## WOMEN STUDENTS GAYLY ENTERTAIN NEW CLASS.

FIVE CLEVER YOUNG WOMEN WHO TOOK PART IN "A COLLEGE MAN'S ROMANCE," AN ORIGINAL FARCE THAT WAS THE FEATURE OF THE CO-EDS' CARNIVAL WHICH WAS HELD IN HEARST HALL AT THE UNIVERSITY OF CALIFORNIA LAST EVENING.

### ENDS HER LIFE IN A DIVISION

LYNN, Mass., Sept. 15.—With her pet poodle dog dead on her breast and surrounded by two dead parrots and a dead canary bird, Mrs. Jennie E. Chase, the daughter of the late Eben Phillips, a man of many millions, was found unconscious in the gas-filled kitchen of her mansion at Swampscott last Sunday. Without regaining her senses she died Wednesday night. Not until to-day were the circumstances of her death made public and the police announce that the woman committed suicide. Near the woman was found a note signed with her name and saying in part: "I committed this act of my own free will; nobody is to blame." Besides a husband, Mrs. Chase leaves two brothers, Leonard and Charles, and a sister, Mrs. George Phillips-Moxey, who some years ago became involved in matrimonial difficulties with a physical culture teacher in San Francisco, to whom she gave her fortune. The family intervened and compelled the physical culture man, by legal proceedings, to release a large portion of the riches he had obtained. Mrs. Chase was 48 years old. Her father made millions in oil and died leaving her \$1,000,000 or more apiece to his sons and daughters.

### BOAT CLUB HEARS STORY OF THE GIRL

ALAMEDA, Sept. 15.—Fifty-five out of eighty-eight members of the Alameda Boating Club attended the meeting to-night which had been called to investigate the charges made by Florence Cook, a 14-year-old girl, that five members of the club had kept her locked in the boat-house all night. The girl was present, together with Chief of Police Conrad and Mr. and Mrs. J. H. Tingman, with whom she lives. The members questioned the girl very carefully, and she gave five names which she said were the guilty ones, but as these names do not appear on the club rolls both Mr. and Mrs. Tingman and the girl swore that they must have been fictitious ones. Mrs. Tingman directly charged one member of the club with being one of the number who had committed the crime, but as that member was not present and his statement could not be heard the club decided to take his case up at a meeting to be held Sunday morning, when an effort will be made to have him present and answer the accusation. The upshot of the meeting to-night was the appointment of a special committee from among the members of the club to work with Chief of Police Conrad and see if the five guilty ones could not be located, the committee and the Chief to report at the meeting to be held Sunday morning. This committee is composed of Al Kimb, president of the club; W. H. L. Hines; Frank P. Browner; William Hammond Jr. and Justice of the Peace Fred B. Cona.

### BERKELEY, Sept. 15.—Safe from all save "co-ed" eyes, the women students of the university held joyous carnival in Hearst hall this afternoon, clever members of the "co-ed" contingent producing a farce in which college men were impersonated, while others gave monologues, sang songs and provided bits of mirth-provoking fun.

The occasion of the affair was the annual reception by the Associated Women students of the university to the women of the freshman class. Hitherto the associated women students have given several of these receptions during the year, but it was decided this afternoon to concentrate all effort upon one large reception, at which "jinks" features would be prominent on the programme. This reception was participated in this afternoon by practically all of the women students. An original farce entitled "A College Man's Romance" was produced, Miss Marion Morrow having the star part of the College Man, whose "romance" was humorously ridiculed by the "co-ed" actors. A dozen different girls impersonated the college man's various sweethearts, these sweethearts covering the period from his early school days to the time when he associated with senior women at the university. A monologue was contributed by Miss Florence Parker; Miss Isabelle McReynolds sang, as did also Miss Sophie Treadwell. The committees which arranged the various features of the affair were appointed by Miss Phoebe Binney, president of the Associated Women students. Miss Sue A. Ross was general chairman of all committees. Assisting her were Miss Frieda Waters, Miss Roberta Boyd and Miss Bertine Woolenberg.

