FOUR INDICTMENTS FOUND IN THE SUIT CASE MYSTERY

One of Them is Against Mrs. Mary Dean, Who Has This Far Eluded the Police.

BOSTON, Nov. 11.—The Grand Jury has returned four indictments in the suit case mystery. One is against Mrs. Mary Dean of Boston, as principal in the case. Mrs. Dean is being searched for in Nova Scotia. The others are against Dr. Percy D. McLeod, as accessory to the fact of producing an abortion, and Crawford and Howard, charged with abortion. Morris Nathan, Miss Geary's lover, was not named.

GENERALS MAY FIGHT A DUEL

French Commander in Chief Ignores Salute of Head of the Military Staff

PARIS, Nov. 11.—A duel is expected to take place between General Brugere, commander in chief of the army, and General Percin, chief of the military staff under General Andre, the former War Minister, as the result of an incident in the Bois de Boulogne, in which General Brugere declined to return the salute of General Percin on account of the latter's connection with the secret reports made against Percin during the administration of General Andre and which brought about the latter's downfall.

A special cabinet council was held today to consider the ministerial situation. M. Etienne, yielding to the united request of Premier Rouvier and his colleagues, accepted in principle the Ministry of War. M. Etienne's former portfolio, that of the Ministry of the Interior, was offered this afternoon to Deputy Sarrien.

Seeks Death by Gas. Mrs. Charles Omen, who lives at 229 1/2 Sixth street, because her husband had left her turned on the gas on Friday night with suicidal intent. She was discovered before her purpose was accomplished and sent to the Central Emergency Hospital, where Dr. C. R. Hill revived her. Because of her age, which is about 60 years, it is doubtful, however, if she will recover.

BRANCH'S DEATH STARTS LIQUIDATION

Secretary of Navy Orders Court-Martial for Trial of Midshipman Merriwether

CASE IS A SERIOUS ONE

It Is Learned That Personal Hostility Had Existed Between the Two Men

WASHINGTON, Nov. 11.—Secretary Bonaparte to-day ordered a court-martial for the trial of Midshipman Minor Merriwether Jr. of the third class at the Annapolis Naval Academy in connection with the death of Midshipman Branch, which followed a fistic encounter.

Secretary Bonaparte issued the following statement in connection with the case:

"James Branch Jr., a midshipman, second class, at the United States Naval Academy at Annapolis, died about 10 a. m. November 8.

"A board of inquiry having been duly convened by order of Rear Admiral James H. Sands, U. S. N., superintendent of the Naval Academy and senior officer present in accordance with the provisions of articles 175 and 177 of the United States Navy Regulations, reported, under date of November 8, as follows:

"The board, from a view of the body read from the evidence before it, is of the opinion that Midshipman James H. Branch Jr. died from the effects of injuries received in a fist fight with Midshipman Minor Merriwether Jr. This was not occasioned by any act of duty in which he was engaged."

"This report was approved by the convening officers. Prior to the death of Midshipman Branch a board of investigation, appointed under the provisions of article 174 of the United States Navy Regulations and investigated and reported the circumstances attending and attaching the conflict referred to in the finding of the board of inquiry. Briefly stated, these circumstances were reported to the board of investigation to be as follows:

"Some persons had existed for some time past between Midshipmen Branch and Merriwether.

"Midshipman Branch in the discharge of his duty inspected the quarters of Midshipman Merriwether and is alleged to have discovered there a suit of civilian clothes. Possession of clothing of this character by midshipmen is a serious offense under the regulations of the United States Naval Academy. No report of this alleged discovery, however, appears to have been made by Midshipman Branch. Midshipman Merriwether subsequently visited the quarters of Midshipman Branch and became engaged in an angry altercation with the latter on the subject of his inspection of Midshipman Merriwether's quarters. In the course of this dispute Midshipman Merriwether is alleged to have insulted Midshipman Branch, applying to him the epithets 'sneak' and 'coward.' After consultation with other midshipmen, Midshipman Branch challenged Midshipman Merriwether to a fist fight, and the latter accepted the challenge.

"The fight took place on the evening of Sunday, November 6, and lasted between an hour and an hour and a quarter, and was finally declared a draw by the referee, having been interrupted by reason of the reported approach of one of the officers. At the conclusion of the encounter Midshipman Merriwether appeared to be the most seriously injured of the two combatants and went to the hospital, while Midshipman Branch, whose injuries seemed at first superficial, went to his quarters. A report made to the superintendent of the United States Naval Academy by the senior medical officer and also the evidence taken by the board of inquiry indicated that Midshipman Branch received severe injuries to his brain as the result either of blows on the head inflicted during the conflict, or of falls, of which several are said to have occurred while it was in progress.

