Morgue, states that death was due principally to traumatic pneumonia. In his opinion, if proper treatment had been given the life of the officer might have been saved. He does not believe that the fracture of the skull alone would have caused death.

YANKEE NAVY CAUSES ALARM

German League Points Out Impotence of Their Ships Compared to Our Fleets

URGES MORE BUILDING

Argument Made for a New Marine Organization With Vessels of Greater Power

Special Dispatch to The Call.

BERLIN, Sept. 30.—In the next number of its publication the German Navy League will create a navy scare for propaganda purposes. It will be shown that the thirteen new battleships of the United States, armed with twelve guns of more than 25 centimeter caliber, would be able to destroy the armor of Germany's greatest battleships before their inferior guns could reach an effective range.

Accordingly the 1900 navy plan will be represented as out-of-date and demanding replacement by a new marine organization with far stronger battleships. Besides, the league points out that the American ships now being built constitute a mighty fleet, able to cope with the whole German navy. The scare is believed to foreshadow naval proposals during the ensuing session on a far greater scale than was anticipated.
