Trans-Bay Sports Like the Blacksmith While Berger Is Favorite Here.

SAM BERGER AL KAUFMAN

CALIFORNIA'S PROMISING HEAVYWEIGHT BOXERS, WHO MEET TOMORROW NIGHT IN PAVILION RINK.

SPANIARD WITH A BAT NO MATCH FOR JAMES.

George James, formerly of the Olympic Club, but now a member of the Multnomah Athletic Club of Portland, has distinguished himself in the handball line. Recently he had a match with Senor Ricardo Echevarria at the handball game up north. The Spanish player used a bat similar to a ping-pong bat, while James used his mitt. The Spaniard made some very hard drives, but James was there all the time, taking two out of the three games.

SWEET MARIE, WITH RECORD OF 2:02, TO BE AUCTIONED

Speedy Horse Which Swept the Grand Circuit Last Summer Will Be Sold. NEW YORK, Oct. 29.—Nearly 1000 trotters and pacers already have been consigned to the Old Glory auction sale, which is held annually in Madison Square Garden during the two weeks which follow the Horse Show. At the head of the list of speedy horses which will be knocked down to the highest bidder next month is Sweet Marie, 2:02, the ten-year-old daughter of McKinney. Sweet Marie swept the free-for-all trot throughout the Grand Circuit last summer.

JIM MOIR HEAVYWEIGHT CHAMPION OF ENGLAND

"Gunner" Wins Title, Purse of \$1750 and Side Bet of \$2000 on a Foul. LONDON, Oct. 29.—In the fight for the heavy weight championship of England between Jack Palmer of Newcastle, the present holder of the title, and "Gunner" Jim Moir for a purse of \$1750 and a side bet of \$2000 tonight before the National Sporting Club, Moir won from Palmer on a foul. Moir, though an entrant, has demonstrated his skill as an athlete and was the unanimous choice of the team for the captaincy. Miss Bundy is a member of the Gamma Phi Beta sorority. The Stanford team will meet the fair exponents of the sport of the State university this year in an intercollegiate match.

Tom Dillon for correct styles in hats, corner Van Ness avenue and McAllister. \$2.50, \$3.50, \$5.00.

Condition of Boxers Delights Their Adherents.

By R. A. Smyth.

Favoritism in the heavyweight battle between Sam Berger and Al Kaufman tomorrow night at the Pavilion rink seems altogether a matter of geography. Here in San Francisco, where Berger has a large following, he ruled an 8 to 10 choice in the bulk of the wagering on the outcome of the battle. Over in Oakland, where Kaufman is preparing for his important engagement under the direction of Billy Delaney, he is the choice of the bettors at odds of 8 to 10.

From the way the betting is tending it would not surprise some good judges of price if Kaufman enters the ring a public choice. He is credited with being cooler than Berger when under fire and is also believed to have the greater endurance. The men who follow the ring believe Kaufman can hit Berger, and he has demonstrated in the past that any man he can hit he can beat. He started his ring career brilliantly by knocking out six men, each in one round. He showed up so well that he was pitted against clever Jack O'Brien, when he met his first and only setback. This was a year ago this month. Since then he has appeared in the ring twice, winning from Dave Barry in fourteen rounds at Los Angeles and outclassing Fred Bradley in five rounds at Chelsea. There is a wide stretch between Berger's best fight and his worst. His showing at Philadelphia with Jack O'Brien is considered the most creditable in his brief career in the ring. Spectators credit the big Californian with showing great gameness and hitting power. Until Berger's fight with himself in a ring here he will always be judged by his fights with Casey and Rodenbach. In the latter he was palpably suffering from stage fright and was never able to pull himself together. The doors of the pavilion will be thrown open to the public at 6:30 tomorrow night. The men who will appear in the four-round preliminary will start to mix matters at 8:20.

Stanford Girls Choose Captain. STANFORD UNIVERSITY, Oct. 29.—Miss Sarah Bundy, a freshman from Santa Monica, has been chosen to lead the basketball squad of Stanford University this semester. Miss Bundy, although an entrant, has demonstrated her skill as an athlete and was the unanimous choice of the team for the captaincy. Miss Bundy is a member of the Gamma Phi Beta sorority. The Stanford team will meet the fair exponents of the sport of the State university this year in an intercollegiate match.

PHILLIPS IS COMING WITH STRING OF YEARLINGS.

SPECIAL DISPATCH TO THE CALL. CINCINNATI, Oct. 29.—The second week's racing of Latonia's fall meeting was ushered in with clear weather and a good-sized crowd. An ordinary card of six races with a steeplechase handicap over the short course was the feature was the offering. The track was fast, but despite this fact twenty-one horses were withdrawn from the various events.

