Hold Police Commission Should Stay the Issuance of Liquor Licenses

The Federation of the Churches of San Francisco met last night in the lecture room of Hamilton-square Baptist Church.

W. H. Barnes of the committee on nomination of officers for the federation recommended Rev. Mr. White for the presidency.

Rev. C. Marrack of St. Stephen's Episcopal Church of the committee on noontime prayer committee reported that there should be four such meetings daily.

Mr. Bufford of the committee on record and standing of churches reported that owing to lack of time and opportunities it was deemed inexpedient at this time to present a report.

Rev. R. L. Cave of the committee on violation of the law separating saloons from groceries reported that it would be best to collect evidence on specific cases before going to the Police Commissioners to request the enforcement of the law.

Mr. Burtleigh asserted that a moon saloon and nearly 1000 people within one hundred feet of his church on Powell street.

The committee on suppression of vice suggested that the federation prepare resolutions to be sent to the Police Commissioners requesting that they not grant any more licenses.

Mr. Jacobs of the committee of 100 stated that there are 1600 liquor saloons licensed and nearly 1000 people who are selling liquor without licenses.

"Tennessee's Partner" Given at the Colonial Theater.

By James Crawford. "Tennessee's Partner" is the most serious offering yet presented by the Colonial players.

Miss Jewell's forte is not the hoydenish, and her emotional moments as poor little Tennessee Kent were her most effective. Nor is Miss McClure either physically or histrionically adapted to such roles as that of the lady with a past who is compelled to fight her way to social and domestic esteem.

Barbara Freiliche was introduced at the Davis Theater last night by Harry James' travesty people, but when advised by Mr. James himself advised me to reserve that task until later in the week.

"I have been disappointed by the tardiness of scene painters and costumers," he elucidated, "and no less than three young women who were rehearsed for special dance numbers are unable to appear on account of illness, two of them being nervously prostrated by overwork and the third girl having appendicitis.

"I. O. U." commenced its third week at the Central Theater last evening and will continue to be the attraction there until further notice.

DEMOCRATIC NOMINEE FOR GOVERNOR SPEAKS AT THE UNION AND RISON WORKS TRAVELS SOUTHWARD

Democratic Nominee for Governor Speaks at the Union and Rison Works

Theodore A. Bell was given a hearty reception by the workmen of the Union and Rison iron works on the noon hour yesterday.

On former occasions when Bell has addressed audiences made up exclusively of union men, he told them that he was under no pledge and that they must not expect him to be a representative of any special class.

He told the men that they must not be misled by the fact that the fight was between him and the candidate of the Southern Pacific Railroad.

REDWOOD CITY, Oct. 22.—Theodore A. Bell, Democratic candidate for Governor, accompanied by Thomas O. Toland, candidate for Lieutenant Governor, and F. H. Thorpe, a local attorney of this city, opened his campaign in San Mateo County today.

SENATOR BURTON IS BEHIND BARS. WIFE PROUD OF HIM

Former Member of Upper House Begins Serving of Sentence at Ironton Jail

IRONTON, Mo., Oct. 22.—Former United States Senator Burton of Kansas arrived from St. Louis tonight shortly after 5 o'clock and after dining with his wife and niece surrendered himself to the jailer and was assigned to a cell in the Ironton jail.

As he stepped from the train this morning he said: "I am feeling very well, under the circumstances. I had a good night's sleep and am greatly refreshed this morning. Perhaps the trees and bluffs naturally look better to me this morning than they will for some time, but I shall allow myself to think about that."

Mr. Burton maintained her composure remarkably well. "I never was more proud of my husband than at this moment when he is on his way to jail," she declared at the Union station. "I know who our friends are and I intend to be friendly with them, but I shall reserve the right to say who shall be my friends."

When Hayes arrived at 9:30 o'clock he was given a warm welcome and was actively greeted by the audience, all of whom remained until the close of his speech.

CITIZENS OF THE THIRTY-SIXTH ASSEMBLY DISTRICT gathered in large numbers at Dolores Hall last night to greet Congressman Hayes.

Herbert also saw two men drive away from the bank in this rig and is being depended upon to fix the crime positively on some of the suspects now being held.

Another woman is reported to have entered the case as a witness for the police. Who she is the police refuse to make public, but she is known to have been closeted with Captain Duke for more than an hour yesterday morning.

The wholesale price of coconuts in Cuba is only from \$10 to \$15 a thousand.

HERBERT AND BUGGY FOUND. The report published in The Call yesterday that the black buggy and bay horse, which play such an important part in the investigation, had been traced by the police was corroborated by Captain Duke last night.

It is this rig that George Herbert, a real estate collector, has assured the police he saw outside the Kimmon Ginko shortly before the robbery and murder of Vice President Murakata.

MRS. MAYNARD DISAPPEARS AND POLICE ARE UNABLE TO FIND TRACE OF HER MEYERS GIRL ANGRY

Mrs. Maynard Disappears and Police Are Unable to Find Trace of Her

The sudden and mysterious disappearance of Mrs. Thomas Maynard, the woman whose information led to the arrest of the three Meyers brothers and the ex-convict and highwayman, Richard Doyle, was the chief development yesterday in the investigation being made by the police into the murder and robbery at the Japanese bank.

After a futile all-day hunt by his men to locate the woman, Captain of Detectives Duke said last night that he believed she had become frightened and left the city.

Duke refused to place any credence in the report that Mrs. Maynard was led to flee following charges made against her yesterday morning by Edna Meyers, sister of the three brothers under arrest, who is still being detained with her 17-month-old baby at the Central Emergency Hospital.

Explains Statement. Pressed to explain more definitely what she meant, the young woman replied: "I mean just this—that if my brothers did anything wrong they were put up to it by Mrs. Maynard. I know what I am talking about and can tell a whole lot of things more than you think I am."

The police have no right to keep me and my baby locked up in this place. We can't sleep at nights with these insane people around us crying and shouting. The police may think they will force me into talking, but they might just as well make up their minds that I've said all I ever intend saying to them."

Captain Duke is not concerned over what he calls the ravings of the Meyers girl. She is an important figure in the investigation now being carried on, he declares, and he purposes to keep her locked up.

HERBERT AND BUGGY FOUND. The report published in The Call yesterday that the black buggy and bay horse, which play such an important part in the investigation, had been traced by the police was corroborated by Captain Duke last night.
