

# Teachers and Pupils Pose Amid Ruins of Old Denman School.

## Photographs to Be Preserved as Relics of Institution.

In the midst of the ruins of the old Denman School, at Bush and Taylor streets, the pupils, teachers, principal and James Denman, for whom the school was named, were photographed on Monday morning. The group presented an interesting sight as it posed before the camera. The photographs will be preserved by the School Department.

Since the fire it has been the wish of Mr. Denman to have the school, its teachers, its pupils and himself photographed. Notices were sent out to all the pupils and teachers several days ago to appear at the ruins on Monday morning, and at the appointed hour most of them were present.

A photograph of the scholars and their teachers was first taken, and then Mr. Denman and the principal of the school, Azro L. Mann, took their places in the group. All the photographs turned out well.

**Indiana's Health Board Puts Kissing Under Ban**

Especially Objects to Oculatory Salutations Implanted Upon the Mouth.

INDIANAPOLIS, Aug. 9.—Indiana and Indiana generally are laughing at the State Board of Health. To block consumption, tuberculosis and incipient germs of the white plague, the board believes that kissing should be stopped. Kissing on the mouth is especially objectionable, according to the board.

"Do not kiss any one on the mouth or allow anybody to do so to you," is one of a list of "rules for school children."

In the opinion of the board, the germs of consumption may be communicated easily in this way and it is suggested that not only children, but grown persons may well do away with the habit of kissing one another on the mouth when they meet in the street or in the home.

# PLAN A HEDGE OF BIG BUILDINGS.

## Owners at Union Square Erecting or to Erect Many Great Edifices HOTELS GOING UP

A meeting of the Union Square Property Owners' Association was held yesterday at the offices of the Promotion Committee, H. C. Breeden, the president, in the chair.

The announcement that many property owners are either clearing to build or have already begun to erect permanent structures in the downtown district was received with much satisfaction. In this line the following reports were made:

J. Parker Whiting Sr. has taken steps to re-erect the Starr King building. The structure will be eight stories high and will cost something like \$400,000.

Mrs. E. S. Pillsbury has already commenced work on the St. Paul building, on the south side of Geary street, facing Union Square.

Henry Sonntag and George T. Toy have commenced work on a handsome six-story and basement building on the southeast corner of Powell and Geary streets. The structure is to be class A. Owing to the demand for downtown offices the plans may be changed to allow of the addition of another story.

George Whittell is pushing forward his big building on Geary, east of Stockton.

C. Colman is to erect a handsome building on the northeast corner of Geary and Stockton streets, where formerly was the restaurant stood.

W. H. Waterman intends to build a six-story structure on the east side of Union Square, north of Geary.

The Butler Estate Company is hastening to completion its great building on the southeast corner of Stockton and Geary. The building, which is leased to Newman & Levinson, will cost \$700,000.

### SPRING VALLEY BUILDING.

Douglas S. Watson, one of the recent purchasers of the Spring Valley building, was present and received the congratulations of the association for his determination to restore the imposing building without delay. The work is now under way and will cost about \$215,000.

Scott & Van Arsdale, it was announced, are clearing their land on Stockton street, between Geary and Post, where they will erect a twelve-story building.

The association was also informed that the Pacific Union Club is clearing its lot on the northeast corner of Stockton and Post streets preparatory to erecting its new clubhouse, which will be on a much more elaborate scale than the destroyed structure. The lot has a frontage of 120 feet and a depth of eighty-five feet.

W. E. Burbank intends to put up a large office building, with stores below, on the northwest corner of Post and Stockton streets, and Charles E. Green, it was announced, contemplates erecting an imposing office building on the north side of Post street, east of Stockton. The Schroth estate is clearing with the object of building a twelve-story structure on the northeast corner of Stockton street and Union Square avenue, and Byron Mauzy will build a six-story structure on the east side of Stockton street, twenty-six feet south from Post.

W. H. Deming will put up a \$100,000 six-story building on the southeast corner of Post and Stockton streets, and the Parrott estate is consulting an architect with a view of erecting a large building on the corner of Post and Stockton streets, formerly occupied by the Hotel Savoy.

### HOPKINS TO BUILD.

E. W. Hopkins, it was said, contemplates erecting a handsome structure on the northwest corner of Stockton and Powell streets as soon as he completes his building now in course of erection and known as the Dividend building, at the corner of Pine and Leidesdorf streets, and a six-story structure at the corner of Sansome and Washington streets.

The association also received information that plans are being prepared for a six-story class A building on the southwest corner of Geary and Powell streets for Moses Gunst, to cost \$200,000.

Charles A. and Margaret Stewart are building a hotel seven stories high, with 200 rooms, at a cost of \$200,000, on Geary street, west of Powell and facing the St. Francis. Mr. Stewart announced that the hotel will be ready in eight months.