Bill Phillips, trainer of Bookmaker Fred Cook's horses, made an announcement that he has about decided to take the entire crop of yearlings, fifteen of which are at present quartered at Lexington, to California to be campaigned there this winter. The older horses in the Cook stable also will be taken to Oakland next month. In the steeplechase Barnes at 7 to 2 in the betting won easily by a length from Sam Heffheimer. Frank Mc, the favorite, broke a leg, and Arc Light broke down.

POLICEMAN PREVENTS SUICIDE.

Jack Nack tried to hang himself yesterday at his home, 428 Twenty-ninth street. Just after he made the jump that he supposed would end his life Policeman Joseph Leonard happened along and, glancing through the kitchen window, he saw the would-be suicide dangling in the air. Leonard rushed into the house and cut the rope that held Nack suspended from the ceiling. Nack said at the Central Hospital that his daughter, Mamie, had disappeared a week ago, and that being unable to find her, he thought that it would be best for him to destroy his life.

TO INSPECT STABLES.—The Supervisors' health committee decided yesterday to co-operate with Health Officer Leonard in the matter of nuisances caused by unsanitary stables. To that end an inspector of stables in Egin Park and other localities that have been complained of will be vigorously prosecuted.

The big men have agreed to be in the ring at 8:45 and the action will commence without delay. The sale of seats indicates that the expectations of Manager Jim Coffroth and his associates of a house of \$20,000 will be realized. The fight should be full of action, as both are clever big men, which is unusual, and both hit hard. There is considerable bad feeling between the boxers, which is expected to be shown in the ring. They will come to this city from their training quarters today and will attend different theaters tonight. Jack Curly, who represents Tommy Ryan, has wired Billy Roche that his man wants a \$10,000 purse to meet Joe Thomas at Colma. Roche wired back that he would give \$5000 and no more. In all Ryan's ring career he fought but once for a purse of this size.

BORGHESE TO RACE IN SPRECKELS' COLORS NOW.

By Fred E. Mulholland.

When he next appears on the turf with the colors up Borghesi, the noted distance horse, will run under the name of the Sobre Vista stable. Charles Boots, proprietor of Elmwood Farm, disposed of the Brutus horse yesterday to Rudolph Spreckels, the terms being private, although the price must have been a large one.

Borghesi is a five-year-old horse by Imp. Brutus-Ledette, and when it came to traveling a route was practically unbeatable at Ascot Park last season. In the Ascot handicap, run on February 3, with \$200 added money as the inducement, he carried 108 pounds and won in a gallop in 2:06 3/4. The next start of Borghesi was for the Ascot Cup handicap, in which he picked up 118 pounds, and won with consummate ease in 3:27 3/4, dangerously close to the world's record of 3:26 3/4, made at Oakland track in 1898 by the black horse, Judge Denny. The impost of the latter horse on this occasion was but 105 pounds.

It is the opinion of horsemen that Borghesi can defeat any horse in this country at a distance over two miles, and Mr. Spreckels, who is apparently a new comer on the turf, is to be congratulated on his bargain. Owner Boots, it is stated on good authority, refused an offer of \$12,000 made for Borghesi at Los Angeles last spring. The stakes of the California Jockey Club closed yesterday and Secretary Percy Treat incidentally mentioned that the entries received to date far surpassed those of last year and that a splendid season of sport is now assured. Among the prominent owners to make nominations are A. B. Spreckels, Enoch Wishard, Thomas H. Williams, Sam Hildreth, Barney Schreiber, C. E. Durnell, W. E. Jennings, Green B. Morris, Tom Stevens and many others of almost equal note. The Burns handicap of 1907 unquestionably will result in the greatest contest in the history of this track.

A carload of Barney Schreiber's horses was due to reach Oakland last night, with Trainer Dave Henry in charge. Plunger Joe Yeager's string was also expected to sidetrack about the same time. With the Yeager horses O. E. Humes is shipping out to San, Infallible, Zinda and Salvage. Another consignment with this lot includes Sharp Boy and Lingworth, with which Ralph McBain will endeavor to pick up a few purses.

Red Walker, with two carloads of racing hardware from Louisville, looked at Oakland yesterday morning. The names of his horses have been published in these columns. Ed Dealey, well-known Southern turfman, brought along Daniel C. Benvolio, Azusa and one other with the Walker stable. Frank Doss will not be scouring around for a rider this season. He brings a clever pilot by the name of McIntyre to do his jockey work. James Touhey has asked for stalls and will send down a formidable string from Sacramento in charge of Fred Merkel. Besides the four-year-old mare Gossiper, he will have in training the two-year-olds Canique, Sacramento Belle, Al Lindley, Charley Fayser, Mail Carrier, Prince of Castle, Lucky Lad and Christmas Tide.