The sub-committees were made up as follows: Decorating committee—Misses Maude Cope, Edith Rickley, Kate O'Neill, Lueta Weir, Ida Cowley, Mabel Hill, and refreshment committee—Misses Frieda J. Waters, Ethel Anglin, Sarah Matthews, Ruth Wilkins, Alice Berry; programme committee—Misses Sophie Treadwell, Florence Parker, Cornelia Stratton, Bertine Woolenberg; invitation committee—Misses Vera Thomas, Gussie Fisher, Dora Buford, Lynn Anderson; reception committee—Misses Gladys Meyers, Maud Hunter, Leona Lane, Bess Hudson, Edith Ostrander, Ruth Green, Grace Bradshaw, Hazel Hobson, Bertha Bootes, Ada Jordan.

**NEW RULE CAUSES COMMENT.** OAKLAND, Sept. 15.—Adoption of new rules covering absence or tardiness of pupils in the high schools has caused a stir. The only excuses which will be accepted as valid for absence are: Days held sacred by parents, for illness of pupil or a member of the family requiring pupil's presence at home, for inclement weather; for tardiness—accident after starting for school, illness requiring pupil's detention at home. The Board of Education requires pupil's parents to go before the principal in cases where pupils are absent or tardy twice without valid excuse and in three cases to go before the board. Members of the faculty of the high school are of opinion that the new rule will tend to create trouble in the schools, as hitherto a wider range of excuses has been permitted. The only excuse is in a right of the principal to excuse a pupil at his discretion from attendance.

### FORCE RESIGNS NEW MILITARY POSITION

BERKELEY, Sept. 15.—Obligated to choose between gold coin, which he could get as assistant military instructor, and the honors of a varsity football captain, James A. Force to-day unhesitatingly gave up mere pecuniary consideration and retained his captaincy of the football club eleven. Force's attention was called to-day to a section of the intercollegiate agreement between the associated student bodies of California and Stanford, which provided that "no person drawing a salary on a university appointment, to do other than manual labor may compete" in the intercollegiate athletic affairs. The reports, at their meeting last Tuesday, provided for two assistants in the military department of the university, who are to receive \$200 a year for their services, rendered to the military commandant, Captain J. T. Nance. Force was appointed as one of these assistants, and John Geary received the same honor. The places were looked upon as both honorable and profitable. No one apparently thought of the intercollegiate agreement when Force was appointed, but as the law seemed to be clear, Force promptly decided to forego the military honors and emoluments and retain his place at the head of the varsity team. Geary is also on the football squad, a candidate for quarter-back, but he will accept the military appointment and give up football practice. It is understood that the place will be kept open for Force until after the big game.

### Judges Will Be Busy for Months With Defendants Who Are Not Yet of Age

**SENTENCES ARE PASSED** OAKLAND, Sept. 15.—There was a dockful of youthful criminals before Judge Henry Melvin this morning and the first one called up was Gus A. Fromme, who was sentenced to two years at Folsom for burglary. The day was his twentieth birth anniversary. Following closely was James Cronquist, 18 years of age, of the "Jim Cronquist" gang. He pleaded guilty to robbery of a Fruitvale barber named Stanley at the point of a pistol. He secured \$28 from the victim. He is to be sentenced Monday. Then came John Schneider, but 16 years of age, charged with the murder of Thomas W. Cook in Fruitvale. It was his day to plead, but at the request of his attorney he was given another week. Frank Smith, a youth from Livermore, pleaded guilty to having stolen a calf, having been caught with it in his possession. He was sentenced to a year at San Quentin. Hadden Robbins, a colored youth, charged with having committed a murderous assault on A. A. Barotave, pleaded not guilty to the charge and his trial was set for October 12. Arthur Crane, hardly more than a boy, pleaded not guilty to charges of forgery. It being alleged that he signed the name of D. J. Hall to a \$15 check. There were several more boys and young men accused of minor offenses. The criminal calendar is crowded with cases owing to the vacancy caused by the death of Judge W. E. Greene, and in nearly every instance the trials set for the next several months will be of youths not yet of age.

