

THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all-important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating, or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that **SYRUP OF FIGS** is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.

LONE BANDIT MADE BIG HAUL.

Round Mountain Stage Robber Secures Large Sum From Desert Travelers POSSES ARE ACTIVE

SPECIAL DISPATCH TO THE CALL.
TONOPAH, Nev., Oct. 12.—Forty mounted men are scouring the hills in search of the lone bandit who held up a Round Mountain stage between that place and Manhattan yesterday morning. Nothing has been seen of the highwayman since he ordered the stage to proceed and then struck into the hills. He has probably buried his booty and is making his way into the mountains in hope of leaving his pursuers behind and getting out of the neighborhood to return later and dip up his gold. It is stated at Round Mountain by mining men concerned that the bold crime netted the highwayman \$5000, mostly in gold coin, and he could not take it any great distance. The desperado is heavily armed, and it is thought that a battle will result when the posse comes upon him. The road to Round Mountain runs along the east side of the Big Smoky Valley and it is miles across to the Torabe range on the other side. The floor of the valley is perfectly level. The robber did not cross this or he would have been seen by the Round Mountain men who arrived with the posse after the hold-up occurred. In that time he could not have gone half way to the other side. The posse has split up into squads, and these are searching every canyon and gulch in the hills. Lack of water will drive the outlaw into well-known canyons in a short time and his capture seems certain.

LOST ALL IN FIRE; DIES A PAUPER.

RENO, Nev., Oct. 12.—Jacob Danzig, once a wealthy merchant of San Francisco, was buried in this city today at the expense of the city, whom he divorced in San Francisco several years ago. Danzig died a pauper at the County Hospital, after a long illness. He was engaged in business in San Francisco at the time of the fire and was ruined by the disaster. He came to Reno intending to engage in business here and recuperate his lost fortune. Sickness overtook him, however, and what little money he had was soon expended in doctor bills. Then he was forced to go to the hospital, where he was treated at the expense of the county.

Danzig's body was taken in charge by local undertaker firm, Richert and the deceased in New York were communicated with. They replied that the body should be given a pauper's burial as far as they were concerned. The dead man's former wife, who is now married to another man, was communicated with in San Francisco and a reply was received from her to give the body a decent burial at her expense. This was done today. There was a wealth of floral wreaths at the funeral. Danzig formerly conducted a women's furnishing goods store in San Francisco.

WESTERN PACIFIC AT STOCKTON.

STOCKTON, Oct. 12.—The Western Pacific is laying rails within the city limits of Stockton. Quietly and rapidly the work of track building from a point just south of where the Southern Pacific tracks cross the Tesla railroad to the Western Pacific's private roadway on the west side of Union street has been going forward, and the rails are now spiked down from the first mentioned point to Mormon Channel. The new road is being built in a solid, permanent manner, and at least one hundred men are at work on it. It is probable that by the middle of next month the main line will have been laid through Stockton and before the first of the year the Western Pacific will be able to move construction trains on its own rails between this city and Sacramento, and perhaps as far west as Oakland.

CRUISER RETURNS FOR REPAIRS.

SANTA BARBARA, Oct. 12.—The cruiser California sailed for San Francisco this afternoon to undergo repairs made necessary by the accident to her port engines during the trial trip Thursday. Members of the trial board have been ordered to return to their regular stations, to reconvene at the call of the president of the board. The endurance run of the new cruiser probably will be held in San Francisco Bay when the ship has been repaired.

NOTED SCOTCH TEACHER FAVORS PHONETIC SPELLING.

Dr. James Donaldson, Principal of St. Andrew's University, is an Ardent Supporter of the Reform. ST. ANDREWS, Scotland, Oct. 12.—At the opening of the winter season of St. Andrew's University today the principal, Dr. James Donaldson, showed himself to be an ardent supporter of spelling reform. Dr. Donaldson said that he cordially favored phonetic spelling, as children and illiterate could learn the phonetic spelling at a quarter of the time required under the present spelling, and thousands could learn phonetic spelling without millions of hours of wasted labor and irritating vexation. It would also help greatly in governing the colonies and dependencies, as it was of the utmost importance that every citizen of the British empire, whatever his native tongue, should learn English. The greatest obstacle to learning English would be removed when the words were spelled phonetically. Dr. Donaldson at the conclusion of his address announced that Andrew Carnegie had donated \$50,000 to build an addition to the library of the university.

HOTEL MAN IS MISSING.

MARTINEZ, Oct. 12.—George de Vee, a well-known Point Richmond hotel-keeper, has mysteriously disappeared from his home, and his friends believe that he has met with foul play. He was last seen on the 11th of this week in company with a middle-aged man walking toward the Southern Pacific depot in Richmond.

