'WE WANT FLOUR,' IS THE CRY OF WOMEN.

Relief Commission Besieged by Army of Amazons, Who Complain of Red Tape ALL TURNED AWAY

Chairman Devine Says Initial Distribution at Moulder School Was Bad Mistake

"We want flour without red tape," was the expressed opinion of twenty or more women who appeared at the headquarters of the relief commission in the Hamilton School yesterday afternoon. The majority of the applicants were totally ignorant of the plan of disbursement of supplies, and an attempt to explain the situation only called for hints at graft. Not until Dr. Devine took the situation in hand and volunteered to visit Jefferson square, from which the delegation was largely composed, did the angry women seem satisfied.

The trouble which had its origin at the Moulder warehouse Friday was renewed bright and early yesterday morning. The women came to the school where the flour is stored and demanded the goods, as they had been given some the day before. Captain Killian, who is in charge, told the women unless they had signed requisitions from the relief commissioners no flour would be given.

This statement was partly wrong, as it gave the refugees the idea they could get these requisitions. The commission has given positive orders that no flour shall be distributed from the warehouse to individuals. The staple is given away only upon request at the relief stations in the various civic sections.

All applicants as they appear at the Hamilton School were acquainted with the situation and given orders on the sectional chairman. This arrangement did not suit all, but was accepted as the only solution.

Captain Killian, who was arrested Friday upon a charge of roughly handling one of the applicants, was released on bonds yesterday and stated he had not laid hands on the complainant, but a policeman had forced her from the line. Dr. Devine, chairman of the commission, in defending the system, said:

"I would not be fair to all in the camp if I gave the flour to the few who applied at the Moulder School. It is intended that these people who need flour shall get it. What we have on hand is to be distributed between now and the first of the month, by which time we intend to finish up the general distribution of foodstuffs and clothing. General Greely had an estimate made in each camp of the needs of the individuals, and on this estimate we are basing the present distribution.

"After that is attended to the remaining cases of the needy folk will be handled by the rehabilitation committee. We must have system in the distribution work, and I say there will be no more distributions of flour at the Moulder warehouse.

"The other day some women, acting on what they had been told or read in a paper, went to the school and demanded flour. They got some broken lots, owing to Captain Killian's good heart, but they should never have received it. They should know they get their supplies from the sectional chairmen."

MORE SUPPLIES FOR REFUGEES.

Eighteen carloads of goods will be distributed soon.

Eighteen carloads of relief stores will be brought from the freight yards at Fourth and Townsend streets early next week to the Crocker School relief warehouse, where Lieutenant A. W. Robinson is in charge. The stores should have arrived at the warehouse several days ago, but owing to rush of business of the delivery firm which has the contract of hauling they were delayed. The consignment is from Chicago, and includes 100 sewing machines, gingham, flannels, shirt waists and all kinds of wearing apparel for men, women and children.

The articles will be transferred next week from the warehouse to the different relief stations throughout the city, where they will be distributed to the people.

The Crocker School a few days ago was nearly filled with relief goods, but Lieutenant Robinson worked overtime to have them distributed, and now there is plenty of room for the Chicago consignment.

Nurses Get Diplomas.

Graduation exercises were concluded at St. Mary's Hospital yesterday for the class of nurses who have just completed the required term of instruction at that institution. Those who receive diplomas are Miss Jennie Ward, Miss N. Bemis, Irene Bonan and William McLaughlin.

The Mission district is to have a big department store. It will be situated on Mission street, between Twenty-second and Twenty-third, and the enterprising firm that has taken up the project is Frohmann & Priester.

WANTS TO RESIGN COLLECTORSHIP.

Lynch Strikes It Rich in Alaska Venture and Doesn't Need Job

John C. Lynch, Collector of the United States Internal Revenue, First California District, is said to be fairly on the road to fortune in a mining enterprise in Alaska. Some months ago he entertained the notion of resigning the Federal office which he obtained twelve years ago through the influence of Senator Perkins, D. M. Burns and M. H. de Young. There is much gossip to the effect that Walter Parker of Los Angeles is slated by the United States Senators to succeed Collector Lynch.

