Owing to the difficulty and delay in reaching residents of San Francisco by mail direct, we make use of this medium to publish the following announcement:

S. STEIN & CO. of New York City stand ready to give every possible assistance in their power toward re-establishing their San Francisco customers in business; and to this end they wish to announce that any amounts now owing them by their San Francisco patrons will not be considered due until such time as they are able to pay same.

To all customers who have been dealing with us during the past year and who have honorable commercial records we will extend, in addition to any amounts now owing us, the same lines of credit which they would have received from us prior to the earthquake, without regard to their present resources, and even if they have been financially "wiped out."

We firmly believe in the future prosperity of the Golden Gate City and are ready to do everything we can to help in building up a Greater San Francisco.
