

NEAR MUTINY ON GALVESTON

Jackies and Captain Clash on Board the New Cruiser of the United States Navy

SCORES PUT IN IRONS

Call of the Vessel at Texas City for Which It Is Named Marked by Great Friction

GALVESTON, Tex., April 26.—A state of friction bordering almost on mutiny is said to exist on the new United States cruiser Galveston. The vessel arrived here last Wednesday on her maiden trip to receive a silver service from the citizens of Galveston. Yesterday Commander Cutler ordered his ship away from the wharves, where she has been since her arrival, to an anchorage in the roads, so that the officers might be better able to control the men, numbers of whom were leaving the ship and overstaying their shore leave.

Federal and municipal officers have to-day returned nearly two scores of men found ashore, many of whom were drunk. These men vigorously protested against the treatment which they allege is accorded them on board ship by Commander Cutler.

The men, among them several petty officers of long service, pronounce the voyage of the Galveston the most unbearable they have ever experienced. Many of the men denounced the commander and state that they are overworked and underfed. They claim that for the most trivial offenses they are given the extreme penalty and that sixty of the men are in irons. The marines are said to be almost worn out preserving order on board. The cruiser sailed for Norfolk to-day.

NEGRO HELD FOR MURDER OF A MINNESOTA GIRL

Taken Into Custody by the Sheriff at Miles City, Montana.

MILES CITY, Mont., April 26.—A negro is held here for the recent murder of a young girl at Little Falls, Minn. His description corresponds with that of the suspect, and Sheriff Tenner of Little Falls has been communicated with. When captured by Sheriff Savage, the first thing the negro asked was whether Savage had heard of the Little Falls murder. There is a reward of \$500 for the murderer.

TO GO EAST TO CLAIM PART OF FAIR ESTATE

Chef at Santa Fe Hospital in Topeka Proves to Be Long-Lost Relative.

TOPEKA, Kans., April 26.—Frank P. Smith, chef at the Santa Fe Hospital, announces that he will go East next Monday to claim his portion of the Fair estate. He is the long-lost brother of Mrs. Charles Fair and learned of his relationship through reading a notice of his mother's death.

ST. PETERSBURG, April 26.—The question of constructing a canal to connect the Black Sea with the Baltic has again been taken up by the Minister of Finance.

TRIO OF WEDDINGS IN SMART SET.

CUPID WINS VICTORY AFTER LENT

WELL-KNOWN YOUNG SOCIETY PEOPLE WHO WERE MARRIED YESTERDAY AT THE HOME OF THE BRIDE'S PARENTS IN SUTTER CREEK, AMADOR COUNTY. MANY FRIENDS WERE PRESENT FROM THIS CITY.

The marriage of Miss Gertrude Voorheis and Baylies Coleman Clark was solemnized at noon yesterday in the Methodist Episcopal church at Sutter Creek. Right Rev. William Hall Moreland, Bishop of Sacramento, officiating, assisted by Rev. William Tuson of Amador County. The wedding is a notable affair of the week, and interests many residents of the State on account of the prominence of the families. The bride, the only daughter of Senator and Mrs. E. C. Voorheis, is well known in San Francisco and Oakland, having attended Miss Horton's school in the latter city.

Many guests were present from both places, the bride's attendants also being Oakland maids. They were Miss Mollie Mathes, maid of honor; Miss Emily Chickering and Miss Lita Schiesinger, bridesmaids; K. Morton Clark, brother of the groom, served as best man, Grantland Bailey Voorheis of San Francisco and Roger Chickering of Oakland being ushers.

The bride wore a gown of white panne crepe, with bertha of duchesse lace, and the skirt, severely plain, in train. She carried a bouquet of white orchids. Miss Mathes' gown was of white silk dotted net and Valenciennes. Mr. and Mrs. Clark will make an extended tour of the East and then reside in San Francisco.

