ROMANCE OF THE UNIVERSITY

BERKELEY, July 20.—An engagement of considerable interest was announced this afternoon at a gathering of the friends of Miss Elizabeth E. Ledgett at her home in Emeryville. Miss Ledgett made known her engagement to John Eshleman, a prominent attorney and graduate of the University of California. The friends of the young and popular couple were somewhat surprised at the news, and congratulations are being showered on both Miss Ledgett and Mr. Eshleman. The romance had its beginning in college days.

The bride-to-be is a graduate of the University of California with the class of 1901. She was prominent in undergraduate life, having been connected with the staffs of both the Daily Californian, the student daily, and the Occident, the weekly magazine of the university.

Miss Ledgett is a musician and her ability in that line is recognized on both sides of the bay.

John M. Eshleman, or "Jack," Eshleman, as he is commonly called, is one of the most widely known graduates of the State University, where he was graduated with high honors in 1902. Not only did his high scholarship gain him admittance into the Phi Beta Kappa, the scholarship society of the United States, but he also won the highest post in the student body—the presidency of the Associated Students of the university.

Since leaving college Eshleman has made a name for himself as a lawyer. He is deputy labor commissioner of California and conducted the prosecution of the child labor cases.

WOMAN SUES HER ENEMY FOR FALSE IMPRISONMENT

Mrs. Florence Conrad Seeks to Recover \$50,000 From a Business Rival.

OAKLAND, July 20.—Claiming she was falsely imprisoned on a complaint sworn to by Charles W. Radditz, Florence M. Conrad and Adolph C. Conrad, her husband, today brought suit against Radditz for \$10,000.

According to Mrs. Conrad's statements she was arrested on February 23 of this year on a warrant charging her with having disturbed the peace of Radditz "by loud and unusual noise and by tumultuous and offensive conduct." On the following day she appeared before Justice of the Peace Fred S. Conroy in Alameda and was cited to appear on March 2 for trial. She was acquitted.

In her complaint she alleges that the trouble arose because she and Radditz owned and operated a business in the Alameda estuary and owing to jealousy over the business that the Conrads were doing Radditz caused the arrest of Mrs. Conrad in the hope of driving her from the estuary.

Mrs. Conrad complains that at the time of her arrest she was about to become a mother and that the nervous suffering which she was forced to endure while incarcerated in jail was the cause of serious injury later.

Sam K. Davis, an Alameda plumber, was fined \$10 this morning by Police Judge Smith for battery on Deputy Constable W. H. A. Schnoor.

PUT OUT FIRE WITH SYMPHONS.

OAKLAND, July 20.—Streams of seltzer water, skillfully directed by Jack Vincent and C. K. Brosher, this afternoon extinguished a fire on an Alameda car, which was started when the covering of the motor ignited from electric sparks. As the car reached Broadway and Eleventh street a dense volume of smoke suddenly poured from under the platform and a second later tongues of flame began to creep through the cracks of the platform floor. The passengers scrambled wildly to get off the car.

Vincent and Brosher had been attracted to the front of a nearby saloon by the excitement and seeing the car on fire, ran back into the saloon and secured four bottles of seltzer. With these they attacked the flames and in less than a minute the fire was out.

SALARIES OF TEACHERS WILL NOT BE REDUCED

Superintendent Crawford Is Notified That Funds Are at Command.

OAKLAND, July 20.—Joy will reign in the hearts of the Alameda County teachers. Today a letter announcing the State apportionment for public schools for the ensuing year by T. O. Crawford, County Superintendent of Schools, shows that the salaries of the school teachers will not be affected by the late unpopularity that befell the State. All teachers are to receive their salaries in full for the last school year, but not one month in advance of the usual time.

In the apportionment of the school funds for the county schools for the coming year the Oakland school district leads the list with the sum of \$50,000, an amount much in excess of what was expected. The sum will enable the Board of Education to carry out in full last year's plans.

Following is the apportionment of the school funds throughout the county for the ensuing year:

BULLETS HALT FIVE.

OAKLAND, July 20.—Five pistol shots fired in rapid succession startled residents in the vicinity of Twenty-eighth and Linden streets early this morning into the belief that a duel between a policeman and some desperate criminal was in progress. Investigation proved that the shots were fired by Patrolman Thomas Pardee in an effort to halt a suspicious character who had taken to his heels when ordered by the officer to halt.

Hearing the bullets whistle over his head, the fleeing man gave up the attempt to escape. Pardee, on taking the man back over the route of his flight, found a platter containing some cold eatables and a bag of tomatoes. At the police station the man gave the name of Herbert Lawrence.

