

LET SECOND PLACE.

Senator Is Mentioned as a Possible Running Mate for W. J. Bryan

Charles A. Towne Willing to Succeed Vice President Fairbanks

SPECIAL DISPATCH TO THE CALL. CALL BUREAU, POST BUILDING, WASHINGTON, July 10.—Representative Charles A. Towne of New York, who has been traveling through the two Dakotas, Nebraska, Minnesota and Iowa, has come back satisfied that the people of the West want Mr. Bryan for President—at least, he found entire unanimity among the Democrats on that score. Towne regards as excellent the prospects for the election of Bryan, if nominated, and is willing to step into the shoes of Charles Warren Fairbanks.

Personal reasons will be strongly urged in behalf of taking an Eastern man for the Vice Presidential nomination, in case the Democrats select Bryan to head the ticket. Under such circumstances the name in ex-Governor W. L. Douglas of Massachusetts is regarded as one that must be given attention. Douglas would have his success in the Massachusetts campaign to his credit and he has other elements of a strong candidacy. An excellent personal character was one of his winning attributes in the Massachusetts campaign in which he won the Governorship and would be a valuable asset in a Presidential campaign.

A man who in the opinion of Democrats here will have to be watched is Lewis Emery Jr. of Pennsylvania. Bryan and Tillman is the combination some of Tillman's admirers spelled out and they are pleased with the effect. "Pitchfork" Tillman has described himself on the Senate floor as a cornfield lawyer, but this does not interfere with the fact that he is a high class politician. In Washington that Tillman is quite confident he would make a good President or Vice President.

BRYAN'S ITINERARY CHANGED. Plans for a Continental Tour Are Temporarily Abandoned.

LONDON, July 10.—William J. Bryan took luncheon with Premier Campbell-Bannerman at the latter's official residence in Downing street, Lord Chancellor Loreburn and Secretary for India Morley were among those present. Mr. and Mrs. Bryan have temporarily abandoned their planned continental tour and have decided to remain in Great Britain until after the conference of the two Parliamentary Unions, which will open here on July 22. They will spend some time in Scotland, leaving London on July 15.

Invitations have been pouring in upon Mr. Bryan, and he and Mrs. Bryan are kept busy keeping engagements. They were entertained at dinner by Colonel C. J. Bills of Nebraska this evening and will leave London tomorrow to spend the day at the country place of Mr. and Mrs. Moreton Frewen in Sussex, stopping, while on their way thither, to take luncheon with Mrs. George Cornwallis-West. They will return here July 12.

REPUBLICANS MEET IN SOUTH. Largely Attended Convention Held in North Carolina.

GREENSBORO, N. C., July 10.—The Republicans of North Carolina today opened their convention in this city with some 1500 delegates and alternates in attendance, the largest gathering in the State since 1876. Interest in the convention centered in the selection of the next State chairman. Judge Adams was selected on the first ballot. Judge Robert Douglas, a son of Stephen A. Douglas and father of Robert D. Douglas, who was yesterday appointed Postmaster of Greensboro, was nominated for State Corporation Commissioner, and a platform indorsing the administration of President Roosevelt was adopted.

Fusion in Pennsylvania. PHILADELPHIA, July 10.—Complete fusion between the Lincoln Republican party and the Democratic party of this State was effected today at a reassembled conference of the Lincoln party in this city. The fusion ticket, headed by Lewis Emery Jr., Independent Republican, for Governor.

SPEAKS OF MR. BRYAN AS J. P. MORGAN'S RIVAL. Mrs. Longworth Jokes With Financier During Reception at the Reid Home.

SPECIAL DISPATCH TO THE CALL. LONDON, July 10.—While Mrs. Longworth and William J. Bryan were chatting at Ambassador Reid's Independence day reception Mr. Bryan asked her how English women had most impressed her. "I never saw anything so lovely as the complexions of the young girls," she answered. Many versions are being given of the meeting of Mr. Bryan and J. P. Morgan at the reception, but this is the most authentic: "You are late. Your rival has already arrived." "That is impossible. I admit no rival," replied Morgan, shaking his head vigorously. "Not even in the Bryan family?" she retorted.

