

DAVID M. FOLTZ TAKES A PRETTY EUREKA GIRL FOR A BRIDE.

Quiet Wedding in Presbyterian Church.

Rev. H. H. Bell Ties Knot That Makes Them One.

D. M. Foltz, a son of Mrs. Clara Foltz, and Miss Bessie L. Holmes of Eureka, Cal., were married yesterday at 2 o'clock, the Rev. H. H. Bell of the First Presbyterian Church officiating. The wedding was very quiet, being attended only by relatives.

The bride is the daughter of Mr. and Mrs. Robert Holmes of Eureka, and is well-known and highly accomplished. Mr. Foltz, a nephew of Samuel M. and Charles M. Shortridge, represents the Equitable Life Insurance Company. He was formerly the business representative of The Call in New York and was for several years with the Judge Publishing Company.

PRESS CLUB MEMBERS WILL REVEL IN THE MOUNTAINS

Onting to Tuxedo Promises to Be the Most Enjoyable Affair of the Kind Ever Given.

To-morrow is the day set by the Press Club men for their annual outing—and a gala event it will be. Leaving the foot of Market street at 2:45 o'clock in the afternoon the members and their friends will go to Tuxedo, a resort in the heart of the Santa Cruz Mountains.

There will be some style about the Press Club outing. A special train has been engaged, and all the auxiliary details will be complete. A special feature of the affair will be a campfire flink, where, about huge burning redwood logs, the members will listen to song and story under unusual conditions. In variety there will be dancing and bowling in the evening.

On Sunday the guests will have ample sway for their tastes. The Big Trees are within fifteen minutes' walk from the resort. There will be fishing, tennis, croquet and boating to entertain. Returning from Tuxedo the party will leave at 8:30 on Sunday evening. The Press Club promises one of the best outings it has ever given.

STATEMENT OF EXPENSES—Warden Fleming of the City Hospital filed a statement of expenses yesterday with the Supervisors showing that \$1,345.75 was expended at the institution during eight months ending February 28. The daily average number of patients was 432.86, and the daily expense per patient was \$3.12.

OBJECT TO TANNERY.—A number of residents and property owners yesterday filed a protest against the grant of a permit to John Hainold to operate an engine in his tannery at 14 Belknap street. The protesters claim the tannery is in a prohibited district and that a permit has once before been denied.

SAN JOSE, June 1.—Articles of incorporation of the Farmers' and Merchants' Bank of Mountain View were filed today. The capital stock of \$20,000 is all subscribed by business men of that town.

ADVERTISEMENTS.

OPERATION AVOIDED

EXPERIENCE OF MISS MERKLEY

She Was Told That an Operation Was Inevitable. How She Escaped It

When a physician tells a woman suffering with ovarian or womb trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals are full of women coming for ovarian or womb operations.

There are cases where an operation is the only resource, but when one considers the great number of cases of ovarian and womb trouble cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margaret Merkley of 275 Third Street, Milwaukee, Wis., writes: Dear Mrs. Pinkham:—Loss of strength, extreme nervousness, shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, after making an examination, said I had ovarian trouble and ulceration and advised an operation. To this I strongly objected and decided to try Lydia E. Pinkham's Vegetable Compound. The ulceration quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well."

Ovarian and womb troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive—if you have pain or swelling low down in the left side, bearing down pains, leucorrhoea, don't neglect yourself; try Lydia E. Pinkham's Vegetable Compound.

If any kind of a range will do, the Majestic is too good for you. Your credit is good. **CORDES FURNITURE CO.** 245-259 Geary St.

ACTION IS APPROVED.—The Holy Park and Mission Improvement Club has adopted resolutions indorsing the action of the Board of Supervisors appropriating \$350,000 to acquire the Geary street road as a municipal system.

STREET CARS TO HAVE METAL LICENSE TAGS

Tax Collector Scott to Inaugurate New System to Prevent Irregularities.

Tax Collector Scott has thought out a plan whereby the United Railroads will be compelled to pay a license tax on every street car which it has in use. During ex-Tax Collector Smith's incumbency it was discovered that the corporation was paying licenses on all of its cars, and the system of collection thereon was so lax that Smith was enabled to appropriate some \$2500 which he collected from the treasurer of the company, ostensibly for street-car license tags.

The system which Scott proposes to inaugurate is to have metal license tags placed conspicuously on the cars, so they may be in plain view of the license collectors. The system is used for dog licenses, and under it it will be possible for any crooked work to be done, as the Auditor will have the metal tags in his possession to be disposed of as fast as they are required for sale to the railroad company. The tags will be numbered and will bear the name of the street-car line for which they are used.