The marriage of Miss Susan Grey Le Count and Rev. David J. Evans was a noon event of yesterday in Grace Episcopal Church, of which the groom is rector. Bishop Nichols performed the ceremony in the midst of beautiful blossoms clustered all about the altar. In an exquisite gown of white chiffon cloth, the bride was a lovely picture, her long tulle veil fastened with orange blossoms, emphasizing the fairness of her type. The bridal party approached the altar to the strains of "Lohen-grin," the bride on the arm of her brother, Attorney J. A. Murphy and Mr. George R. Slocum, the groom's sister, and Miss Madeline Evans, maid of honor, both wearing gowns of white. The bridesmaids were Miss Meta Thompson, Miss Olive Kingsland, Miss Virginia Gibbs and Miss Lella Dickens, all gowned in white voile and carrying bridesmaid bouquets. Courtenay Bennett served the groom, the ushers being George Sperry, Jaffray Dugan, Mr. Holt and Mr. Paul.

Mr. and Mrs. Evans left immediately after a brief wedding trip, there being no reception after the ceremony.

The home of Colonel and Mrs. Walter Turnbull on Washington street was the scene of a very pretty wedding last evening. At 8:30, in the presence of half a hundred friends and relatives, Miss Mary Turnbull was united in marriage to George R. Murphy of New York. Pink and white blossoms intermingled with ferns and greens filled the house, which was beautiful in its splendor of flowers. The bride, who is tall and stately, was most attractive in her robes of white messaline and old lace. Miss Virginia Brastow, maid of honor, wore an Irish lace gown, car-

rying white carnations. The bridesmaids, who were Miss Jane Wilshire, Miss Isabelle Lathrop and Miss Carrie White, were gowned in pink chiffon, with bouquets of pink carnations. Arthur Murphy served his brother as best man, Dr. Walker Turnbull, James Keith and Frederick Rockwell acting as ushers. The ceremony, performed by Rev. Father Ramm, was followed by an informal reception. Mr. and Mrs. Murphy will reside in this city after a short wedding trip.

Mason Writ is Dismissed. Alice Mason, the young girl under arrest on suspicion of knowing something about the hold-up and murder at the grocery and saloon of J. C. Brutt, Second and Brannan streets, last Saturday night, was booked at the City Prison yesterday on a charge of vagrancy and her bonds were fixed at \$1000. When the application for the writ of habeas corpus for her release came up before Judge Cook yesterday afternoon the police made a return showing that she had been charged with vagrancy and the Judge dismissed the writ. She told Detective Ryan that she did not know the attorney who appeared for her and did not want him.

Teachers Must Attend Institute. The Superintendent of Schools, W. H. Langdon, issued a circular yesterday in which he says that all teachers must attend the annual institute, that no regular teacher of the city school from participating in its proceedings without a good excuse, and that under no circumstances can an absentee draw pay. The sessions of the institute will be held May 2, 3, 4 and 5. The elementary school section will meet in the Girls' High School and the evening school will meet at room 356, City Hall.

FIREMAN'S INJURIES FATAL.—William Williams, member of the Underwriters' Patrol, died at 1179 Polk street yesterday afternoon from internal injuries. Last Sunday while sweeping the floor of the fire patrol quarters at 10 Natoma street he fell down the pole hole to the ground floor. He was taken to the Harbor Hospital and thence to his home, where he died. He was 32 years old, a native of Connecticut and unmarried.

A NEW HOME FOR THE BON VIVANT. Something new under the sun! A fit expression when applied to the new Peacock Restaurant, which throws its doors open to the public to-day. Beautifully situated on Stockton street, overlooking Union Square, it is unique and exceedingly artistic in all its appointments. The scheme of decoration is novel in its extreme and is a conception worthy of a great artist.

The main dining-room is in white, with blue panels and a frieze of peacocks in all their wealth of beautiful colorings. The furniture is in green oak and harmonizes with the general tone of the room. The entrance to the second floor is in the form of a lounging room, paneled in weathered oak and furnished with Old Mission furniture, a scheme which would be heavy were it not for the warmth of the red rugs. It is unique and very artistic in one end lends a cheery atmosphere to the whole.

The Colonial Room, with its white wall paper in old willow design, its dainty lace curtains patterned after those at Mt. Vernon, blue carpet and Colonial furniture, is simple in the extreme and very homelike in effect, and follows out the Colonial idea to the minutest detail. The Russian Room is a marvel of beauty, with its tiger skin carpet, its gilded paneled walls, curtains embroidered with the Russian coat-of-arms, rare old bronzes and its massive furniture, which gives an effect of luxurious comfort, and will appeal to the most artistic taste.

