Poster-Milburn Co., Buffalo, N. Y. Gentlemen: Your remedy, Doan's Kidney Pills, deserves the gratitude of all who suffer from kidney and bladder troubles. I was relieved and cured of kidney trouble by Doan's Kidney Pills, experiencing marked relief the second day.

The urinary trouble, pain and dragging sensation were almost entirely gone and a continuation of the medicine resulted, in a short time, in complete recovery.

Kidney Diseases Prey upon Muscles, Brain and Nerves—Keep you Weak, Languid and Nervous. Doan's Kidney Pills Cure Sick Kidneys

### SAN FRANCISCO TESTIMONY

John P. Bryson, cook, of 537A Natoma street, says: "I had pain in the kidneys for eight months before I used Doan's Kidney Pills. Sometimes it was worse than others and sometimes of longer duration, but as the area affected was right across the small of the back over the kidneys I knew those organs were the cause of the entire trouble. A short time after I used Doan's Kidney Pills the aching disappeared and what to me is of considerable more importance is this fact: I have had complete immunity from pain during the last six months."

A TRIAL FREE—To prove what Doan's Kidney Pills will do for you, we will mail a free trial box on application. Address given below.

A man or woman may be, to all outward appearance, perfectly well, and yet feel weak, nervous and below the mark; may lack ambition and suffer touches of backache and urinary disorders. That person is not well at all. Very likely the kidneys are sick, for the first effect of sick kidneys is congestion and impure blood, which causes nervousness, backache and headaches. A second effect is uric poisoning, which brings rheumatic pains, sediment in the urine, gravel, stone in the kidney, gout, etc. An advanced stage of kidney trouble is marked by daily loss of albumen through the urine and consequent failure of energy, weight and appetite.

Examine the urine. If it is too red, or too pale, if there is a bad odor, or a deposit of sediment, and if passages are too frequent or scanty. It's time to treat the kidneys. Use Doan's Kidney Pills, a kidney remedy that has cured many a stubborn case among your own townpeople.

Sold by all druggists. Price, 50c. Foster-Milburn Co., Buffalo, N. Y., Prop's.

# RIVAL CONVENTIONS ARE ORGANIZED.

## DECLINE TO TAKE PLEDGE Split Among Delegates to Interstate Commerce Law Assemblage

CHICAGO, Oct. 26.—Refusing to stand for President Roosevelt's policy for the regulation of railroad rates, a large number of delegates to the Interstate Commerce Law Convention were barred from the convention of that organization today and thereupon held a separate meeting to give expression to their ideas on the subject. The "anti" convention met in Music or Studebaker Hall, several blocks away.

Aware of alleged attempts to thwart the purpose of the convention, the delegates at Steinhilber Hall refused to admit delegates, although properly accredited, unless they would agree to support the President's rate plan. These delegates objected to the procedure, demanding they be given the right to speak, while the opposition charged they were sent by the railroads and other alleged unfair interests to pack the convention. A number of exciting scenes followed before the meetings were adjourned. The number of delegates at each convention was about equal, ranging from four and five hundred. Speeches, organization and resolutions, including one which was presented in the Steinhilber Hall convention asking the President to settle the dispute as to which was the regular convention, but upon which no action was taken, occupied the time of the first meeting of the convention. The convention will continue in session tomorrow, when resolutions will be adopted by the Steinhilber Hall convention in favor of the President's policy.

### RAILROAD FACTION MEETS.

The so-called "Railroad" faction of the delegates to the convention met in the green room of the Auditorium Annex this morning to prepare for a conflict with the "Regulars" at Convention Hall. Prior to the meeting at the Auditorium Annex the delegates who identified with the "Railroad" element met at the Great Northern Hotel and after satisfying themselves that their credentials were satisfactory, proceeded in a body to the Annex, where D. M. Parry, president of the National Manufacturers' Association and other so-called "Railroad" delegates were assembled.

### POLICE GUARD THE DOORS.

Following the plan decided upon by an executive committee to avoid a clash with the dissenting, or Parry faction, no delegates had been admitted to the convention except those who subscribed to what the officers of the organization called "the creed and articles of faith," which endorsed President Roosevelt's message asking enabling legislation by Congress to enlarge the powers of the Interstate Commerce Commission, so that it may regulate the freight rates, subject to judicial review. In addition to police, half a dozen "regular" delegates guarded the door leading to the hall and all who had not signed the endorsement of President Roosevelt's message were denied admittance. Among the first delegates to subscribe to the principles of the convention and gain admittance was L. W. Noyes, representing the Illinois Manufacturers' Association. Mayor Dunne also was an early arrival and he congratulated the officers on their decision to bar delegates charged with being in sympathy with the railroads.