WINEMEN WILL CONVENE AT SAN FRANCISCO NEXT MONTH

Eastern Delegation Will Come in a Special Train by Way of Los Angeles.

The Eastern members of the American Wine Growers' Association who will visit California in a special train for the national convention to-day announced the itinerary of their journey. The convention is to be held in San Francisco, from July 11 to 14, at the invitation of the California Promotion Committee and of the wine producers of the State. The California Viticultural Club will meet the delegates. The itinerary follows:

The winemen will return via Portland, stopping at the exposition, Seattle, Tacoma and Niagara Falls, arriving in New York City on July 21.

The officers of the national association are: President, Edward E. Emerson; first vice president, Percy T. Moran; second vice president, F. N. Randall; secretary, Lee J. Vance; treasurer, James Neil; chairman arrangements committee, George E. Dewey.

WILL PURCHASE A SITE FOR NEW SCHOOL BUILDING

The Board of Education yesterday recommended to the Supervisors the immediate purchase of the lot adjoining St. Joseph's Asylum in the Silver Terrace tract offered for \$10,000 by M. Riddell. The site will be used for the proposed Burnett Grammar School building, to cost \$119,000. The board believes the site to be the finest in South San Francisco.

The board decided to visit the site offered for children's playground, Lowell High School building, additional grounds for the Clement Grammar, Golden Gate and Washington and other schools before making a selection.

The offer of W. J. Somers to sell a site for the Jackson School on Oak street near Stanyan was rejected.

The board received a communication from the Chief of Police that officers will be detailed to compel children between 8 and 14 years to attend school in order to increase the average daily attendance.

HOMER MARSH IS BANKRUPT

Owner of Large Paper Warehouse Business in the Islands Is Insolvent

FILES HIS OWN PETITION

Owes \$228,897, Mostly Unsecured, and His Assets Will Only Reach \$35,000

One of the largest bankruptcy cases ever noted in the United States District Court was recorded yesterday in the clerk's office. The petition was presented to Clerk Manley by the bankrupt, Homer T. Marsh, in person. He said he had gone to a lawyer for the purpose of having the petition drawn, but as the lawyer wanted a fee of \$100, he determined to typewrite the petition himself, which he had done very neatly and correctly. The amount of his liability is \$228,897, the greater part of which is unsecured. The assets are \$35,000, consisting of 53 shares of the capital stock of the Hawaiian Supply Company, Limited. There are two other items of assets amounting to \$300.

The petition recites that the Hawaiian Supply Company, Limited, made an assignment for the benefit of creditors in 1904; that the petitioner advanced to it to the capital stock, of which he paid in \$43,000, "thus leaving him liable within the amount of his liability" as a stockholder. The creditors for sums of more than \$1000 each are as follows: Mellie E. Hustace, Honolulu, \$5500; William R. Castle, Honolulu, \$5000; American Type Foundry, San Francisco, \$1388—all secured.

The unsecured are G. W. Reynolds Company, San Francisco, \$7000; G. M. Norton, San Francisco, \$3500; F. D. Greany, San Francisco, \$2100; Whitney & Marsh, Limited, of Honolulu, \$5000; Hawaiian Supply Company, Limited, Honolulu, balance on subscription to its capital stock, \$3200; J. W. Butler Paper Company, Chicago, \$6583; American Type Foundry Company, San Francisco, \$2131; Fitzgerald Trunk Company, Chicago, \$2300; Honolulu & Hawaiian Paper Company, Limited (a bankrupt), \$45,000; J. W. Butler Paper Company and the Union Trust Company of Chicago, \$5000; Fitzgerald Trunk Company and National Bank of North America, Chicago, \$3000; Standard Sanitary Manufacturing Company, Pittsburg, \$2600; John Emmeluth, Honolulu, \$13,500; Emmeluth & Co., Limited, \$6000; Bishop & Co., Honolulu, \$20,000; J. W. Butler Paper Company and Union Trust Company, Chicago, \$1377. The assets consist of 53 shares of Hawaiian Supply Company, Limited, stock (hypothecated to S. M. Damon and Mellie E. Hustace), \$35,000; Sanitary Steam Laundry Company, Limited, two shares, \$100; two shares of Whitney & Marsh, Limited, stock, \$200.

Marsh kept a paper warehouse at Honolulu and handled large quantities of stock. He was also connected with other business enterprises. He describes himself as a commercial traveler and resident of San Francisco.

WILL GIVE AVENUE BUSINESS ASPECT

J. W. Raphael Proposes Move That Secures Indorsement.

J. W. Raphael proposes that Union Square avenue, which is used principally as a convenient place to load and unload drays, shall be made into a first-rate business thoroughfare and lined with smart shops. His idea is that the lease of property that fronts on Union Square avenue shall put in attractive display windows. This would furnish them with new means of entrance to their business houses or stores to suit. The idea is attractive and is enlisting much favorable attention.