PARADE GOES TO DENVER.

SACRAMENTO, Oct. 12.—Governor Pardee left for the occasion tonight for Denver to attend the meeting of the National Miners' Congress. At 9 o'clock a grand parade of the State and local forces accompanied the State and local forces to the depot.

SCRAMBLE TO GET ON BAND WAGON.

Republicans Are Confident of Gillett's Election by a Comfortable Majority BELL AND TOLAND

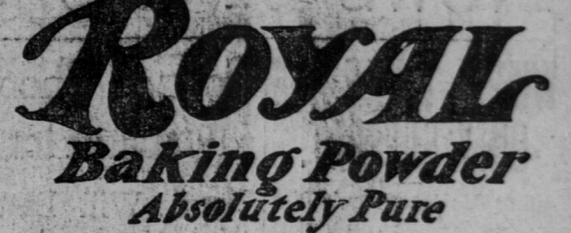

By Hugh M. Burke.
George C. Perkins and Frank P. Flint, United States Senators, are now in the field as campaign orators in the Republican cause. Julius Kahn, Congressman, Fourth District, called on General George Stone at party headquarters yesterday. Mr. Kahn is ready to go forth and battle for Republican success all along the line. Mr. Kahn would have responded earlier in the campaign to the call of political duty if family bereavements had not kept him at home. George A. Knight will address the people of San Diego this evening. Knight and Judson C. Bruste are listed for a tour of northern counties. Frank Treasurer of Fresno will with Congressman Gillett in three of the coast counties. John L. McNab and Judge A. G. Burnett will leave for Humboldt County next Tuesday.

Phil A. Stanton of Los Angeles was at the St. Francis yesterday. He predicts that Gillett's plurality south of Tehachapi will reach 25,000. The immense registration in Los Angeles County is regarded as a sure indication of a large Republican majority. Former State Senator Thomas Flint of San Benito, member of the Republican executive committee, is convinced that the tide of public sentiment is running favorably to Gillett. Onlookers who were on the fence three weeks ago are getting in line for the Republican ticket. As Flint expresses it: "The fellows who were on the doubtful list a few weeks ago are now scrambling to get aboard the Gillett band wagon. I have not the slightest doubt of his election."

Thomas O. Toland, candidate for Lieutenant Governor on the Democratic ticket, was at the headquarters of his party in this city yesterday. He will speak at Red Bluff tonight. Toland will meet Bell in this city on the 21st inst. and the two will devote a week's time to campaign work in Alameda, Santa Clara and San Francisco. Toland says he is pleased over the prospects of Democratic success. Major A. L. Nichols, nominee for Secretary of State, and S. S. Bayley, candidate for State Treasurer on the ticket with Bell and Toland, are also willing to be quoted as saying that "prospects are bright." A non-partisan league was formed yesterday to favor the aspirations of Frank J. Murasky, Democratic candidate for Associate Justice of the Supreme Court. The officers are: President, Hiram W. Johnson; recording secretary, Lewis Byington; corresponding secretary, Joseph I. Dimond; executive committee—Judge J. F. Sullivan, Hiram W. Johnson, Lewis F. Byington, Joseph I. Dimond, Warren Olney, E. S. Heller, Charles J. Hegerty, W. F. Ambrose, Thomas Jennings and Stephen B. Costello. The league meets at 1615 Fillmore street.

INSPECT BUILDINGS OF FORMER METHODIST COLLEGE.

Churchmen Visit Santa Rosa to Decide What Shall Be Done With Property Idle Since Earthquake. SANTA ROSA, Oct. 12.—Bishop James Atkins, president officer of the annual conference of the Methodist Episcopal Church South, which is to be held in San Jose next week, was a visitor here today with a party of churchmen. The others were Dr. Walter Lambert, missionary secretary; Dr. J. D. Hammond, educational secretary and president of the board; and J. A. Batchelor of the Oakland district. The purpose of the visit was to inspect the buildings and grounds of the former Pacific Methodist College, which is lying idle just north of this city, and decide what disposition shall be made of them.

Alum and alum-phosphate powders are injurious. Do not use them. Examine the label.

ROYAL BAKING POWDER CO., NEW YORK.

PEACE PREVAILS IN WITTE REPUDIATES RESTLESS CUBA. CALL TO POWER.

