

# ACTRESS LOSES LIFE IN THE BREAKERS

## ISADORE RUSH IS DROWNED

### ATTACKED BY HEART FAILURE WHILE BATHING

BEAUTIFUL AND TALENTED ACTRESS, STAR OF THE GLITTERING GLORIA COMPANY, WHO, WHILE BATHING YESTERDAY IN THE SURF AT SAN DIEGO WITH MEMBERS OF THE TROUPE, MET HER DEATH.

SAN DIEGO, Nov. 14.—While bathing in the surf this afternoon Miss Isadora Rush, the well-known actress and the star of the "Glittering Gloria" company, which was billed to appear at the Isis Theater to-night, was swept out to sea. Several persons hastened to her assistance and she was brought ashore unconscious. Two physicians were promptly at hand and they exerted every known means to resuscitate Miss Rush. One or twice there were faint signs of returning vitality, but these proved deceptive, and shortly after 4 o'clock the actress was pronounced dead.

The sea during the past few days has been unusually high, and was dangerous even for the most practiced swimmer. Miss Rush had the reputation of knowing something of an athlete and had taken much interest in sports of all kinds. She was a fair swimmer, but even the most proficient man would have had difficulty with the surf that was running this afternoon.

Notwithstanding these unfavorable conditions Miss Rush, Wilton Heriot, a leading member of the company; Miss Olney, a niece of former Secretary Olney, and several others plunged into the surf. Shortly afterward Miss Rush and Heriot were swimming at a point about midway between the old pier, just below the hotel, and the bathhouse, when suddenly a huge breaker broke over Miss Rush, who was some distance from Heriot. The undertow caught the actress, and notwithstanding her frantic efforts to regain her feet and battle with the waves she was swept out toward the sea. Heriot immediately perceived her peril, and hurried to her assistance.

H. B. Smith and wife and Fred Jaffa, all of whom are residents of San Diego, were strolling on the beach and were witnesses of the accident. They immediately rushed to the assistance of Heriot, who was battling desperately to save Miss Rush.

Within a few minutes the actress' inanimate body was brought ashore by Smith and Jaffa. They also brought Heriot, who was unconscious, to the shore. The actor was revived after a few minutes, but the efforts to bring the actress back to life seemed unavailing. Word had been sent to the hotel for assistance, and Dr. Loria, the house physician, quickly responded. Word was also sent to Dr. Goff, and within a few minutes he too arrived on the scene. The two physicians labored over the actress for more than an hour, but in vain.

The supposition is that Miss Rush while battling with the breakers suffered an attack of heart failure, which rendered her helpless and caused her to drown.

Miss Rush was born in Wilkesbarre, Pa., about thirty-eight years ago. She was married some years ago to a Mr. White, who was not a theatrical man, and she has a daughter upon the stage known as Miss Mary White, who is now married to Tyrone Power, who recently made a hit in "Robert Emmett." Miss Rush also leaves a mother, who is ill at the home of the actress at Morning Side Heights, New York, and a sister, Carrie Rush, who is with her mother.

CHICAGO, Nov. 14.—Miss Isadora Rush, who was drowned at San Diego, was well known to Chicago theatergoers. Her last appearance here was in "Florodora" at McVicker's Theater in December of last year. In June of 1902 she rose to stellar rank in this city, when she succeeded Edna Wallace Hopper as Lady Hollywood in "Florodora" at the Illinois Theater. She was reckoned one of the most popular and gifted of the lesser theatrical lights who

# GOVERNORS' RACE YET IN DOUBT

## Colorado Republican Managers Confident That Peabody Will Retain Office

### BIG FRAUDS ALLEGED

#### Chairman Fairley Claims That 15,000 Illegal Ballots Were Cast for Adams

DENVER, Colo., Nov. 14.—The official canvass of the votes cast last Tuesday is in progress and has been completed in but a few counties. Revision of the unofficial returns leaves Alva Adams' majority over Governor James H. Peabody not less than 10,000.

"We consider Governor Peabody's threat to contest the election a mere bluff," said Democratic Chairman Milton Smith today, "but we are watching everything. I estimate that Adams' plurality will be 11,000. Our returns show that he carried Denver by 5100 and the rest of the State by as much more. The official count in the counties where it has been completed gives Adams a gain. If this gain continues as the official count in the rest of the counties takes place Adams will have a plurality of 11,000."

Chairman D. B. Fairley of the Republican State Central Committee said today: "I estimate that when our returns are all in Governor Peabody will be but a trifle over 500 behind. He has been showing wonderful strength in the past few days and has cut down the majority against him greatly. We are satisfied that he was the victim of a conspiracy and intend contesting every ground. We have positive evidence that the fraudulent votes throughout the State will run as high as 15,000. We intend having all the fraudulent votes thrown out and this will show Peabody has been elected by a large majority."

Both parties are collecting evidence of election frauds. It is proposed by the Democrats to summon grand juries in Denver and Pueblo to investigate.