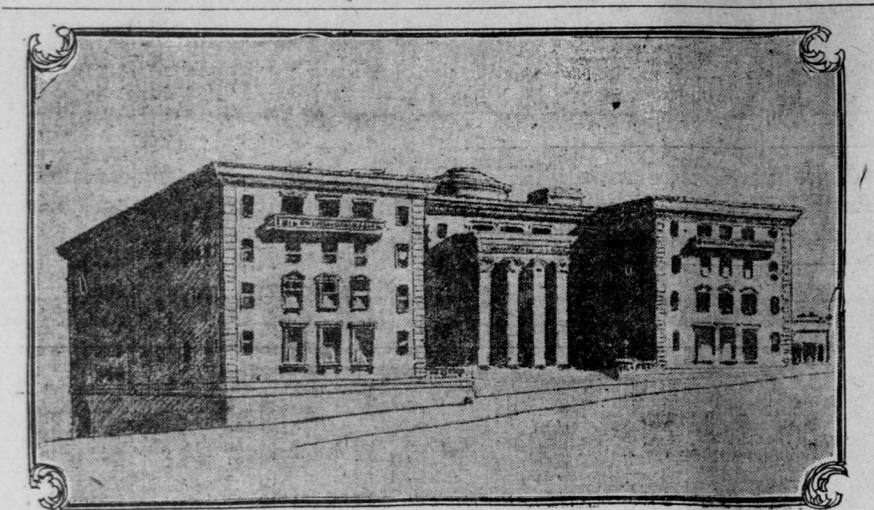

"Bryan? Bryan?" Morgan muttered, assuming a puzzled expression, but with a twinkle in his eye. "Of Irish extraction probably, I must look him up." Later Bryan and Morgan met, and while they were shaking hands, they exchanged only the most formal greetings. Mrs. Longworth won golden opinions for the unflinching devotion to duty with which she shook hands with Mr. Reid's 3000 guests at the reception. And she shook hands not limply or perfunctorily, but warmly and cordially. Longworth has ordered from French furriers a sable coat and muff for his winter which she shook hands with Mr. Reid's 3000 guests at the reception. And she shook hands not limply or perfunctorily, but warmly and cordially. Longworth has ordered from French furriers a sable coat and muff for his winter which she shook hands with Mr. Reid's 3000 guests at the reception. Headaches and Neuralgia from Colds. Laxative Bromo Quinine, world wide Cold and Grip remedy, removes cause. Call for full name, look for signature of E. W. Grove, 25c.

WASHINGTON, July 10.—Postmaster General Cortright today suspended his order of July 1006, to the effect that Mr. J. P. Morgan should be allowed to deliver the mail and the payment of money to the People's United States Bank, its officers and agents, and E. G. Lewis, so far as it affects E. G. Lewis personally.

THEY HOTEL MAJESTIC TO BE BUILT AT ONCE

Gustave Mann Has Plans Made to Erect a Handsome Structure at Sutter and Gough Streets.

THE NEW HOTEL MAJESTIC, WHICH WILL BE ERECTED BY GUSTAVE MANN AT THE SOUTHWEST CORNER OF SUTTER AND GOUGH STREETS, AND WHICH WILL BE OF ORNATE ARCHITECTURE AND THE COST, INCLUDING THE INTERIOR FURNISHINGS, WILL BE \$300,000.

The new Hotel Majestic will soon rise at the southwest corner of Sutter and Gough streets. The structure will be built by Gustave Mann and will be ready for occupancy in about ten months. The building alone will cost \$200,000 and the furniture of the hotel will cost an additional \$100,000. Application for a permit to erect the building was made yesterday to the Board of Works.

The building will stand on a lot 200 by 137 1/2 feet. It will be four stories in height and will contain 300 rooms, thirty of which will be sample rooms for commercial men. It will be a frame structure of ornate appearance, with a concrete foundation. The hotel lobby will be 50 by 75 feet and will be open to the attic. There will be a music gallery opening into the cafe and hall, two elevators on either side of the lobby and a grand central staircase in the center. Coxhead & Coxhead are the architects who have prepared the plans.

SAILOR WHO LOST LOVED ONES IN FIRE A MANIAC. Mind Gives Way Under Worry Over Death of Mother, Sister and Two Brothers.

SPECIAL DISPATCH TO THE CALL. SEATTLE, July 10.—Worry because of the loss of his mother, two brothers and a sister in the fire at San Francisco has made John Miller a violent maniac and he has been confined to the asylum at Stellacom. So violent did Miller become that it took six strong men to hold him while a straitjacket was fastened upon him. It was thought unsafe to hold the examination in the courtroom, so the medical commission took evidence in the jailer's office. Miller, who is a sailor, arrived at San Francisco a week after that city had been destroyed. He made a search for his mother's house, where she lived with his younger brothers and sister. It was in the district of poor tenement houses that first felt the havoc wrought by the disaster. When he reached the house he found it in ruins and learned after investigation that his loved ones had perished. He came to Seattle, where his queer actions soon attracted attention. A few days ago he refused to eat or sleep, and this morning became a violent maniac.