Politicians recall that Parker was first and foremost of the Southern Pacific's political force in Frank P. Flint's campaign for the United States Senate. It is therefore reasoned that Parker's services should be recognized in something more acceptable than a handshake or a letter of confidence.

It happens also that San Francisco and Los Angeles are in the same revenue district. In this connection have been in now if the paradise of something more acceptable than a handshake or a letter of confidence.

When questioned concerning the gubernatorial campaign in the Republican camp, Lynch expressed the opinion that the southern counties were against Pardee.

Walter Parker, when asked as to what was doing in Los Angeles on the contest for Governor, replied: "There is nothing doing."

There is much talk in political camps that Governor Pardee will be renominated without formidable opposition.

It is quite probable that seven of the eight Republicans representing California in the lower house of Congress will be renominated, and there is surely a fair prospect that the solid Republican delegation will be nominated for another term of two years.

G. N. Gillett, representing the First District, has entered the fight for Governor. In the event of failure to achieve success in that line he may reconsider his determination to close his career in Congress. Civil Engineer Onebright of Nevada is regarded as one of the leading Republican aspirants to succeed Gillett in Congress.

For a time it was fancied that Senator Ward of San Diego would ask the Republicans of the Eighth District to give him the Congressional nomination, but the talk at present is that the Senator is not a candidate to succeed S. C. Smith.

BAPTISTS WELCOME A NEW PASTOR.

Rev. Geo. E. Burlingame Has Charge of First Church Congregation

The church services today will again be of great interest, as there has been shown week by week an increasing desire to attend not only the services held in the edifices intact, but also those held in the temporary buildings.

One of the important additions to the regular religious ceremonies will be the first sermon this morning in San Francisco of the Rev. George E. Burlingame, who comes from Chicago to take charge of the First Baptist Church. The building of the First Church having been burned, arrangements have been made to hold services in the Swedishborgian church, O'Farrell street, near Fillmore. Dr. Burlingame will preach at the 11 o'clock service.

Another service of peculiar interest this morning will be the celebration by Rev. Father Kraus at St. Joseph's Hospital on Buena Vista avenue. Father Kraus will be assisted by his brothers, Father Josephat Kraus and Father William Kraus. A temporary altar will be placed on the steps of the hospital on account of the smallness of the chapel.

RELEASING LAND FROM RESERVE AN ISSUE.

Aubury Asks Secretary of Interior for His Reasons for Opening Mining Areas

TIMBERMEN FEARED Counties of Siskiyou, Shasta and Trinity Concerned in Move by Government

The Secretary of the Interior of the United States will be asked why great tracts of land in Siskiyou, Shasta and Trinity counties, including many townships, have been taken from a temporary forest reserve of 6,000,000 acres established some time ago, and released for entry under the stone and timber act.

State Mineralogist Aubury has been investigating the nature of the lands and the timber act, mineral lands at Calahan's ranch, on Sugar Creek and on Cherry Creek, in the old Deadwood mining district in Siskiyou County; mineralized lands near Bayliss, on Dog Creek, west of Delta; on Clear Creek, near Smith's Gulch, near Furnaceville, in the oldest mining district operated in Shasta County, and also below Little Cow Creek. I did not have time then to look over all the ground, but found enough to prompt me to write to the Secretary of the Interior and get the reasons. I will send the letter at once."

The 6,000,000 acres that were made into a temporary forest reserve some time ago are in Trinity, Siskiyou, Shasta, Sierra, Lassen, Plumas and Butte counties, the greater part being in the last two counties mentioned. The withdrawal of the vast tract was brought about largely by the efforts of the State Mineralogist of California, the Sacramento Valley Development Association and the California Water and Forest Association working together for the preservation, in public ownership, of the forested areas.

