

# HEAVY TRAFFIC ON OWL LINES

### Three Systems Working to Satisfaction of the Public.

New Vehicles Will Be in Operation in Short Time.

The owl car service lately introduced by the United Railroads on the Mission, Ellis and Eddy street lines has proved a great success and it is now an assured fact that it will be continued and the service improved as soon as the traffic warrants. Strange to say, the late comers from the downtown district are very numerous, even the fire and earthquake falling to regulate their hours. These people appealed for an owl service and Thorne-Mullaly very generously consented to meet their demands.

Following are the three owl cars now in operation, together with their routes and times:

Twenty-ninth and Noe streets line, running from Twenty-ninth and Noe down Mission and Fifth to Market and from there to the ferries. This gives a half-hourly service until 2 o'clock, after which the last car starts at 2.

Turk and Eddy streets line, running from the ferry via Market, Turk, Devisadero, Sacramento and Lake streets, First avenue, Clement street, Eighth avenue to Eleventh and Fulton streets; returning via Fulton street, Sixth avenue, Clement street, First avenue, Lake street, Sacramento, Devisadero, Eddy to Market and thence to the ferry. This line has half-hourly service.

Ellis and O'Farrell streets line, running from Devisadero and Eddy streets to Devisadero, O'Farrell, Frederick, H to Nineteenth avenue; returning via H street, Frederick, Stanyan, Page, Devisadero to Eddy. Half-hourly service on this line.

Contemplated owl car service is as follows:

Hayes and Masonic avenue line, starting at one end, from the Affiliated Colleges and running via Parnassus avenue, Stanyan street, Clayton street, Masonic avenue, Page, Fillmore, Hayes and Market streets to the ferry; returning via the same route, except that it runs between Fillmore street and Masonic avenue on Oak street instead of Page.

Thirtieth and Guerrero streets line, starting at at thirtieth and San Jose avenue, running thence via San Jose avenue, Guerrero street, Fourteenth, Mission and Second streets to Market, where it will terminate. Returns by same route.

Sutter street line—Complete route of this not yet decided upon.

Kearny street, from Market to Broadway, returning by same route.

Twelve elegant, large cars arrived in this city yesterday from Chicago and as soon as the mechanics complete their work of putting them together they will be put into commission on the various lines. These cars were ordered by the Chicago Street Railway Company, but that corporation generously turned them over to the United Railroads after the disaster. Thirty-eight more will be here within the next few days and when these are put into commission the service will be better than ever in the history of this city.

Besides the cars we are receiving from Chicago, we have ordered an extra hundred from a St. Louis firm, said Mullaly yesterday. "These cars are all of the very latest type and much finer, even, than the present large cars now being operated here. They will be ready some time late in the summer or early in the fall."

# BOARD OF PUBLIC WORKS GOES TO AID OF THE BRICKLAYER

### Proposes to See That Expert Workers Be Paid at the Regular Rate.

The refusal of the relief committee to pay the bricklayers who repaired the sewers after the disaster of April 18 more than \$4 a day prompted the Board of Public Works at a meeting held yesterday afternoon to unanimously adopt a resolution by which the extra \$2 a day, it is claimed was to have been allowed, will be given the men. This will amount approximately to \$2000 and a warrant will be drawn for that amount.

There seems to have been a misunderstanding between the relief committee and the Board of Public Works. The latter contends that when it was found necessary to do this work the board, in conjunction with the relief committee, agreed to pay the regular schedule of \$6 a day and the action taken was taken to keep good faith. The matter has been before the public some time and Louis Levy, secretary of the board, appeared before the finance committee some time ago and urged that the higher wages be paid. The resolution was presented by Commissioner Egan and reads as follows:

Whereas, The Board of Public Works, in conjunction with the relief committee, found it necessary to employ experienced bricklayers to repair sewers, etc., immediately after the calamity of April 18, 1906, the wages of said bricklayers to be paid by said relief committee; and

Whereas, This board agreed to pay said bricklayers the sum of \$6 per day per man, it being the wage fixed by the Bricklayers' Union; and

Whereas, The relief committee has issued an order to the effect that it will pay all bricklayers the sum of \$4 per day, which is in conflict with the agreement made by this board and contrary to the rules of said union; therefore, be it

Resolved, That the secretary of the Board of Public Works be and he is hereby directed to prepare a warrant in the sum of \$2 per day for such bricklayers as employed thereby in connection with the amount allowed by said relief committee, so that the agreement of \$6 per day between this board and said bricklayers may not be violated.

In the absence of Frank Mastretti, Commissioner E. Aigeltinger presided. The usual amount of routine business incidental to a regular meeting was transacted.

A protest was received relative to the stable constructed by Goldberg, Bowen & Co. on California street and the Board will investigate.

Carpenter Crushed Under Lumber.