"I will see that you have all the policemen needed to hold your convention without interference from the railroad lobbyists," said Mayor Dunne. Judge S. H. Cowan received the following telegram from Washington just before the convention was called to order: Judge I. H. Cowan: I hope that the convention will resist to the utmost the admittance of any delegates who do not sign the pledged pledge. Let the railroad hired men expect to be voted out of the convention by a vote of 80 elsewhere and hold a Roosevelt convention.

### REFUSE TO SIGN PLEDGE.

The first disturbance was created by F. J. Kiesel of Ogden, Utah, said to be a representative of the railroad faction. He entered the ante-room of the hotel and demanded that the statement which delegates were asked to sign be read aloud. The clerk in charge of the registration declined and Kiesel retorted: "All in all, my suggestion, say, say." Three voices responded, "Then somebody asked for those opposed and there was a lusty shout of 'no' from a score or more of delegates. 'I will never surrender my rights as an American citizen by putting my name in that book,' shouted Kiesel. 'I will not sign away my birthright.'"

Followed by several friends the delegates left the room. In the absence of E. C. Bacon, chairman of the executive committee, who is ill, Judge S. H. Cowan of Texas, who called the convention to order, said: "I know that the delegates who are here will abide by the action of the executive committee and endorse the rate regulation advocated by our great President, Theodore Roosevelt. They will not bring delegates here to give us a lesson. I hope the convention will be peaceful and that its deliberations will result in much good."

### PARRY DELEGATES RETIRE.

The mention of President Roosevelt's name was greeted with long continued applause. R. W. Higbee of New York was chosen chairman of the convention. Meanwhile the Parry procession of delegates had reached Steinhilber Hall. The doorkeeper offered F. H. Mason, secretary of the Buffalo Chamber of Commerce, a pledge already prepared. After looking at the pledge, Mason said: "I am a regularly accredited delegate and I ask to be admitted," offering his credentials at the same time. "You must sign this to be admitted." "I will not do so," returned Mason. "H. C. Elwood, chairman of the Buffalo delegation, was refused admittance. Then one by one the other Parry delegates went to the door and were refused. When the last man had been refused admittance the Parry party

where nearly 300 delegates assembled for a so-called "Rumors" convention. F. J. Bradley of Haverhill, Mass., was elected temporary chairman of the Steinhilber Hall convention and made a brief speech advocating calm and dispassionate discussion of the matters under consideration. T. B. Aldrich of Colorado was selected secretary.

Delegate W. A. Meese characterized the meeting at Steinhilber Hall as "a meeting ruled by two policemen and one man." Delegate Meese offered a resolution to appoint a committee to present the debarred delegates' grievances to the Bacon meeting in session at Steinhilber Hall. Motions and amendments followed thick and fast. The main point of conflict was the right of the delegates to vote as State representatives. It was finally decided, after the Meese motion had been defeated, to have a rollcall of States for the appointment of one delegate from each State as a member of a committee on credentials. After the appointment of the credentials committee a recess until 2 o'clock was taken.

### MAYOR DUNNE ATTENDS.

At Steinhilber Hall, meanwhile, Mayor Dunne warmly welcomed the delegates who signed the Roosevelt pledge.

E. P. Campbell of Ohio, in responding to Mayor Dunne's address of welcome, said: "It is unfortunate that the railroad interests attempted to interfere with this convention. It is a mistake to attempt to combat public opinion. We are here to endorse President Roosevelt's essential regular railroad rates. I am in favor of going even further than the President, and I am also heartily in favor of supporting him."

John W. Kern, representing the Indianapolis Commercial Association, explained that D. M. Parry is a member of the Indiana organization and that after a sharp contest Parry's efforts to instruct the delegates against the Roosevelt rate regulation plan were defeated by a vote of 10 to 1.

### CONVENTION CALL EXPLICIT.

Former Governor S. R. Van Sant of Minnesota said: "There is no ambiguity in the call for this convention. No one has been deceived or here misled. Our platform is an open one and our platform proclaimed to the world. We stand squarely upon that platform and will fight it out upon that line."