SMALL BABY ADVERTISED FOR SALE BY UTAH WOMAN. One Hundred and Twenty-five Dollars Asked for Seven Months Old Infant.

SALT LAKE CITY, July 10.—A sign bearing the words "Baby for sale" and displaying several days in front of a cottage in Waterloo, a suburb, caused the arrest today of Mrs. Mueller by an officer of the Juvenile Court. An investigation developed the fact that several persons had offered to buy the child, one woman offering \$60, but Mrs. Mueller would not sell for less than \$125.

Mrs. Mueller said that the seven months old baby which she had tried to sell was the child of her sister, who died recently in Wyoming. The woman said she has four children of her own and was unable to care for them all. When the officers returned to the cottage the furniture had been removed and they were unable to locate Mrs. Mueller or the four children of whom the woman had told the cops. No conflicting stories about herself and family and the officers of the court decided to hold the infant pending a further investigation of the case.

OHIO'S ATTORNEY GENERAL DEMANDS TARRANT'S BOOKS. Will Examine the Accounts of the West Baden and French Lick Springs Hotels.

WEST BADEN, Ind., July 10.—Attorney General Charles W. Miller, Auditor of State Warren Biggs and Deputy State Auditor John E. Reid, accompanied by three expert accountants, today made formal demand on the proprietors of the West Baden and French Lick Springs Hotel companies for an examination of their books. Neither Tarrant nor Sinclair raised objection. The suits brought by the two hotel companies to cancel the leases of the casinos because of the violation of the anti-gambling clauses in them were called before Judge Buskirk at Paoli today. Deery and Colglazier, the lessees of the casinos at the French Lick and West Baden hotels, confessed judgment, allowed the leases to be canceled and paid the hotel companies the back rent due, \$100 damages and \$100 attorney's fees.

MURDERER COMMITS SUICIDE. MAGNUM, Okla., July 10.—Near here last night Rev. J. L. Ray, pastor of the Magnam Christian Church, shot and killed W. H. Stephenson and then fled. He was pursued by a number of officers and was surrounded early this morning a few miles north of Altus. Before he could be taken he cut his throat with a knife. The motive for the killing of Stephenson is not known.

Hammersmith & Field. "Now is the time." Watches and clocks promptly and correctly repaired. Hammersmith & Field, 801 Van Ness, S. F.

PROVIDENCE, R. I., July 10.—United States Senator George Peabody Wetmore made the announcement today that he is a candidate for re-election.

ALL MEAT PLANTS MUST UNDERGO SCRUTINY. Trusts to Place Feet at Capital.

Wish to Keep in Touch in Order to Secure Advance Information

SPECIAL DISPATCH TO THE CALL. CALL BUREAU, POST BUILDING, WASHINGTON, July 10.—One of the significant results of President Roosevelt's hostility to the trusts and the Government's new railroad rate regulation function is the intention of several New York brokerage houses to establish branch offices in Washington. The brokerage business in Washington is already adequately cared for by the local houses and by branches of some New York firms. The explanation of the influx of brokerage firms from New York is found in the desire of the great financial interests and the trusts to keep advised of the changes in the relation of the Federal Government to the trusts and the railroads, so that they may be forewarned of any hostile action.

It is well known that several Washington brokerage houses have means of getting inside information of action by the Government which is likely to affect the stock market. How this is done is the despair of officials, but during the last few months certain interests represented in Washington have been well covered every time the administration announced a new investigation or a new attack in the courts against corporate interests.

In some quarters the establishment of a larger brokerage business in Washington is looked upon with apprehension, and a new investigation of the cotton market, which is at least one official of the Department of Agriculture is alleged to have made \$500,000 by giving to brokers "tips" on unpublished cotton-crop estimates. The apparent close relation between brokerage offices and the Department of Agriculture destroyed confidence for a time in the crop estimating service. Within the last three years the Department of Justice and the Department of Commerce and Labor have greatly increased in importance in their relations to the business world. It is within the power of either of these departments suddenly to take action which, if not known to Wall street in advance, would break an unsteady market.

INTERNATIONAL SOCIETY TO PROTECT CHILDREN. Judge Lindsay Names Committee to Form Big Organization for Betterment of Minors.