J. T. Roseman, a civilian employe of the quartermaster's department, residing at 729 Turk street, was caught under some falling lumber while at work at the Presidio yesterday, and four of the ribs were crushed and broken. He was employed as a carpenter repairing some of the company's barracks when some of the lumber piled near by fell and pinned him to the ground. He was taken to the Post Hospital, where his wounds were dressed and later he was sent to his home.

# MORITZ WEBER SECURES WORK FOR THOUSANDS

### Will Come All the Way From Germany if Fare Is Paid.

A. Barney of Manchester Also Looking for the Long End of It.

Moritz Weber of Halle, Germany, has a great head on him. Realizing that there would probably be a demand for labor during the building in San Francisco, and believing that he is capable of supplying a portion of the demand, he addressed a letter to San Francisco that ultimately fell into the hands of Louis Levy, secretary of the Board of Public Works, in which he says that he will come to San Francisco, providing the "gelt" is furnished him that he may make the journey.

The letter was written in Germany and after skimming the length of Ellis street, an interpreter was secured who furnished the information that Weber wants a job and also wants transportation. Here is the notation made by Levy: "This man is a bricklayer and wants a job. He will come from Germany if we pay his way. Yes? No?"

The chances are good that Weber will still be laying the roofs in little old Germany. But he is not alone in his glory. A. Barney of Manchester, England, addresses a somewhat humorous communication to the "San Francisco Corporation, Building Trades Department, Town Hall, San Francisco." Barney explains that it has come to his ears that San Francisco is in need of a few plumbers and accordingly he has taken the opportunity of striking for a job. He further explains: "If there is an opening for three or four of us, kindly let me know near post, State particulars of wages paid and passage preferred paid, or can be deducted out of wages at so much a week. That would be better, for it would be difficult for us to come any other way. State length of time, as we have other vacancies we can fill up."

Mr. Barney and his friends will be permitted to fill up the other vacancies.

# DOMINICAN FATHERS TO ERECT TEMPORARY HOUSE OF WORSHIP

### Church Will Be Restored on the Lines of Former Architecture.

The Dominican Fathers are erecting on Pierce street, between Pine and Bush, a large and solid hall at the rear of the old St. Dominic's Church, to be used as their temporary church. The hall will accommodate a thousand worshippers and will be completed and open for services in about six weeks' time. A wrecking company is now taking down the dangerous overhanging parts of the walls of the church.

The Fathers will erect their new church on the old site, following the same plan and lines of their former beautiful edifice. The new St. Dominic's is to be a class A steel structure, with reinforced concrete, and built throughout according to the most approved methods.

As the Fathers have suffered a loss through the damage to their church of \$300,000 and are also under the heavy expense of wrecking the solid masonry of the ruins of their church and putting their residence into habitable condition, besides the cost of the new hall they are now erecting to serve as a temporary church, they confidently rely on the sympathy and generosity of their many friends.

The very Reverend Father Pius Murphy, O. P., superior of the order in California, speaking of the great ruin and destruction to the church and its contents, including the magnificent organ and costly altars of marble and onyx, said that as it was purely earthquake damage and as in that case no insurance could be claimed on church or house, the loss was total.

The Dominican Fathers are holding services every Sunday on Pierce street on the lot at the back of the destroyed church.

### Looter Placed Under Arrest.

Joseph Williams was arrested in front of a junk store at 1138 Mission street yesterday afternoon by Detective Ryan and Policeman P. O'Driscoll. He had in an express wagon a large copper kettle weighing about 100 pounds, which he used in candy factories. The junk dealer informed the officers that Williams had sold him a quantity of copper wire that had been stolen from the United Railroads. The horse, wagon and copper kettle were confiscated and Williams was charged at the Southern police station with petty larceny. "Monk" McDevitt, who was in the wagon with Williams, made his escape.

### Del Monte as a Home Resort.

Hotel Del Monte, by the sea, near old Monterey, is open as usual. All outdoor attractions. Special rates for families who make this their home.

### May Use Los Angeles Ordinance.

F. W. Porter, chief inspector of the Board of Fire Underwriters, has addressed a communication to the Board of Supervisors, in which he recommends that in the rearrangement of the proposed building law, those sections of the Los Angeles ordinance regarding chimneys and flues be substituted for the ones that have been in use. The only difference, according to Porter, is in the wording.

# HOT BISCUIT

RALPH STOCKMAN, Agent.

Made with Rumford Baking Powder are light, delicious and wholesome; easily digested and free from a baking powder taste.

# WILL CONTINUE THE GOOD WORK

### Infant Shelter Plans to Establish New Quarters.

Public Is Asked to Donate Much Needed Articles.

At a recent meeting of the directors and members of the Infant Shelter it was the unanimous opinion of the women that the work should go on uninterruptedly. As important and effective as the work was in the past present conditions make it imperative. It is now that a helping hand should be extended to the mother who must face the problem of support; the children while she works.