"The department sees no necessity for the appointment of a court-martial on the premises. The fact developed by several reports submitted to it, as above stated, are sufficient to determine its action in the premises. It is clear that these reports imply to Midshipman Minor Merriwether Jr. the commission of such gravity that his trial by court-martial is indispensable."

All the papers bearing upon the case of Midshipman Merriwether have been referred to the judge advocate general of the navy for the preparation of the charges upon which the young man will be tried. The members of the court will then be selected from officers stationed in this city and Annapolis.

LINCOLN, Neb., Nov. 11.—Complaints were today filed in Justice Stevens' court charging ex-City Detective W. A. Bentley and ex-Chief of Police Roebuck with collecting from six resort-keepers a total of \$2700.

DR. PIERCE'S REMEDIES

WILL IT CURE ME?

That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

Why shouldn't it cure her? Thousands of such cases have been cured by 'Favorite Prescription.' Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of weak, nervous, and irregularly menstruating women, Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by 'Favorite Prescription' in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.

"I commenced taking your medicine, 'Favorite Prescription,' nearly a year ago for chronic inflammation of womb and ovaries. I say 'it is the only thing that ever did me any good,' writes Mrs. L. C. Wagner, of 125 Edwin Street, Toronto, Canada. 'I could not walk any distance before using it. After taking six bottles of your 'Favorite Prescription' I find I can walk without difficulty and am greatly benefited in general health. Would advise all suffering women to use Dr. Pierce's medicine.'

These are the Original Little Pills, first put up over 40 years ago, by old Dr. R. V. Pierce. They were much imitated but never equalled. Small, coated, anti-bilious granules, a compound of refined and concentrated vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. Permanently cured, too. By their mild and natural action, the Pellets gently lead the system into natural ways again. Their influence lasts.

ANTI-SUICIDE PLAN USELESS

Mayor Tom Johnson's Idea Does Not Find Favor With New York Doctors

OPINIONS OF EXPERTS

Persons Contemplating Self-Destruction Would Not Heed an Advisory Board

Special Dispatch to The Call.

NEW YORK, Nov. 11.—Sociologists, physicians and students of human nature in general were much interested to-day in the novel plan of Tom L. Johnson, Mayor of Cleveland, Ohio, who has appointed a commission to advise and comfort those who were contemplating suicide. Although they were not convinced that the plan was of any practical value, they took the position that it occupied an important field of discussion and might indirectly be productive of good.

"Mr. Johnson's idea," said Dr. Thomas Darlington, "is certainly interesting, but in my opinion it does not go back far enough to be efficacious. Persons who commit suicide do not talk about it, for they are usually guided by sudden impulses."

"Even the despondent and melancholy would resent it if an official called upon them to suggest that they refrain from taking their lives. It will be necessary to go back to the very beginning of society to accomplish anything at all. There are various commissions in this city which help people in a general way, and I do not see that a suicide commission could better matters any, for the causes of self-destruction are so varied. Alcoholism, disease, love, despair, jealousy, envy, are only a few of the causes. The rapid pace at which we live, the envy which many have of those who are wealthy and the striving for money—these are things with which no commission can labor. The Board of Health has, I think, in a measure restricted the number of suicides by restricting the sale of poisons."

"This commission," said Judge Joseph M. Deuel, "will perhaps accomplish something by agitating this subject, but I fail to see how it will succeed in its advisory capacity. The present law against attempting suicide, enacted eighteen years ago, has had a deterrent effect, I have no doubt."

Dr. John D. Quackenbos, who has devoted many years to the study of mental science, said that those who committed suicide deliberately would not take anybody into their confidence, and that the majority of persons who took their own lives were subject to such aberration that they would not go in search of advice.

PLACES THE BLAME ON OUR OFFICIALS

Chinese Minister Says They Are Responsible for the Boycott.

CHICAGO, Nov. 11.—At the banquet of the Chicago Merchants' Club to-night Sir Chen Tung Liang Cheng, the Chinese Minister, was the guest of honor and delivered the principal address. He chose for the subject of his speech "Commercial Possibilities Between the United States and China."

The speaker, while addressing his hearers in the most courteous manner and frequently evoking their applause, laid indirectly at the door of the United States itself the responsibility for the boycott recently instituted in China against American goods. He asserted that the numerous cases of hardships and unjust treatment which had been imposed by over-zealous American officials upon Chinese of the exempt classes had so worked upon the feelings of the Chinese nation that the regrettable boycott had resulted. Sir Chen Tung was heard with the greatest interest by the large number of business men who were around the banquet board and his address was loudly applauded.

THINKS SIGNATURES ARE ALL FORGERIES

Washington Attorneys Give Information Concerning Land Swindles.

