

Cornerstone of New Catholic Church to Be Laid at Mountain View.

ARCHBISHOP MONTGOMERY TO OFFICIATE ON SUNDAY

NEW CATHOLIC CHURCH, THE CORNERSTONE FOR WHICH WILL BE LAID ON SUNDAY IN MOUNTAIN VIEW. ARCHBISHOP MONTGOMERY WILL OFFICIATE AND SEVERAL SOCIETIES WILL GO FROM SAN FRANCISCO AND THE TOWNS OF SAN MATEO AND SANTA CLARA COUNTIES TO PARTICIPATE.

MOUNTAIN VIEW, Aug. 17.—Archbishop George Montgomery will officiate at the laying of the cornerstone of the new St. Joseph's Church on Sunday next. The sermon will be preached by Very Rev. Robert E. Kenna, S. J., of Santa Clara College, and many of the most distinguished Catholic clergymen of the State will be in attendance. Large delegations of the Knights of Columbus, Young Men's Institute and Ancient Order of Hibernians will be present from San Francisco, San Mateo, Menlo Park and San Jose. The League of the Cross Cadets band will accompany the San Francisco delegations and will furnish a sacred concert during the afternoon under the direction of Lieutenant E. Williams.

The pastor, Rev. John J. Cullen, was formerly connected with various parishes in San Francisco, where he has numerous personal friends. To accommodate these the Southern Pacific Company has arranged for extra train service and has made a special rate.

The ladies of Mountain View will serve the visitors desiring an excellent lunch in true Santa Clara Valley style. The new church building is designed in the early Gothic style, with a tower and pointed spire 110 feet high. The ventilation of the building is simply provided for independently of the windows, as the ridge of the roof and the apex of the ceiling are both formed into continuous ventilators, running the entire length of the building.

The end of the sanctuary will be filled with a stained glass memorial window, presented by the Costello family, and other windows will be added when donated. Over the principal entrance is the gallery, seating fifty, and inside of the church, on either side of the vestibule, are confessionals, while the tower is taken up with the baptistry and stairs to the gallery.

There is a fine, well-lighted basement extending under the entire building, with two approaches from the outside. The finishing of this hall is a work for the future.

The work is being carried out according to plans drawn by Thomas J. Welsh of San Francisco, the well-known architect. The estimated cost of the building is \$16,000.

ADVERTISEMENTS.

Shot Full of Holes.

"I am 65 years old, and have been a great sufferer from headache all my life. One of Dr. Miles' circulars was left at my door, and what it contained about headache interested me, so that I determined to invest a dollar in their make of shot, and go gunning for that headache. The first charge brought it down, but I continued to shoot until the thing was shot so full of holes that I believe it will never come to life again. I consider it the work of a 'good Samaritan,' to spread the knowledge of what Dr. Miles' Anti-Pain Pills will do." I. F. MOORE, 1352 Fairfax Ave., Bridgeport, Conn.

Headache, Neuralgia, Sciatica, Backache, Stomachache, Bearing Down Pains, Rheumatic Pain, or Pain from any cause yields readily to the soothing influence of Dr. Miles' Anti-Pain Pills upon the nerves, the irritated condition of which causes the pain. Leave it taken as directed, and harm is no disagreeable after-effects.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. It is 25 cents, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

WILL NOT HAVE TO STOP WORK

President Shonts of Canal Commission Explains Condition of the Treasury

WASHINGTON, Aug. 17.—One of the first important tasks awaiting Mr. Shonts, when he assumes the presidency of the Isthmian Canal Commission, is the conservation of the balance remaining of the appropriation of \$3,000,000 so as to guard against a stoppage of the work on the canal building. Calling to his aid several expert accountants, the exact state of the finances of the commission was ascertained and it was found that the work could be steadily prosecuted until the 15th, \$200,000 had been expended. This left to the balance of the appropriation on August 15, \$2,810,713, in addition to which each of the disbursing officers had on hand \$500,000 in that date.

It will be seen from the foregoing that the average expenditure per month, leaving out of account the purchase of the two ships last in the neighborhood of \$650,000, and at that rate of expenditure the exact state of the finances of the commission was ascertained and it was found that the work could be steadily prosecuted until the 15th, \$200,000 had been expended. This left to the balance of the appropriation on August 15, \$2,810,713, in addition to which each of the disbursing officers had on hand \$500,000 in that date.

WILL SUCCEED KRAUSS.

Dutch Government Details Engineer John Wilhelm Welcker for Duty on the Isthmus.

