

Parker's Attacks President and Cabinet

Democratic Nominee's Mud-Throwing Campaign Wins Only the Condemnation of Fair-Minded American Citizens.

Chairman Cortelyou Informs His Chief That No Promises of Any Kind Have Been Made by National Committee.

Special Dispatch to The Call.

"I heard Mr. Cortelyou say to the President on his last visit to Washington: 'Mr. President, I firmly believe you will be elected. If you are I can say here and now that you will take office without a promise of any kind to any man having been made by the national committee.'—Statement by a member of President Roosevelt's Cabinet.

CALL BUREAU, HOTEL BARTON, WASHINGTON, Oct. 25.—President Roosevelt's friends here, both in and out of the administration, do not hesitate to openly express surprise at what they call the "unworthy character of Judge Parker's campaign against the administration." Vigorous comment is made on Parker's speech at Esopus yesterday, in which he charged that officers upon the present administration were appointed at the dictation of great combinations of capital and that contributions to Roosevelt's campaign fund were nothing less than a direct purchase of immunity.

In view of Parker's instructions at the opening of the campaign that there should be no attacks of a personal character upon the President or his friends are astounded at the tone of this speech. They look upon it as a sharp attack on the personnel of the present administration from Mr. Roosevelt down, and the integrity of his campaign managers.

A member of the cabinet whose personal and political relations with the President are closer than those of any other member since the retirement of Root made answer to-day to Parker's charges. He is so intimate with the President that when he talks of matters of this kind it may fairly be assumed that he speaks directly from Mr. Roosevelt. In a statement to The Call correspondent he said:

Parker's speech has certainly lowered the character of his campaign, especially in view of his earlier utterance. By a curious coincidence in last night's Esopus speech, side by side with Parker's Esopus speech, a plain statement which has not yet been denied, that the Democratic campaign fund has within a week been largely increased by contributions from trusts, the most important of which is generally supposed to be Standard Oil Company.

I heard Mr. Cortelyou say to the President on his last visit to Washington: "Mr. President, I firmly believe you will be elected. If you are I can say here and now that you will take office without a promise of any kind to any man having been made by any member of the national committee."

KNOX FLAYS PARKER.
Convicts the Sage of Esopus of the Veriest Hypocrisy.

WASHINGTON, Oct. 25.—Senator P. C. Knox, who was recently Attorney General under President Roosevelt, to-night issued a statement in answer to Mr. Parker's speech on trusts and forests. President Cleveland's remarks on the same topic, Knox says:

Within the past few days Mr. Cleveland in a public speech criticized the Republican party for not running amuck in the business interests of the country, which means that he criticizes the President for not dashing wildly at everything in sight and destroying the most innocent alike, while Judge Parker only yesterday bewailed the fact that corporations are permitted to violate the law and that they are contributing to the Republican cause. What can be the reason for this change of front? Mr. Cleveland, on March 17, 1892, in upholding the decree of the Circuit Court pronouncing the "beef trust" unlawful, said it was not within the prohibition of the law, favor of the best trust and against the United States when the case was pending and undecided in the highest court, while on October 21, 1894, he inferentially demanded that the trust be incorporated as a business entity.

Is there any connection between Judge Parker's abandonment of his common-law panacea, which meant immunity to the trusts, and the fact, as he alleges, that the trusts contribute to the success of the Republican party?

WHY APPENDICITIS?
Why is appendicitis so common to-day? Because we have got into the pernicious habit of eating too fast. Dr. Curtis, the great authority on this disease, says: "Appendicitis often follows the eating of a very heavy, or particularly large or indigestible meal."

After carefully following a foolish custom you can insure your safety by taking Stuart's Dyspepsia Tablets. It is an accepted, scientific truth, which admits of no dispute, that if you will only keep your digestive apparatus in good order you will never suffer from this dread disease, which, at best, means a weakening operation, with long weeks wasted in bed and big doctor's and surgeon's bills to pay as souvenirs.

Keep your appendix in health by the proper use of Stuart's Dyspepsia Tablets whenever you have laid yourself open to danger by overeating and upon the least sign of stomach or intestinal trouble, for otherwise, at any time, this dangerous disease may lay you low.

The curative influence of this great medicine is quickly shown in the gentle, soothing effect it has on all inflamed conditions of any part of the digestive tract. Stuart's Dyspepsia Tablets tone all these parts up to a proper condition of perfect health and regulate their functions into a proper working state. They also make away with all the causes of irritation, inflammation or indigestion by helping to dissolve, digest and assimilate or put to proper use all the food which is lying around in odd corners of your digestive apparatus, fermenting, rotting and curdling, like so much garbage in a dirty sink.