ST. LOUIS, Nov. 11.—When questioned to-day in relation to reports which involve her name in connection with fraudulent instruments whereby, it is claimed, innocent purchasers in various parts of the country have been swindled by alleged investments in realty in Washington, Mrs. Mary B. Bell, an attorney, stated that her records show that on May 28, 1904, she acknowledged four deeds for property in Washington or Washington man; two days later she acknowledged five deeds, and on June 2 she acknowledged two more deeds for him on Washington realty. She now believes her signature and seal were later forged to bogus deeds.

Miss Lulu R. Colvin, another attorney, stated she had a record of one deed having been acknowledged by her, by the same Washington party. She likewise believes her seal and signature have been forged for use in the alleged land frauds, which aggregate \$1,000,000.

FAILS TO SERVE WARRANTS ON TWO TRANSPORTATION MEN

Absence of Officers of Bankrupt Concern Prevents Sheriff from Making Arrests.

SANTA CRUZ, Nov. 11.—Sheriff Trotter returned from Jose to-day after an ineffectual search for H. K. Main and W. J. Rogers, secretary and general manager of the insolvent Watsonville Transportation Company, and for whom warrants are out for misappropriation of funds and falsification of records. The Sheriff found that the two men are in Siskiyou County on business. They are expected back next week. They left before Judge Smith quashed the indictments of the Grand Jury on Thursday, so there is no suspicion that they are trying to evade prosecution.

LARGE NUMBER OF MOURNERS AT FUNERAL OF A PIONEER

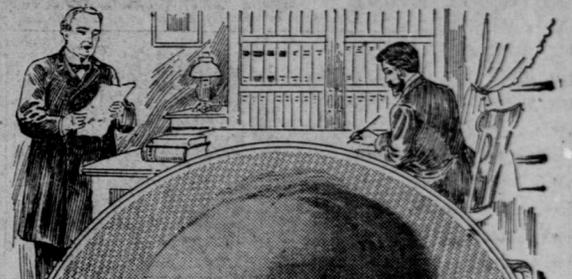

Burial of Builder of Camm of Petaluma Is Attended by Many Sorrowing Friends.

PETALUMA, Nov. 11.—The funeral of the late pioneer capitalist and building contractor, William Camm, was held to-day from the residence of his son, John L. Camm. The funeral cortege was a long one. Rev. Mr. Willis of San Francisco officiated at the house and the Oct. Feltows conducted the services at the grave.

The fruits of righteousness do not grow from the flowers of rhetoric.

THE RICH AND THE POOR— ALL ARE VICTIMS OF CATARRH.

The Power of Pe-ru-na in Combating This Disease Has the Admiration of the World.

ALL men, even strong ones, may become victims of catarrh. Catarrh may affect any organ—the head, nose or throat, as well as the stomach or kidneys.

In summer the digestive organs are most commonly affected. In winter the respiratory organs fall victims to catarrh.

Catarrh sometimes commences with a cold which fastens itself upon the mucous membranes of the body.

Then it develops into catarrh and the patient begins to sneeze, cough and ache. He loses his appetite, he is tired and his sleep is not as refreshing as it used to be.

Pe-ru-na is especially intended for the relief of these catarrhal affections. To obtain the best results from the use of Pe-ru-na in catarrhal diseases, Dr. Hartman's book, entitled, "The Ills of Life," should be kept as a reference book in every family.

Mr. Abraham Lawrence, 320 West 23rd St. N.Y.

A Letter to Suffering Humanity.

Mr. Abraham Lawrence, 320 West 23rd Street, New York City, writes:

"Permit me to add my testimony to the thousands you must already have concerning the truly wonderful properties of Pe-ru-na."

"While working at my calling, which is that of a painter, my stomach became out of order and I suffered dreadfully from headaches.

"Every day was the same. I continued to suffer until finally I was compelled to give up my position.

"Every remedy at hand was tried, but I still suffered.

"In my agony I thought of Pe-ru-na, though I had little faith that it or anything else would relieve me, as I still had a touch of an old case of catarrh in my system."

"The first bottle had almost been taken when I felt a marked change in my suffering.

"I then bought another bottle and when I had finished that my stomach began to get back to its normal condition and the headaches disappeared.

