SOLDIERS ORDERED TO FIRE

Continued from Page 1, Column 5.

This morning (Saturday) they were joined by the workmen of the port and at 11 o'clock, in complete order, the soldiers carrying the banner of St. George and the workmen red flags, marched to the barracks of the 2nd regiment. The officers of the regiment threatened to fire on the mutineers, but General Nepueff, a colonel and five other officers surrendered and were sent under escort to the marine prison.

OFFICERS FIGHT WITH A THIEF

LOS ANGELES, Nov. 26.—Winged by a bullet from Detective Robert's revolver, Charles McDonald, an alleged horse thief, dropped on San Pedro street to-day after he had engaged in a running fight with three policemen in an effort to evade arrest. Eight or ten shots were exchanged between the fugitive and the officers as the fight was kept up along Winston street from Main to San Pedro, and McDonald was not brought to a halt until he had turned down San Pedro street and was in a fair way to make his escape. The bullet struck him in the hip. The wound is not considered serious.

MYSTERY OF FOURTEEN YEARS AGO SOLVED

EL PASO, Tex., Nov. 26.—By the unearthing of a skeleton by graders working in a suburb the mystery of the disappearance of a former resident of El Paso is believed to have been solved. Fourteen years ago Stanislaus N. Ronquillo went for a drive with a man whom he was suing to talk over the case. Ronquillo was never seen after that day, and at the trial of the suit referred to the other party presented a release signed by Ronquillo. The skeleton unearthed is that of a man six feet tall. A wooden gag was found in the mouth and a silver spoon by the side. Children of Ronquillo positively identify the spoon as one at ways carried by their father, and also identify his teeth. The man with whom Ronquillo went on the drive is dead.

Carriage Factory Burned.

SANTA CRUZ, Nov. 26.—Cook's carriage factory, a big frame building, was burned last night. The building adjoined Chinatown and for a time the Chinese quarter was threatened.

NINETY-SEVEN MEN IN PRISON JOIN CHURCH

Special Dispatch to The Call.

CHICAGO, Nov. 26.—A unique event in the history of the Roman Catholic church in the West took place in the Illinois State prison at Joliet to-day, when Archbishop Quigley bestowed the sacrament of confirmation upon ninety-seven convicts. By the ceremony the candidates become members of the church spiritually and renew the promises of faith their sponsors made for them when they were baptized. In cases where children have had an opportunity for religious training they are accorded the sacrament when from 12 to 15 years of age; so to-day's ceremony was unusual both in that it was accorded to felons in prison and that the entire class was adult.

PRIVATE PRIZE FIGHT FOR MILLIONAIRES

Special Dispatch to The Call.

PITTSBURG, Nov. 26.—A brutal prize-fight was witnessed at an early hour this morning by fifteen millionaires of Pittsburgh, who made up a purse of \$1000. The fight, which was to be a finish, was between Frank Morgan and Jimmy Frazier, two middle-weights of this city. Bitter feeling exists between the men and a gory battle was assured. The rich sports almost indulged in a free-for-all of their own when the assertion was made after the fight that Frazier had agreed to take a beating for the sum of \$500 promised him by some of the men who had backed Morgan heavily.

Louisiana Negro Lynched.

NEW ORLEANS, Nov. 26.—Monsie Williams, a negro, was lynched at Tangipahoa, La., for connection with the attack upon Mrs. George, an aged white farmer's wife, a week ago. Williams is said to have confessed.

SAILORS JUMP INTO THE SEA

Special Dispatch to The Call.

SEATTLE, Nov. 26.—R. G. Phelps, Archie Cairns and Frank Geyer, three Tacoma sailors, who arrived in Tacoma three weeks ago, this afternoon leaped into the Sound a mile off Alki Point from the British bark Scottish Moor, on which they were being shanghaied for a cruise to Queenstown. Phelps and Cairns reached shore, but Geyer was captured and taken back to the ship in a small boat. Phelps and Cairns were brought to Seattle to-night on the Mantie and are now aboard the revenue cutter Grant. District Attorney Frye has wired the customs authorities at Port Townsend, where the Scottish Moor must call for clearance, to hold her until an investigation can be made.

VOICE SAYS "KILL YOUR BABY GIRL"

out in terror of "the voice" and repeated over and over her vow to murder her baby girl. Louis de Paoli is still troubled with the presence of "spirits." On Saturday night he could not sleep because he was troubled by these unseen wretches. He still believes that he did right in killing his sister-in-law and that no harm can come to him. During the day he prayed almost continually.

On landing in Australia, says a writer in Nature.

Notes, our hive bee industriously collected quantities of honey. Finding, however, that there was no water such as we have in England, it gave up laying in stores. Its morals are corrupted, for it is no longer "busy," and leads a butterfly life.

REVOLT EPIDEMIC SPREADS TO TROOPS IN MANCHURIA

Continued from Page 1, Column 7.

ya, likens the situation to a hydra-headed monster which no sooner than one of its heads is cut off, grows two in its place, adding that "unfortunately there is no Hercules in sight." The only immediate measure the Government is known to have decided upon is the enactment of a drastic law to punish persons guilty of inciting strikes, but this would only be likely to inflame the socialists. The physical impossibility of holding elections in many provinces owing to the prevalence of agrarian disorders and the generally disturbed conditions, involving the postponement of the meeting of the Douma, which is sure to be misinterpreted, constitutes another danger and adds weight to the arguments of those who are urging on Count de Witte that the only chance of restoring comparative tranquillity is to induce the Emperor to sign a constitution guaranteeing the liberties promised in the manifesto. They declare that the choice lies between that and a dictatorship.

REVOLT AT VLADIVOSTOK.

Expatriated Prisoners Kill Two and Wound Five of Their Officers.

LONDON, Nov. 26.—A dispatch to a news agency from Vladivostok, dated November 25, says: "A number of Russian troops who were taken prisoners at Port Arthur and who were recently returned here for enrollment in the local garrison revolted to-day, killing two of their officers and wounding five others. The reasons for the revolt are not known."

ANARCHY CONTINUES UNCHECKED.

MOSCOW, Nov. 26.—The strike here is spreading. Crowds of strikers are plundering factories, private houses and State liquor shops. The military is working the telephones. The governing committee of the Bourne met to-day and passed a resolution urging the Government to take energetic measures to stop pillaging. In several quarters of the city numbers of persons have been wounded by shots from the crowds. The attempts of the police to restore order are ineffective. The cab men and 5000 domestic servants have joined the strike.