The entire place is a symphony of color, and the color scheme is so well coordinated, as it shows the unusual skill of their decorators. San Francisco should welcome a place of this kind, as it certainly fills a long felt want.

BEGGING NETS HIM FORTUNE

Hermann Troebner Arrested in New York on Complaint of Charity Organization

WORKS VARIOUS FAKES

His Business Assumes Proportions Which Require Aid of Salaried Secretary

NEW YORK, April 26.—Hermann Wilhelm Troebner, "king of the Schnorrers," as a band of professional beggars is known here, is locked up awaiting arraignment on several complaints by charity organizations. Troebner, it is stated, has cleaned up tens of thousands of dollars in the past four or five years and the full list of persons from whom his unique methods procured money would read like a social register of New York. Troebner has lived at expensive hotels and for years has maintained a home in Hoboken for his wife and child. He is said to have taken large sums in gambling both here and in the West. Under arrest with him is his secretary, Otto Wittles, to whom he paid \$25 a week to attend to the clerical work of his business.

Troebner began his operations as a professor of Sanskrit from Heidelberg or Leipzig. University men, and especially professors, were much in his favor and his story generally was to the effect that remittances from home had failed to arrive, leaving him temporarily in need of funds. In 1902 he was sentenced to six months' imprisonment for mendacity. In that case he used the name of Baron von Manteuffel.

Recently he returned to New York and the charity organizations heard of him through the officials of a copper mining company, to whom he represented himself as an expert mining engineer. Technicians, however, placed him under suspicion because he failed to display much knowledge on the subject.

When arrested Troebner and his secretary were en route to Boston, whence they expected to sail for England.

PROBING INTO OIL INDUSTRY

James R. Garfield, Chief of the Bureau of Corporations of the Department of Justice, who has been specially delegated by President Roosevelt to delve into the affairs of the oil industry in this country, and especially those phases of it that concern the operations of the Standard Oil Company, arrived here yesterday from Washington and is staying at the Palace. An impartial view of the entire situation, both in the East and the West, is what the President has requested Commissioner Garfield to obtain, and in following out his instructions the latter is proceeding with his investigation in a manner that precludes the possibility of any strong influences being exerted against him in his work.

En route to San Francisco Commissioner Garfield stopped over in Kansas, where a bitter fight is being waged between the producers and consumers and the Standard Oil Company, and where the Legislature has taken a hand in the fight with a view of forcing the oil trust to demean itself in a public contest to better conditions for the ordinary consumer and the oppressed oil well man. He also spent one day in Denver for the purpose of gathering data, and after his work is through here the Commissioner will return to Missouri, where he will resume his investigation. Discussing his mission yesterday Commissioner Garfield said:

I am investigating the oil industry in every particular phase, from the well to the refinery, from the producer to the consumer, by methods of handling the commodity by rail and by water. My inquiries are made in the court of inquiry, that is, I do not hold court, but go about gathering such data as I desire, interviewing men or having them interviewed, and the circumstances permit. I cannot say how long I will remain in San Francisco, but I have my plan to complete the work here and my plan is to arrange the details so that my assistants can proceed in the country. There will be no special sessions in San Francisco nor will information be given to the public. I have submitted my report to the President and he consents to its publication.

Commissioner Garfield, who is the son of the late President Garfield, is a young man whom President Roosevelt selected for this particular mission because of his well known studious methods of inquiry and because he has a reputation for fearless energy that no great influence opposed to an investigation of the oil trust could bring to bear. He is accompanied on his tour by two clever lawyers of Washington, who assist him in interrogating people, and a stenographer. One of the great evils complained of in the country is the undue favor by the Standard Oil Company in the rebating of railroad rates in favor of the trust, and this feature of the matter is receiving special attention from the Commissioner. An hour after his arrival in San Francisco the Board of Works, \$1500, new elevator for the Larkin-street side of City Hall, \$7500; convenience station, location not yet selected, \$10,000; paving Brannan street, from Ninth to Tenth, with asphalt, \$4450; paving Market and Oiling Railroad avenue, \$2500; paving Fremont street, from Market to Mission, \$8120; paving Market street, from west side of Brady street to east side of Valencia, \$7500; paving Stockton street, from Bush to Sutro, with asphalt and basal strips, \$2500; installation of oil-burning plant in boiler at Hall of Justice, \$4000.