In these natural and perfectly simple ways Stuart's Dyspepsia Tablets restore all sufferers from any form of dyspeptic trouble to health. They are safe and reliable. They never fail to relieve and cure quickly and permanently. Use them and you need never worry about your appendix verminiformis.

party? Do the principles of law which Mr. Cleveland thought last March protected manufacturing monopolies from changing the campaign for his election, represent these very corporations which he affects to denounce, or else are their political strength solely the contributions they have received from them in the past and expect to receive from them in the future?

When Mr. Hill last April in the State convention which put Judge Parker forward for the Presidential nomination declared that the trusts should be regulated by the State and not by the nation, and when Judge Parker himself declared that the common law was sufficient for their regulation, knowing full well that this meant the abandonment of every effort to regulate them by the Federal Government, Mr. Hill and Judge Parker were bidding for the great corporations and trusts with reckless disregard of the interests of the public. Now, as a last despairing effort, he inveighs against them and seeks to obtain votes by thus attacking them in a manner utterly unworthy of the candidate of a great party for the high office of President.

Judge Parker's statement in yesterday's speech that the President and the trusts combined in an effort to "satisfy the country that trusts were opposed to the present administration," simply preposterous and smacks of the rashness of desperation.

BRYAN TALKS OF REFORMS.
Makes Eight Speeches in Indiana, Ending at South Bend.

SOUTH BEND, Ind., Oct. 25.—William J. Bryan addressed a large meeting in front of the City Hall here to-night. Bryan spoke of reforms that were needed by the Government and declared them to be vital issues of the campaign, and said:

The election of a Democratic ticket will hasten every reform by removing overshadowing issues. A Republican election will delay all reform because it will investigate and not only continue the issues that are now absorbing attention but may add new ones unsuspected.

In addition to the meeting here Bryan made addresses at seven towns in the State to-day and will make a number of speeches in Indiana tomorrow. All the meetings to-day were well attended.

NEW YORK, Oct. 25.—Of the first batch of 10,000 names examined by George Morgan, State Superintendent of Elections, in his search for fraudulent cases of registration, 1500 have been discovered, where his deputies in their personal canvass were told on the premises that the persons named were not known there. Morgan made this statement to-night, adding that the figures came only from the lower districts of the city, and that if the proportion was maintained throughout the evidences of fraud would be enormous.

TRANS-MISSISSIPPI CONGRESS DELEGATES GATHER AT ST. LOUIS FOR ANNUAL SESSION.

ST. LOUIS, Oct. 25.—Eight hundred delegates to the Trans-Mississippi Commercial Congress assembled to-day in Congress Hall on the World's Fair grounds. During the sessions, which will continue through Saturday, matters of importance to residents of the trans-Mississippi region will be discussed, such as "Irrigation," "Good Roads," "River Navigation" and "Interstate Commerce Laws."

Previous to the opening of the session a meeting of the executive committee was held, at which it was decided to limit the report of the committee on the subject to 500 words. It was also decided to hold only one session daily.

The meeting was called to order by the chairman of the executive committee, Thomas Richardson of Portland, Or., who introduced B. C. Kerens of St. Louis, Kerens, in the course of his remarks, said:

The Trans-Mississippi Congress has given consideration and suggested and carried through legislation to minimize the causes of the establishment of national parks, has sought the better protection of the forestry public domain, has secured for the vast extent of coast line on the Pacific Ocean washes the shores of California, Oregon and Washington.

As the United States continues to expand and increase in population, necessary legislation and improvements in the way of industrial and commercial advancement in the Western States. The congress then adjourned until to-morrow morning.

AUBURN, Oct. 25.—Engineer Lentz was badly burned last evening and face at the Auburn station last evening. He was lighting the acetylene light on his engine when it exploded. The injured man was taken to the Railroad Hospital at Sacramento.

SAN JOSE, Oct. 25.—There was a big political demonstration at Mayfield in honor of E. A. Hayes, the Republican nominee for Congress in this district to-night. It was the largest political gathering ever held in the town, and there was an abundance of enthusiasm. A band concert and numerous bonfires enthused the crowd before the meeting. Ralph McComish, president of the Mayfield Republican Club, presided.

E. A. Hayes delivered a stirring address, dealing with the tariff and other issues raised by the national platform. He urged the election of the entire Republican ticket. This was necessary, he said, to insure the carrying out of the policy advocated by McKinley and now being put in force by Roosevelt. Hayes said a Republican Congressman would be able to accomplish more at Washington than a Democratic one, and he promised it would be to work for the interests of California and the citizens of the Santa Clara valley. Hayes was well received and he was frequently applauded.

ENTHUSIASM IN SOUTH.
San Bernardino, Redlands and Riverside Hold Joint Rally.