Mr. Raphael has a frontage for his store of 125 feet on the avenue. He has manifested his readiness to start the good work by tearing out the north wall of his store and making an attractive front as braces it. Some of the property owners that front on Union Square avenue shall be formed for the improvement of the avenue on the lines herein indicated. M. A. Gunst, who has a store on the northwest corner of the avenue and Kearny street, approves of the move.

Mr. Raphael would have the avenue illuminated with numerous arc lights. In an interview yesterday Mr. Raphael said:

I am sure that this plan will appeal to every leaseholder whose store runs through the avenue. All that needs to be done is to put in attractive windows and light the street. Mr. Gunst and I have succeeded in having it blighted after trying for about four years. If the plan is adopted it will double the value of all the property on Post and Geary streets that runs through it and it will double the value of every lease. With a big benefit ahead for the property owners and the leaseholders, I can't see how the plan can fall through. The street has been neglected too long; its business value has been overlooked. Some of the important business streets in the big Eastern cities are no wider than Union Square avenue. There is Nassau street in New York, for instance, and Chestnut street in Philadelphia. With fine shop windows and brilliant lights this little thoroughfare would be as good as Geary and Post. I am ready to do my part just as soon as my neighbors agree to carry out their share.

WILL ABRIDGE COURSE OF STUDY IN EVENING SCHOOLS

Superintendent and Teachers Hold Conferences With View to Simplifying Method Now in Vogue.

Superintendent of Schools Langdon and the teachers of the evening public schools have been holding daily conferences for some time with the object of simplifying and abridging the course of study in the evening schools. It has been found that the course is far too comprehensive to be carried out in the two hours' time allowed at night. The course is practically the same as for the day schools and the teachers say that it is impossible to crowd five hours' work into two. While the essential studies will be left as they are it is proposed to considerably shorten the course of the other studies, the idea being to devote more time to the practical education of evening school pupils.

Two Suspects in City Prison.

Mike Hickey, alias John Gordon, and Frank Gordon are being held in the City Prison pending further developments. It is suspected that they are criminals who are wanted elsewhere, and they have been photographed and their pictures sent to the police of the country. They were arrested by Detectives Taylor and Braig. When searched Hickey had \$48 85 in his pockets and a receipt showing that he had sent a postoffice order to "George W. Carrington, 1818 North Twenty-ninth street, Philadelphia," on May 14.

MUST REMOVE SIGNS.—Captain John Mosney of the City Hall station has sent out a notice to all real estate dealers of the city that the law prohibiting them from allowing signs to protrude over the sidewalk will be rigidly enforced in the future.

Coffee Hurt You?

No need to get mad now, tear up the paper or shout "nonsense, good coffee never hurt any one."

You know better than that, for you can point out all around you folks who are the worse for coffee's slugging. Think over a few coffee-drinking friends and casually enquire if they are entirely and perfectly well and just how coffee treats them.

If it hurts others isn't it just possible? Catch the drift, don't you?

In fact after you have studied the matter a bit it will come plain that if you are a coffee drinker the chances are you already have some form of incipient or perhaps fixed organic disease due entirely to the coffee—constipation, rheumatism, eye trouble, nervous headaches, nervous prostration or others of the well proven coffee ails. You can decline to look the thing squarely in the face and peg along with the coffee.

Some day Nature will haul you up SHORT!

IT'S A POOR BARGAIN

to swap health and a clear, business-like head, for a few cups of coffee each day.

Every coffee toper tries to wiggle round and charge his aches and ails to weather, overwork, too much or too little food, this, that or the other thing, so it isn't his Master's coffee.

A Sure Personal Test

will locate the exact cause of your steady destruction of health, if that cause be coffee. It's worth knowing the plain, sober fact before fixed organic, heart or other disease sets in, which perhaps cannot be cured.

The test is pleasant, accurate and satisfying. Quit coffee absolutely for 10 days and in its place use Postum.

BE SURE the Postum is properly boiled as per directions on pkg. (and that's easy), then you have the famous Food Coffee, with the deep seal brown which turns to rich golden brown when rich cream is added, and the flavor is crisp, snappy and soft like the high grades of Old Gov't Java.

If in two or three days you begin to sleep soundly at night, digest your food better, stomach and bowels show signs of recovery, or the old feeling of weakness at the heart leaves, or eyes get stronger and head works clearer (the ails of coffee drugging are multitudinous), the facts will be before you and

YOU HAVE THE ANSWER,

POSTUM COFFEE

10 days. "There's a Reason."

Get the little book, "The Road to Wellville," in each pkg.