WASHINGTON, Aug. 17.—The Isthmian Canal Commission to-day received a communication from The Netherlands charge d'affaires stating that Professor Jacob Krauss, who was nominated by the Dutch Government to serve on the board of consulting engineers to meet in Washington September 1, has been appointed to a Cabinet office and will be replaced on the board by John Wilhelm Welcker, who since 1900 has had the supervision of the large Dutch rivers. He will leave for New York August 18 by the steamer Rotterdam.

NIECE TAKES UNCLE FROM POORHOUSE

Provides Home for Aged New York Broker Who Wasted Fortune.

NEW YORK, Aug. 17.—J. T. Raplee, an aged broker, said to have been once worth \$500,000 and who recently obtained refuge in the Westchester Poorhouse after having lived up to his fortune, was rescued yesterday by a stylishly dressed woman, who said she was his niece. The woman told the officials that she had made arrangements to keep him for the remainder of his days.

"My uncle has no excuse for being in the poorhouse," said she. "If he had taken care of his money he could now be living in a mansion on Fifth avenue."

FIGHTING HARD FOR CONVENTION

Western Delegates Leaving No Stone Unturned in Battle for Next Eagles' Meet

GOVERNOR IS ACTIVE

Members Deluged With Telegrams Urging the Merits of City of San Francisco

DENVER, Aug. 17.—San Francisco's fight for the next convention of the Fraternal Order of Eagles looks like a winner, although Milwaukee's supporters continue to claim a victory. Getting into the fight late, the Californians have organized a great campaign and with their breezy Western confidence are making the Milwaukee and Chicago people feel shaky.

Governor George C. Pardee of California and Mayor Eugene E. Schmitz of San Francisco, both Eagles, have bombarded the delegates with telegrams promising great things next year if the convention goes to the coast. California has more than 300 votes that will go the way the steering committee, of which Jerome Bassity is chairman, decides is best for San Francisco's chances.

With the Californians it is "everything for Frisco" and the office seekers are without their own delegations to use as a leverage to land the plums sought. So much trading is being done, however, that the delegates are being exchanged for votes for presidential candidates, that predictions are unreliable at best. Many of the California delegates in the parade to-day were in tallies and brags with Japanese sunshades and banners boosting for San Francisco.

Jerome Bassity is confident of success. It is possible the matter will be decided to-morrow before the election of a president, which has been made a special order for 10 o'clock.

While the Eagles were marching in Denver to-day men in five wagons pelted them with snowballs. As the day was unusually warm for Denver the snowballs were especially annoying. The Eagles were glad to catch the snowballs and eat them.

Yesterday a carload of snow was brought from Rollins Pass, the summit of the continental divide on the Moffat Road and placed in cold storage. This afternoon five express wagons were loaded with it and started along the line of march. Throughout the parade snowballs whizzed through the air in all directions. At the reviewing stand there was a battle royal with snowballs.

STATE TROOPS SENT TO STOP A LYNCHING

Governor of Mississippi Sends Soldiers to Protect Negro Murderer.

JACKSON, Miss., Aug. 17.—Governor Vardaman was informed by telegraph this afternoon that a negro named Horn had been captured between Lumberton and Hattiesburg, and that he was in charge of Sheriff Moody and a posse. The negro was charged with complicity in the killing of Convict Guard Smith, near Hattiesburg last week, for which two negroes were lynched. Governor Vardaman was also informed that a mob was being formed at Hattiesburg to lynch Horn. He at once ordered Adjutant General Bridge to take a detail of troops and take charge of Horn and bring him to Jackson for safe keeping. General Bridge at once started on a special train to relieve Sheriff Moody, who was hiding the negro in the woods.

DUNKARDS OBJECT TO DOWIE'S DAMNATION

Members of Sect Bombard Head of Zion City With Vegetables.

ALEXANDER, Mich., Aug. 17.—John Alexander Dowie opened his annual camp meeting at his summer residence on the shores of White Lake near here to-day, and in his first address to a crowd of two thousand he uttered curses and eternal damnation on other religious sects. Dunkards who flourish strongly in Northern Michigan, attacked the speaker with strong, and when Dowie cursed their belief they hooted, yelled, sang songs and broke up the meeting, creating a panic. Afterward they threw rotten vegetables at the venerable head of Zion City. The stains on Dowie's purple robe attested to the marksmanship of the Dunkards.

DUTCH ARMY POST IS ATTACKED BY REBELS

Two Officers and Twenty-Two Men Killed by the Achinese.