### MAY SUCCEED FAIRBANKS.

#### Group of Legislators in Indiana Indorses Hemenway.

EVANSVILLE, Ind., Nov. 14.—Members of the Legislature recently elected from the First District met here today and unanimously indorsed James A. Hemenway, chairman of the Appropriations Committee in the House of Representatives, for the Senate to succeed Vice President-elect Fairbanks.

### TRIAL ON MURDER CHARGE AWAITS HARRY ELLIOTT

#### Man Who Killed J. W. Sherman in San Jose Restored to Competency by Court.

SAN JOSE, Nov. 14.—Harry Elliott, who on October 27, 1901, shot and killed John W. Sherman over Bessie Bray, an inmate of a disreputable house, was today restored to mental competency by Judge Tuttle. He was remanded to the custody of the Sheriff and will now be tried for murder.

Elliott was in love with the Bray girl, whom he had known since childhood. He conducted bootblack stands in San Francisco and Oxnard, coming here from the latter place he heard that Sherman, after marrying Bessie Bray, had forced her to lead a disreputable life. Meeting Sherman upon the street, at the point of a revolver he forced him to take him to the girl. As he saw Bessie Bray he killed Sherman.

Elliott claimed he had promised the girl's father on his deathbed that he would protect her.

Elliott was declared incompetent and sent to Agnew shortly after his trial in official circles in Washington to have him declared competent were taken at his own suggestion. Dr. Marvin testified that Elliott was now sane and had learned to read and write since going to the asylum.

### ALLEGED SCHEMERS JAILED FOR FLEEING THE PUBLIC

#### Redding Officials Take Into Custody Two Men Accused of Fraudulent Timber Land Deals.

REDDING, Nov. 14.—H. W. Miller and a man named Boren were arrested to-night on a charge of obtaining money by false pretenses in connection with what is alleged to be timber land frauds. They arrived here on November 7 with F. E. Kincaid from Roseburg, Ore., where Miller and Kincaid are alleged to have had trouble with the Government over timber land. Miller claimed here to represent the Washington Mill and Lumber Company of Seattle. He said his company wanted a number of people to exercise their timber land rights and to put up \$38 for the expense of filing. They were promised, it is alleged, that they would receive \$639 for his company for each quarter section when they proved up at a cost of \$400.

Special Land Agent James Houston, who makes his headquarters in this city, found out what was going on and enlisted the aid of City Marshal Poole in running the men down. They found this afternoon that there is no such company as Miller claims to represent, and as they had secured receipts from victims signed by Miller and Boren, the manipulators were arrested.

### LOCKJAW THREATENS A BAPTIST PREACHER

#### "Foxtail" Gets in Divine's Ear and Causes Appearance of First Symptoms of Tetanus.

SAN BERNARDINO, Nov. 14.—Rev. Dr. M. B. Shaw, pastor of the Baptist church here, was seized with a pain in the left ear Friday, and Saturday his jaws commenced to set. He preached with difficulty yesterday and his condition being worse this morning, a physician was consulted. The doctor extracted from the minister's ear a big "foxtail."

The barb must have been in the ear two months. It was slowly penetrating the ear drum and working toward the brain. But a few hours more and the sharp grass head would have done irreparable injury, probably causing death.

# BLIZZARD LEAVES WRECK OF RAIN

## WHOLE SECTIONS CUT OFF

### Wires Blown Down, Trains Delayed and Wrecks Piled on Coast.

NEW YORK, Nov. 14.—The storm which swept up through the Atlantic States from the gulf Saturday and last night developed into a gale of hurricane force as it moved west, resulting in the most complete tie-up of wire communication that the East has experienced since the memorable snowstorm of 1888, disarranged train schedules, paralyzed trolley lines and piled several wrecks along the coast.

The downpour of rain and heavy snow which accompanied the storm added to the destructive force of the gale. Telephone and telegraph poles, borne down by the weight of snow and ice-crusts, gave way before the sweep of the wind, and whole sections of country were cut off. Both the telegraph companies and the telephone companies with long-distance wires today reported their fields of operations restricted to the territory bounded on the west by Philadelphia, on the east by Boston and on the north by Newburgh, N. Y.

The big brokerage concerns in Wall street, many of whom under normal conditions operate thousands of miles of wire, today found themselves practically helpless. The exchanges were no more fortunate, and the only quotations received from Chicago and New Orleans were the market reports of the Associated Press.

By an elaborate system of relays and the use of both telephone and telegraph wires the Associated Press succeeded in bridging the path cut by the storm and reached all points in the West, North and East with the exception of a small section in the vicinity of Albany. There the damage from the snow and wind seemed beyond immediate repair, and with the exception of trains there was no communication with that section during the day.

The general breakdown of wires was also responsible for trouble on the railroads. The movements of trains could not be reported, and delays extending into hours in many cases resulted. That no more disasters at sea resulted from the gale probably was due to the early warning of the approaching hurricane sent out by the Weather Bureau. Bulletins sent out Saturday afternoon told of the gale that would sweep the coast and cautioned all mariners against leaving port.