After the secretary had read the call for the convention the chairman appointed committees on credentials and permanent organization and the convention took a recess. About 30 delegates signed the pledge which made them eligible to enter the Steinhilber Hall convention. The so-called "anti" convention reconvened in the afternoon in Steinhilber Hall and the "regular" met an hour later in Steinhilber Hall.

While the Steinhilber Hall meeting was in session the Steinhilber Hall convention perfected organization by the election of the following officers: Chairman, W. E. Hughes, Colorado; vice chairman, John W. Kern, Indiana; secretary, P. E. Goodrich, Indiana.

### CALIFORNIA ON COMMITTEE.

Among those on the committee on resolutions were J. W. Call, California, and H. A. Holmes, Kansas. The communication was received from the other railroad advocates at Steinhilber Hall, saying it was "the convention," and asking the "regulars" to join with them. In this discussion, and the "enemy" was hotly denounced by J. W. Call of California and others.

### PARRY MAKES SPEECH.

At the Steinhilber Hall convention 435 delegates were placed on the roll call. N. W. McLeod of St. Louis was chosen chairman and G. X. Wendling of California one of the vice presidents.

D. M. Parry, leader of the delegates, then made a speech, in which he said in part: "I am here to reflect the opinion of those shippers who believe in carefully considered rates and who believe that every industry, including even the railroad industry, is entitled to fair treatment and the enjoyment of those rights of property which are accorded other industries."

### ILLEGALLY HOLD FORECLOSED LAND

Insurance Companies Violate the State Statutes of Illinois.

CHICAGO, Oct. 26.—The Daily News says: Millions of dollars' worth of real estate property is held by private corporations in Chicago. It is alleged, in direct violation of the law, that the bulk of this property, it was discovered today, is in the name of insurance companies or their officials. The Illinois statutes provide that the companies shall offer for sale at public vendue at least once a year the property owned by them or which has come into their possession through foreclosure. This must be done for four years consecutively and if after five years the corporations still hold the property the State's Attorney shall proceed against them. So far as known the State's Attorney of Cook County has never proceeded against any insurance company or other corporation under the statute.

### EMMONS JUROR DENIES HE DECRIED THE USE OF LIQUOR

Attorney Johnson Seeks to Save His Client by Saying He is a Victim of Conspiracy. SACRAMENTO, Oct. 26.—The taking of testimony in the case of former Senator E. J. Emmons, convicted of bribery, under a motion for a new trial was concluded this afternoon. Amariah Johnson, a juror, denied he had ever made a statement that too much liquor was used in the jury room. He also denied having said after the trial that one of the jurors had been drunk. Grove L. Johnson, attorney for Emmons, then commenced his argument, which continued through most of the afternoon. He contended that Emmons had a conspiracy against Emmons by Gavin McNab, Clarence Grange and William Corbin of the building and loan association. He argued that the testimony of former Senator Harry Bunkers against Emmons could not stand as he was a co-conspirator.

SEATTLE, Oct. 26.—Harry Clifford, Harry Loomis and a woman who passed in Issaquah as the wife of Loomis were charged in a complaint issued this morning with kidnaping seventeen-year-old Minnie Trigg from Issaquah Sunday. Loomis and Clifford came to Issaquah about a month ago and obtained employment in a neighboring lumber camp. They lodged at the hotel conducted by the missing girl's father. ## Because You Pay the Wholesale Price

There's just one kind of shoes that have all the Regal advantages of correct style, glove-like fit, and good long wear—the made-to-order shoes produced by a few fashionable bootmakers.

But those same made-to-order shoes cost you never less than \$10 a pair, and they aren't eight cents better in any particular—model, material, measurement or workmanship—for Regals are copied from the same exclusive originals.

Regals are a good deal better than "six-dollar shoes at the wholesale price"—for there isn't a six-dollar shoe made that can be offered to you in the new styles as early as the Regal by two months, and not one that affords you the Regal quarter-size choice of fittings.

—All just because the Regal direct one-profit "tannery-to-consumer" system saves the delays and the profits and the commissions that go to make the difference between the real value of the ordinary shoe and its retail price.

SPECIAL CUSTOM BENCH-MADE REGALS, \$4.—Seventy-five Regal styles, the regular price, right through the whole list, is \$5.00 as usual. That is \$4 per pair. The extra 50 cents enables us to build a vastly new line of shoes that we could never before include in the Regal list. The advantages of the special \$4 models are the BEST of the BEST and they have a little more hand-work, etc. They are true bench-made shoes, and few custom orders cost \$13 shoes equal their handsome appearance.
