SECRETARY CURRY SUED BY ECLECTICS. Medicos Seek to Compel Him to Issue Incorporation Papers.

Secretary of State Curry and a number of physicians of the eclectic school, residents in San Francisco who have incorporated the Medical Society of the State of California, have clashed.

The Secretary of State holds that the name of the corporation has adopted comes to close to the title of the regular and official State board. As a result he has refused to issue necessary letters to enable the corporation to enter upon a legal career.

Holding that the position of the Secretary of State is arbitrary and unwarranted, the directors of the corporation, Drs. A. G. Deardoff, George G. Gere, W. A. Harvey, H. W. Hensaker and C. P. Higgins, filed suit yesterday for a writ of mandate to compel the issuance of the articles applied for.

An interesting development in connection with the suit is the appearance of several other physicians of the same school, who have filed articles of incorporation of the Eclectic Medical Society of the State of California.

The incorporators are E. M. Stetson, R. J. Atkins, R. L. Logan, Charles Clark and J. B. Mitchell.

NEVILLS CASE TESTIMONY IS TAKEN AT ST. FRANCIS. Mining Suit Transferred From Judge Murawsky's Court on Account of Illness of Witness.

The Nevills-Flemming case now being tried in Judge Murawsky's court, was transferred yesterday to the St. Francis Hotel.

This was done for the reason that Abraham Halsey, one of the principal witnesses in the case, is lying there on a sickbed, unable to go to court.

The testimony Halsey gave was largely in favor of the defendants.

While he admitted that a meeting of the Amador Tunnel, Milling and Mining Company had taken place in 1887 in the office of the company here in this city, he did not state why the meeting had been called or what was its object.

The testimony of Halsey was taken out of order yesterday, for the reason that on account of his illness he desires to go to his home in Pasadena. The court will meet again this morning at the St. Francis, when Halsey will testify further.

Hawaiian Governor May Resign Because of Brown's Election to the Shrievalty

RESULT OF THE VOTING. Fusion of the Home Rulers and Democrats Triumphs on the Island of Hawaii.

HONOLULU, June 21.—Returns received by wireless telegraph indicate that the Republicans were generally successful in yesterday's election for county officers in the islands of Maui and Kauai, but were defeated in the Island of Hawaii by a fusion between the Home Rule party and the Democratic party.

There is considerable discussion in Honolulu as to the political effect of the election of A. M. Brown, the regular Republican nominee for Sheriff, who was opposed by Governor Carter. In some quarters it is suggested that it may lead to the resignation of Governor Carter.

Several of the Republican leaders held a conference with Governor Carter to-day, and it is reported that they discussed the election, telling the Governor that their support of Brown was not intended as opposition to the Governor's administration.

Governor Carter will leave for the mainland on June 28, and may go to Washington to confer with President Roosevelt.

ENJOINS CONTRACTORS FROM EXCAVATING STREET. Judge Sloss Decides Against Firms Operating in Telegraph Hill District.

Judge Sloss issued an injunction yesterday at the instance of the city, permanently restraining the Globe Grain and Milling Company, Gray Brothers, Thomas Kelso and others from pursuing excavating operations within the boundaries of Winthrop and Chestnut streets.

After deciding this case Judge Sloss took up the suit of the city to restrain Gray Brothers from carrying on further blasting operations on Telegraph Hill. An affidavit made by T. H. Collett was read in which he says that on one occasion he was startled from a sound sleep by a tremendous explosion, his nervous system being seriously injured by the shock.

Upon investigation he found that his fright was caused by a blast set off by the defendants. Other witnesses testified to the same effect, while the defendants sought to prove that the blasting caused no inconvenience to the neighbors. Judge Sloss has taken the case under advisement.

Both men were tearing away the wall-back of the Chronicle building when the accident occurred. The wall, which was about ten feet high, gave away and Regon was caught under it. Gallego escaped with a few bruises about the legs. Regon was sent to the Central Emergency Hospital suffering internal injuries from which he died late last night. He was twenty years old.