After the first of the year racegoers will have an opportunity to judge of the ability of Yellow Tail as a success or failure in the Cook stable also, owner of the Anchorage Stock Farm, has half a dozen yearlings by the big chestnut horse in training at Oakland.

ATTEMPT MADE TO WRECK POOLSELLERS' TOWER AT TRACK.

Guards at Observation Post Resist Four Raiders and Severely Injure One of Them. NEW YORK, Oct. 29.—Four men attempted today to wreck a high tower erected by poolroom men at the Jamaica race track from which to view the races. The men were discovered by the watchers in the employ of the poolroom interests and a sharp fight followed in which one of the raiders was badly hurt. The defenders of the structure were victorious and the tower still stands.

EMPEROR OF INDIA AUTOISTS SUFFER FROM RECORD FEVER.

By R. R. 'Homedu.

The road racing here is still buzzing around automobile row. Cuyler Lee is the latest to make a try at the Los Angeles record. A crew of four took a Cadillac car for him on a try for the honor of making the fastest time. Lee and his brother went down by train as far as Paso Robles, where they were to meet the car and finish the trip to Los Angeles. The Lees went out on the road near Paso Robles and waited for the car, but there was nothing doing. As the first streaks of dawn appeared they received a wire from the crew at Soledad announcing that they had gone through a bridge and that the car was on the river bottom. They were not familiar with the road and had taken a bypath. This put an end to the trial and they had to give up. Later they rescued the car and continued the trip to Los Angeles, to get a good idea of the road.

Lee said yesterday: "The boys had hard luck, but were doing splendidly when they came to grief. They will stick to it, however, until they have captured the record. They are now in Los Angeles, and do not know when they will return. It is up to them. I am leaving all the details to the crew." When Lee is through with his record-breaking there are other agencies which will take up the game. It is probable that the record may be cut down considerably before they are through.

G. A. Boyer, in speaking of the attempt of Cuyler Lee, said: "My hat is off to Lee if he lowers the record under the present road conditions. I feel certain that there is no car or driver that can stand the test that the Franklin and Tony Nichols stood in the late record-breaking trips. After they are through cutting down the mark set by Nichols we will again go for it. So you see there will be fun for some time at the game."

The Pierce-Arrow people have their eyes on the record, as are the representatives of the Studebaker machine. The Hovey-Boushey Company also is thinking of taking a try at the record. These, with the White people, will make five firms that are hankering for the record. With this number fighting for the honors there is no telling where it will end.

EMPEROR WILLIAM, VICTIM OF A COLD, ABANDONS TRIP

Illness Forces German Ruler to Give Up Projected Visit to Liebenberg. BERLIN, Oct. 29.—Emperor William is suffering from a cold which is sufficiently severe to require him to give up his projected visit today to Liebenberg. The court circular, in announcing the change in his Majesty's plans, says his cold is light. It was noted Saturday that when the Emperor spoke at Professor Burgard's lecture and proposed cheers for President Roosevelt, he was extremely hoarse. All of his engagements on Saturday and Sunday were kept, though the Emperor was obviously distressed by his cold.

UNION LABOR PARTY RALLY.

A rally of the Union Labor party was held last evening in Union Hall, 3116 Fillmore street, which drew a large following of voters in the district. The candidates of the party were introduced and made enthusiastic speeches in the cause of the labor political organization. There were music and singing to entertain the gathering.

LECTURES ON SAN QUENTIN.

AN OPEN CHALLENGE

Another Great Performance of the 6-Cylinder FRANKLIN

LOS ANGELES TO SAN FRANCISCO, RECORD 21 hours 3 1/2 minutes, under road conditions worse than at any time record was attempted over the course.

The FRANKLIN 6-cylinder made four complete trips of a total of two thousand miles over frightfully bad roads within two weeks without any adjustments to the motor. On the first trip, which was being run on an eighteen-hour schedule, the car skidded into the bank on San Juan grade and fractured the spokes of the rear wheel, which finally collapsed at Oxnard. After nursing the car this distance it was still 1 1/2 hours ahead of previous record. On the two succeeding trips tire troubles prevented record-making. The other down trip was a repetition of tire troubles.

The last and final trip was completed in 21 hours 3 1/2 minutes without any mechanical troubles. The driving for entire distance, excepting seven miles, was done by one man, Tony Nichols. The car is fit and fine and can easily repeat the above performance.

There is no other car, steam or gasoline, of any model or make that can equal this performance under present road conditions. It is conceded by all that the previous record was made when roads were boulevards compared with their present condition.

All, including the previous holder, are invited to try for this record, which is now held by the 6-cylinder FRANKLIN car.

1907 FRANKLIN cars now on exhibition at our showroom.