DENVER, July 10.—The names of some of the most prominent persons engaged in philanthropic work in the world appear on the committee announced by Judge Lindsay, which will have charge of the task of forming a permanent international society for the protection and betterment of children. At the Chicago meeting held recently at the call of the National Society of Charities and Correction Judge Lindsay was elected chairman and empowered to appoint the committee. He has just announced the following appointments: Chicago—Miss Jane Adams, Henry Thurston, T. D. Hurley; New York—Rev. William Brewster, Miss Lillian Wald, Jacob A. Rills, Luther Gulick, Homer Polk; Boston—A. E. Winchell, Mrs. Hannah K. Schoff; Milwaukee—Edward W. Frost, Mrs. Hartle Van Wiek; Nashville—Mrs. Benton Meckler; Denver—Mrs. Sarah Platt Decker.

The committee probably will meet in Chicago the first week in December and remain in session for a week.

MORE THAN A MILLION ALIENS COME IN A YEAR. Southern Italy Sends the Largest Number and Hebrews Are Second.

NEW YORK, July 10.—More than a million persons entered the United States through the Ellis Island station during the fiscal year ended June 30 last. The exact number was 1,092,054, an increase of 199,975 as compared with the preceding year. The largest number of immigrants came from Southern Italy, the number being 222,606. The Hebrews were second, with 155,000. The immigrants brought with them a total of \$19,000,000.

CARNEGIE STEEL COMPANY UNDERBID BY MIDVALE. Latter Is Awarded the Contract for Providing Armor for Two New Battleships.

WASHINGTON, July 10.—The Midvale Steel Company was today awarded the contract for furnishing armor for the battleships Michigan and South Carolina. Its bid was \$2,555,470, or \$178,090 less than its nearest competitor, the Carnegie Steel Company.

LONDON, July 10.—A memorial service for the American and Canadian victims of the Salisbury railroad disaster of July 1 took place in St. Paul's Cathedral this morning in the presence of a large congregation, including Ambassador Whitelaw Reid and the staff of the American embassy.

IS HIS HOSTILITY TO BE ABOLISHED? Sultan Is Determined Not to Receive Leishman as Ambassador

Chebik Bey Instructed to Renew His Protest Against the Change

CONSTANTINOPLE, July 10.—Fresh instructions have been sent to the Turkish Minister at Washington, Chebik Bey, to renew his efforts to dissuade the authorities at Washington from carrying out the proposed elevation of the legation here to the status of an embassy.

It appears that when the Turkish Government was first notified that the United States desired to effect the change Chebik Bey was ordered to oppose the project, but replied that he was unable to shake the determination of the State Department. He has now been instructed to inform that department that the proposed action requires a previous agreement between the two countries, which has not been effected in the present case.

WASHINGTON, July 10.—The State Department has not yet been advised of the existence of any opposition on the part of the Turkish Government to the elevation of the American legation at Constantinople into an embassy. Of course, if the Sultan declines to receive Leishman in the capacity of ambassador under the credentials he now holds he is acting perfectly within his rights. But it is certain that such a course will not tend to the strengthening of the relations between America and Turkey because, in the view of the officials here, it will amount to a distinct demonstration against the United States and in favor of the great European powers now represented by ambassadors at the Porte. These ambassadors have, by right of their office, permanent access to the Sultan at any moment. The American Minister and the other Ministers, in fact, must do business through the Porte entirely and on the rare occasions when they gain access to the person of the Sultan they are obliged to wait many weeks for the opportunity. The result is obstruction and embarrassment in the transaction of business, so that the United States is likely to receive graciously any protest against the reception of Mr. Leishman's ambassadorial credentials.

FRESH MILK AND FRUITS ADDED TO NAVY RATION. Change Makes Food Superior to That of Any Military Establishment in the World.

WASHINGTON, July 10.—In the last naval appropriation act provision was made for a change in the navy ration and the bureau of supplies and accounts has prepared a ration in accordance with the legislation. It is now asserted that the United States navy has a better ration than any army or navy in the world. The advantages of the present ration are that it is more flexible and makes it unnecessary to issue communications to sailors in case of the regular ration. Added to the former ration are preserved and fresh fruits, fresh milk, flavoring extracts, fresh fish and sauce. The amount of tinned vegetables has been increased, while a decrease has been made in macaroni, pickles, rice and syrup.

LOUISIANA MAKES PLEA FOR LARGE RESERVE FORCE. Declares British Empire Cannot Depend Entirely on Its Navy and Air Fleet.