### WANT HIGH SCHOOL BUILDING.

OAKLAND, Sept. 15.—The Fruitvale Board of Trade has adopted resolutions requesting the trustees of the Fruitvale Union High School to take immediate steps to erect a new building. The present plans for a new high school building. The present quarters of the school are located in the upper story of the Melrose School and are very inadequate. Residents of San Leandro have expressed a desire to combine the school districts of the two communities and if this is done it will increase the assessed valuation of the district to more than \$7,000,000, which will make it very easy to support the new high school, as well as to provide a lot and new building.

### TO RESTRICT UNDERTAKERS.

OAKLAND, Sept. 15.—The City Council would restrict undertakers to conduct their business within the fire limits. Such is the purpose of a recommendation made by the Ordinance and Judiciary Committees that an ordinance be passed forbidding the establishment of undertakers' parlors outside the fire limits. This move has been made because of a large commotion in the Lakeside district caused by the announcement that an undertaker had been the old home of William H. Knight, former Bank Commissioner and Public Administrator, at 1200 Webster street.

### POLL ON WATER PLANT.

SAN LEANDRO, Sept. 15.—The Board of Trade has begun a poll of the citizens of San Leandro to ascertain how they stand on the proposition of a municipal water plant. Two questions are asked, one as to whether the voter is in favor of bonding the city for such a plant and the other whether the voter is in favor of having the Board of Trustees appropriate \$1000 for preliminary work in locating a supply.

### Young Woman Prays for Mercy to Be Shown a Man Who Brutally Beat Her

**JUDGE SCORES ACCUSED** OAKLAND, Sept. 15.—The piteous plea of his wife, whom he had beaten when he was drunk, saved George Howard, a sewing machine agent, to-day from going to jail for six months. Despite the ill-treatment to which she had been subjected, Mrs. Howard begged Police Judge George Samuels this morning to be lenient, and his Honor heard the prayer, though he did severely comment on the wife-beater's conduct. Judge Samuels said: "I have the utmost contempt for men like you, Howard, who get drunk and beat their helpless, defenseless wives. My own inclination would be to send you to the City Prison for six months, but the strain of love and forgiveness that flows through womankind actuated your abused wife to intercede for you. She has requested me to dismiss the case against you. For her sake I do so, but with much reluctance. "Howard, I warn you never to come before me again on a similar charge. If you do I shall mete out the full penalty of the law. This should be a warning to you, for you have been several days in prison awaiting the disposition of your case." As Judge Samuels concluded Howard and his young wife broke into tears and were bitterly weeping as they departed.

### Prof. Magee Begins Work on Plans for Athletic Sport as Athens Knew It

**EXPERT IS TO HELP** BERKELEY, Sept. 15.—Preparations have been begun by Professor Walter E. Magee, head of the physical culture department of the university, for the Greek games and exercises, which he proposes to make an annual feature of university athletics. Announcement of his intention was made in The Call last summer. With the coming to the university of Behard Pfund as an assistant to Professor Magee, the plans for the Greek games are now being put into such shape that a fair idea of the character of them may be had. Professor Magee said to-day: "We hope to include in the Greek games the Greek dances, in which Mr. Pfund and I will follow the Greek pattern closely we shall have the Pentathlon, or five fold contest. The pentathlon includes running, jumping, throwing the javelin and discus, and wrestling. The Greeks were accustomed to run in sand, to jump in water, to throw the javelin and discus, and to wrestle. We will direct the wrestling, the fine physical development, jumping they valued because it induced agility. They used both broad and high jumping. "Casting or hurling the javelin was used to develop the arms and back. Also, it induced the use of the arms and back. For throwing the discus the Greeks employed a round, smooth wheel. This developed the legs and arms." Wrestling was considered by the Greeks to be the best all-around exercise for general development. We shall attempt to revive these sports and to provide an exhibition of them in the Greek Theater during this college year. There will also be fencing, epee, foil, foil and single stick, and bayonet drill, as well as Judo, an ancient wrestling bout. The department will direct the wrestling, the fine physical development, jumping they valued because it induced agility. They used both broad and high jumping. "Casting or hurling the javelin was used to develop the arms and back. Also, it induced the use of the arms and back. For throwing the discus the Greeks employed a round, smooth wheel. This developed the legs and arms." Wrestling was considered by the Greeks to be the best all-around exercise for general development. We shall attempt to revive these sports and to provide an exhibition of them in the Greek Theater during this college year.