### ALBANY ISOLATED.

#### Worst Wire Blockade in Past Sixteen Years.

ALBANY, N. Y., Nov. 14.—Wet snow that fell to-day broke down every telephone and telegraph wire in this city and vicinity. At 4 o'clock last night more than half the city was in darkness from interrupted light circuits. The fire alarm service was so crippled that special precautions were taken by the police to give warning in case of fire. It is the worst wire blockade the city has experienced since the storm of 1888.

### Frozen to Death in Virginia.

#### MARTINSVILLE, Va., Nov. 14.—Thomas Richardson, a Henry County magistrate, aged 50 years, was frozen to death on the public highway last night.

### Little Damage in Philadelphia.

#### PHILADELPHIA, Nov. 14.—Despite the severity of yesterday's storm no serious damage has been reported in this section. The storm has subsided.

### AGED DOCTOR TERRIBLY BEATEN BY A BURGLAR

#### Thug Enters His Office in New Orleans and First Asks for a Prescription.

NEW ORLEANS, Nov. 14.—Dr. Waldemar Bille, aged 70 years, a well known physician, was beaten into insensibility to-day in his offices in the busiest part of St. Charles street by a young man who came in to ask for a prescription. Occupants of the other portions of the building heard the commotion. When they tried to enter the office the man appeared and said the doctor was busy with a patient.

### HELEN GOULD BEFRIENDS GEISHA GIRLS AT THE FAIR

#### Conducts Religious Services for the Thirteen Who Are Held as Federal Prisoners.

ST. LOUIS, Nov. 14.—Miss Helen Gould of New York City to-day conducted religious services for the thirteen Geisha girls, who are Federal prisoners while awaiting the order for their deportation to Japan or permission from Washington to remain in the United States and fulfill a theatrical engagement.

### UNION'S CHARTER REVOKED.

#### Indianapolis Body Learns of Action by American Federation.

INDIANAPOLIS, Nov. 14.—Official notice of the revocation of the charter of the Central Labor Union by the American Federation of Labor was read to-night at the meeting of the former body. The charter was revoked because the local body refused to recognize delegates from the United Association of Steam Fitters. A motion to send President Gompers a report of the arbitration committee, in which it advises the reorganization of both associations of steam fitters, was adopted.

### Have Option on a Railway.

#### NEW YORK, Nov. 14.—It was said here to-day unofficially, but on what was considered good authority, that J. P. Morgan & Co. and H. B. Hollins & Co. have an option on a majority of the stock of the Cincinnati, Hamilton and Dayton Railroad. Representatives of these two firms are said to have started on a tour of inspection of the property.

An Englishman has been sent to an insane asylum through too much study of newspaper puzzles.

## Wm. Finck Co.

818-820 MARKET ST., SAN FRANCISCO.

KNIVES, RAZORS AND SHEARS GROUND AND REPAIRED. PICTURE FRAMES OF ALL DESCRIPTIONS MADE TO ORDER. ALL KINDS OF ELECTRICAL WORK DONE AND REPAIRED.

## MINERS SCORE BIG TRIUMPH

### Eight-Hour Day Granted by Employers in Telluride District of Colorado

DENVER, Nov. 14.—Notices were posted at the mills of the five big mines of the Telluride district to-night that in the future the eight-hour day would prevail in the mills. The plans concerned are those of the Smuggler-Union, Liberty Bell, Tomboy, Nellie and Alta.

It was the demand for this concession in the mills of the State that precipitated the strike in the mills and mines of Colorado and caused the bitter strife between the unionists and the mine owners in the Telluride and Cripple Creek districts.

The minimum wage promised under the new arrangement is \$3 a day. At one time the Western Federation of Miners offered to accept \$2.75 for an eight-hour day.

While no authorized announcement to that effect has yet been made, the general opinion is that under the President's order no discrimination will be made against the employment of union men.

### AGAIN BEFRIENDS WIDOWS.

#### Roosevelt to Insist That They Be Given Army Sewing.

WASHINGTON, Nov. 14.—It appears from developments to-day that President Roosevelt's directions regarding the employment of sewing women, most of them widows of soldiers, at the Schuykill Arsenal in Philadelphia have not been carried into effect. Michael Francis Daly of Philadelphia, representing the sewing women, called upon the President to-day and informed him that his orders had not been heeded; that only a part of the work had been restored to the women. He pointed out that the making of trousers, which amounts to about \$500,000 a year, had been withheld from the women in direct contravention of the President's order.

After hearing Doyle's statement the President sent a note to the War Department asking for a report on the matter and calling attention to the fact that he had directed that the work be given to the women. He indicated his intention of ascertaining who had violated his instructions and why they had been violated.

According to one of the officials at the Paris Museum of Natural History there are about 400,000 species of animals on land and in the ocean; 28,000 of these are insects.