LONDON, July 10.—General Lord Roberts, who has been campaigning in the country in the cause of army reform, brought up the question in the House of Lords, venturing himself particularly to the contention that the navy was not sufficient protection for the empire. He pointed out that Great Britain could not depend in the future upon allies, whose assistance in the past was in a large measure responsible for the success of Great Britain's wars. To render the country safe in all emergencies Lord Roberts said it was necessary, besides regulars, to have an efficient reserve force which could mobilize half a million men at one time, and an organization to turn out trained men to supply the wastage of war.

THE MARCH OF RIPPON, Lord of the Privy Seal, advised the lords to await War Minister Haldane's statement on July 12. Lord Milner reaffirmed his belief that universal military service was the only remedy.

OLD FATHER TIME DEFIED BY BREAD AND MILK DIET. Woman Lives to Be Hundred and Five, and Body Does Not Show Age.

NEW YORK, July 10.—Whether a diet of bread and milk taken almost exclusively for forty years is responsible for the remarkable preservation shown in the body of Mrs. Mary Fay, who died in the city almshouse at the age of 105 years, has been the subject of interest among physicians. Despite the extreme age of Mrs. Fay her body is in as perfect physical condition and as well nourished as that of a comparatively young woman, according to Coroner's Physician Dr. Philip O'Hanlon. "It has been performed on 100 autopsies," said Dr. O'Hanlon yesterday, "but she was the best preserved person I ever saw. Were it not for the lines of age in her face she would not have been taken for more than 25 or 30 years. She weighed approximately 140 pounds and was little more than five feet in height. The body was exceptionally well nourished, and the teeth in both the upper and lower jaws were in perfect condition."

CALIFORNIA'S WHEAT CROP IN EXCELLENT CONDITION. Reported on First of July as Far Ahead of the Average for Last Decade.

WASHINGTON, July 10.—The following list shows the Western States having 1,000,000 acres or upward in winter wheat on the condition on July 1 of the year with the respective ten-year average: Kansas, July, 1906, 75, ten-year average, 80; California, 90, average 77; Oklahoma, 86, average 83. In the entire country the condition on July 1 was 85 1/2, with a ten-year average of 79.4.

KING LEOPOLD ONCE MORE INVITES THE LONGWORTHS. Ruler of the Belgians Sends Special Request That They Pay Him a Visit.

BRUSSELS, July 10.—The report of the contemplated visit of Mr. and Mrs. Longworth to Brussels remaining unconfirmed King Leopold has again sent them a special invitation. He wishes to receive the President's daughter at the Laeken palace and at the same time to receive the Longworths in Brussels, where the season is just beginning.

BRAZILIAN REBELS SCORE VICTORY. Capture State of Mato Grosso, Take Capital and Murder Governor

Large Force Hurried to Scene by Government to Suppress the Rising

RIO JANEIRO, Brazil, July 10.—The revolutionists in the State of Mato Grosso have occupied the capital of the State, Cuyaba, murdered the Governor of the State and seized the Government.

The State of Mato Grosso borders on Bolivia. It has an area of 512,000 square miles and its population in 1890 was 92,827. There have been reports for several months of a revolution in Mato Grosso. Telegrams from Asuncion on May 4 reported that the Mato Grosso revolutionists, headed by Dr. Generoso Ponce, had captured the towns of Corumba, Santa Ana de Parahibo and Pacome and were then approaching Cuyaba, the capital.

Dispatches dated June 8 stated that the Brazilian warships Satellite and Presidente Moraes were on the way to Mato Grosso, carrying troops which would increase the force under the command of General Basilio de Gouvea. On June 10 it was reported that a revolutionary force of 3000 well armed men was in the field, and subsequently it was reported that Cuyaba was invested by the rebels after a fight in which the Federal troops had been defeated.

SHIPMENT OF MIXED WOOL MUST PAY DOUBLE DUTY. Test Case Decided by the United States Circuit Court in Boston.

BOSTON, July 10.—The decision of the board of general appraisers in the case of Stone & Downer, wool importers, against the United States, that the mixing of wools to secure a lower rate of duty subjects the wool to a double duty, is upheld in a decision handed down by Judge Colt of the United States Circuit Court today. This was a test case, designed to determine the rights of wool importers, and is considered of general importance to the wool trade as laying down the law as to custom duties.

REST TO BE COMPULSORY ONE DAY A WEEK IN FRANCE. Measure Passed by Senate and Chamber Now Goes to President.

PARIS, July 10.—The Chamber of Deputies today passed the bill providing for a compulsory day of rest weekly. The measure, which is designed to terminate the present system of Sunday labor, has already passed the Senate and now goes to the President.