SAN BERNARDINO, Oct. 25.—The local marching club, the clubs from Redlands and Riverside, the gun club of Redlands and the Army and Navy League of this valley held a rally here to-night that was pronounced the most enthusiastic of the campaign. T. C. Seymour was chairman. The speakers were: Professor Locke, candidate for the State Senate; General Prescott, nominee for the Assembly; S. C. Smith, Congressional nominee from the Eighth District; and Congressman McLachlan. Congressman McLachlan was greeted with cheers when he arose to speak. He reviewed the history of the Republican party and urged the voters to remember what it had done. He closed with a stirring tribute to President Roosevelt that brought the audience to its feet.

Gillette Safety Razor Wins.
Social to San Francisco Call.

ST. LOUIS, Mo., Oct. 25.—The Gillette Sales Co., Chicago, was awarded gold medals at Fair for its safety razor. Practical shaving qualities of its safety razor. It has by far the largest sale of any in the world.

SNYDER WINS AT PRIMARIES.
LOS ANGELES, Oct. 25.—Primaries for the selection of delegates to both the Republican and Democratic city conventions were held in this city to-day. There was no contest on the head of the Republican majority of ticket and S. A. Butler will be the choice of the convention. There was a warm contest on the Democratic ticket between Mayor M. P. Snyder and Edward Kerri, the former winning out by probably 5 to 1.

Republican Rallies in the City to-night

Julius Kahn and E. A. Hayes Secretary Metcalf Wires That Perkins Won the Collier.

In regard to the legislation in Congress for the building of a steel collier at Mare Island Navy Yard, Hon. Victor H. Metcalf of President Roosevelt's Cabinet wires this message to General George Stone, chairman of the Republican State Central Committee:

"WASHINGTON, D. C., Oct. 25, 1904.
"Congressional Record shows that Perkins obtained the amendment in the Senate.
"VICTOR H. METCALF."
When the foregoing telegram was shown to prominent Republicans last night the remark was made: "The supporters of Bell who have been attacking Senator Perkins will now turn and attack Mr. Metcalf."

REPUBLICAN RALLIES.
There will be two Republican rallies in San Francisco to-night, one in the Fourth and the other in the Fifth Congressional District. The meeting in the Twenty-eighth Assembly District at Occidental Hall, on Third street near Howard, which was at first scheduled to take place Monday evening, October 24, was postponed until to-night. Failure to engage the hall rendered the postponement necessary. The list of speakers remains unchanged. Julius Kahn, the party's standard-bearer for Congress in the Fourth District; F. A. Markey, nominee for State Senator, Seventeenth District, and William P. Mason, candidate for the Assembly, Second, Fifth and Sixth districts. At the outset the State Central Committee was inclined to regard the Second District as the one exposed to the greatest danger on account of a "subterranean" campaign on the part of the Democrats, but late advices from the several precincts of each county of the great district convince the Republican campaign managers that McKinley will be elected by a majority of 2000.

The most gratifying intelligence at party headquarters comes from the Democratic counties of Mendocino, Yolo, Lake, Glenn and Colusa. The Republicans are exceedingly active and vigilant in the Democratic strongholds and are bringing into the campaign prosperity many voters who formerly trained in the Democratic ranks.

It is gossip in political camps that a Bell expedition was recently organized in Sacramento for a still hunt in San Francisco for stories to be used against Duncan E. McKinley at the finish of the campaign. The still hunters are on the scent of an old stock story which has been peddled around the San Francisco newspaper offices and everywhere rejected.

SALINAS GIVES GREETING TO PERKINS AND NEEDHAM

SALINAS, Oct. 25.—Congressman Needham was accorded a great reception here to-night. Shortly after dark bonfires were lighted on the principal streets and for fully an hour before the meeting there was a continuous display of pyrotechnics in the vicinity of the large pavilion where the meeting was held. Senator Perkins divided the honors with Congressman Needham, each making a strong speech.

Needham talked nearly an hour and a half on the insular and isthmian policies of President Roosevelt. He was frequently interrupted by prolonged applause. His attack upon the Democratic platform and Judge Parker's letter of acceptance and speeches kept the audience in laughter for some time.

After the meeting closed a man who said he had voted the Democratic ticket forty years ago handed a card to Needham and Perkins and said he was going to vote a straight Republican ticket this year.

"You knocked holes in the Democratic platform," he said to Needham. "I am an Italian fruit peddler, with clasped hands raised in supplication. He labors under the very strange hallucination that what he finds is his no matter what it is or in whose possession it is. He says he has orders to that effect from heaven. It is a sort of a religious belief of his and he has not hesitated to live up to his belief. Monday in Cottonwood he saw a delivery horse belonging to G. H. Butterway standing in front of a store. Masseur's belief was so strong that he jumped down from his wagon seat and took the horse. He found it, he said, and therefore it belonged to him. "If you find a mine it's yours, isn't it?" he said to the officer who arrested him.

The officer answered yes. "Well then," retorted Masseur, "if you find a horse or a wagon or anything it's yours, isn't it?"