The Alexander Hotel, on Geary street, is being restored and has been leased by W. E. Zander, formerly of the St. Nicholas. It will be ready for occupancy in five months.

The announcement was made that

the Barron estate is ready to begin on a ten-story building on the southwest corner of Taylor and Geary streets and that excavations have already been begun, looking toward the rebuilding of the Elysium Hotel, on Geary street, near Taylor. The hotel, which is owned by H. E. Hedger and Jeremiah Lynch, will be six stories high and will have a frontage of seventy-five feet.

M. H. de Young, it is expected, will erect a handsome building on the south side of Geary street, east of Powell.

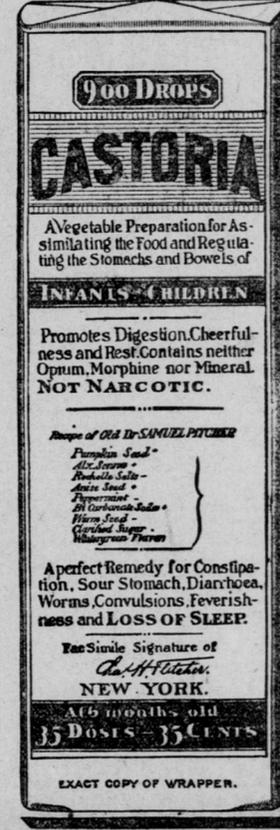

On motion of Sonntag it was resolved that the association request the Board of Public Works not to issue permits for and to forbid the erection of any temporary frame structures in the district commencing at Market and Geary streets, along Kearny to Sutter, along Sutter to Powell, from Powell to Market and along Market to Geary.

### LIGHTS AROUND THE SQUARE.

Douglas Watson moved, and it was so ordered, that the association petition the Board of Supervisors for permission to erect and maintain twelve arc lights around Union Square, in view of the fact that property-owners intend to erect and are erecting permanent buildings in that locality which will soon be ready for occupancy. It was also resolved to approach the Park Commis-

# Don't Poison Baby.

**FORTY YEARS AGO** almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. **CASTORIA DOES NOT CONTAIN NARCOTICS**, if it bears the signature of Chas. H. Fletcher.

## Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. J. W. Dinsdale, of Chicago, Ill., says: "I use your Castoria and advise its use in all families where there are children."

Dr. Alexander E. Mintie, of Cleveland, Ohio, says: "I have frequently prescribed your Castoria and have found it a reliable and pleasant remedy for children."

Dr. J. S. Alexander, of Omaha, Neb., says: "A medicine so valuable and beneficial for children as your Castoria is, deserves the highest praise. I had it in use everywhere."

Dr. J. A. McClellan, of Buffalo, N. Y., says: "I have frequently prescribed your Castoria for children and always got good results. In fact I use Castoria for my own children."

Dr. J. W. Allen, of St. Louis, Mo., says: "I heartily endorse your Castoria. I have frequently prescribed it in my medical practice, and have always found it to do all that is claimed for it."

Dr. C. H. Glidden, of St. Paul, Minn., says: "My experience as a practitioner with your Castoria has been highly satisfactory, and I consider it an excellent remedy for the young."

Dr. H. D. Benner, of Philadelphia, Pa., says: "I have used your Castoria as a purgative in the cases of children for years past with the most happy effect, and fully endorse it as a safe remedy."

Dr. J. A. Boardman, of Kansas City, Mo., says: "Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children."

Dr. J. J. Mackey, of Brooklyn, N. Y., says: "I consider your Castoria an excellent preparation for children, being composed of reliable medicines and pleasant to the taste. A good remedy for all disturbances of the digestive organs."

# The Kind You Have Always Bought

In Use For Over 30 Years.

THE DENTON COMPANY, 17 MURRAY STREET, NEW YORK CITY.

# EASTERN CAPITAL RISES IN DEFENSE COMING HERE. OF THE UNIFORM.

The agent of one of the largest financial institutions in New York has arrived in San Francisco to procure a fifty-year lease on land in a prominent downtown location. The object of the concern, the name of which is withheld, is to erect a magnificent commercial hotel to cost about \$2,000,000.

Another instance of the readiness of Eastern capital to invest in San Francisco was disclosed yesterday at a meeting of the Union-square Property Owners' Association when Henry P. Sonntag told those present that when in New York recently the owners of a large department store told him they were desirous of securing a long lease in the downtown part of San Francisco with the object of erecting the largest department store in the United States. These men are seeking to secure from half to an entire block. Their agent will arrive in the city in a few days to inspect properties. Sonntag said that certain sites were under consideration, to be submitted to the agent for his approval.

In this connection the recent leasing of the St. Ignatius block by Wanamaker & Brown of Chicago may be recalled.