While the forest reserve was maintained mining claims and operating mines were safe, and miners were permitted to proceed. Now they are in danger of losing their lands and the mining improvements that they have placed, and this phase of the situation appeals strongly to the State Mineralogist.

Aubury admits that the Government may give good reasons for its move. At this time he is of the opinion, he says, that the timber men already who have secured for themselves great tracts in the northern counties stand ready to take in the mineral lands with others, under the easy provisions of the stone and timber act. Last year timber men tried to have several townships of heavily timbered land released from a permanent forest reserve in a northern county to secure possession of them. Aubury protested and the forests were retained in Government control.

CONDUCTOR'S GRAND CHIEF FOR COMMERCE COMMISSION

E. E. Clark, Who Served as Member of Coal Strike Arbitrators, Given High Post.

OYSTER BAY, July 7.—President Roosevelt today appointed E. E. Clark a member of the Interstate Commerce Commission. Clark is grand chief of the Order of Railway Conductors. He served as a member of the Anthracite Coal Strike Commission.

Pacific Wrecking Company.

Properties wrecked and cleared; highest price allowed for salvage; all classes of work constructed; large and complete equipment; estimates furnished. Offices No. 7 Seventh st., Market Street Bank.

PHILADELPHIA, July 7.—Sensation!

testimony was offered today at the Coroner's inquest in the case of Dong Soo, a Chinese who died from gunshot wounds received during a factional fight in Chinatown on the night of July 4. Tee Toy, who was long known as the "Mayor of Chinatown," testified that at a recent meeting of the band of "highlanders" several men were marked for assassination, among them Rev. Frederick Poole, an Episcopal missionary, who is located in the Chinese district. Mr. Poole was shot during the disturbance on July 4 and is now in a hospital. Lee Toy said that the murder was to have been committed during the celebration of Independence day. He further testified that he saw Young Gow fire at Dong Soo. Young Gow, Mon Kin and Yun Why Joe were committed without bail to await the action of the Grand Jury.

Since the shooting it is reported the Hip Sing Tong and On Ox Leong Long factions have signed a peace pact.

NEW YORK, July 7.—The Sub-Treasurer today transferred \$500,000 to San Francisco. This is said to represent fire insurance payments.

CITY OF PARIS Dry Goods Company

Drapery Department Monday's Special

Our curtain section is now complete in every detail and we are now ready to show a full line of Portieres and Couch Covers as well as Upholstery Materials.

WHITE WAISTING—In endless variety at prices running from, yard. 25c to 35c

VAN NESS AND WASHINGTON

CHINESE TONG MARKS MEN FOR ASSASSINATION PRESIDENT CABRERA IMPRISONED AMERICAN

Episcopal Missionary in Philadelphia Is Wounded by Highlanders. Guatemalan Revolutionists Claim the Government's Defeat Is Assured.

CITY OF MEXICO, July 7.—News from Guatemala says that President Cabrera has imprisoned Edward Drummond, an American.

The Government has concentrated an army of 30,000 men, many of them unarmed and badly clothed, near the Salvadoran frontier. General Toledo's camp of revolutionists is near at hand and he is drilling his men and receiving recruits from all over the country.

Attempts to have the Government of the United States adjust matters between Salvador and Guatemala are said by well informed persons to be due to President Cabrera's realization that without the United States' moral support he will not be able much longer to prolong the struggle. Reports from the interior show his position to be a most difficult one and without the loyal support of his people.

The revolutionists charge that United States Minister Combes has not fairly represented the true condition of affairs to his Government or kept it informed as to the methods employed by Cabrera, who, it is alleged, has over-ridden constitutional decrees. It is charged in Salvador that the Guatemalan forces have failed to respect the territorial integrity of that country.

NOW OPEN In the Heart of the Burned District THE POT ROAST CAFE AND GRILL Absolutely first class in every particular. Good, wholesome foods, properly cooked and served. A place that is sure to be appreciated by those who enjoy comfort and good living. Large tables. Plenty of elbow room. Electric fans. EVERYTHING THE BEST.