LUMBERMEN IN POLITICS.
TACOMA, Oct. 25.—The chief issue in the present warm State campaign has been injected by 1500 lumber manufacturers and dealers of Puget Sound, who are determined to leave nothing undone toward securing an extension of the 40-cent lumber rate to Nebraska, Kansas, South Dakota and other Missouri River points. The rate of 40 cents per hundred pounds now applies only to St. Paul. The rate is 50 cents to Omaha, which is only a mile farther from Portland, where the Hill and Harriman lines join.

The opposition of the lumbermen applies equally to both systems because last summer they rejected their request for a lowering of the rate in the territory named. Lumbermen are accordingly pledging the holdover Senators and all candidates for the next Legislature to all measures which will secure a 40-cent rate to the Missouri River. Candidates are signing the pledge in numbers.

The Northwest lumber industries pay annually in wages \$47,000,000, besides freights of \$22,000,000, the latter forming more than one-third of the gross earnings of the Great Northern and Northern Pacific last year.

Bell in Colusa.
COLUSA, Oct. 25.—The Theodore Bell rally held here to-night was the largest political meeting held here for years. The theater where the meeting was held was packed. B. Geis of

Francisco by a plurality approximating 10,000. In that memorable campaign San Francisco won the historic banner, a trophy which goes to the county giving the largest majority in a general election on the head of the Republican ticket. The banner was taken to Los Angeles in 1902 and is there for a long time, as Los Angeles the south that the banner will stay there for a long time as Los Angeles County promised to give Roosevelt 15,000 plurality on November 8. It is gossip in all the political camps that San Francisco will give the head of the national ticket a splendid majority, but the most enthusiastic champions of the President on the peninsula do not venture to predict a plurality of 15,000. All signs, however, point to a great Republican victory in the State.

SOLID DELEGATION.
A solid Republican delegation to Congress now seems assured. The Democrats are putting up fights in the First, Second, Fifth and Sixth districts. At the outset the State Central Committee was inclined to regard the Second District as the one exposed to the greatest danger on account of a "subterranean" campaign on the part of the Democrats, but late advices from the several precincts of each county of the great district convince the Republican campaign managers that McKinley will be elected by a majority of 2000.

QUEER VAGARY OF INSANE MAN

REDDING, Oct. 25.—Before the grated windows in a padded cell in the insane ward at the County Jail stands P. Masseur, an Italian fruit peddler, with clasped hands raised in supplication. He labors under the very strange hallucination that what he finds is his no matter what it is or in whose possession it is. He says he has orders to that effect from heaven. It is a sort of a religious belief of his and he has not hesitated to live up to his belief. Monday in Cottonwood he saw a delivery horse belonging to G. H. Butterway standing in front of a store. The "Nervous" Condition.

The term "nervous" is a broad term used to denote a diseased condition of the nerves that is very common. The disease is a debility or weakness that affects especially the nervous system. There may be no well-defined trouble, yet those who suffer with nervousness will complain of many things, mental depression, inability to rest well, twitching, aching limbs, and hundreds of nervous disorders. Sleep is not refreshing and the patient wakes up tired. Although the lungs, heart, liver and kidneys are sound, yet there seems to be serious disease in these vital organs, and sufferers with weak nerves feel that all their physical powers are failing.

Nervousness is wholly the result of wear and tear of the nervous system, caused by irregular habits, long-continued anxiety or worry, too great business responsibility, and any cause which tends to diminish the vigor of the body. The beautiful delicacy of the nervous system can be appreciated when it is considered that the nerve fibres do not exceed one-fifteen-hundredth of an inch in diameter.

Each of these nerve fibres proceeds from the nerve centre with which it is connected, to the point at which it terminates, without uniting with any other. So delicate is the structure and so intimately associated are its parts, that the nervous system can be deranged easily, and diseased or weakened.

Often sufferers from nervousness do not realize that their nerves need nourishing and strengthening. They wait and hope until the condition is of long standing before acting. Here is a case in point.

Brooklyn, N. Y., Aug. 2, 1904.—"It affords me pleasure to voice my appreciation of Paine's Celery Compound, as I think it a truly wonderful remedy. It cured me of nervousness and stomach trouble of long standing when all other remedies failed."
—Geo. W. Davren, 5401 Fifth Ave.

Victims of nervousness—those whose very life hangs heavy on their hands, depressed by their existence, or borne down by stress of overwork; Paine's Celery Compound stands ready to build the nerves back to their healthy condition—to put an end to sleeplessness, and to drive away every ache and pain.

Two days' treatment with Paine's Celery Compound will give proof of its marvelous powers. For 17 years this famous prescription has been the most universally used tonic in the world. It has stood the test of time. Physicians constantly use and prescribe it. No prescription has ever been formulated that equaled it in curative power. Remember this.—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable Druggists sell and recommend it.