City Improvement Company made a bid of \$11,563.50 to repair sewers on Mission street, between Onondaga and Amazon avenues.

BOARD OF PUBLIC WORKS ESTIMATES EXPENDITURES

Files Supplementary Report of Needed Improvements, Which Will Be Forwarded to Supervisors.

At a meeting of the Board of Public Works yesterday a supplementary report of estimates of expenses for repairing streets and public buildings was filed and it will be forwarded to the Board of Supervisors. The total amount of money needed is about \$100,000.

Some of the items included in the list were: Attorney representing the Board of Works, \$1500; new elevator for the Larkin-street side of City Hall, \$7500; convenience station, location not yet selected, \$10,000; paving Brannan street, from Ninth to Tenth, with asphalt, \$4450; paving Market and Oiling Railroad avenue, \$2500; paving Fremont street, from Market to Mission, \$8120; paving Market street, from west side of Brady street to east side of Valencia, \$7500; paving Stockton street, from Bush to Sutro, with asphalt and basal strips, \$2500; installation of oil-burning plant in boiler at Hall of Justice, \$4000.

City Improvement Company made a bid of \$11,563.50 to repair sewers on Mission street, between Onondaga and Amazon avenues.

ICED CAR HOLDS HIM PRISONER

Man Fights Against Death for Five Long Days in a Union Pacific Refrigerator

BOTH FEET ARE FROZEN

Victim Describes His Sensation While Being Overcome by Intense Cold

SPECIAL DISPATCH TO THE CALL. OMAHA, Neb., April 26.—With a revolver Emil Schwarz fought against death in an icebox of a Union Pacific refrigerator car. After five days in that arctic atmosphere, he finally attracted attention and gained release by firing a pistol shot through the roof of the car as a brakeman was passing overhead.

Schwarz was en route to New York from San Francisco and rode in the refrigerator car from Laramie, Wyo., to Omaha. During the journey he lost fifteen pounds in weight and when rescued both his feet were frozen so that he could not stand. Describing his experience Schwarz said:

"I did not suffer much until the third day. The car seemed to get colder and colder and I feared to go to sleep. Staying awake is what makes a fellow crazy. I felt a grinding pain in the stomach, such as though two big bones were rubbing together inside of me. I walked up and down the car until I dropped. The jolting of the car was terrible and a dizzy feeling came over me. A pricking numbness, as though my legs and arms were going to sleep, made me rub the flesh and I knew from the coldness that I was freezing."

At every stop Schwarz made desperate efforts to attract attention, but not even the firing of his pistol was heard by any one on the outside until the fifth day.

MOTHER COMMITS SUICIDE TO FRIGHTEN HER BABES

Belief That She Took Poison by Mistake in Scaring Them Into Obedience.

SALT LAKE, April 26.—"See, mamma is angry. Now she's going to kill herself," was an expression often used by Mrs. Jane Maynard to frighten her children into obedience. Following her words the woman would put sugar and water in a glass, drink the mixture and feign illness. This always had the effect of producing good behavior.

The Maynards lived in Jordan, a settlement a few miles from Salt Lake. Yesterday, during her husband's absence, the mother had tried to scare her children. The children are unable to tell exactly what their mother did following her remark, but the neighbors believe she made a mistake and put strychnine instead of sugar in the glass yesterday.

PRESIDENT AND PARTY ENJOY A DAY OF REST

Secretary Loeb Finds the Huntsmen Worn Out After Their Bear Chase.

GLENWOOD SPRINGS, Colo., April 26.—A rest was taken at Camp Roosevelt to-day by all members of the party. They were utterly worn out after their hard chase of Monday and Tuesday. Secretary Loeb found the President reading and several others of the hunters were telling stories when he reached the camp on East Divide Creek.

Excursion to Russian River.