ENGAGE LAWYERS

OAKLAND, July 20.—While no definite plan of operation has yet been prepared by the executive committee of the Retail Cigar Dealers' Association of this county regarding the suppression of slot machines by the municipal authorities, several lines of action are under consideration. It is expected that at the next meeting of the committee the decision will be taken. The Oakland cigar men are determined that if the machines are finally suppressed in this city they shall not be operated anywhere in the State. To this end they are prepared to fight the case to a finish.

It has been suggested, as announced by one of the members, that a test case be arranged, and if an adverse decision is rendered by the Police Court, shall be appealed to the Superior Court, and that pending a decision of the higher court the Oakland police be enjoined from interfering with the operation of slot machines. The executive committee is not yet ready to take such a step, and until they formulate and submit a plan for the approval of the members of the organization no action will be taken.

A meeting of the committee was held yesterday afternoon and several plans were suggested for the final disposal of the question as to whether the operation of slot machines is a violation of the State law. No action was taken. The association has retained attorneys A. L. Frick and M. C. Chapman to conduct the operations of the organizations in the courts. It is likely that some plan will be presented by the attorneys at the next meeting of the executive committee, which, if approved by its members, will be referred to the association before final action is taken.

MANY SEEK RESIDENCE IN THE COLLEGE TOWN

Chamber of Commerce Will Probably Suggest Vacant Lots Be Put to Good Use.

BERKELEY, July 20.—At its meeting last night the Chamber of Commerce discussed the question of the lack of accommodations for the people who are flocking into Berkeley, and as a result of the discussion it is probable that the Chamber of Commerce will suggest that temporary structures be constructed on the backs of lots and on vacant lots.

Members of the chamber wonder why capital does not come to Berkeley and erect a number of houses of small size. The demand for homes greatly exceeds the supply.

The problem of housing the three thousand students who will come in connection with the opening of the college term in August is a problem that worries the university authorities.

HONEYMOON IN FRATERNITY HOUSE THE NEW FAD.

Classic Retreats of the College Town Popular With Bridal Couples Students' Pretty Homes Are Happily Utilized During Vacation Time

BERKELEY, July 20.—The latest fad for summertime bridal couples in search of something a bit novel wherewith to make their honeymoon more than mere commonplace journeying is to rent all or part of one of the vacant fraternity or sorority houses that abound in Berkeley and there linger for a time among the academic shades of the college town.

The fad is apparently destined to be more than a passing fancy. A dozen bridal couples have tried it this summer, and the idea is spreading, so that eventually it may come to be an established custom.

One of the bridal couples now enjoying the roomy quarters of this sort of dwelling in Berkeley is Mr. and Mrs. Frederick N. Nagle, who have the Alpha Phi house at 2400 Durant avenue. They were married at Auburn on June 25.

Mr. Nagle is a business man of San Francisco. His bride was Miss Elyda Ives of Benicia. Their wedding trip included a journey to Lake Tahoe, and the remainder of the season of bliss is being passed at the Alpha Phi house.

Today the lad was transferred to the Receiving Hospital and placed in the kindly hands of Warden James Page. It is hoped that some one will be found to care for the homeless lad.

Frankie stood well his long incarceration in the City Hall, and is now at the hospital waiting anxiously to be annexed by some kindly person. He has the privilege of romping in the cool green grass with the other lads.

Beach allowed him to go into the saloon. Brokman came out with a combination shotgun and rifle, but made no hostile demonstration. He climbed into the buggy and the pair drove on quite a distance. Suddenly the man jumped out of the rig, loaded the gun and told Beach to "skidoo" or he would kill him. According to Rosenfeld's admission, he has been taking thirty grains of the white drug daily for a long time, and last night his jaws suddenly closed and he was unable to open his mouth. Dr. Koford was summoned and at once had the sufferer removed to the hospital, where every effort to force his jaws into their natural position met with failure.

SACRED STRUCTURE WILL BECOME A HIGH SCHOOL

Berkeley Board of Education Rents Trinity Methodist Episcopal Church.

BERKELEY, July 20.—After being offered to the Government for postoffice purposes and refused by the powers at Washington the Trinity Methodist Episcopal Church building at Aliston way and Fulton street is to be turned over to the Board of Education for use as a high school.

The high school building was injured by the earthquake, the roof having collapsed in several places. It will be impossible to continue class sessions there until repairs are finished. Principal Morris James searched the town for class quarters and finally found the Trinity Methodist Church was available for use as a school building.

Informal discussion of the matter was followed by official action, taken last night by the trustees of the church. They agreed to rent the church building to the Board of Education, vacating the structure early in August, when they will move into the First Presbyterian Church at Aliston way and Ellisworth street, which they purchased a year ago.

The old Trinity Church has two stories, and these will be partitioned off into classrooms. Accommodations for several hundred pupils will be provided. The Commercial School building on Aliston way is also to be used for high school purposes. With these two structures room for about 700 pupils will be provided. The Commercial School building will be moved to Wilkins Hall, on Haste street, which has been rented by the Board of Education.