SPECIAL DISPATCH TO THE CALL.
HAVANA, Oct. 12.—The American Peace Commission will leave tomorrow on the battleship Louisiana. A farewell reception was given tonight at Minister Magoon's beautiful home. Secretary Taft's last reports from all provinces in which war waged when he came here were that all arms had been laid down and all warriors had returned to their homes. Peace and good government, he said, had been obtained without firing a shot. But the day had not been won without labor. First came a declaration to Americans living in the Isle of Pines. They were told that Governor Magoon may see fit to give them a greater measure of home rule, but that he could not separate the island from the sovereignty of Cuba and it was useless to urge him to do so. To a committee of the Liberal party, Secretary Taft said that the United States policy in Cuba was to hold elections as soon as possible and get out. And he added emphatically, "we want to get out just as anxiously as you want us to go." "But," he continued, "the United States will not withdraw from Cuba until an election has been held, and it is impossible to say when that will be possible. It depends on how soon the country becomes tranquil and its citizens have returned to the state of mind in which they can hold fair elections and abide by them. The United States must remain judge of that." It certainly is not the time for fair elections now, Taft declared, and might not be for many months. In the meantime the United States would maintain order and Governor Magoon would administer the country's affairs to the best interest of the public service.

STANDARD OPTICAL CO.

Formerly located at Kearny street, near Sutter, has now opened a complete and up-to-date establishment at 808 Van Ness avenue. Their record and reputation for the last twenty years are sufficient to warrant excellent treatment to patrons of this well-established firm, which is still under the management of Mr. A. Nordman, President and Manager.

GRIEF IS TURNED TO JOY.

WHEELING, W. Va., Oct. 12.—Harry Bishop, a Wheeling boy, who was supposed to have been murdered on the wharf a week ago, returned home today. His father faintly when he appeared. A body supposed to have been Bishop was found in the water and buried in the family tomb after the coroner's jury had returned a verdict of murder and after the insurance company had paid the insurance on Bishop's life. Bishop says he was at Ritchie's, Pa., when the supposed murder occurred.

ONE-THIRD FOR TRANSPORTATION.

LOS ANGELES, Oct. 12.—According to approximate figures given out by the Fruit Exchange today the transportation companies of the State received one-third of the \$30,000,000 valuation of this year's California citrus fruit crop as freight charges.

MAY AGAIN RUN FOR GOVERNOR.
PORTLAND, Ore., Oct. 12.—Governor W. L. Douglas, who is now in Portland on a pleasure tour of the West, may become the Democratic nominee for the gubernatorial chair of Massachusetts. Since he has been in Portland he has received word that John B. Moran, who received the Democratic Independence League and Prohibition nomination for Governor, will withdraw. Mr. Douglas stands ready to succeed Attorney Moran, if he is satisfied the cause of Democracy and tariff revision in his State demands his return to politics.

PAYS \$20,000 DUTY ON JEWELRY.

NEW YORK, Oct. 12.—One of the largest amounts paid in customs duties at this port on articles duty declared and brought in by an individual was paid by Mrs. Collins P. Huntington when she arrived on Tuesday by the Kaiser Wilhelm II of the North German Lloyd. She declared merchandise worth \$32,000 bought in Europe, of which \$27,000 represented two articles of jewelry. The duty amounted to \$20,000. Mrs. Huntington was met by friends who told her they had brought \$5000 to the pier with them. She instructed them to send for \$15,000 more. This money soon arrived in bills of large denomination, one being a \$10,000 gold note. Mrs. Huntington holds the record for paying the largest cash amount of duty on declared articles ever handed over to Government officials on the dock. This was \$32,000 in 1901.

REBELLION AGAINST TURKISH RULE IS STILL SPREADING.

Unwilling Conscripts Sent to Subdue Arabs Are Defeated in Several Small Engagements. CONSTANTINOPLE, Oct. 12.—The rebellion against Turkish rule in the province of Yaman shows no signs of subsiding and whenever a pitched battle is fought the rebellious Arabs seem to be victorious over the unwilling Turkish conscripts sent to subdue them. Some fighting has occurred in the district of Azar between the Government troops and the tribe of Benicher, in which the Turks were routed with the loss of 100 men killed and sixty wounded. The casualties of the Arabs is estimated at 200.

FIGHTING EXCESSIVE RATES.—Enid, Okla., Oct. 12.—Attorney General Cushman filed two more suits today against railroads operating in Oklahoma, filed in the United States court at Enid. The defendants are the Santa Fe and the Rock Island. Alleged excessive freight rates are the basis for the suits.

Now Ready for the Boys and Girls
Until we opened our Van Ness avenue store a first-class children's outfitting department was sadly needed in San Francisco.
But that want is a thing of the past, now.
A greater and more complete juvenile department than has ever been seen in this city occupies the entire second floor of the new store.
Handsome in its appointments and replete with new ideas in Children's Apparel, including Girls' and Misses' man-tailored Coats and exclusive Sailor Costumes. Almost an entire glass front on Van Ness avenue, together with mammoth skylights above, affords a deluge of sunshine and natural light. A modern elevator saves stair climbing.
Same splendid "quality" at the Fillmore street store if more convenient for you.