On Sunday, April 30th, the California Northwestern Railway will run an excursion to all points on its Guerneville branch. As is well known, this line parallels for a number of miles the Russian River and affords one of the most picturesque rides in the United States. Train will stop at Fulton, Meacham, Olivet, Trenton, Forestville, Mirabel Park, Mill Valley, Sausalito, Camp Six, Korbel, Guerneville, Guerneville Park and Russian River Heights. This is a beautiful country for camping. Bring your lunch baskets and select a camping site, or view the lots offered for sale at Guerneville Heights and Russian River Heights. Boat will leave Tiburon Ferry at 8:30 a. m., and on the return train will leave Russian River Heights at 5:00 p. m. Fare for the round trip, \$2.00. Each ticket sold insures a seat.

LOVERS OF FIFTY-FIVE YEARS AGO FINALLY WED

Grandsons and Granddaughters Make Merry at the Marriage Feast.

KANSAS CITY, April 26.—Simon E. Raboy, aged 73 years, of Pennington Point, Ill., and Mrs. Sarah E. Lybarger, aged 70 years, who conducts a boarding-house here, were married to-day. Fifty years ago Simon Raboy and Sarah Fredericks attended the same country school in Ashland County, Ohio. The lad carried her luncheon basket and in winter time hauled her on his sled. The boy and girl grew up and Raboy asked for her hand. Her parents objected, however, and the couple separated, each marrying soon afterward. Mrs. Lybarger, fifty years ago and the woman's husband, Lybarger, last October. Then it was that the old love was rekindled and a new wedding was arranged, which ended in marriage. Sons and daughters, grandsons and granddaughters made merry at the feast that followed.

Gets a \$2000 Reward.

HELENA, April 26.—The jury in the suit of R. G. Pritchard of Spokane against various defendants, involving the \$2000 reward offered for the arrest and conviction of Hammond, the San Motel train robber, to-day brought in a verdict in favor of Pritchard, awarding him the entire amount.

TOPEKA, Kans., April 26.—The head officials of the Santa Fe to-night presented H. U. Mudge, the retiring general manager, with solid silver coffee set valued at \$1000.

Does Your Back Ache? IT'S YOUR KIDNEYS?

Thousands of Men and Women Have Kidney Disease and Do Not Know Until It Has Developed Into Bladder Trouble, Rheumatism, Diabetes or Bright's Disease, Which Will Prove Fatal If Not Attended to At Once.

Pains in the small of the back, painful passing of urine, inflammation of the bladder, torpid liver, cloudy urine, pains in the back of the head and neck, rheumatic pains and swellings all over the body, scema and jaundice tell you your kidneys are diseased and are not able to do their work properly. If you have any of these symptoms, great care should be taken to stop the progress of the disease and prevent it becoming chronic and prejudging the entire system.

WARNER'S SAFE CURE

G. F. Clements, the noted professional runner and one of the athletic trainers at Harvard College, says: "Warner's Safe Cure did wonders for me. About a year ago I was run down from over-training on the track and in baseball. I suffered continually, and was obliged to drop everything connected with athletics. One day a friend recommended Warner's Safe Cure as a general tonic and kidney builder. After trying a sample bottle I began to feel brighter, and when three bottles were gone I had regained my old-time athletic vigor and health."

"I heartily endorse the medicine, not only as a tonic, but especially as an infallible cure for kidney troubles."

IF IN DOUBT MAKE THIS TEST: Put some urine in a glass; after it stands 24 hours, if you find a reddish, brick-dust sediment in it, or particles floating in the urine or the urine is milky or cloudy, you will know your kidneys are in a diseased condition and are unable to perform their work; the result will be the bladder and urinary organs will become inflamed, uric acid will poison the blood, the stomach will become affected and unable to digest the food, the system will become weak and the result will be a break-down of the general health, with Bright's disease or diabetes, which will prove fatal if not treated with promptness and great care.

Cures Kidney Disease

Warner's Safe Cure is purely vegetable and contains no harmful drugs; it does not constipate; it is a most valuable and effective tonic, and is a stimulant to digestion and awakens the torpid liver, putting the patient into the very best receptive state for the work of the restorer. Warner's Safe Pills taken with Warner's Safe Cure move the bowels gently and aid a speedy cure. WARNER'S SAFE CURE is now put up in two regular sizes and is sold by all druggists, or direct, at 50 cents and \$1.00 a bottle.

Beware of so-called kidney cures which are full of sediment and of bad odor—they are positively harmful and do not cure.