AMSTERDAM, Aug. 17.—A telegram received from Batavia, Dutch East Indies, reports an ugly outbreak of Achinese rebels, who attacked the Dutch post at Rambong, killing two officers and twenty-two men. Only six men of the post succeeded in escaping and these were wounded.

THE HAGUE, Aug. 17.—An official dispatch reports another surprise attack by Achinese rebels on a Dutch bivouac at Bakong, in the Kiewang district. A Dutch officer and six European soldiers were killed. The Achinese left a score killed.

SAYS OFFICIAL IS A PERJURER

Railroad Man Is Denounced at Meeting of National Commissioners' Association

DEADWOOD, S. D., Aug. 17.—At the convention to-day of the National Railroad Commissioners' Association Stett Burr, Commissioner from Florida, created a sensation when he openly denounced Walker D. Hines, former assistant general counsel and now first vice president of the Louisville and Nashville Railroad, as a liar and perjurer. He said Hines made a sworn statement of the valuation of the property of the Louisville and Nashville Railroad to the Comptroller of the State of Florida for the purpose of taxation, for the year ending June 30, 1902.

He says he later made another sworn statement to the Commissioners of Florida on the value of the property for the same year for rate-making purposes and which was much greater. Later he says Hines made another sworn statement of the value of the property of the same year, when applying for a temporary injunction in the United States District Court to enjoin the commission from enforcing the rate-making rates, which was double the statement made to the Commissioners or to the Comptroller.

Burr asked the National Railroad Commissioners to not give any credit to statements made by Hines before the committees of Congress. Benjamin F. Chabourne, Railroad Commissioner of Maine, made a heated reply to the charges.

Discussions of the questions of railway taxation in various States aroused the greatest interest thus far manifested. Charles T. Staples of Minnesota presented a report which showed that the valuation per mile of railroads on which taxes were levied varies in different States from \$4 in South Dakota to \$186 in Massachusetts, and that there are over a half-dozen methods of arriving at a basis of taxation in the various States.

Then the convention decided that uniform taxation of railways in all States was so important that the matter should be handed over to the committee on railroad taxes for the ensuing year, with instructions to report such a uniform plan.

At the afternoon session the election of officers resulted:

Dr. W. G. Smith, South Dakota, president, unanimous choice of the convention; Joseph Rice, Missouri, first vice president; E. A. Mosley, Washington, secretary, and M. W. Decker, Washington, assistant secretary.

HUBBY IS ENTITLED TO A WARM SUPPER

Home Is Dearer Than the Lodge, Cincinnati Judge Holds.

CINCINNATI, Aug. 17.—Judge Lueders in the Police Court to-day ruled that when a man works hard all day he is entitled to a warm supper when he reaches home at night. This decision came about when Frank Trouts was brought before him on a charge of slapping his wife Gussie, who is past junior vice chancellor of a lodge of Daughters of America.

Trouts declared the trouble was brought about because his wife wants to remain at the lodge all the time and neglected him and the children.

"Which is dearer and nearer to you, your home with your children and husband, or your lodge?" asked the Judge.

"Why, my lodge, as long as my husband treats me as he does."

After a futile effort to effect a reconciliation between man and wife, the Judge ruled the couple would be better separated and gave the children to the wife, ordering the husband to pay her \$4 weekly for their support.

SUBMARINES MUST NOT MANEUVER ALONE

Navy Adopts Rules for Protection of Men on Tiny Vessels.

WASHINGTON, Aug. 17.—The Navy Department has approved recommendations adopted by the Naval Board of Construction, which were adopted with a view of safeguarding the crews of the submarine torpedo-boats. The board recommended that submarine boats maneuver in waters not more than eight fathoms deep and that they be provided with lifting shackles and accompanied by a vessel equipped with lifting apparatus, so that the submarine may be promptly brought to the surface should any accident occur to the machinery.

AMERICAN YOUTHS APPEAR BEFORE A SCOTCH JUSTICE

Sons of Millionaire Phipps to Plead Not Guilty to Charge of Shooting at Poachers.

INVERNESS, Scotland, Aug. 17.—Jay S. Phipps and Henry Carnegie Phipps, sons of Henry Phipps of Pittsburgh, Pa., were formally arraigned to-day in the High Court on the charge of shooting at salmon poachers on the Beaulieu River and pleaded "not guilty." The case was remitted for trial at Edinburgh. The defendants contended that they merely fired in the direction of supposed poachers and had no idea of hitting them.