The Infant Shelter on Columbia square has been wiped out. The doors of institutions more fortunate have been opened to the children for shelter. There will be an Infant Shelter again just as soon as quarters can be found where the children of working mothers and where the homeless or dependent child can be cared for.

To rehabilitate the institution calls for the hearty co-operation of the public. Everything from a pin to a bed will be needed. Contributions of clothes for children under eight years of age; shoes, bedding and household articles are earnestly requested. They will be sent to Mrs. Thomas G. Taylor, 1811 Pine street, who is kind enough to house them until the new Infant Shelter has been located.

Contributions from out of town places may be sent free of charge up to fifty pounds in weight. Wells-Fargo Company generously renders the Infant Shelter that service.

### WANT WOMEN FOR CANNERY.

J. H. Fiebigler Company, San Jose, want fifty women to work in cannery at \$1.50 per day.

E. E. Morse, P. O. box 152, Tulare, wants three men at \$1.50 per day and board at once.

The Los Banos Enterprise will place fifty men in the hay fields at \$1.50 per day and board, work to begin immediately.

C. S. Riley, Visalia, wants a strong woman for housekeeper; wages \$30 per month and board.

Santa Cruz Employment Agency reports that the Ocean Shore road can now use 200 men at that point at \$2 per day.

A. J. Hammons, secretary Chamber of Commerce, Red Bluff, states that from now on throughout the summer they can use a great many men, women and children for fruit work. There will be tent accommodations at reasonable terms. Pay or labor, \$1 to \$2.50 per day.

Pacific Sugar Company, Visalia, can now use forty men hoeing beets at \$2 per day, or \$1.50 per day and board.

J. P. R. Hall, Bostonia, Cal., wants one man at \$25 per month and board, to go to work immediately.

C. P. Dunham, Millville, Cal., can now use six men for ranch work at \$1.50 per day and board, railroad fare to that point is \$8.

Terry Lumber Company, Round Mountain, Shasta County, wants logging hands.

J. B. Christie, Janesville, Lassen County, reports work in that vicinity for 200 men at \$2 a day. Begin haying June 25.

Colvin B. Brown, secretary of Stockton Chamber of Commerce, writes that there is a great demand for farm labor in that vicinity and that men, women and boys can get employment. No definite data relative to numbers.

### WORK IN YUBA CITY.

California Fruit Cannery's Association wants a number of men and women at its Yuba City plant. Men can be had at reasonable rates. Does not give date for employment, but managers wanted. Manager of their Los Angeles cannery writes that he will be glad to write direct to any woman over 18 who desires employment. Men and boys are paid from 16 cents to 25 cents an hour. Women, \$4 to \$4.8 a week. Their cannery at Dixon can use 200 women July 15. Tents can be had at reasonable rates. Sacramento cannery can use 300 men and 200 girls over 12 years old from July 15 to October 15. Board and lodging can be had there from \$3.50 to \$5 a week.

The Central California Cannery's Association at Sacramento can use 100 women and girls during August, September and October.

The Cone Ranch Company, Red Bluff, will need ten men at \$1.25 a day and board on August 1.

J. K. Arnsbury, fruit packer, Suisun, can use thirty-five men at \$2 per day, and 100 women on August 1.

George D. Kellard, Packing Company, Newcastle, can use twenty-five women and fifteen girls from July to October in fruit packing. Tents can be had on easy terms.

Reed & Bloomer, box 658, Sacramento, can use about one hundred men and women on ranch work. Does not give date.

G. H. Heckle, Woodland, Cal., can use thirty to fifty men at \$1 per day and board and twenty boys at 50 cents per day and board about September 1.

G. H. Dawson of Corona and Leroy Anderson of Suisun can place labor.

Agricultural and horticultural labor can be placed by J. A. Wilson, Secretary of Commerce, Anaheim. G. H. Waters, cannery owner, Pomona; Superintendent Willotta ranch, Suisun; J. W. Stewart, secretary Oxnard Board of Trade; Oxnard; George A. Kellogg, Chamber of Commerce, Eureka; manager Fancher Creek Nurseries, Fresno; Stanislaus Board of Trade, Modesto, Cal.

### The Travelers' Insurance Company's

Permanent offices now in the Monadnock building, fourth floor. Life and Accident Insurance.

Crushed by Brick Wall.

Crushed by a brick wall that fell on him the morning of April 18, the body of Fred Lawrence was found in the ruins of the stable occupied by Gus Lindauer at 541 Fulton street yesterday morning. Although the body was badly decomposed, it was easily identified as being that of Lawrence. The remains were taken to the Morgue by Deputy Coroner Burke. Lawrence was an Englishman in the employ of Lindauer as a stableman. Previous to the fire he lived in the Thompson lodging house on Natoma street, between Fourth and Fifth. So far as is known, he had no relatives in San Francisco.