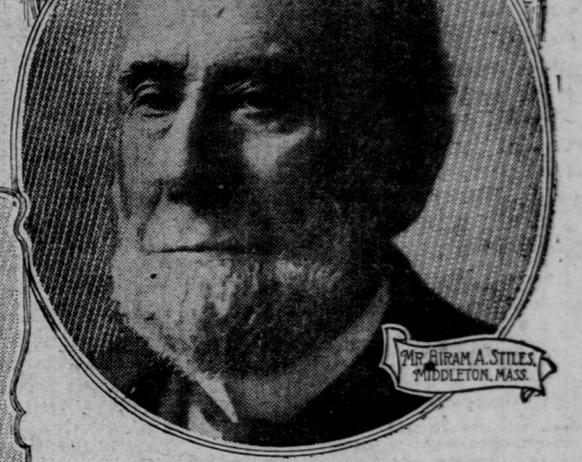

"There was absolutely no return of the former complaints and now I am prepared to continue at my trade.

"I invite you to refer suffering humanity to me regarding your phenomenal curative."

SAYS BACILLUS PREPARATION WILL NOT STAND SHIPMENT

Professor Behring Explains Why He Declined to Comply With Dr. Bernheim's Request.

PARIS, Nov. 11.—Professor Behring was recently asked by Dr. Bernheim

"A Cure For Catarrh In All Its Forms."

Mr. Hiram A. Stiles, Middleton, Mass., who has reached the age of 82 years, writes:

"Your Pe-ru-na has done a good work for me. I have been troubled with catarrh affecting my head, stomach and intestines.

"This caused dyspepsia and constipation, and finally terminated in my lower limbs in the form of painful rheumatism, and also caused sluggish circulation of the blood."

"I have taken several bottles of your Pe-ru-na with good results. I cheerfully recommend it to all who are afflicted in a similar manner.

"As a cure for catarrh in all its forms, and as a tonic for general debility, it is seldom equaled."

"The first bottle had almost been taken when I felt a marked change in my suffering.

"I then bought another bottle and when I had finished that my stomach began to get back to its normal condition and the headaches disappeared.

"There was absolutely no return of the former complaints and now I am prepared to continue at my trade.

"I invite you to refer suffering humanity to me regarding your phenomenal curative."

"I feel that I should be false to my fellowman and to every duty I owe to the world if I did not freely, fully and most gratefully tell the suffering what Pe-ru-na has done for me."

"Pe-ru-na Saved My Life."

Mrs. Clara Litterst, Seaford, Ind., writes: "I am confident that Pe-ru-na saved my life. Last fall I took a severe cold which settled all over me. I thought I would try Pe-ru-na. In less than a week I began to improve and kept on so until I was able to do my work."

For some of his bacillus preparation, mentioned at the recent tuberculosis congresses, for human experimenting, but the professor has declined to supply it. Professor Behring says the preparation cannot travel without losing its efficiency and that he has commanding reasons for not revealing the method of preparation. Further the professor deprecated its employment in human experiments before the lapse of a year. Dr. Bernheim has expressed dissatisfaction with Professor Behring's attitude.

Worship is but the voice of love.

Suit, Overcoat or Cravenette \$11

Many otherwise wise men waste money in buying their clothes, because they pay more than they need to by going to high-priced stores.

When they come to our stores they get full and fair value for every dollar spent—the value lies in the material, workmanship and style of the garments. The value is there because the clothes are bought by the wearer direct from the maker, and the middleman's usual profit goes into the quality of our garments.

Fall Suits \$11

For a modest outlay you can get a good wearing, stylish suit, for we have such suits for only \$11.

They are made in single and double breasted styles from blue serges, black thibets and fancy chevots and worsteds in gray and brown mixtures.

Whatever price you care to pay for your clothes, remember we have suits from \$10 up to \$40.

The suits are the latest in style, but many are cut on conservative lines for those who do not care for the extreme style.

The prices for suits are \$10, \$11, \$12.50, \$14, \$15, \$17.50, \$20, up to \$40.

Priestley Cravenettes \$11

The Cravenette is the ideal rain coat because it's the only rain coat that actually sheds water.

It is light, cool and comfortable, and can be worn as an overcoat in sunshine, or as a rain coat in showers.

Our Cravenettes bear the Priestley trade mark, which shows they are genuine. We buy the Cravenette cloth and make the garments ourselves, thus saving the middleman's profit.

Remember, the Cravenette is the only successful rain coat; that's why it is the only rain coat we sell. Prices: \$10, \$12.50, \$15, \$17.50, \$20 up to \$35.

Stylish Overcoats \$11

The man who buys his overcoat from us is going to get exactly what will look good on him—the big assortment assures that.

Eleven Dollars buys a good winter overcoat of all-wool material. The above picture shows a garment in one of the styles.

But should you wish a style other than this, remember we have Box Coats, Chesterfields, Great Coats, Palatots, Surtrouts, Newmarkets, etc., in all the prevailing styles, weaves and patterns, at \$10, \$12.50, \$15, \$17.50, \$20 up to \$40.
