Miss Nettie Blackmore, Minneapolis, tells how any young woman may be permanently cured of monthly pains by taking Lydia E. Pinkham's Vegetable Compound.

YOUNG WOMEN:—I had frequent headaches of a severe nature, dark spots before my eyes, and at my menstrual periods I suffered untold agony. A member of the lodge advised me to try Lydia E. Pinkham's Vegetable Compound, but I only scorned good advice and felt that my case was hopeless, but she kept at me until I bought a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely without pain at my menstruation periods. I am most grateful.—NETTIE BLACKMORE, 28 Central Ave., Minneapolis, Minn.

Painful Periods

are quickly and permanently overcome by Lydia E. Pinkham's Vegetable Compound. The above letter is only one of hundreds of thousands which prove this statement to be a fact. Menstruation is a severe strain on a woman's vitality, — if it is painful something is wrong. Don't take narcotics to deaden the pain, but remove the cause — perhaps it is caused by irregularity or womb displacements, or the development of a tumor. Whatever it is, Lydia E. Pinkham's Vegetable Compound is guaranteed to cure it.

If there is anything about your case about which you would like special advice, write freely to Mrs. Pinkham. She will treat your letter as strictly confidential. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

Details of Another Case.

"DEAR MRS. PINKHAM:—Ignorance and carelessness is the cause of most of the sufferings of women. I believe that if we properly understood the laws of health we would all be well, but if the sick women only knew the truth about Lydia E. Pinkham's Vegetable Compound, they would be saved much suffering and would soon be cured.

"I used it for five months for a local difficulty which had troubled me for years, and for which I had spent hundreds of dollars in the vain endeavor to rectify. My life forces were being sapped, and I was daily losing my vitality.

"Lydia E. Pinkham's Vegetable Compound cured me completely, and I am now enjoying the best of health, and am most grateful, and only too pleased to endorse such a great remedy."—MISS JENNIE L. EDWARDS, 604 H St., N. W., Washington, D. C.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women.

NEW MANAGER FOR PLAYHOUSE

Edward Ackerman Decides Not to Renew His Lease of the California Theater

BUSINESS TO CONTINUE

Charles Hall Becomes the Possessor of Option on This Valuable Property

Before many months have passed there will be a shifting of scenes at the California Theater. The play will be in one act with a notary public and two others as principals. There will be nothing dramatic in the situation; no, not even anything farcical. There will be no suggestion of a comic opera or the hurly-burly of a Fischer's.

Charles Hall has acquired an option on the lease of the California and all he has to do to become manager of the playhouse on Bush street is to sign his name to the final papers with that of the representative of the Macdonough estate. Manager E. Ackerman, who now has control of the house and is enjoying a successful run of "The Tenderfoot," will step down and out and Hall will step in.

There has been no fault found with Ackerman's management of the property and, as he says, he is simply allowing his lease to run out and does not care to renew it under the circumstances.

The Macdonough estate, it appears, has long wanted to have its two theater properties under one management. Hall, who has had wide experience in the field of amusements, has been taking care of the Macdonough Theater in Oakland and the story is that he has desired for some time to become the controller of the San Francisco house owned by the Macdonoughs.

The expiration of the Ackerman lease is approaching and Hall was told that the estate had decided to let him have both the Oakland and the local theater if he wished to undertake the responsibility of running them. He said he was ready to handle the California and had outlined a plan for making it a popular place of amusement. The Ackerman interests reported that they were ready to surrender and Hall has been notified that he can sign the papers and have the lease for five years.

Hence the one-act play without a plot that is on the bills for a very near date.

PUTS FIVE MORE TEACHERS ON DAY SUBSTITUTE LIST

The principal of the South End School reported that she had twenty pupils on her waiting list. The board informed her that it has no funds for any more portable schoolhouses.

Leaves of absence were granted to Edith Bowers, Amelia Catlin, Mary A. Doughty and Marie Ruef.

The request of Mrs. Geraldine D. Boyle, a teacher in the Lincoln Evening School, and Edgar E. Muller of the day substitute class to exchange their positions was granted.

The demand of Frank McSheehy for \$480 for alterations at the Dudley Stone School was approved and ordered paid.

Mrs. Kempinski was appointed janitress at the Winfield Scott Primary School, vice Miss Aelselt, resigned.

BELIEVE BODY FLOATS IN BAY

Police Have Evidence That Bertha Ebert Took Fatal Plunge While Despondent

CAUSE STILL UNKNOWN

Telegram From the Missing Girl's Sister Suggests Love Affair With a Doctor

The mystery which enshrouds the disappearance of Miss Bertha Ebert on October 4 grows apace each day. That the body of the young woman is now floating on the white-capped waves, perhaps miles from shore, is the theory of the police and others. Yesterday two telegrams from the girl's sister in Bay City, Michigan, were discovered. From their tone it is probable that Miss Ebert had a disagreement with a certain Dr. Hoyle. This may have prompted her to self destruction.

On October 5 Miss Ebert's hat and purse were found on the beach near Fort Mason by Corporal James Parker of the Thirteenth Infantry. She was last seen at her lodgings in the Earl Cliffe, 1201 Gough street, on the evening of October 3. Her movements from that time cannot be traced, but it is supposed that she wandered out near Fort Mason some time on Tuesday, October 4, and cast herself into the billowy deep.

Miss Ebert came to this city about three months ago and sought assistance from the Y. W. C. A. She said she came from Australia. She was directed to apartments, but left them later and went to live at the Earl Cliffe. According to a dispatch from her native town, the girl came to this city to work for a medical concern under the direction of Dr. Hoyle. She left his employment later and it was probably due to a scene with the medical man.

Miss Ebert's relatives say there is not a love affair or like trouble in the girl's life, but a telegram sent by her sister, which was never received by the missing girl, suggests that the latter was tangled up in some manner with Dr. Hoyle. The sister begs Bertha to forget him and spare her life. Following is a copy of the telegram and one sent the missing girl by the Western Union Company requesting her to answer it:

BAY CITY, Mich.—Bessie W. Ebert, Earl Cliffe, 1201 Gough: Save life for my sake. Forget Dr. Hoyle. (Signed) SOPHIE EBERT.

The dispatch from the Western Union reads as follows:

Please give quick answer or reason why not our date from Bay City, Mich., to you. W. U. T. Co.

Bertha Ebert is the correct name of the girl. She is 23 years old and left home about three years ago and held a position as stenographer and book-keeper in Philadelphia until last July, when she came to San Francisco as assistant manager of the Occident-Orion Medicine Company, of which Dr. Hoyle is manager.

Sunday her sister, Sophie, of Bay City received a letter from her saying that she had quit the company. From the tone of the letter Sophie thought her sister was despondent, and while Bertha said she might return to Bay City, Sophie feared she contemplated suicide and on Tuesday sent a telegram telling her to spare her life.

The sister in Bay City has received no word of Bertha's disappearance other than newspaper dispatches, and thinks it possible that Bertha is on her way home. She says there was no love affair to her knowledge between her sister and Dr. Hoyle, but declines to shed any light on the trouble, which she admits existed. The girl's parents live in Bay City. Bertha left home three years ago and her father had heard nothing from her since she left home until apprised of her probable death.

Although parents and daughter were estranged for several years, says a dispatch received from Bay City last night, the old man broke down completely while talking of the affair.

WOMEN HELP BURNING MAN

True Heroines Endeavor to Extinguish Flames That Torture Unlucky Painter

HIS CLOTHING ABLAZE

Gasoline Blower Explodes and Saturates Charles Young With Fiery Fluid

With his clothing ablaze Charles Young, a painter, rushed madly along Grove street, near Fillmore, yesterday afternoon shrieking in agony. A gasoline blower had exploded near him while he was working on the house of Dr. Leo Rodgers at 817 Grove street. The fiery stuff scattered over his clothing and burned him severely.

While the frenzied man rushed down the street crying for help several women rendered him assistance. Mrs. J. Currier, an aged woman of the neighborhood, was the first to reach the man. She tried to put out the blazing gasoline, but her skirts caught fire and she herself was painfully burned.

With the fire still torturing him Young continued his wild rush. Miss Dorothy Wood, who lives at 819 Grove street, was standing in her doorway. She rushed to the rescue. She wrapped the man in a doormat and it partly extinguished the flames.

Mrs. Charles Fay and Miss Fay, who live at 834 Grove street, heard the shrieks of the suffering man and with great presence of mind seized blankets and hurried into the street. They finished the relief attempted by Miss Wood.

The man was taken to the Central Emergency Hospital, where he was treated by Dr. Goodale and later transferred to Simon's Sanitarium. He was fearfully burned about the body and his recovery is regarded as almost impossible.

Young seems to have been pursued by misfortune of late. He is the man who accidentally set fire to the Newhall residence a few months ago and was subsequently injured by a fall. The blower that sputtered the blazing gasoline over him is the same sort of instrument that exploded among a crowd of children on Wednesday. Young has a wife and a small baby.
